ORDER APPROVING INTEREXCHANGE AND NONSWITCHED
LOCAL EXCHANGE CERTIFICATE OF SERVICE AUTHORITY

Syllabus: This order grants OCMC, Inc., d/b/a One Call Communications, Inc., a certificate of service authority to provide interexchange and nonswitched local exchange telecommunications services, restricted to providing dedicated private line services.

OCMC, Inc., d/b/a One Call Communications, Inc., applied to the Missouri Public Service Commission on August 14, 2002, for a certificate of service authority to provide intrastate interexchange and nonswitched local exchange telecommunications services in Missouri under Sections 392.410 - .450, RSMo 2000.¹ One Call asked the Commission to classify it as a competitive company and to waive certain statutes and rules as authorized by Sections 392.361 and 392.420. One Call is an Indiana corporation with its principal office located at 801 Congressional Boulevard, Carmel, Indiana.

The Commission issued a Notice of Applications for Intrastate Certificates of Service Authority and Opportunity to Intervene on August 20, 2002, directing parties

wishing to intervene to file their requests by September 4, 2002. No one asked for permission to intervene or requested a hearing.

In its Memorandum filed on September 20, 2002, the Staff of the Commission recommended that the Commission grant One Call a certificate of interexchange service authority and a certificate of service authority for local exchange telecommunications service on the condition that this authority be restricted to providing dedicated private line services. Staff recommended that the Commission grant One Call competitive status, as well as waiver of the statutes and rules listed in the Notice. Staff further recommended that the Commission waive Commission Rule 4 CSR 240-2.060(6)(C).

The Commission finds that competition in the intrastate interexchange and nonswitched local exchange telecommunications markets is in the public interest and that One Call should be granted certificates of service authority. The Commission finds that the services One Call proposes to offer are competitive and that One Call should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

IT IS THEREFORE ORDERED:

1. That OCMC, Inc., d/b/a One Call Communications, Inc., is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.

2. That OCMC, Inc., d/b/a One Call Communications, Inc., is granted a certificate of service authority to provide nonswitched local exchange telecommunications

services in the state of Missouri, limited to providing dedicated private line services, subject to all applicable statutes and Commission rules except as specified in this order.
