RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

RECEIVED

OCT 11 1989

Rule 1 DEFINITIONS

MISSOURI

- (a) The "COMPANY" is the RIVERFORK WATER COMPANY acting through its officers, managers, or other duly authorized employees or agents.
- (b) The "CUSTOMER" is any person, firm, corporation or governmental body which has contracted with the Company for water service or is receiving service from Company, or whose facilities are connected for utilizing such service.
- (c) The word "UNIT" shall be used herein to define the standard user or property served and shall pertain to any building whether residential or commercial owned or leased. Mobile homes or rental units are considered as separate units for each single family or firm occupying same as a residence or place of business.
- (d) A "MAIN" is a pipeline which is owned and maintained by the Company, located on public property or private easements, and used to transport water throughout the Company's service area.
- (e) A "CUSTOMER'S WATER SERVICE LINE" is a pipe with appurtenances installed, owned and maintained by the customer, used to conduct water to the customer's unit from the property line or outdoor meter setting, including the connection to the meter setting. If the property line is in a street, then the said customer's water service line shall be deemed to begin at the edge of the street abutting the customer's property.
- (f) A "SERVICE CONNECTION" is the pipeline connecting the main to the customer's water service line at the property line, or outdoor meter setting including all necessary appurtenances.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

OCT 11 1989

Rule 1 DEFINITIONS (Continued)

MISSOURI  
Public Service Commission

This service connection will be installed, owned, and maintained by the Company. If the property line is in a street, the said service connection shall be deemed to end at the edge of the street abutting the customer's property.

- (g) The "DATE OF CONNECTION" shall be the date of the permit for installation and connection issued by the Company. In the event no permit is taken and a connection is made, the date of connection may be the date of commencement of construction of the building upon the property.
- (h) The "METER SETTING" includes the meter box, meter yoke, lid, and appurtenances, all of which shall be owned and maintained by the Company.
- (i) The "METER" is a device used to measure and record the quantity of water that flows through; and is installed in the meter setting.
- (j) "DEVELOPER" means any person, firm, corporation, partnership or other entity that, directly or indirectly, holds title to, or sells or leases, or offers to sell or lease, or advertises for sale or lease, any lots in a subdivision.
- (k) "SUBDIVISION" means any land in this state which is divided or proposed to be divided into two or more lots or other divisions of land, whether contiguous or not, or uniform in size or not, for the purpose of sale or lease, and includes resubdivision thereof.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE OCT 11 1989

Rule 4 APPLICATIONS FOR SERVICE MISSOURI  
Public Service Commission

- (a) A written application for service, signed by the customer, stating the type of service required and accompanied by any other pertinent information, will be required from each customer before service is provided to any unit. Every customer, upon signing an application for any service rendered by the Company, or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations.
- (b) If service is requested at a point not already served by a main of adequate capacity, a main of adequate size shall be extended as may be necessary according to the Company's rule for extension of water mains.
- (c) When, in order to provide the service requested, a main extension or other unusual construction or equipment expense is required, the Company shall require a written contract. Said contract may include, but not be limited to the obligations upon the Company and the Applicant, and shall specify a reasonable period of time necessary to provide such service.

Rule 5 INSIDE PIPING AND CUSTOMER WATER SERVICE  
LINES

- (a) The Company will provide the Customer water service at the outdoor meter, or at the property line. Separate units shall be served through separate service lines.
- (b) The Service Connection from the water main to the Customer's property line, the meter installation and setting shall be constructed, owned and maintained by the Company. Service line construction and maintenance from the property line or meter setting, including the connection to the meter setting, to the building shall be the responsibility of the Customer, and is subject to inspection by the Company. Customers shall be responsible for the cost of repairing any damage to the Company's lines, meters, and meter installations caused by the Customer, his agent, or tenant. Customer shall be responsible for a fee to Company for inspection of the initial connection of service.
- (c) Existing water service lines may be used in connecting with new buildings only when they are found by examination and testing not to constitute a hazard to the health and safety of any Customer or the Company's facilities.
- (d) The Customer's water service lines shall be brought to the unit at a depth of not less than 36 inches and have a minimum inside diameter of 3/4 of an inch upon entering the building. The service line shall be valved. This valve must be kept in good repair in order to shut off the water supply and drain the inside plumbing, if necessary.

Rule 6 IMPROPER OR EXCESSIVE USE

MISSOURI

Public Service Commission

- (a) No Customer shall be wasteful of the water supplied to his premises by his willful action or inaction. It shall be the responsibility and duty of each Customer to maintain all piping and fixtures at his unit in a good and efficient state of repair at all times.
- (b) No Customer shall make or cause to be made a cross connection between the potable water supply and any source of chemical or bacterial contamination or any other water supply. The Company shall deny or discontinue service where Customer's Water Service Line or inside piping may, in the opinion of the Company, cause a cross-connection with non-potable water or otherwise jeopardize the health and safety of other Customers or the Company's facilities.
- (c) No Customer shall make or cause to be made a connection to a device that will result in excessive water demand or excessive shock, such as water-hammer, to the Company's mains.
- (d) No Customer shall tamper with, remove, or willfully damage a water meter or attempt to operate the shutoff cock on the meter yoke, or allow any such action.
- (e) No Customer shall attempt to take unmetered water from the Company mains either by an unauthorized tap or direct connection to service connection nor by connection to a fire hydrant.

Rule 7 DISCONTINUANCE OF WATER SERVICE BY COMPANY NOV 13 1996

(a) The Company may discontinue service for any of the following reasons: MISSOURI  
Public Service Commission

1. Non-payment of a delinquent account not in dispute.
2. Failure to post a security deposit of guarantee acceptable to the utility company.
3. Unauthorized interference, diversion or use of the utility service situated or delivered on or about the customer's premises.
4. Failure to comply with the terms and conditions of a settlement.
5. Refusal to grant access at reasonable times to equipment installed upon the premises of the customer for the purpose of inspection, meter reading, maintenance or replacement.
6. Violation of any of these rules and regulations on file with and approved by the Commission, or for any condition which adversely effects the safety of the customer or other persons, or the integrity of the Company's delivery system.
7. Enclosing or obstructing any meter so as to make reading or repairs unreasonably difficult.

(b) The Company may discontinue service after notice by first class mail is sent at least ten (10) days prior to the proposed discontinuance. If written notice is hand delivered to the customer, it shall be done at least ninety-six (96) hours prior to discontinuance. Service of notice by mail is complete upon mailing. At least twenty-four (24) hours preceding a discontinuance, the Company shall make reasonable efforts to contact the customer to advise him/her of the proposed discontinuance and what steps must be taken to avoid it. Reasonable efforts shall include either a second written notice, a doorhanger, or at least two (2) telephone call attempts reasonably calculated to reach the customer.

Rule 8 DISCONTINUANCE OF WATER SERVICE AT CUSTOMER'S REQUEST **Public Service Commission**

(a) Service will be discontinued at the Customer's request, by giving not less than twenty-four (24) hours notice to the Company during its regular office hours. The Company shall, on the requested day, read the Customer's meter and charges for water service rendered up to and including the time of discontinuance shall be computed and will become due and payable immediately.

(b) A customer may request temporary discontinuance of service for any length of time for his own convenience; however, the customer shall still be charged for service at the appropriate rate during the time the service is turned off. Turn off and turn on charges are specified in the schedule of service charges.

RULES AND REGULATIONS GOVERNING RENDERING OF WATER SERVICE		OCT 11 1989
Rule 10 <u>BILLS FOR SERVICE</u>		MISSOURI Public Service Commission
<p>(a) The charges for water service shall be at the rates specified in the rate schedules on file with the Missouri Public Service Commission. Service charges for turn-off of service are set forth in the Schedule of Service Charges.</p> <p>(b) A Customer who has made application for water service to a unit shall be responsible for payment for all water service provided to him at said unit until the Customer notified the Company to discontinue service.</p> <p>(c) Each customer is responsible for furnishing the Company with his correct address. Failure to receive bills will not be considered an excuse for non-payment nor reason to permit an extension of the date when the account would be considered delinquent. Bills and notices relating to the Company or its business will be mailed or delivered to the mailing address entered in the Customer's application unless the Company is notified in writing by the Customer of a change of address.</p> <p>(d) Payments shall be made at the office of the Company or at such other places conveniently located as may be designated by the Company or by ordinary mail. However, payment must be received by the close of business on the date due.</p> <p>(e) The Company will not be bound by bills rendered under mistake of fact as to the quantity of service rendered or as a result of clerical error.</p>

RENDERING OF WATER SERVICE

OCT 11 1989

MISSOURI

Public Service Commission

- (f) A separate bill shall be rendered for each Customer with itemization of all water service charges.
- (g) The Company shall have the right to render bills monthly. Bills shall be due and payable to it no later than twenty-one (21) calendar days from the date of rendition, unless such due date falls on a Sunday, a legal holiday, or other day when the office is closed, in which case the due date shall be extended to the next business day. All bills for service shall state the due date. Bills unpaid after the stated due date will be delinquent and the Company shall have the right to discontinue service in accordance with Rule 7. The Company shall not be required to restore or connect any new service for such delinquent Customers until the unpaid account due the Company under these Rules and Regulations has been paid in full or arrangements satisfactory to the Company have been made to pay said account.
- (h) When bills are rendered for a period of less than a complete billing period due to the connection or termination of service, the billing shall be the monthly minimum plus an amount based on the water used at the commodity (water usage) rate or one-half (1/2) of the flat rate if applicable.
- (i) Held for future use.

RENDERING OF WATER SERVICE

MISSOURI  
Public Service Commission

- (j) The Company may require a security deposit or other guarantee as a condition of new service if the customer: still has an unpaid account with a utility providing the same type of service accrued within the last five years; or has diverted or interfered with the same type of service in an unauthorized manner within the last five (5) years; or is unable to establish a credit rating with the Company. Adequate credit rating for a residential customer shall be established if the Customer: owns or is purchasing a home; or is and has been regularly employed full time for at least one year; or has an adequate and regular source of income; or can provide credit references from a commercial credit source.
- (k) The Company may require a security deposit or other guarantee of payment as a condition of continued service if: the water service of the Customer has been discontinued for non-payment of a delinquent account not in dispute; or the utility service to the unit has been diverted or interfered with in an unauthorized manner; or the Customer has failed to pay bills before the delinquency date for five (5) billing periods out of twelve (12) consecutive billing periods, or two (2) out of four (4) consecutive quarters, whichever shall apply.
- (l) The amount of a security deposit shall not exceed utility charges applicable to one (1) billing period plus thirty (30) days, computed on estimated or actual annual usage.
- (m) Interest at the rate of 6% per annum compounded annually shall be payable on all deposits, but shall not accrue after the utility has made reasonable effort to return the deposit. Interest may be credited to the customer's account.

 RENDERING OF WATER SERVICE~~

OCT 11 1989

Rule 11 METERS AND METER INSTALLATIONS

MISSOURI

Public Service Commission

- (a) All permanent service connections shall be metered. The Company's installed meter shall be the standard for measuring water used to determine the bill.
- (b) All meters and meter installations shall be furnished, installed, maintained and removed by the Company and shall remain its property.
- (c) The Company shall have the right to determine on the basis of the Customer's flow requirements the type and size of meter to be installed and location of same. If flow requirements increase or decrease subsequent to installation and a larger or smaller meter is requested by the Customer, the cost of installing such meter shall be paid by the Customer.
- (d) Service to any one Customer shall be furnished through a single metering installation. Where a building is occupied by more than one tenant, the building shall be served by one meter. The Customer may rearrange piping at his own expense so as to separate the units and meter his tenants as he chooses, then divide the bill accordingly.
- (e) The meters and meter installations furnished by the Company shall remain its property, and the owners of premises wherein they are located shall be held responsible for their safekeeping. For failure to protect same against damage, the Company may refuse to supply water until the Company is paid for such damage. The amount of the charge shall be the cost of the necessary replacement parts and the labor cost necessary to make the repair.

enters the building. The Company may, at its discretion, require the Customer to install a remote reading device at an approved location, for the purpose of reading the meter. It is the responsibility of the Customer and/or the owner of the premises to provide a location for the water meter which, in the event of water discharge as a result of leakage from the meter or couplings, will not result in damage. The Water Company's liability for damages to any and all property caused by such leakage shall in no event exceed the price of water service to the affected premises for one average billing period in the preceding year. Where damage is caused by the negligence of Company personnel at the premises, this limitation will not apply. If a customer refuses to provide an accessible location for a meter as determined by the Company, the Company will notify the Secretary of the Public Service Commission before ultimately refusing service or proceeding to discontinue service.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

OCT 11 1989

MISSOURI

Rule 13 BILL ADJUSTMENTS BASED ON METER TESTS Public Service Commission

(a) Whenever any test by the Company of a meter while in service or upon its removal from service shall show such meter to have an average error of more than five percent (5%) on the test streams prescribed by the Commission, the Company shall adjust the Customer's bills by the amount of the actual average error of the meter and not the difference between the allowable error and the error as found. The period of adjustment on account of the under-registration or over-registration shall be determined as follows:

- (1) Where the period of error can be shown, the adjustment shall be made for such period.
- (2) Where the period of error cannot be shown, the error found shall be considered to have existed for three (3) months preceding the test.

(b) If the meter is found on any such test to under-register, the Company may render a bill to the Customer concerned for the estimated consumption not covered by bills previously rendered during the period of inaccuracy as above outlined. Such action shall be taken only when the Company was not at fault for allowing the inaccurate meter to remain in service.

(c) If the meter is found faster than allowable, the Company shall refund to the Customer concerned any overcharge caused thereby during the period of inaccuracy as above defined. Said refund may, at the Company's option, be in the form of a credit to the Customer's bill.

OCT 11 1989

**Rule 14 EXTENSION OF WATER MAINS**

MISSOURI  
Public Service Commission

(A) This rule shall govern the extension of mains by the Company in areas where there are no water mains in the streets and/or roadways. The Company will extend its mains along streets or roads within its certified area to serve new customers under the following terms and conditions:

(1) Upon receipt of a written application for a main extension, the Company will provide the Applicant(s) an itemized estimate of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required, including valves, fire hydrants, booster stations, storage facilities, reconstruction of existing mains (if necessary), and the direct costs associated with supervision, engineering, permits, and bookkeeping. Applicable income tax cost will be added to this estimate calculated at the maximum rate.

(2) Applicants shall enter into a contract with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in A-1, plus the appropriate customer connection fee. The contract may allow the customer to contract with an independent contractor for the installation and supply of material, except that mains of 12" or greater diameter must be installed by the Company and the reconstruction of existing facilities must be done by the Company.

(3) The cost to an Applicant or Applicants connecting to a main extension contributed by other Applicants shall be as follows:

- (a) For single-family residential Applicants that are applying for service in a platted subdivision, the Company shall divide the actual cost of the extension (including income taxes) by the number of lots abutting said extension to determine the per lot extension cost. When counting lots, corner lots which abut existing mains shall be excluded.
- (b) For single-family residential Applicants that are applying for service in areas that are unplatted in subdivision lots, the Applicants' cost shall be equal to the actual cost of the extension (including income taxes) for said extension to and across applicants property.
- (c) For industrial, commercial, or multifamily residential Applicants, the cost will be equal to the amount calculated for a single-family residence in Paragraphs 3a or 3b above multiplied times the flow factors of the Applicants' meter. The flow factors of the various sizes of meters are as follows:
