Missouri School Discount Program

1. A discount from standard monthly rates for local exchange service may be allowed in connection with service furnished through the Missouri School Discount Program, pursuant to the Video Instructional Development and Educational Opportunity Program, as enacted by the Missouri State Legislature.
2. Upon the customer's request, a discount of twenty percent (20%) from standard monthly access line rates may be allowed to educational institutions within the Company's certified area, as determined in Paragraph .3, following.
3. An educational institution shall be defined as an accredited public or private school in the state of Missouri. Private schools must be accredited by either the Missouri Chapter of the National Federation of non-Public Schools Accrediting Association, Independent Schools Association of The Central States, North Central Association of Colleges and Schools, and/or the University of Missouri - Columbia. Public schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
4. The qualifying discount will be permitted only on the local exchange access line. All other features, ancillary services or options, relative to the particular service, shall continue to be filled at the appropriate tariffed rates.
5. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
6. In addition to meeting the qualification specified in Paragraph .3 preceding, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.
7. The customer should request to receive the discount on all subsequent additions of eligible services which are ordered. There will be no additional affidavits required.
8. The following local exchange services are eligible for a discount under this program:

- Flat Rate, business one-party service.

A. SERVICE CONNECTIONS - LINK UP MISSOURI

NOV 26 1997

Applicability of Link Up Missouri Service Connection Program

TO PUBLIC SERVICE COM

1. The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.

- a. Service Connection Charges, as set forth in this tariff¹, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent or \$30.00, whichever is less. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence. +
- b. The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period. *
- c. A qualifying low-income customer may choose either a or b, or both a and b as described above.
- d. Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
- e. The premises at which the residence service is requested must be the applicant's principal place of residence.
- f. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
- g. Link Up will not be furnished on a Foreign Exchange service.

RECEIVED

¹These do not include other charges that may be required at the initiation of service such as security deposit, contributions in and of construction, customer advances, etc.

B. LIFELINE SERVICE

1. General Regulations

- a. Lifeline service is available to qualifying low-income subscribers for single-party residence service.
- b. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
- c. Lifeline will not be furnished on a Foreign Exchange service.
- d. Lifeline service shall not be disconnected for non-payment of toll charges.
- e. Toll blocking provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll blocking for the purposes of lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.
 - 1) If the customer chooses "toll blocking" the company will not charge a service deposit.
 - 2) Toll blocking is offered to Lifeline subscribers at no charge.

2. Call Waiting:
Provides a signal to a customer using the telephone that another call is being attempted to their number. The customer can "HOLD" the original call to answer the incoming call. In addition the customer can cancel the call waiting service when the customer prefers not to be interrupted when using the telephone. In that event, the calling party will receive a busy tone.
3. Three-way Calling:
Allows for the addition of a third number to a connection made between two numbers without the assistance of an operator.
4. Speed Calling (8 number capacity):
Permits customer calling to other telephone numbers through the dialing of a code rather than an entire telephone number. Capacity is 8 numbers dialable by speed dialing code.
5. Speed Calling (30 number capacity):
Permits customer calling to other telephone numbers through the dialing of a code rather than an entire telephone number. Capacity is 30 numbers dialable by speed dialing code.
6. Toll Control with PIN (Personal Identification Number):
Toll Control with PIN allows the customer to prevent long distance calls from being made from a particular access line by anyone except individuals who know the PIN. The Company must set up the original PIN. The customer has the option to change the PIN at their discretion. Toll Control with PIN will only work with a touch-tone phone and will not work with a rotary phone.

I. CLASS Service

Custom Local Area Signaling Services (CLASS) are a set of advanced call management features which will only be offered on one-party service and will not be activated on multi-party lines, certain FX lines, COCOT, and Public Coin Telephone Services.

A. Feature Descriptions:

1. Calling Number Delivery

Calling Number Delivery (also known as "Caller ID") allows the subscriber, with the use of a display phone or adjunct display device, to view the directory number of an incoming call before answering. During the time that the incoming call is placed, the calling number is forwarded from the central office to a compatible customer provided Customer Premises Equipment (CPE) Display Unit associated with the customer's local exchange service. The calling telephone number is then delivered to the display device during the first silent interval of ringing.

The calling number is not available when incoming calls have been handled by an operator or charged to credit cards. Number delivery for calls originating from a PBX will display the main PBX number only. If the caller's number is not part of the CLASS network, is a multi-party line, or is blocked, the number will not be displayed.

Telephone numbers transmitted via Calling Number Delivery may not be sold or given to another party without the caller's consent. Calling Number Delivery information may only be used for: a) routing or completion of calls; b) billing of calls; c) account management purposes; d) services directly related to the call or transaction;

e) verification of calling party identify; and f) marketing products or services that are directly related to those previously acquired by the customer from the number delivery services subscriber. Calling Number Delivery customers failing to comply with any of these conditions will have their service terminated.

2. Calling Number/Name Delivery Blocking

Calling Number/Name Delivery Blocking allows the subscriber to prevent the delivery of the subscriber's directory number/name on a per call basis (per call block) or per line basis (per line block). Per line block is available only to the agencies specified below.

Per call block will block the delivery of the subscriber's number/name for one call only and may be activated by dialing an activation code (*67 from a Touch-Tone telephone or 1167 from a rotary telephone) immediately prior to placing a call. The activation code will initiate per call block, which is available at no charge.

If the calling party activates blocking, the directory will not be transmitted across the line. Instead, Calling Number/Name Delivery customers will receive an anonymous indicator. This anonymous indicator notifies the Calling Number/Name Delivery customer that the calling party has elected to block the delivery of the telephone number/name.

Per line block will automatically block delivery of the subscriber's telephone number/name on all calls. Line blocking for the delivery of the calling number/name is available upon request, at no charge, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the

The calling number/name will not be transmitted from a line equipped with this capability.

The blocking of the directory number/name will not be provided on calls originating from Public, Semi-Public and customer-Owned Pay Telephone Services.

3. Priority Ringing:

Priority ringing provides a distinctive ringing pattern to the subscribing customer for specific telephone numbers. The customer creates a screening list of telephone numbers through an interactive dialing sequence. When a call is received from one of the predetermined telephone numbers, the customer is alerted with a distinctive ringing pattern. Calls from telephone numbers not included on the screening list will produce a normal ring.

If the called customer subscribes to call waiting (described in other sections of this tariff) and the call arrives while the line is busy, the Call Waiting tone has the same distinctive patterns. For calls from a dial tone line with multi-line hunting, the distinctive signal is only produced when the main telephone number has been entered in the screening list.

4. Call Forward Busy (Fixed):

This service, permanently activated, provides customers the ability to redirect incoming calls from their home or business to the customer's pre-selected automatic access line number, or other line number of the customer at another location on a different premises when such incoming calls encounter a normal busy line condition. Calls forwarded beyond the local (toll free) calling area will be charged to the customer, at the dial station-to-station rate, on every call answered at the "forwarded to" number.

5. Caller ID with Call Waiting:

Allows a customer with Caller ID to see the Call Waiting party's telephone number before answering the call. This combined feature requires both Caller ID and Call Waiting, activation by New Florence Telephone Company and a Caller ID phone or box with both Caller ID and Call Waiting capability.

6. 900 Block:

900 Blocking service provides residence and business customers with the ability to block access from a particular network access line to all telephone numbers for which the 900 NPA must be dialed. The Company's obligation to furnish network facilities for 900 Blocking service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested. 900 Blocking service is available only for blocking access to all 900 NPA telephone numbers from a particular network access line, and not for blocking access to a specific 900 NPA telephone number.

7. International Block:

International Blocking service provides residence and business customers with the ability to block access from a particular network access line to all telephone numbers for which the 011+ must be dialed. The Company's obligation to furnish network facilities for International Blocking service is dependent upon the availability of suitable facilities. Because of central office and other facility limitations, it may not be possible for the Company to provide all of the services that may be requested. - 8. Remote Activation of Features:
Remote activation is available for a minimal fee in conjunction with Call Forward Busy, Call Forwarding and Call Forwarding No Answer. This enhancement allows the customer to activate and deactivate Call Forwarding features from a remote location.
- 9. Unidentified Call Rejection:
Allows a customer to refuse calls from callers whose numbers have been blocked by the calling party. The customer's phone will not ring. Incoming calls marked "private" or "blocked" will automatically be routed to an announcement indicating that the customer does not accept "private" or "blocked" calls.
- 10. Repeat Dialing:
Repeat Dialing allows the customer to dial a code that will let their phone continuously attempt to redial a busy number. When the line is free, a special ringing will alert the customer that the call can now be placed. When the customer picks up the handset after the special ring, the number will automatically be dialed. Repeat dialing will continuously attempt to redial the busy number for 30 minutes. Repeat dialing will not work with all long distance carriers.
- 11. Call Return:
Allows a customer to automatically return the last phone call whether it was answered or not. Upon activation of the feature, the number of the most recent party who called is dialed automatically. If the called line is found to be busy, a 30-minute queuing process begins. The customer is given an indication that the network will attempt to set up the call when the called line is idle. The network periodically tests the busy/idle status of both parties until both lines are found idle, the customer cancels the request, or the queuing process expires. If both lines are found to be idle, the calling party is alerted with a distinctive ring signifying that the call may now be completed.
- 12. Distinctive Ring on Forwarded Calls:
Distinctive Ringing is available on Features in conjunction with Call Forward Busy, Call Forwarding and Call Forwarding No Answer. The distinctive ring allows the party that calls are being forwarded, to hear a distinctive ring so that they can determine whether the incoming call is a forwarded call. This feature only works on calls forwarded to other New Florence Telephone Company Customers.

- 13. Call Forward No Answer (Fixed):
This service, permanently activated, provides customers the ability to redirect incoming calls from their home or business to the customer's pre-selected automatic access line number or other line number of the customer at another location on a different premises when such incoming calls encounter a no answer condition. Calls forwarded beyond the local (toll free) calling area will be charged to the customer, at the dial station-to-station rate, on every call answered at the "forwarded to" number.
- 14. Call Forward No Answer (Variable):
This service permits the customer to have incoming calls transferred to another telephone number when their number is not answered after a specified number of rings. The customer is responsible for the establishment and change of the forwarded telephone number destination. The customer is also responsible for feature activation and deactivation as well as reestablishing the forwarded telephone number upon interruption of the Call Forwarding service. Where a toll message charge is applicable to the call to be forwarded, such charges will be billed to the Call Forwarding customer.
- 15. Call Hold:
Allows the subscriber to place a call on hold in order to initiate a second call, answer a waiting call, consult privately with another party, or return a previously held call. If a second call is established, the subscriber who initiates it may alternate between calls. The two calls may not be conferenced, and only one call may be held at a time.
- 16. Customer Originated Call Trace:
Allows the customer to request the last call received be traced. The results of the call are recorded at the Company and will only be provided to a law enforcement agency. Customer Originated Call Trace may not be able to trace the call if a second call was placed to the customer and activated Call Waiting. It is recommended that if a customer wants a call traced they hang up and immediately activate the Customer Originated Call Trace in an effort to trace the call before another call to the customer can be placed.

- 17. Do Not Disturb with PIN:
Allows the customer to have calls routed to a special Do Not Disturb announcement. This feature requires a PIN number for the call to be completed.
- 18. Selective Call Acceptance:
Allows a customer to select customer telephone numbers from which calls are to be received. All other calls are intercepted and routed to a recorded announcement that informs the caller the customer is not accepting calls.
- 19. Selective Call Forwarding:
Is an arrangement which permits a customer to pre-specify telephone numbers from which incoming calls are to be forwarded. During the period that Selective Call Forwarding is activated, only calls from pre-specified numbers will be forwarded. Calls forwarded beyond the local (toll free) calling area will be charged to the customer, at the dial station-to-station rate, on every call answered at the "forwarded to" number.
- 20. Selective Call Rejection:
Is an arrangement which permits a customer to pre-specify telephone numbers from which incoming calls will automatically be rejected. During the period that Selective Call Rejection is activated, calls from pre-specified numbers will be automatically forwarded to an announcement informing the party that the customer is not accepting calls.
- 21. Wake Up Service:
Allows the customer to program a daily wake up or reminder call. The customer programs a requested time for a call to be made to their line. If the customer line is busy or does not answer the call after 10 rings, Wake Up Service will attempt to call the customer two more times at seven minute intervals. The customer must reactivate the Wake Up Service after each use.
- 22. Warm Line:
Allows a customer to dial a telephone number by simply lifting the handset. No access codes or telephone numbers need to be dialed. A short delay will precede allowing the customer to make a call. If no numbers are dialed, the customer will be automatically connected to their pre-selected number. The Company must program the pre-selected number.

I. CLASS Service (Cont'd)

B. General Regulations:

1. CLASS features can be provided on a stand alone basis or may be enhanced by use with Custom Calling service features as described in other sections of this tariff.
2. CLASS features are provided from specially equipped Telephone Company Central Offices and enable customers to access various features by dialing a specific code on either a rotary-dial or Touch-Tone calling basis.
3. The customer of record will be responsible for all rates and charges associated with the CLASS features as described in Rates and Charges. The customer of record will be charged for all features activated on his/her service and charged the applicable monthly subscription rate for each line on which a CLASS feature is provided.
4. CLASS features are available to customers who have rotary or Touch-Tone service for calls within the CLASS Calling Service area. Customers with rotary service can access CLASS features by dialing "11" instead of "*".
5. A CLASS customer may employ available CLASS features only under the following conditions:
 - When both the CLASS customer and the other party involved in the call are served from the same central office, even if the other party does not subscribe to a CLASS feature.
 - When both the CLASS customer and the other party involved in the call are served from different central offices which are linked by facilities that can handle the delivery of the calling number, even if the other party does not subscribe to CLASS.

RULES AND REGULATIONS

1. The New Florence Telephone Company will provide local exchange service within the boundaries of the territory assigned, and service outside the exchange area through connecting lines with other Telephone Companies.
2. Basic Local Telecommunications Service is defined as Two-way switched voice service within a local calling scope as determined by the commission comprised of any of the following services and their recurring and nonrecurring charges:
 - a. Multiparty, single line, including installation, touchtone dialing, and applicable mileage or zone charges;
 - b. Assistance programs for installation of, or access to, basic local telecommunications services for qualifying economically disadvantaged or disabled customers or both, including, but not limited to, lifeline services and link-up Missouri services for low-income customers or dual-party relay service for the hearing impaired and speech impaired;
 - c. Access to local emergency services including, but not limited to, 911 service established by local authorities;
 - d. Access to basic local operator services;
 - e. Access to basic local directory assistance;
 - f. Standard intercept service;
 - g. Equal access to interexchange carriers consistent with rules and regulations of the Federal Communications Commission.
3. **NEW SUBSCRIBER PAYMENTS:** Applicants for service are required to pay, in advance, local service for one billing period, plus installation charge or service connection charge as the case may be. Charges for basic local telecommunications service are billed in advance. Toll charges are billed on the first of each month for charges incurred during the previous toll-billing period.
4. **MINIMUM SERVICE PERIOD:** No telephone will be installed for a shorter period than three (3) months after which time the service may be terminated at any time upon five (5) days written notice to the Company, whereupon all bills for service rendered shall immediately become due and payable.

FEB 2 1979

RULES AND REGULATIONS

BY 1st R.S.S.
PUBLIC SERVICE COMMISSION

1. The telephone company will furnish long distance service when it can secure suitable facilities and rights for construction and maintenance of necessary pole lines, wires and equipment, or suitable connections with other telephone companies.
2. Local exchange service is classified as business or residence based upon the character of usage. It is for use by the subscriber, his family, employees, associates and guests.
3. NEW SUBSCRIBER PAYMENTS: Applicants for service are required to pay one billing period rental in advance plus installation charge or Service Connection Charge as the case may be.
4. MINIMUM SERVICE PERIOD: No telephone will be installed for a shorter period than (2) months after which time the service may be terminated at any time upon five (5) days' written notice to the Company, whereupon all bills for service rendered shall immediately become due and payable.
5. DEPOSITS: The Company may require, at any time, a cash deposit, or a personal guaranty of a responsible person, at its option, from any subscriber. The amount so required shall not exceed the estimated bill for both local exchange and toll service covering one billing period plus thirty days. Interest at the rate of six per cent (6%) per annum, will be paid annually (or upon the return of the deposit if returned before the current year is closed), upon the deposit required, provided, said cash deposit has been held for a period of at least six months. Such interest may at the company's option, be paid in cash or credited upon the subscriber's bill for service. The deposit does not relieve the subscriber from the duty of prompt payment of bills when due, but is to be deemed a guaranty or a prepayment as the Company may desire. Local exchange service will be discontinued for failure to furnish a suitable deposit after five days' written notice to that effect. The deposit plus interest less the bills due will be returned to the subscriber at the termination of service.

f. On deposits held thirty days or more, simple interest at the rate of nine percent per annum shall be credited annually to the ^{Public Service Commission} ~~Public account of the~~ customer or paid upon the return of the deposit, whichever occurs first. Interest will not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.

g. An applicant for service, or a present customer, may satisfy a deposit requirement by providing a Contract of Guaranty in an amount not to exceed the requested deposit from a present customer with at least two years of established service whose service has not been suspended for nonpayment within the last twelve months. The guaranty contract shall be on a form provided by the company which shall include the company's right to transfer charges to the limit of the guaranty, from a defaulted bill of the customer, from whom a deposit or a Contract of Guaranty was required to the guarantor's account and the further right to suspend the guarantor's service. A guarantor shall be released upon satisfactory payment by the customer of all undisputed charges during the last twelve billing periods.

h. The fact that a deposit has been made, or a guaranty provided, shall in no way relieve the customer from his responsibility to pay undisputed charges prior to their becoming delinquent nor constitute a waiver or modification of the provisions set forth in this Tariff providing for temporary suspension of service or the termination of the service for nonpayment of undisputed, delinquent charges.

i. Upon termination of the service, the amount of the deposit with accrued interest, shall be applied in payment of any unpaid charges for exchange or long distance service and the balance, if any, shall be returned to the customer within twenty-on (21) days of the rendition of the final bill.

* 6. BILLING AND PAYMENT

- A. The company will during the first billing period in which a customer receives service provide the customer with a Public Service Commission account of charges for equipment and service for which he has contracted. The Company will render a separate bill for concurrent residence service unless otherwise requested by the customer.
- B. The company will after the initial bill for new service render a bill during each billing period for monthly recurring charges in advance and toll charges in arrears. Special billing arrangements may be established for service provided to governmental agencies.
- C. The company will render bills on a monthly basis whereby the customer receives his bill on or about the first day of each month.
- D. The customer is responsible for all charges in conjunction with the services furnished him including collect toll messages which have been accepted at the customer's telephone.
- E. Bills are due as specified on the bill and may be paid at any business office of the company or at any agency authorized to receive such payments.
- F. The customer shall have at least 21 days from the rendition of a bill to pay the charges stated except when the customer has had service discontinued within the last 12 months or where the customer incurs toll or other charges at any time during the billing period which are equal to at least 400% of the amount of the deposit or guarantee previously required from the customer, in which case payment may be demanded for the toll charges by a telephone call to the customer followed by written notification of such demand sent by first class.

MISSOURI
Public Service Commission

APPLICANT: The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

BUILDING: A single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single family residential occupancy in a subdivision. (Definition excludes mobile home).

SUBDIVISION: A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

C. The Telephone Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs E and G of this Section of the Tariff. Temporary service is provided under Paragraph F of this Section of the Tariff.

(1) This section is filed pursuant to and as required by the Commission General Order #55, ordered in Case 17,519, effective January 23, 1973.

D. Rights-of-Way and Easements

1. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public lands and private property across

which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.

- 2. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

E. Advance payments

- 1. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before the construction is commenced. If in the judgment of the Telephone Company an advance is required under the above conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.
- 2. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.
- 3. Any portion of an advance remaining unrefunded ten years from the date the Telephone Company is first ready to render service with the extension will be retained by the

F. Temporary Facilities

1. Temporary facilities may be installed to provide service when necessary, for a maximum period of one year.
2. Where it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

G. Special Conditions

1. In circumstances, where the application of these rules appears impracticable or unjust to applicant or the Telephone Company, or discriminatory to other customers, e.g., difficult rock conditions, the Telephone Company or applicant shall refer the matter to the Missouri Public Service Commission for special ruling or for the approval of special conditions which may be mutually agreed upon prior to commencing construction.

15. Disputes by Residential Customers

- a. A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during normal business hours. A dispute must be registered with the Company prior to the delinquent date of the charge for a customer to avoid discontinuance of service as provided by this tariff.
- b. When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made, investigate the inquiry promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
- c. Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
- d. If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The amount not in dispute shall be mutually determined by the parties. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
- e. If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty percent (50%) of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to customer for nonpayment of charges in dispute while that dispute is pending.

RULES AND REGULATIONS

17. Business Services

- a. Business Services are those services, which are described in the General and Local Exchange Service Tariff of New Florence Telephone Company. The Company offers these services to business customers in accordance with the rules and regulations specified in the General and Local Exchange Tariff of New Florence Telephone Company and approved by the Missouri Public Service Commission. The Business rules and regulations concur with the residential rules and regulations provided in the previous sections, with the exceptions that business accounts must be paid in full within 10 days of becoming delinquent in order to continue Basic Local Telecommunications Service, and settlement agreements will only be offered to business accounts at the Company's discretion.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

PAYPHONE SERVICE

RECEIVED

A. General Regulations

JAN 15 1997 +

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

PRIVATE COIN SERVICE

NOV 30 1988

A. GENERAL

1. PRIVATE COIN SERVICE IS OFFERED FOR USE WITH A CUSTOMER-PROVIDED INSTRUMENT-IMPLEMENTED COIN TELEPHONE. (1) PRIVATE COIN TELEPHONES TO THE NETWORK MUST BE MADE PURSUANT TO THE RULES AND REGULATIONS SET FORTH IN THIS TARIFF.
2. PRIVATE COIN SERVICE IS A TWO-WAY OR, OPTIONALLY, ONE -WAY ORIGINATING ONLY BUSINESS EXCHANGE ACCESS LINE COMPOSED OF THE SERVING CENTRAL OFFICE LINE EQUIPMENT WITH SELECTIVE CLASS OF CALL SCREENING TREATMENT (WHERE AVAILABLE), ALL OUTSIDE PLANT FACILITIES NEEDED TO CONNECT THE SERVING CENTRAL OFFICE WITH THE CUSTOMER'S PREMISES AND THE NETWORK INTERFACE. THESE FACILITIES ARE TELEPHONE COMPANY-PROVIDED AND MAINTAINED AND PROVIDE ACCESS TO AND FROM THE TELE-COMMUNICATIONS NETWORK FOR LONG DISTANCE SERVICE AND LOCAL CALLING.
3. SELECTIVE CLASS OF CALL SCREENING TREATMENT ENABLES THE CUSTOMER TO RESTRICT OUTGOING OPERATOR-HANDLED CALLS FROM THE SERVICE POINT TO ONLY THOSE CALLS WHICH ARE CHARGED TO A CALLED TELEPHONE, A THIRD NUMBER OR A CALLING CARD ACCOUNT.
4. IN THE CASE OF ONE-WAY SERVICE, INTERCEPT TREATMENT WILL BE PROVIDED.
5. A MAXIMUM OF ONE CUSTOMER-PROVIDED INSTRUMENT-IMPLEMENTED COIN TELEPHONE MAY BE CONNECTED TO ANY ONE PRIVATE COIN SERVICE LINE.
6. SELECTIVE CLASS OF CALL SCREENING MUST BE PROVIDED WHEREVER AVAILABLE. ANY CUSTOMER WHO OFFERS PRIVATE COIN SERVICE WHERE SELECTIVE CLASS OF CALL SCREENING IS NOT AVAILABLE, NONETHELESS ASSUMES FULL AND COMPLETE RESPONSIBILITY FOR ALL CALLS BILLED TO HIS LINE.
7. GENERAL REGULATIONS ARE APPLICABLE TO THE PROVISION OF PRIVATE COIN SERVICE.
8. DIRECTORY LISTINGS MAY BE PROVIDED UNDER THE REGULATIONS GOVERNING THE FURNISHING OF LISTINGS FOR BUSINESS SUBSCRIBERS.

(1) FOR PURPOSES OF THIS TARIFF, THE TERM "CUSTOMER" IS DEFINED AS THE PARTY WHO IS RESPONSIBLE FOR PAYING PRIVATE COIN SERVICE EXCHANGE ACCESS LINE.

MISSOURI
Public Service Commission

D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

- 1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
- 2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
- 3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the line that the call has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

GENERAL EXCHANGE TARIFF**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**

1. Universal Emergency Number Service (911)
 - 1.1 General
 - A. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
 - B. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be related by Company operators.
 - C. 911 Trunking Service is offered subject to availability of facilities.
 - D. The 911 Trunking Service customer may be a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)1.1 General (Cont'd)

- E. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provision of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
- F. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

1.2 Conditions

- A. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either express or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
- B. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.
- C. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
- D. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential.
- E. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished by a PSAP. Information will be provided only for the purpose of responding to emergency calls.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)1.2 Conditions (Cont'd)

- F. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
- G. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data base(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- H. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
- I. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- J. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features, the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)1.2 Conditions (Cont'd)

- K. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
- L. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
- M. The customer is required to furnish the Company its agreement to the following terms and conditions:
1. That all 911 calls will be answered in a 24-hour day, seven-day week basis.
 2. That that customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 3. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 4. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)1. Universal Emergency Number Service (911) (Cont'd)1.2 Conditions (Cont'd)

- N. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Services. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
- O. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
- P. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
- Q. The customer recognizes that the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. The customer shall make the correction within a reasonable time under the circumstances.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)1. Universal Emergency Number Service (911) (Cont'd)1.3 Rates

- A. The rates and charges for 911 Trunking Service set out below are for the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP, or between Central Offices. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Per Trunk</u>
Trunks between Central Offices	\$25.00
Trunks between Central Offices and PSAP	\$25.00

B. Database Records Charges

These charges are applicable to the work necessary for Company customer records to support E911 Service. The initial record charge is for work necessary to complete the initial upload to the E911 provider, which includes verification of records to the Master Street Address Guide ("MSAG"). Customer updates beyond the initial upload would include new requests for service in the Company's serving area, orders that change a customer's name, telephone number and/or address, and will include verification to the MSAG. A record update(s) generated due to a Company error will not be assessed a Database record charge. If an error is due to inaccurate information provided by a 911 customer, a charge will be assessed.

Initial Upload of Records, one time charge	\$350.00
Database Record Charges, per record charge	\$.38

GENERAL EXCHANGE TARIFF**THREE-DIGIT DIALING SERVICE (811)**

1. Three-Digit Dialing Service (811)

1.1 General Regulations

- A. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System (“SOCS”) for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission (“FCC”) Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tarified, local calling area based service (the “811 Service”).
- B. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
- C. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
- D. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
- E. 811 Service is available from the Company within the Company’s service area only. To provide access to 811 to end users in another company’s service area or to a Competitive Local Exchange Carrier (“CLEC”) end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811) (cont'd)
 - 1.2 Obligations of the SOCS
 - A. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
 - (1) The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - (2) For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - (3) Complete contact information.
 - B. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
 - C. Local Calling for Company Subscribers
 - (1) The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - (2) The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - (3) The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811) (cont'd)

1.3 Obligations of the Company

- A. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
- B. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
- C. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
- D. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

1.4 Liability

- A. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.
- B. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
- C. The Company is not liable for any losses or damages caused by the negligence of the SOCS.
