Subject: Staff Recommendation to Approve Tariff Filing

Date: June 2, 2006

Filing Deadline: June 16, 2006

This tariff filing is being made in accordance with the Commission's Order Approving Stipulation and Agreement and Order Directing Filings issued on January 10, 2006 in Case No. TO-2005-0144 concerning the Greenwood exchange in the Kansas City Metropolitan Calling Area (MCA).

On December 15, 2005, the Office of Public Counsel, Southwestern Bell Telephone L.P., d/b/a AT&T Missouri (AT&T Missouri), and the Staff of the Missouri Public Service Commission filed a Stipulation and Agreement to include the Greenwood exchange in the mandatory Kansas City MCA. An Order approving the Stipulation and Agreement was issued on January 10, 2006. This Tariff Filing (YI-2006-0828), effective June 29, 2006, implements the approved Stipulation and Agreement for AT&T Missouri, an incumbent local exchange company.

The Order approves the following terms, conditions and rates of the Stipulation and Agreement:

- The Greenwood exchange is approved as a mandatory MCA exchange in the Kansas City MCA. This means that all customers in the Greenwood exchange will be considered MCA customers. They will be permitted to call the following customers without incurring a toll charge: (1) all customers in the Kansas City exchange, (2) all customers in the MCA Tier 3 exchanges regardless of whether the called party is an MCA subscriber, and (3) all customers that are recognized as MCA subscribers in the Kansas City MCA Tier 4 and Tier 5 exchanges.
- The optional MCA charge for Greenwood exchange customers will be eliminated.
- AT&T Missouri will provide the calling scope to all residential customers in the Greenwood exchange at an effective rate of \$15.00 through two charges of \$8.79 for basic local service and \$6.21 for mandatory Extended Area Service (EAS).
- AT&T Missouri will provide the calling scope to all business customers in the Greenwood exchange at an effective rate of \$33.30 for single line customers and \$48.80 for multi-line customers through two charges. Single line customers pay \$22.30 for basic local service and \$11.00 for mandatory EAS. Multi-line customers pay \$37.80 for basic local service and \$11.00 for mandatory EAS.

- All telecommunications companies providing MCA service will exchange traffic on a bill-and-keep basis.
- The NXX codes that AT&T Missouri uses to provide MCA service are identified using the Local Exchange Routing Guide (LERG). All Greenwood exchange customers are permitted to retain their current telephone number(s).

Rate Revisions Effective March 3, 2006:

- It should be noted that since the Stipulation and Agreement, rate revisions have occurred. AT&T is honoring the commitment of a charge of \$33.30 for single line business customers and \$48.80 for multi-line business customers.
- Effective March 3, 2006, the basic local charge for a single line business customer (Rate Group B, competitive exchanges) increased from \$22.30 to \$23.30 (\$1.00 increase) and the basic local charge for multi-line business customers (Rate Group B, competitive exchanges) increased from \$37.80 to \$38.80 (\$1.00 increase).
- Therefore, AT&T Missouri has voluntarily reduced the \$11.00 EAS charge for business customers to \$10.00 (\$1.00 decrease) effective with this tariff filing to offset the \$1.00 increase in basic local charges.

AT&T's proposed tariff filing outlines the terms, conditions and rates as outlined in the Stipulation and Agreement approved by the Commission in Case No. TO-2005-0144 except as noted above for business customers.

Additionally, AT&T Missouri filed tariff sheets that reference the addition of Washington, Union, St. Clair and Beaufort in the St. Louis MCA to prevent a tariff pancaking issue with the tariff filed in Case No. TO-2005-0141. The particulars of the approved St. Louis MCA Stipulation and Agreement will be addressed in a Memorandum filed in Case No. TO-2005-0141.

The Staff is unaware of any other filing which affects or which would be affected by this tariff filing except as noted in Case No. TO-2005-0141. Staff has no objections to the filing or to AT&T Missouri's proposed tariff filing and recommends the Commission approve the following tariff sheets effective June 29, 2006:

Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri P.S.C. Mo. No. 24
