Dear Mr. Woodruff:

The tariff sheets listed below issued by Union Electric Company d/b/a Ameren Missouri (Ameren Missouri or the Company) were filed as a revision of Schedule No. 6, Schedule of Rates for Electricity, on May 22, 2020:

Filed
4th Revised Sheet No. 58.5

Canceling
3rd Revised Sheet No. 58.5

These tariff sheets are being issued May 22, 2020 to become effective on and after June 21, 2020.

The purpose of the proposed tariff revision is to give Ameren Missouri flexibility to approve customer requested conversions to LED lighting greater than the limits specified to the extent resources are available to do so. It also increases the number of lights that any single customer can request in a calendar year to three hundred. The revisions are necessary to replace the flexibility that was approved, the a variance to the tariff, in File No. EE-2020-0107 which expires July 15, 2020.

The tariff language was shared with Missouri Public Service Commission Staff prior to filing and their suggestions were incorporated.

Sincerely,

Paula N. Johnson
