Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 25 9th Revised Sheet 1 Replacing 8th Revised Sheet 1

PLEXAR®-I

25.1 GENERAL REGULATIONS

25.1.1 Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term
periods are no longer available for new installations or renewals of Plexar I Service.
Plexar I customers currently on a 48 or 60 month TPP term period may continue service
at their existing TPP rate until the contract term expires. Upon completion of the current
contract term, customers may continue receiving the service at the then-current monthto-month rates. If the customer does not request discontinuance of the service, the
month-to-month rates in effect at such time will automatically apply.

(AT)

This tariff section contains the general regulations and definitions governing Plexar-I Services furnished by the Telephone Company except as otherwise specified, or unless the terms and conditions of an individual customer agreement provided pursuant to the Customer Specific Pricing Plan Tariff, P.S.C. Mo. No. 37 apply.

Plexar-I is an optional communications system arrangement for business customers which combines 2 or more individual exchange access lines into a Plexar-I group. Plexar-I is provided subject to the capability of the central offices.

Plexar-I Service is obsolete to existing customers subscribing to Standard Package 2 and selected optional features. Moves, changes and additions shall be in accordance with the definition of "obsolete-existing customer" as defined in Section 8 of this Tariff.

Plexar-I lines can be equipped with DigiLine Service in accordance with Section 3 of the Integrated Services Tariff. These lines can be combined into a Plexar-I group and used to fulfill the minimum line requirement. For purposes of determining the minimum line requirement, each DigiLine Basic Rate Interface (BRI) is counted as one exchange access line.

In addition to the Plexar-I System Charges and Feature Capability Charge specified in the following, the Tariff rate for an Individual Flat Rate Line, Multiline or Measured Business Exchange Access Line shall apply, as appropriate as found in the Local Exchange Tariff. Plexar-I lines can also be arranged for hunting.

For Plexar-I lines equipped with DigiLine Service, the appropriate rate from Section 1 of the Integrated Services Tariff will apply in lieu of the exchange access line charge.

- 25.1.3 Directory listings will be furnished in accordance with the regulations set forth in Section 6 of this Tariff.
- 25.1.4 The assignment of telephone numbers for Plexar-I shall be in accordance with Section 17 of this Tariff.

Issued: August 2, 2013

Effective: September 1, 2013

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 25 2nd Revised Sheet 1.5 Replacing 1st Revised Sheet 1.5

PLEXAR®-I

25.2 PAYMENT PLANS(1)

(AT)

25.2.1 The customer shall select a service term of either Month-to-Month, 36, 48 or 60 consecutive months.

If the customer selects a 36, 48 or 60 month service term, the rates are not subject to Telephone Company initiated rate increases.

If the customer elects to pay month-to-month, the rates are subject to Telephone Company initiated rate changes.

25.2.2 Additions to service under the two options specified in paragraph 25.2.1, preceding, can be added to the existing agreement.

Additions to the 36, 48 and 60 month service term can be coterminous with the original contract or for a shorter term. If the customer chooses a shorter term for the additions, rates applicable to the chosen term will apply. Coterminous additions will be treated as follows: If 90 days or more remain on the contract, rates equivalent to those for the existing contract term will apply. If less than 90 days remain, rates applicable to the Month-to-Month plan will apply.

Additions to service under the Month-to-Month plan can be made at any time.

25.2.3 All charges specified in this tariff, excluding those that are rate referenced to other tariffs, are covered under the Plexar-1 payment plans. All other rates and charges not specifically covered in this section are not included. Plexar-1 access lines are not included in these payment plans, but are offered under terms and conditions specified in the appropriate access line tariff.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar I Service. Plexar I customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

PLEXAR®-I

25.2 PAYMENT PLANS(1)-(Continued)

(AT)

25.2.4 If the customer disconnects the Plexar-I and/or optional features prior to the expiration of the 36, 48 or 60 month service term, the customer shall pay a termination charge for the applicable rate elements disconnected. This charge will be waived if the customer converts the arrangement to another Plexar service for a service term that equals or exceeds the number of months remaining on the customer's Plexar-I agreement. This charge will also be waived for Plexar-I customers who move their service to another Southwestern Bell Telephone (SWBT) served location within Missouri if the service terms are continued at the new location. Payment of the termination charge does not release the customer from other previous amounts owed to the Company.

For Service Term Agreements which become effective on or after April 27, 2005:

- The termination charge shall be:
 - a) The number of applicable stations discontinued, multiplied by
 - b) The monthly Plexar-I charges, multiplied by
 - c) The number of months of the contract not being fulfilled, multiplied by
 - d) Fifty percent (50%)
- In addition, the remainder of any installation and nonrecurring charges that have been deferred must be paid in full. Payment of the termination charge does not release the customer from other previous amounts owed to the Company.

For Service Term Agreements in effect prior to April 27, 2005:

- The termination charge shall be the lesser of:
- A. The difference between the total rates and charges for the completed months of the original service term at the time of termination and the total rates and charges for the next lower service term (2) actually completed plus interest charges based on approved costs of money in effect at the time of termination; or (CT)

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar I Service. Plexar I customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

(2) If the service is terminated within the first 12 months the calculation is based on month-to-month rates and charges.

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 25 2nd Revised Sheet 1.7 Replacing 1st Revised Sheet 1.7

PLEXAR®-I

25.2 PAYMENT PLANS(1)-(Continued)

(AT)

25.2.4 (Continued)

For Service Term Agreements in effect prior to April 27, 2005:

B. The present worth of the monthly payments remaining on the service term for each disconnected Plexar-1 rate element.

Example: If the customer completes 38 months of a 48 month service term, the first calculation of a termination charge will equal the difference between 38 months of rates and charges at the 48 month service term and 38 months of rates and charges at the 36 month service term (which is the next lower service term actually completed), plus interest at the approved cost of money rate in effect at the time of termination. The second calculation will be the present worth of the sum of the 10 remaining monthly payments on the 48 month service term. The termination charge is the lesser of the two calculations.

- 25.2.5 Upon expiration of the 36, 48 or 60 month service term, the customer may:
 - A. Continue service without establishing a new service term. Service will be provided on a month-to-month basis at the then current rate. This monthly rate will be subject to any rate changes approved by the Commission.
 - B. Continue service by selecting a new service term of 36, 48 or 60 months at the then current rates. The new service term will commence on the day following the expiration of the previous service term.

'Thank You For Renewing' Credit Option

With this option, customers who sign a new Plexar-I term Payment Plan contract for their existing service with a 36, 48 or 60 month contract term will receive a one-time bill credit of \$50.00 per station, up to a maximum of \$1,500 per contract. This credit option is only available to existing Plexar-I customers (month-to-month or contract), but is not available to customers with more than twelve months remaining on their existing Plexar-I term Payment Plan contract. Standard Plexar-I termination charges will apply. This credit option is not available to customers covered under a Customer Specific Pricing (CSP) contract.

- C. Discontinue the service.
- 25.2.6 If the service term agreement expires and the customer has not notified the Company regarding which option they elect, service will continue at the monthly rate in effect at that time for the month-to-month option.
- (1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar I Service. Plexar I customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

PLEXAR®-CUSTOM SERVICE

33.6 General Regulations

Issued: August 2, 2013

- 33.6.1 Each Plexar-Custom arrangement is intended for use by the specific customer at the designated locations only. Major changes to the service arrangement made by the customer will require review by the Company which may result in a change of rates and charges.
- 33.6.2 On or prior to the expiration date of any Plexar-Custom service contract negotiated on or after August 1, 2012, the customer must elect one of the following options:
 - A. Negotiate and enter into a new contract mutually agreeable to the customer and the Company;
 - B. Continue to accept service which the Company will provide solely on a month-to-month basis, at the original contract rates plus an additional \$10 per station; or
 - C. Discontinue service.

If the customer makes no election, the Company will continue to provide service on a month-tomonth basis, at the original contract rates plus an additional \$10.00 per station, until either a new contract is negotiated or service is discontinued.

For service negotiated prior to August 1, 2012:

Prior to the conclusion of the contract, the Company will notify the customer that their contract is about to expire and the customer will be advised of their options. The customer must elect one of the following options:

- A. Renew the contract at the terms, conditions and rates that are offered at that time.
- B. Discontinue the service.

If the customer does not select either option A or B, above, they will be advised that their service will continue to be provided at the original contract rates in effect as of the expiration date of the original contract term plus an additional rate of \$10.00 per station applicable each billing period until the contract is renewed or service discontinued. If within 90 days of original contract expiration the customer chooses to renew the contract for any contract term, an adjustment equivalent to the total additional amount billed under this provision will be credited on the customer's bill.

After 90 days, at its sole discretion, the Company may terminate this arrangement by providing the customer 30 days prior written notice of termination. Upon termination of the arrangement, the Company will disconnect the customer's service.

33.6.3 Plexar-Custom allows the customer to pay a fixed rate based on a 12-month, 24-month, 36-month, 48-month(1), 60-month(1), 72-month(1), 84-month(1), 96-month(1), 108-month(1) or 120-month(1) contract. The customer may elect to make an upfront payment covering all or a portion of the contract. Customers may also prepay their fixed rate based on the appropriate present worth factor anytime during the fixed rate period. During the course of the fixed rate period, these rates are not subject to Company-initiated increases.

(AT)

(AT)

(MT)

(1) Effective September 1, 2013, Term Payment Plan (TPP) term periods greater than 36 months are no longer available for new installations or renewals of Plexar-Custom Service. Plexar-Custom customers currently on a term period greater than 36 months may continue service at their existing TPP rate until the contract term expires.

(AT)

Effective: September 1, 2013

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 33 1st Revised Sheet 33.2 Replacing Original Sheet 33.2

PLEXAR^R-CUSTOM SERVICE

33.6 General Regulations-(Continued)

33.6.4 Plexar-Custom Service will be provided subject to the availability of the necessary switching equipment and outside plant facilities. The provisioning of standard and optional features is limited to the capabilities of the serving central office.

(MT)

33.6.5 Additions to service may be coterminous with the original contract or for a shorter contract term.

(MT)

- 33.6.6 Termination charges based on the present worth of the remaining monthly payments will be applicable to the fixed monthly rate plan under the following conditions: a) if the customer disconnects the entire service or b) disconnects more than 35% of their total cut over stations. The termination charge is calculated as follows:
 - A. Subtract the allowable 35% station fluctuation from the total station quantity at cutover including all other cutover station quantities resulting from subsequent system additions required over the duration of the contract.
 - B. Calculate the total monthly rate for the station quantity subject to termination charges identified in paragraph A.
 - C. Determine the annuity factor for the remaining months left in the contract. This factor is based on the discount rate specific to the customer's contract.
 - D. Multiply the result of paragraph B by the result of paragraph C to determine the present worth termination amount.

In addition, the present worth of any installation and nonrecurring charges that have been deferred must be paid in full.

Customers who have elected the 1-month option and paid 100% upfront may be entitled to a refund based on the difference between the termination charge developed above and the prepaid charges.

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 45 9th Revised Sheet 1 Replacing 8th Revised Sheet 1

PLEXAR®-II SERVICE

45.1 GENERAL

Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

(AT)

(AT)

This tariff section contains the general regulations and definitions governing Plexar-II Services furnished by the Company except as otherwise specified, or unless the terms and conditions of an individual customer agreement provided pursuant to the Customer Specific Pricing Plan Tariff, P.S.C. Mo. No. 37 apply.

Plexar-II Service is a central office based business communications system, which may consist of any combination of Basic stations, Integrated Services Digital Network Basic Rate Interface (ISDN BRI) stations, and Off-Premises stations, with no minimum or maximum station requirement. Plexar-II Service is provided through an arrangement of exchange access lines, Plexar stations and station line facilities, switching equipment, customer facility group, and other facilities located on Company premises. A Plexar-II customer can control the number of simultaneous incoming and outgoing telephone calls through the quantity of Plexar-II exchange access lines to which they subscribe.

ISDN is a set of standards for end-to-end digital voice and/or data transmission over the public switched network. These standards, defined by the International Telegraph and Telephone Consultative Committee (CCITT), are modified for North America in accordance with recommendations of Telcordia.

Plexar-II Service offers National ISDN capability via the Basic Rate Interface (BRI)(1). Each Plexar-II BRI consists of two "B" channels and one "D" channel. Each "B" channel transmits information, including digitized voice, at 64 kilobits per second (Kbps), configured for Circuit Switching. Each "D" channel transmits signaling and other non-voice data at 16 Kbps.

45.1.1 Plexar-II rates and charges provide for Plexar-II stations including standard features, station line facilities (which include the outside plant facilities) and optional features. Exchange access line rates and charges apply as found in the Local Exchange Tariff.

(1)	Not available on stations associated with Access Advantage Plus Service as found in Section 18 of
	the Digital Link Services Tariff.

PLEXAR[®]-II SERVICE

45.3 PAYMENT PLANS(1)

(AT)

- 45.3.1 The Plexar-II Payment Plan offers the customer two options for payment. They are as follows:
 - A. Fixed Monthly Rate Plan

Under this plan, the customer pays a fixed monthly rate for a specified contract term. The customer may choose a 12, 24, 36, 48 or 60 month contract. During the course of the contract, fixed rates (recurring and nonrecurring) are not subject to Telephone Company initiated rate increases.

B. Month-to-Month Plan

Under this plan, the customer elects to pay month to month. Month-to-month rates (recurring and nonrecurring) are subject to Telephone Company initiated rate changes.

45.3.2 All one-time (nonrecurring) charges specified within this tariff can be deferred over the length of any fixed term on initial and subsequent installations of service. Annuity factors utilized in deferring these charges are listed in Section 17.6.5 (Rules and Regulations Applying to All Customer's Contracts, Payments for Service) of the General Exchange Tariff.

The customer's contract specifies the discount rate that will be used if a customer terminates service under the conditions specified in Paragraph 45.3.9, following. The discount rate used in initiating a contract listed in Section 17.6.5 remains fixed over the life of the contract term.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

(AT)

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 45 3rd Revised Sheet 31 Replacing 2nd Revised Sheet 31

PLEXAR-II SERVICE

45.3 PAYMENT PLANS(1) (Continued)

(AT)

45.3.3 Additions to service under the two plans specified in Paragraph 45.3.1, preceding, can be added to the existing agreement.

Fixed monthly rate plan additions can be coterminous with the original contract or for a shorter term. If more than 90 days remain on the contract, apply rates equivalent to those of the original contract term. If less than 90 days remain, additions must be made only under a month-to-month option.

Additions to service under the Month-to-Month plan can be made at any time.

Additions to the fixed monthly rate plan that exceed the number of stations initially covered under the agreement are subject to the same termination liability charges as the initial stations.

- 45.3.4 Station rates, station line facility rates, facility terminating arrangements and optional features are covered under the Plexar-II payment plans. All other rates and charges not specifically covered in this section are not included. Plexar-II access lines are not included in these payment plans.
- 45.3.5 Existing Plexar-I and Centrex Service customers may convert to Plexar-II subject to the payment of the conversion charges specified in Paragraph 45.4.1, following.
- 45.3.6 With prior Telephone Company agreement, service under these plans may be transferred from one customer to another at the same location for a Supersedure Fee as identified in paragraph 45.4.1, following. The new customer assumes all obligations under the existing contract. Changes and additions to the assumed service can be made after the first day of service has been assumed.
- 45.3.7 Customers exceeding 74 stations within each serving central office may request a Plexar-Custom serving arrangement prior to the expiration of the existing contract term provided that the requested contract term be at least 12 months longer than the time remaining on the existing contract. Termination liability charges will not apply when the customer continues with an equivalent Plexar service arrangement (i.e., current system size).

If there remains deferred non-recurring and installation charges, the present worth of that amount must be paid in full or applied to the new Plexar-Custom contract.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 45 5th Revised Sheet 32 Replacing 4th Revised Sheet 32

PLEXAR®-II SERVICE

45.3 PAYMENT PLANS(1) (Cont'd)

(AT)

45.3.8 At the conclusion of the fixed term for any contract the customer may renew the service at terms, conditions and rates that exist at the time of renewal, or change to month-to-month rates for all rate elements (standard and optional), or subscribe to the contract extension option.

'Thank You For Renewing' Credit Option

With this option, customers who sign a new Plexar-II term Payment Plan contract for their existing service with a 36-, 48- or 60-month contract term will receive a one-time bill credit of \$50.00 per station (Basic stations, ISDN BRI stations or Off-Premise stations), up to a maximum of \$1,500 per contract. This credit option is only available to existing Plexar-II customers (month-to-month or contract), but is not available to customers with more than twelve months remaining on their existing Plexar-II term Payment Plan contract. Standard Plexar-II termination charges will apply. This credit option is not available to customers covered under a Customer Specific Pricing (CSP) contract.

Contract Extension Option

Issued: August 2, 2013

The contract extension option must be subscribed to during the last twelve months of a Plexar-II term contract. The customer may extend their contract for either an additional 12-month or 24-month period at the same rates provided under the original tariffed contract. Subject to the Company's right to seek to discontinue this option to extend the contract period or to otherwise change the terms and conditions of this option, the customer may exercise this option up to three separate times. Customers who exercise the option to extend the term of the contract are not entitled to a different rate based on the overall term of the contract as extended (e.g., customers who initially have a 36-month contract and extend it by an additional 24 months are not entitled to the rates allowed under a 60-month contract). An extension will begin on the expiration date of the existing contract or extension. Requests to terminate contract extensions will be governed by the terms and conditions found in this same tariff under Payment Plans.

Upon the expiration date, as noted on the Company billing records, of a contract or contract extension option, if the customer does not elect to subscribe to a new contract and does not request discontinuance of the service, service will be continued on a Month-to-Month basis. The Month-to-Month rates currently in effect at the time of expiration of the contract will apply. Once on a Month-to-Month Plan the customer will not have additional service commitment and will no longer be subject to termination charges. The Month-to-Month service rates will be subject to Company-initiated rate changes.

Customers with arrangements exceeding 74 stations in each serving central office may convert the service at terms, conditions and rates set forth in Section 33 of this tariff.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

45.3.12 Nonrecurring Charge Waiver Options

New Service

Nonrecurring charges associated with the installation of new PLEXAR-II service will be waived for new, winback and win customers. In addition, existing PLEXAR-II subscribers moving their PLEXAR-II service to a new location are eligible. Customers must agree to sign a 24-month or greater term Payment Plan and install a minimum of 8 stations. Nonrecurring charges will be waived for each analog or ISDN BRI Station connected during installation of the PLEXAR-II system.

Additional Lines

Nonrecurring charges associated with the installation of new PLEXAR-II stations will be waived for existing customers who agree to install a minimum of 3 additional stations and add the stations to an existing agreement.

The nonrecurring charges to be waived under these Waiver Options are as follows:

- Service Establishment Charge to Establish a New System (per Central Office)
- Station Rates, Initial Installation, Installation Charge (per station)
- Station Line Facility Rates Installation Charge (based on mileage)

These Waiver Options are not available to customers covered under a Customer Specific Pricing (CSP) contract.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

45.4 RATES (cont'd)

45.4.1 Plexar-II Station Rates (cont'd)

- Applies per feature, per station, when making changes subsequent to initial system installation to add, change or rearrange standard features. Not applicable to changes made by Plexar Mate (Previously CRS).
- (2) Applies per station regardless of the number of standard features added, changed or rearranged.
- (3) Maximum of two B-Channels of CSV/CSD and one D-Channel per BRI station.
- (4) Applies in addition to the BRI station rate based on the customer's configuration of B and D Channels.
- (5) Not available when associated with Access Advantage Plus Service as found in Section 18 of the Digital Link Services Tariff.
- (6) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

Footnotes

- (1) Plexar-II stations in the SMDI message desk hunt group must be in the same Plexar-II system as the stations accessing the message desk.
- (2) SMDI arrangements utilizing an external message desk/voice mail provider require access links and a voice grade channel, subscribed to by the external message desk/voice mail provider from Section 2 of the Private Line Service Tariff. The external message desk provider must also provide a modem conforming to the technical standards of the Telephone Company. Access links carry the voice traffic between the Plexar-II system and the message desk/mail box. The date channel carries called party number information and the message waiting indicator. The Plexar-II message desk hunt group is connected to the access links in the central office.
- (3) SMDI arrangements utilizing customer-owned message desk/voice mail equipment, require the Plexar-II customer to additionally subscribe to a voice grade data channel from Section 2 of the Private Line Service Tariff. Customer-provided modem, answering equipment, and Message Desk controller conforming to the technical specifications of the Telephone Company are also required. The message desk Plexar-II hunt group provides the access links to the customer premises.
- (4) This rate provides for called party number delivery.
- (5) Not applicable if the feature is installed at the same time as the Plexar-II system.
- (6) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are (AT) no longer available for new installations or renewals of Plexar II Service. Plexar II customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

PLEXAR® EXPRESS

52.1 GENERAL

52.1.1 Plexar Express is an optional central office-based communications system available to business customers. Plexar Express is provided through an arrangement of exchange access lines, Plexar Express stations and station line facilities, switching equipment, customer facility group and other facilities located on Telephone Company premises. A Plexar Express customer can control the number of simultaneous incoming and outgoing telephone calls through the quantity of Plexar Express exchange access lines to which they subscribe.

Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no (AT) longer available for new installations or renewals of Plexar Express Service. Plexar Express customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

- 52.1.2 Plexar Express rates and charges provide for Plexar Express stations, including standard features, station line facilities(1) (which include the outside plant facilities), Tie Trunk Terminations and optional features. Plexar Express Access Lines are billed at the recurring rate equivalent to a Flat Rate PBX Trunk specified in the Local Exchange Tariff.
- 52.1.3 A Plexar Express System may consist of multiple customer premises locations when all Plexar Express stations are served by the same serving central office.

(1) Station line facility rates specified in this tariff are not applicable to stations associated with Access Advantage Plus Service as found in Section 18 of the Digital Link Services Tariff.

Issued: August 2, 2013 Effective: September 1, 2013

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 52 2nd Revised Sheet 10 Replacing 1st Revised Sheet 10

PLEXAR® EXPRESS

52.3 PAYMENT PLANS(1) (AT)

- 52.3.1 The Plexar Express Payment Plan offers the customer two options for payment. They are as follows:
 - A. Fixed Monthly Rate Plan: Under this plan the customer pays a fixed monthly rate for a specified contract term. The customer may choose a 12, 24, 36, 48 or 60 month contract. During the course of the contract, fixed rates (recurring and nonrecurring) are not subject to Telephone Company initiated rate increases.
 - B. Month-to-Month Plan: Under this plan the customer elects to pay month to month. Month-to-month rates (recurring and nonrecurring) are subject to Telephone Company initiated rate changes.
- 52.3.2 All nonrecurring charges specified within this tariff can be converted into monthly charges to be paid over the length of any contract term for initial and subsequent installations of service. Annuity factors utilized in deferring these charges are specified in Section 17 of this tariff.
- 52.3.3 Additions to service under the two plans specified in paragraph 52.3.1, preceding, can be added to the existing agreement.
 - Fixed monthly rate plan additions can be coterminous with the original contract or for a shorter term. Additions to service under the Month-to-Month plan can be made at any time.
- 52.3.4 With prior Telephone Company agreement, service under these plans may be transferred from one customer to another at the same location for a Supersedure Fee as identified in paragraph 52.4.5, following. The new customer assumes all obligations under the existing contract. Changes and additions to the assumed service can be made after the first day of service has been assumed.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar Express Service. Plexar Express customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 52 6th Revised Sheet 11 Replacing 5th Revised Sheet 11

PLEXAR® EXPRESS

52.3 PAYMENT PLANS (1) (cont'd)

(AT)

- 52.3.5 All charges specified in this tariff, excluding those that are rate referenced from other tariffs, are covered under the Plexar Express payment plans. All other rates and charges not specifically covered in this section are not included. Plexar Express access lines are not included in these payment plans.
- 52.3.6 For Service Term Agreements which become effective on or after April 27, 2005:
 - Termination liability applies if a customer, (a) disconnects the entire service: (b) disconnects more than 35% of the highest number of stations attained during the duration of the contract. The number of stations disconnected that exceeds this allowable number is the net terminated stations.
 - The termination charge is calculated as follows:
 - (1) Under the conditions listed above, subtract the allowable 35% station fluctuation from the contracted station quantity installed during the duration of the contract. This number is multiplied by
 - (2) The monthly Plexar Express Station charge, plus the Station Line Facility charge relevant for that customer's contract term, -multiplied by
 - (3) The number of months of the contract not being fulfilled, multiplied by
 - (4) Fifty percent (50%)
 - In addition, the remainder of any installation and nonrecurring charges that have been deferred must be paid in full. Payment of the termination charge does not release the customer from other previous amounts owed to the Company.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar Express Service. Plexar Express customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

52.3 PAYMENT PLANS (1) - (Continued)

(AT)

52.3.6 (Continued)

For Service Term Agreements in effect prior to April 27, 2005:

- Termination liability applies if a customer: (a) disconnects the entire service. (b) disconnects more than 35% of the highest number of stations attained during the duration of the contract. The number of stations disconnected that exceeds this allowable number is the net terminated stations.

The termination charge is calculated as follows:

- a) number of net terminated stations, multiplied by
- b) monthly Plexar Express station charge (plus the station line facility charge) relevant for that customer's contract term, multiplied by
- c) the number of months remaining in the contract.

In addition, the present worth of any nonrecurring charges that have been converted to monthly charges must be paid in full, applied to another Plexar contract payment plan or deferred over the length of another Plexar contract term.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar Express Service. Plexar Express customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.

Southwestern Bell Telephone Company d/b/a AT&T Missouri Section 52 3rd Revised Sheet 12 Replacing 2nd Revised Sheet 12

PLEXAR® EXPRESS

52.3 PAYMENT PLANS (1) - (cont'd)

(AT)

- 52.3.7 The customer may, at their option, prior to the expiration of the existing contract terms, terminate the contract without incurring termination charges provided the customer:
 - signs a new contract at prevailing rates for a term at least as long as the period remaining in the original contract;
 - b) continues with an equivalent Plexar service arrangement (i.e., current system size); and

For Service Term Agreement which become effective on or after April 27, 2005:

 agrees to pay the deferred installation and nonrecurring charges incurred on the original contract. These deferred installation and nonrecurring charges may be paid in full.
 Payment of the termination charges does not release the customer from other previous amounts owed to the Company.

For Service Term Agreements in effect prior to April 27, 2005:

c) agrees to pay the deferred installation and nonrecurring charges incurred on the original contract, by taking the present worth of the remaining amount and applying current annuity factors as specified in Section 17 of this tariff, for the new term. These deferred installation and nonrecurring charges may be paid in full, applied to another Plexar contract payment plan or deferred over the length of another Plexar contract term.

Termination charges are not applicable to Plexar Express station line facilities under the following conditions: (1) when the customer adds Plexar Express access lines with an equivalent reduction in the number of station line facility rate elements, (2) the customer subscribes to Access Advantage Plus Service as found in Section 18 of the Digital Link Services Tariff, and continues with an equivalent Plexar service arrangement subject to the allowable fluctuation specified above.

(1) Effective September 1, 2013, the 48 and 60 month Term Payment Plan (TPP) term periods are no longer available for new installations or renewals of Plexar Express Service. Plexar Express customers currently on a 48 or 60 month TPP term period may continue service at their existing TPP rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service at the then-current month-to-month rates. If the customer does not request discontinuance of the service, the month-to-month rates in effect at such time will automatically apply.
