II. PROPOSED SERVICES

8. Description of Proposed Services: Big River is currently authorized to provide basic local exchange telecommunications service within the service territory of AT&T, Sprint, CenturyTel and Spectra, as well as BPS's service territory exchanges of Bernie, Parma and Steele.

Big River requests that the Commission take notice of its local exchange service tariffs, which are incorporated herein by reference. Big River seeks additional authorization to provide basic local service in the Huntsville exchange of Chariton Valley Telephone Corporation. Big River's services meet applicable minimum Commission standards. Big River will continue to offer basic local service as a separate and distinct service.

9. Tariff Requirement: Big River exercises its option and requests a temporary waiver of 4 CSR 240-3.510(1)(C), which requires that an application for a certificate of service authority to provide basic local exchange service shall include a proposed tariff with a 45-day effective date, but allows applicant the option of postponing tariff submittal. Big River will file

tariffs in a manner consistent with the Commission's practices in similar cases before providing basic local service in the expanded service area.

III. CLASSIFICATION AS A COMPETITIVE TELECOMMUNICATIONS COMPANY AND WAIVER OF CERTAIN REGULATORY REQUIREMENTS

10. Classification of Services as Competitive: Big River seeks continued classification as a competitive company, including classification of its basic local exchange telecommunications service in the new service area as competitive, pursuant to Section 392.361 and Section 392.420 RSMo and 4 CSR 240-3.510(1)(A). Big River also seeks the reduced regulation that accompanies such classification. In the Commission's previous orders granting Big River certificates of service authority, the Commission classified Big River and its services as competitive.

11. Waiver of Rules: Big River will comply with all applicable Commission rules, except those that are waived, in providing basic local service in the new service area. Specifically, Big River will file and maintain tariffs and meet applicable minimum standards. Big River will make reports to and other informational filings with the Commission as required. Pursuant to Section 392.420 R.S.Mo. (see also Section 392.245.5(8)), which provides good cause for this request, Big River requests that the following statutes and regulations be waived for Big River:

<u>Statutes</u>	<u>Missouri Public Service Commission Rules</u>
392.210.2	4 CSR 240-3.550(4), (5)(A) and (5)(C)

392.310	4 CSR 240-33.040 (except subsection (4))
392.320	4 CSR 240-33.045
392.330	4 CSR 249-33.080(1)
392.340	4 CSR 240-33.130(1), (4) and (5)

No public utility will be affected by the requested waiver of these statutes and regulations.

12. Switched Access Rates: Big River acknowledges that in accordance with Section 392.361.6, Big River exchange access rates will not exceed the corresponding exchange access rates in effect for the incumbent LECs in the respective service areas. Additionally, pursuant to the Commission's Report and Order in Case No. TO-99-596, Big River agrees that if such incumbents decrease their current originating and/or terminating access service rates, Big River shall file an appropriate tariff amendment to reduce its corresponding originating and/or terminating access rates within thirty (30) days thereof in order to maintain aforesaid cap on exchange access rates.

13. Pending Actions: Big River does not have any pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or customer rates, which action, judgment, or decision has occurred within three years of the date of this Application.

14. Compliance with Orders and Regulations: Big River will comply with all applicable orders and regulations of the Commission.

15. Annual Reports and Fees: Big River does not have any overdue annual reports or assessment fees.

IV. PUBLIC INTEREST CONSIDERATIONS

16. The Commission granted Big River its current certificates of service authority, based in part upon finding that such action was in the public interest. The grant of this Application will also further the public interest by increasing equitable access for Missourians, regardless of where they live or their income, to affordable telecommunications services. Big River's proposed services will create and enhance competition and expand customer service options consistent with the legislative goals set forth in the Federal Telecommunications Act of 1996 and Chapter 392 RSMo. In particular, the public will benefit directly through the use of the competitive basic local exchange service to be offered by Big River. The public will also benefit indirectly because the competitive presence of Big River will increase the incentives for the incumbent and others to operate more efficiently, offer more innovative services, reduce prices, and improve the quality and coverage of services.

17. Granting this Application will promote the availability of quality services and increased consumer choice. Big River's expertise in telecommunications will allow it to provide economic and efficient services in the new service area, thereby affording more customers with an optimal combination of price, quality, and customer service. Big River anticipates that expansion of its basic local service territory will increase consumer choice for innovative, diversified, and reliable service offerings and otherwise further the public interest.

WHEREFORE, Big River Telephone Company, LLC respectfully requests that the Commission grant it the requested expansion of its certificate of service authority to include provision of basic local telecommunications service in the Huntsville exchange of Chariton

Valley Telephone Corporation, classify its basic local service in the new territory as competitive, continue to classify the company as competitive, grant waiver of the identified statutes and regulations, and grant such other and further relief to Big River as the Commission deems meet and proper.

Respectfully submitted,

/s/ Carl J. Lumley
