REC'D SEP 21 1999

3.7 Establishment and Maintenance of Credit

A. Establishment of Credit for Residence Service

The Company may require an applicant for service to post a deposit if:

- 1. The applicant is unable to establish that he had a previous service account with a telephone utility for a period of at least twelve (12) months for which all undisputed charges were satisfactorily paid or,

The applicant has not previously had telephone service for a twelve (12) month period and does not meet at least two of the following criteria:

- Has a valid major national charge card
- Has a valid major national oil charge card
- Has a local charge card
- Home ownership
- Has been employed two years or more with the current employer
- Has a savings account
- Has an existing loan from a financial institution not considered delinquent by the creditor

- 2. The Company is not obligated to furnish service to any individual that owes for service furnished by the Company previously rendered at the same or a different address until arrangements have been made for payment in full of such previous indebtedness to the Company.
- 3. The Company may require a deposit or guarantee as a condition of continued service if undisputed charges in two out of the last twelve (12) billing periods become delinquent. The deposit shall not exceed charges for two (2) months service based on the average bill during the preceding twelve (12) months.
- 4. If within the first six (6) months of establishing service, the customer incurs toll or other charges in any one (1) billing period which are greater than 400% of the amount of the deposit previously required, an additional deposit may be required.

5. In lieu of a deposit the Company may accept a written guarantee. The guarantee shall be limited to an amount not to exceed the cash deposit provided for in these tariffs.

6. No deposit or guarantee shall be required by the Company because of race, sex, creed, national origin, marital status, age, number of dependents, source of income, condition of physical handicap or geographical location of residence of the subscriber.

7. A deposit shall be subject to the following terms:

It shall not exceed estimated charges for two (2) months service based on the average bill during the preceding twelve (12) months or in case of a new applicant for service the average monthly bill for all subscribers within a customer class.

The interest rate on the deposit shall be 9%. The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.

The deposit along with the accrued interest shall be promptly refunded or credited against charges stated on subsequent bills upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods. The Company may withhold the refunding of a deposit, to the extent of a disputed amount, pending the resolution of a dispute with respect to charges secured by such deposit.

The deposit shall be credited with accrued interest to the charge stated on the final bill and the balance if any shall be returned to the subscriber within twenty-one (21) days after the rendition of a final bill upon the discontinuance or termination of service.

A guarantor shall be released upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods. Payment of a charge is satisfactory if received prior to the date upon which the charges become delinquent. A guarantor may also be released from the guarantee commitment by giving the Telephone Company thirty days written notice of termination of the guarantee.

9. Deposit not to Affect Regular Collection Practices

The fact that a deposit has been made shall in no way relieve the applicant or subscriber from complying with the Company's regulations as to advance payments and the prompt payments of bills on presentation; nor constitute a waiver or modification of the regular practices of the Company providing for the discontinuance of the service for non-payment of any sums due the Company for service rendered. The Company may discontinue service to any subscriber failing to pay current bills without regard to the fact that such subscriber has made a deposit with the Company to secure a payment of such bills or has furnished the Company with a guarantee in writing of such bills.

10. Records

The Company maintains a record of previous accounts by name, address and telephone number.

The Company shall maintain records which show the name of each customer who has posted a deposit, the current address of such customers, the date and amount of the deposit, the date and amount of interest paid, and the earliest possible refund date.

B. Deposits and Guarantees of Payment - Business Service

1. If it is deemed necessary by the Company to safeguard its interests, applicants for service or present customers may be required to make a deposit of an amount not to exceed the sum of two (2) months' monthly recurring charges for services subscribed to plus two (2) months' estimated long distance charges. If the customer's service is terminated for any reason the deposit will be applied to reduce the amount of any unpaid charges for exchange or long distance service.

The interest rate on a deposit held thirty (30) days or more shall be established on October 1 of each year for the period of October 1 that year to September 30 of the following year. The interest rate is a straight nine (9)%. The interest shall be credited monthly upon the account of the customer until service ends or refund is made complete. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.

2. An applicant for service, or present customer, may satisfy a deposit requirement by providing a Contract of Guaranty in an amount not more than the requested deposit from a present customer acceptable to the Company. The guaranty contract shall be on a form provided by the Company which shall include the Company's right to transfer charges to the limit of the guaranty, from a defaulted bill of the customer, from whom a deposit or a Contract of Guaranty was required, to the guarantor's account or accounts and the further right to suspend guarantor's service.
3. The fact that a deposit has been made, or a guaranty provided, shall in no way relieve the customer from complying with the Company's regulations as to the prompt payment of bills, nor constitute a waiver or modification of the regular practices of the Company providing for the temporary suspension of service or the termination of the service contract for non-payment of bills.

 - b. Failure to post a required deposit or guarantee.
 - c. Unauthorized use of the Company's equipment in a manner which creates an unsafe condition or creates the possibility of damage or destruction to such equipment.
 - d. Failure to substantially comply with the terms of a settlement agreement.
 - e. Refusal after reasonable notice to permit inspection, maintenance, or replacement of Company's equipment.
 - f. Material misrepresentation of identity in obtaining telephone utility service.
 - g. As provided by state or federal law.
 - h. Nonpayment of undisputed, delinquent state or interstate long distance charges billed by the Company or undisputed, delinquent exchange charges including any FCC-approved end user charges or both.

2. The failure to pay charges not subject to the Missouri Public Service Commission or Federal Communications Commission's jurisdiction shall not constitute cause for discontinuance of service except as indicated in C.1.h., above.

D. Procedures for Discontinuance of Service

- 1. A written notice shall be sent by first class mail five (5) days prior to discontinuance of service.

3.9 Minimum Contract Periods and Termination of Service (Cont'd)

REC'D SEP 21 1999

D. Procedures for Discontinuance of Service (Cont'd)

2. Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Service shall not be discontinued on a day when the offices of the Company are not open to facilitate reconnection of service, or on a day immediately preceding such day. Service shall not be discontinued for a non-payment of a delinquent charge until five (5) days after a charge has become delinquent.
3. At least twenty-four (24) hours preceding a discontinuance of service the Company shall make an effort to contact the subscriber and advise them of the discontinuance and what action must be taken to avoid it.
4. Discontinuance of service shall be postponed for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Company with reasonable evidence of such necessity.
5. Notwithstanding any other provisions of this tariff, service to a customer may be discontinued at any time after written notice has been sent, certified mail, to such customer at the last known address and at the address where the service is to be discontinued. This rule applies in the following situations:
 - a. The customer incurs charges not covered by a deposit or guarantee and evidences an intent not to pay such charges when due.
 - b. The customer damages or evidences an intent to damage the Company's facilities.
 - c. The notice required by paragraph 3.9(D)5 shall state how a customer has evidenced an intent not to pay charges when due or evidences an intent to damage the Company's facilities.
6. A late payment charge of \$1.30 will be added on delinquent accounts, to cover costs accrued in processing, and serving notice of disconnect, as approved in Commission Telephone Authority Order No. 734.

4. Local Exchange Service (Cont'd)

4.9 Lifeline Services (Cont'd)

D. Missouri USF Low-Income Assistance

1. General – A low-income customer is any customer who requests or receives residential essential local telecommunications service and who has been certified by the Department of Social Services (DSS) as economically disadvantaged. Qualified individual will receive discounted services under either the low-income assistance or the disabled assistance program.
2. Regulations – Low income assistance is available to all residential customers who demonstrate, by self certifying with the company under penalty of perjury, that they are eligible for support by participation in:
 - a. Medicaid
 - b. Food Stamps
 - c. Supplementary Security Income (SSI)
 - d. Federal Public Housing Assistance or Section 8
 - e. Low Income Home Energy Assistance Program (LIHEAP)
 - f. National Free Lunch Program
 - g. Temporary Assistance to Need Families
 - h. The customer’s income, as defined in 47 CFR Section 54.400(f), must be at or below 135% of the Federal Poverty Guidelines (effective June 1, 2012).
3. Eligible Services – Essential local telecommunications service is defined as: Voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier’s service area has implemented 911 or enhanced 911 systems; and toll limitation services to qualifying Lifeline consumers. Toll limitation service does not need to be offered for any Lifeline service that does not distinguish between toll and non-toll calls in the pricing of the service.
4. Support Amount – Customers eligible under the established criteria can receive a discount from their bill for essential local telecommunications service equal to the amounts approved by the Missouri Public Service Commission and the Federal Communications Commission. The amount of combined federal and state lifeline support for any customer will not exceed the sum of the federal Subscriber Line Charge (SLC) and the recurring charges for essential local telecommunications services (including the basic service rate, touch-tone calling charge, extended area service additive, and mileage additives, if any).

4.10 Payphone Service

A. General Regulations

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the line that the called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

5.3 Service Connections - Link Up Missouri¹

A. Applicability of Link Up Missouri Service Connection Program

1. The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to and designed to promote subscribership to the telephone network among low income residential households.

- (a) Service Connection Charges, as set forth in this tariff, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent, or \$30.00, whichever is less². These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence.
- (b) The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period.
- (c) A qualifying low-income customer may choose with 1 or 2, or both 1 and 2 as described above.
- (d) Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
- (e) The premises at which the residence service is requested must be the applicant's principal place of residence.

¹ The rates for service connections are not subject to the jurisdiction of the Missouri Public Service Commission.

² The discount established herein does not apply to other charges that may be required at the initiation of service such as security deposit, contributions in aid of construction, customer advances, etc.

6.2 CLASS Service

Custom Local Area Signaling Services (CLASS): Provide end-user services that allow the customer more control over incoming and outgoing calls based on Signaling System 7 (SS7) Hardware and Software. Services are offered where technically feasible and may be available on both an intra- or inter-exchange basis.

CLASS Services may be provided on individual lines, private branch trunks and key business lines, but will not be provided in conjunction with payphone service.

A. Standard Class Features that require Monthly Recurring Charges:

- 1. Caller ID: allows the called party to view the number and name calling through customer premises equipment designed to receive and thus display calling party's name and number. Special customer equipment is required for this feature.

The calling telephone name and number is only available in those areas where appropriate signaling network connections exist to forward the calling party's name and number. This may exclude calls made from most cellular phones or units, calls made through interexchange carriers, and calls originated from other local exchange carriers. The calling number is also not available when incoming calls have been handled by an operator or charged to credit cards. Name and number delivery for calls originating from a PBX will display the main PBX number only. If the caller's number is a multi-party line, or is blocked, the number will not be displayed.

Telephone names and numbers transmitted via Caller ID may not be sold or given to another party without the caller's consent. Caller ID information may only be used for: a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to the call or transaction, e) verification of calling party identity and f) marketing products or services that are directly related to those previously acquired by the customer from the name and number delivery services subscriber. Caller ID customers failing to comply with any of these conditions will have their service terminated.

Monthly Rate

Caller ID service can be ordered by subscribers and includes name and number identification, along with some of the enhancing optional features.
