## ORDER DIRECTING NOTICE, SETTING INTERVENTION DEADLINE, DIRECTING FILING AND SUSPENDING TARIFF

Issue Date: August 31, 2020

Effective Date: August 31, 2020

On August 28, 2020, Missouri-American Water Company (MAWC) filed a petition to change its infrastructure system replacement surcharge (ISRS) rate schedules to allow for recovery of costs for eligible infrastructure system replacements in its St. Louis County service area. Section 393.1006, RSMo (2016), requires the Commission to issue an order to become effective not later than 120 days after an ISRS petition is filed. The Commission's order in this case must be effective no later than December 26, 2020.

As required by Section 393.1006, the Commission will provide for notice of MAWC's application to the general public and interested persons. In addition, the Commission will establish a deadline for intervention applications. The Commission will also direct Staff to examine the basis of MAWC's petition and file its recommendation within 60 days of MAWC's petition, as required by Section 393.1006.2(2).

MAWC's petition is accompanied by a revised tariff sheet, filed under Tariff No. YW-2021-0048 and bearing a September 27, 2020, effective date. Because Staff's recommendation is not required before the effective date, the Commission will suspend the tariff.
