CERTIFICATE OF SERVICE AUTHORITY AND ORDER APPROVING TARIFF**

Issue Date: June 24, 2005

Effective Date: July 5, 2005

This order grants S-GO Leasing Company d/b/a S-GO Long Distance a certificate of service authority to provide interexchange and nonswitched local exchange telecommunications services and approves the company's proposed tariff.

S-GO Leasing Company d/b/a S-GO Long Distance applied to the Missouri Public Service Commission on May 13, 2005, for a certificate of service authority to provide intrastate interexchange and nonswitched local exchange telecommunications services in Missouri under Chapter 392, RSMo 2000.<sup>1</sup> Applicant asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Section 392.420. Applicant is a Missouri corporation with its principal office located at 815 Oneida, Seneca, Missouri 64865.

<sup>1</sup> All statutory references are to the Revised Statutes of Missouri (RSMo), revision of 2000, unless otherwise indicated.

The Commission issued a Notice of Applications for Intrastate Certificates of Service Authority and Opportunity to Intervene on May 24, 2005, directing that parties wishing to intervene do so by June 23, 2005. No requests for intervention were filed.

Applicant filed a proposed tariff in conjunction with its application on May 13, 2005, and extended its effective date by letter dated June 2, 2005. The tariff's effective date is July 5, 2005. Applicant describes the rates, rules, and regulations it intends to use, identifies Applicant as a competitive company, and lists the waivers requester. Applicant intends to provide interexchange and nonswitched local telecommunications services to both residential and business customers in the state of Missouri.

In its Memorandum filed on June 23, 2005, the Staff of the Commission recommended that the Commission grant Applicant a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff to become effective on July 5, 2005.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and Applicant should be granted a certificate of service authority. The Commission finds that the services Applicant proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that Applicant's proposed tariff details the services, equipment, and pricing it proposes to offer. The Commission finds that the proposed tariff filed on May 13, 2005, shall be approved to become effective on July 5, 2005.

The Commission reminds the company that failure to comply with its regulatory obligations may result in the assessment of penalties against it. These regulatory obligations include, but are not limited to, the following:

A) The obligation to file an annual report, as established by Section 392.210, RSMo 2000. Failure to comply with this obligation will make the utility liable to a penalty of \$100 per day for each day that the violation continues. 4 CSR 240-3.540 requires telecommunications utility to file their annual report on or before April 15 of each year.

B) The obligation to pay an annual assessment fee established by the Commission, as required by Section 386.370, RSMo 2000.

C) The obligation to comply with all relevant law and regulations, as well as orders issued by the Commission. If the company fails to comply, it is subject to penalties for noncompliance ranging from \$100 to \$2,000 per day of noncompliance, pursuant to Section 386.570.

D) The obligation to keep the Commission informed of the company's current address and telephone number.

Furthermore, the company is reminded that, if it is a corporation, its officers may not represent the company before the Commission. Instead, the corporation must be represented by an attorney licensed to practice law in Missouri.

Finally, the company is reminded that Section 392.410.5, RSMo Supp 2004, renders the company's certificate of service authority null and void one year from the date of this order unless it has exercised its authority under that certificate.

**IT IS THEREFORE ORDERED:**

1. That S-GO Leasing Company d/b/a S-GO Long Distance is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.

2. That S-GO Leasing Company d/b/a S-GO Long Distance is granted a certificate of service authority to provide nonswitched local exchange telecommunications services restricted to dedicated private line services.

3. That the certification granted herein is conditioned upon the company's compliance with the regulatory obligations it this order.

4. That S-GO Leasing Company d/b/a S-GO Long Distance is classified as a competitive telecommunications company. Application of the following statutes and regulatory rules shall be waived:
