UTILITY OPERATIONS
DIVISION

Dear Sir or Madam:

This letter is to inform you of two relevant facts regarding our company and to solicit your assistance in helping us to comply with Missouri Public Service Commission requirements. Namely, Corban Communications, Inc., and its wholly owned subsidiaries Colorado 4-19 Network, Inc. and Corban Towers, Inc. filed for bankruptcy protection on March 11, 2004.

First, On July 23, 2004, Corban sold its network assets and operations to International Communications Group, Inc (Nevada) and 360Networks(USA)inc. Effective as of the sale date, Corban Communications and Colorado 4-19 are no longer providing telecommunications services of any kind or nature. Accordingly, we do not seek continued certification within the State of Missouri. Details of these transactions and the court proceedings are available from the court and our special web site www.corbancom.com, which contains limited but relevant information.

Second, Corban and Colorado 4-19 historically sold interstate transport services as a carrier's carrier. Corban did not promote or offer services to end users, but instead provided other carriers logistical extension of their own networks between Tier I and secondary markets.

We are nearing the end of our bankruptcy case with the full intent of filing our Plan of liquidation soon. Subsequently, we will earnestly seek confirmation of this plan. Once confirmed, we will file our final tax returns and will seek to withdraw all state registrations of all kind and then proceed with the dissolution of the corporations.

We would appreciate the opportunity to review these facts with you or your staff. Should we have any uncured default that would prevent the timely and orderly exit from the State of Missouri, we will do all we can to remedy these defaults to your satisfaction.

Please do not hesitate to call us on (972) 633-4671, or email hthomas@corbancom.com.

Sincerely,

Henry A. Thomas
