## Rules and Regulations

NOV 6 1969

The general rules and regulations set forth in this tariff shall govern the sewer service to be rendered by this company.

MISSOURI  
Public Service CommissionRule No. 1: APPLICATION FOR SERVICE:

A Written application for sewer service, signed by the customer, shall be required from each customer before sewer service is provided to any premises. Said application must state the name of the owner of said premises, and in case of a commercial customer, must also state the use to be made of the premises to be served. Said application shall also contain a written agreement on the part of the applicant to purchase sewer service from the company and pay for same for a minimum period of three years following the date of said application; and said application for service, shall also be accompanied by a fee of \$25.00 to defray the cost of tapping the sewer main at the point desired by the applicant.

## Rule No. 2:

The Company upon receiving and approving an application for service, shall tap the main and provide a collar for the sewer connection leading to the customer's property; and the customer shall, at his expense, construct and maintain the service line leading from the main to the customer's premises.

## Rule No. 3:

Each customer's sewer service line from his property to the Company's trunk or lateral sewer line shall be installed and maintained by the customer in accordance with all governmental regulations applicable thereto and at the cost and at the expense of such customer.

## Rule No. 4:

The Company shall use reasonable diligence in providing a regular and uninterrupted sewer service, but

in case of interruption by reason of strike, riot, invasion, storm, fire, accident, break-down, or any cause beyond its control, the Company shall not be liable for damages to the customer for interruption in service due to any of the aforesaid causes.

## Rule No. 5:

The Company will extend its mains and laterals within the service area, so as to provide sewer service located in the streets, alleys or private easements, so as to make sewer service available to each lot throughout the service area, at the expense of the company, as and when said service is needed.
