Regulations:

Use of Verizon Prepaid Phone Cards is available by calling the Company toll free number printed on the card.

- A completed call may only be charged to a Verizon Prepaid Phone Card that has a balance sufficient to cover the charges assessed for the call. The Verizon Prepaid Phone Card balance will be reduced by the appropriate minutes/units or dollars charged for the completed call.
- After the number of the called party is dialed, but before the call is completed, the available balance of talk time based upon the telephone number of the called party will be announced to the caller. A Verizon Prepaid Phone Card call will be interrupted with an announcement when the available balance on the card drops to one minute/unit, based on the originating/terminating phone numbers of the call. Once the balance on the card is insufficient to continue, the call will terminate.
- Credit allowances for interruptions - MCI will credit one minute/unit on a consumer's Verizon Prepaid Phone Card in the event of poor call transmission or call cut off caused by MCI. To receive a credit, the consumer must promptly notify MCI Customer Service of the service problem by calling the Customer Service number printed on the card. Credit will not be given when interruptions are caused by the failure of systems not provided by MCI, by the failure of other MCI services connected to the Verizon Prepaid Phone Card, for wrong telephone numbers or other causes outside the control of MCI.
- Activated Verizon Prepaid Phone Cards are non-refundable. Once activated, and subject to applicable terms and condition, a Verizon Prepaid Phone Card may be used to originate direct dialed calls until the available card balance is depleted or the card expires, whichever first occurs. Card expiration dates will be specified on the card or the card packaging.

Other Conditions of Service:

- The U.S. Public Payphone Surcharge applies when a Verizon Prepaid Phone Card is used to place a call from a U.S. public or semi-public payphone.
- State Universal Service Charge - the Company may, at its option, apply the State Universal Service Charge at point of sale.
