**RE: The Empire District Electric Company d/b/a Liberty
Case No. ER-2023-0342 - Fuel & Purchase Power Adjustment Clause (“FAC”)**

Dear Judge Dippell:

On March 31, 2023, and in accordance with Commission Rule 20 CSR 4240-20-090(8), Liberty initiated a new case with an ER designation and provided a revised tariff sheet (Sixth Revised Sheet No. 17q) with a proposed effective date of June 1, 2023.

Since filing, it was discovered that the proposed tariff sheet, which was submitted separately in EFIS and also attached as part of schedule 1 to the Direct Testimony of Brooke Prier, did not properly reflect the Missouri energy ratio. As such, a substitute tariff sheet is being submitted at this time. This correction of updating the Missouri energy ratio to 88.73%, consistent with tariff sheet footnote one, does not have an impact on the overall rate. A redline tariff sheet is being provided to the parties, as well as a revised workpaper. As a substitute, this proposed tariff sheet continues to bear an issue date of March 31, 2023, and a requested effective date of June 1, 2023.

Please bring this substitute tariff filing to the attention of the Commissioners and the appropriate Commission personnel, and please do not hesitate to contact me with any questions or concerns you may have.

Sincerely,

Diana C. Carter
