

**BEFORE THE
MISSOURI PUBLIC SERVICE COMMISSION**

IN THE MATTER OF THE APPLICATION)	
OF TELRITE CORPORATION FOR)	
DESIGNATION AS AN ELIGIBLE)	Case No. XO-2011-0062
TELECOMMUNICATIONS CARRIER)	
ON A WIRELESS BASIS)	
(LOW INCOME ONLY))	

SUPPLEMENT TO APPLICATION

Comes now Telrite Corporation (“Telrite” or “the Company”) and supplements its Application for designation as an Eligible Telecommunications Carrier (“ETC”) throughout the Missouri service territories of Southwestern Bell Telephone Company, L.P., dba AT&T Missouri, for the purpose of receiving low income federal universal service support for wireless service. To supplement its Application, Telrite states the following:

1. Telrite filed its Application on September 2, 2010. By this pleading, Telrite intends to supplement its Application by reference to certain additional commitments which the Commission has found necessary in other ETC application dockets.

2. In compliance with 47 C.F.R. 54.101 and 4 CSR 240-3.570(3)(C)(1)(F), Telrite will include access to telecommunications relay service by dialing 711 among the service features provided to each end-user subscribing to its supported services.

3. In compliance with 47 C.F.R. 54.202(a)(1)(B) and 54.202(a)(2), and 4 CSR 240-3.570(2)(A)4, Telrite will provide service in a timely manner and will remain functional in emergencies. Through the use of its owned facilities and leased facilities, Telrite will be able to reroute traffic around damaged facilities, has back-up power to ensure traffic completion without an external power source, and will be able to manage traffic spikes in cases of emergency.

4. In compliance with 47 C.F.R. 54.202(a)(4) and 4 CSR 240-3.570(2)(A)(10), Telrite will offer local usage plans comparable to those offered by incumbent local exchange carriers in the proposed service area. These local usage plans will include the Lifeline and Link Up discounts at rates, terms, and conditions comparable to Lifeline and Link Up offerings of the incumbent local exchange carriers in the proposed service area.

5. In compliance with 47 C.F.R. 54.401(c), Telrite will not collect a deposit from a Lifeline subscriber, regardless of the services the subscriber orders.

6. In compliance with 47 C.F.R. 54.401(e), Telrite will not charge a Lifeline subscriber a monthly number portability charge.

7. In compliance with 47 C.F.R. 54.403 and 4 CSR 240-3.570(2)(A)(7), Telrite will provide Lifeline discounts in the following manner, which is consistent with the federal Lifeline plan:

Tier One: Lesser of \$6.50 or maximum amount of ILEC's SLC

Tier Two: \$1.75 (federal discount)

Tier Three: \$1.75 (one-half of carrier's contribution)

8. In compliance with 47 C.F.R. 54.409 and .410, and 4 CSR 240-31.050, Telrite has implemented a procedure to require proposed Lifeline subscribers provide documented proof of eligibility and dispose of the submitted documentation.

With respect to subscriber eligibility, at the time of service request, the subscriber must complete a self-certification form, attesting under penalty of perjury that they are a current recipient of at least one of the lifeline-qualifying government programs, must identify the specific program, agree to identify to Telrite when/if they cease to participate in the qualifying program, must attest that they have never received a previous linkup subsidy at their current address, and that they are not currently receiving any other concurrent lifeline subsidy.

Eligibility Verification: at the time the prospective lifeline subscriber completes and presents the self-certification form to the Telrite sales agent, the receiving Telrite sales agent must check the form for correctness and completeness (incomplete forms will result in no service being provisioned), must ensure that the form is signed and dated and must witness proof of eligibility in the qualifying program. The agent must document on the self-certification form their name, date and which qualifying document was witnessed. No copy is to be made of the proof document that is witnessed in person. If the qualifying proof document (photocopy) is received by mail or fax, the same notation must be made on the self-certification document, and then the witness must destroy the photocopy via the shredding machine located at each document receipt office.

Annual Verification of Eligibility: Telrite will follow the MoPSC guidelines to verify customers' continued eligibility. Re-certification forms will be sent out to subscribers along with the monthly invoices, starting in the 10th month of a lifeline subscriber's service. A letter explaining the re-certification process will be included.

Wherefore, Telrite requests that the Commission consider this supplement to the ETC Application in its consideration of Telrite's request for ETC designation in Missouri.

Respectfully submitted,

/s/ Mark P. Johnson
