For: Lakeway Subdivision & Venice on the Lake  
Certificated Service Area

**Rules and Regulations Governing  
the Rendering of Water Service**

**Schedule of Water Rates**

Applicability

The following rates are applicable to all customers located in the Company's Lakeway Subdivision and Venice on the Lake certificated service areas. Retail service takes precedence over wholesale service.

W-1 Rates: Single Family Residence for domestic water usage only

Minimum Charge	\$ 7.87 per Month	+
Commodity Charge	\$ 3.53 per 1,000 gallons of metered usage over 1,000 gallons	+
The Minimum Charge will be billed each customer monthly regardless of metered usage.		

W-2 Rates: Wholesale Rates

Commodity Charge	\$ .93 per 1,000 gallons of metered usage over 1,000 gallons	+
------------------	--	---

Taxes

Any applicable Federal, State or local taxes shall be in addition to above charges.

Late Charges

Billings will be made and distributed at monthly intervals. Bills will be rendered net, bearing the last date on which payment will then be considered delinquent. The period after which the payment is considered delinquent is 21 days after rendition of the bill. A charge of 10% times the unpaid balance will be added to delinquent amounts.

Taney County Utility Corporation  
Name of Issuing Company

For: Lakeway Subdivision & Venice on the Lake  
Certificated Service Area

**Rules and Regulations Governing  
the Rendering of Water Service +**

**Schedule of Service Charges**

**Bad Check Charge \***

A bad check charge of \$20 per check will be paid on all checks returned from the bank for insufficient funds. Where a bad check charge is applicable to a customer for both water and sewer service, only one bad check charge shall be billed the customer for both water and sewer service, for each returned check.

**Disconnection/Reconnection**

The Reconnection Charge after service disconnection by the Company for violation of the Company's Rules and Regulations (see Rule 7) shall be \$35. +

Service Connection Fee: meter connection to water main \$ 475 +

Connection Charge: per customer request \$ 35 +

Meter Test Charge: per customer request \$ 50

Water Turn-On Charge: per customer request \$ 30

**Door Collection Charge \***

A door collection charge of \$15.00 will be applicable when a customer pays the serviceman at the time of scheduled disconnection (turn-off) of service to prevent such disconnection. Where a door collection charge is applicable to a customer for both water and sewer service, only one door collection charge shall be billed the customer for both water and sewer service for each door collection.

**Emergency Call Out Charge \***

An Emergency Call-Out Charge of \$15.00 per occurrence will be assessed where a customer requests a shut-off of service and the emergency exists entirely on customer owned facilities.

**Reconnection of Service for "Seasonal" Disconnects \***

A charge of \$25.00 plus the monthly customer charge times the number of months "off-system" (not to exceed 9 months) where the owner of the premises being served discontinues and restores service to the same location within a 12-month period. Restoration of service of a non-payment disconnect after 45 days is deemed to be a seasonal reconnection of service.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

OCT 29 1987

Rule 1 DEFINITIONS

MISSOURI

- (a) The "COMPANY" is the Taney County Utilities Corporation, acting through its officers, managers, or other duly authorized employees or agents.
- (b) The "CUSTOMER" is any person, firm, corporation or governmental body which has contracted with the Company for water service or is receiving service from Company, or whose facilities are connected for utilizing such service.
- (c) The word "UNIT" shall be used herein to define the standard user or property served and shall pertain to any building whether residential or commercial owned or leased. Mobile homes or rental units are considered as separate units for each single family or firm occupying same as a residence or place of business.
- (d) A "MAIN" is a pipeline which is owned and maintained by the Company, located on public property or private easements, and used to transport water throughout the Company's service area.
- (e) A "CUSTOMER'S WATER SERVICE LINE" is a pipe with appurtenances installed, owned and maintained by the customer, used to conduct water to the customer's unit from the property line or outdoor meter setting, including the connection to the meter setting. If the property line is in a street, then the said customer's water service line shall be deemed to begin at the edge of the street abutting the customer's property.
- (f) A "SERVICE CONNECTION" is the pipeline connecting the main to the customer's water service line at the property line, or outdoor meter setting including all necessary appurtenances.

(a) A written application for service, signed by the customer, stating the type of service required and accompanied by any other pertinent information, will be required from each customer before service is provided to any unit. Every customer, upon signing an application for any service rendered by the Company, or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations.

(b) If service is requested at a point not already served by a main of adequate capacity, a main of adequate size shall be extended by the Company as may be necessary according to Rule No. 14.

(c) When, in order to provide the service requested, a main extension or other unusual construction or equipment expense is required, the Company may require a contract for service. Said contract may include, but not be limited to the obligations upon the Company and the Applicant, and shall specify a reasonable period of time necessary to provide such service.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

OCT 29 1987

Rule 5 INSIDE PIPING AND CUSTOMER WATER SERVICE LINES

MISSOURI

- (a) The Company will provide the Customer water service at the outdoor meter, or at the property line. Separate buildings shall be served through separate service lines.
- (b) The Service Connection from the water main to the Customer's property line, the meter installation and setting shall be constructed, owned and maintained by the Company. Service line construction and maintenance from the property line or meter setting including the connection to the meter setting to the building shall be the responsibility of the Customer, and is subject to inspection by the Company. Customers shall be responsible for the cost of repairing any damage to the Company's lines, meters, and meter installations caused by the Customer or his agent.
- (c) Existing water service lines may be used in connecting with new buildings only when they are found on examination and test not to constitute a hazard to the health and safety of other Customers or the Company's facilities.
- (d) The Customer's water service lines shall be brought to the unit at a depth of not less than 36 inches and, upon entering the building, shall be valved. This valve must be kept in good repair in order to shut off the water supply and drain the inside plumbing, if necessary.
- (e) The Customer's water service lines and inside piping shall be of material conforming to recognized standards for potable water service and shall have a pressure rating of at least 160 psi working pressure and have a minimum inside diameter of 3/4 of an inch.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

OCT 29 1987

Rule 5 INSIDE PIPING AND CUSTOMER WATER SERVICE  
LINES

MISSOURI

Public Service Commission

- (f) The Company will not install a service connection to a vacant lot.
- (g) Any change in the location of an existing service connection requested by the Customer shall be made at his expense.
- (h) The Company shall have the right to enter the Customer's premises for purposes of inspection to ensure compliance to these rules and regulations. The Company shall identify themselves and make these inspections only at reasonable hours.
- (l) Neither Customer's water service lines nor the Service Connection may be extended along public streets or roadways or through property of others in connecting with the Company's mains, except where the service connection is in the water main easement in order to be connected to the main. The service connection and service line must be laid in a straight line and at right angles to the main and the face of the structure or as nearly so as possible. Any deviation from this because of physical obstruction will be at the discretion of the Company.
- (j) Any customer that has a plumbing arrangement, or a water using device that could allow backsiphonage of any chemical, petroleum, process water, water from a questionable supply, or other substance that could create a health hazard or damage to the water system, shall be required to install and maintain a backflow prevention device. This rule may also apply to customers on whose premises it is impossible or impractical for the company to perform a cross connection survey. The device, installation, location, and maintenance program shall be approved by the company.

OCT 29 1987

Rule 6 IMPROPER OR EXCESSIVE USE

MISSOURI  
Public Service Commission

- (a) No person shall be wasteful of the water supplied to his premises by his willful action or inaction. It shall be the responsibility and duty of each Customer to maintain all piping and fixtures at his unit in a good and efficient state of repair at all times.
- (b) No person shall make or cause to be made a cross connection between the potable water supply and any source of chemical or bacterial contamination or any water supply not approved by the Missouri Department of Natural Resources. The Company shall deny or discontinue service where Customer's Water Service Line or inside piping may, in the opinion of the Company, cause a cross-connection with non-potable water or otherwise jeopardize the health and safety of other Customers or the Company's facilities.
- (c) No person shall make or cause to be made a connection to a device that will result in excessive water demand or excessive shock, such as water-hammer, to the Company's mains.
- (d) No person shall tamper with, remove, or willfully damage a water meter or attempt to operate the shutoff cock on the meter yoke.
- (e) No person shall attempt to take unmetered water from the Company mains either by an unauthorized tap or direct connection to service connection nor by connection to a fire hydrant.
- (f) Customers will not be permitted to supply water in any way to premises other than the service address, nor to permit others to use their hose or attachments, nor leave them exposed to use by others without permission from the water company.

**OCT 29 1987**

Rule 13 BILL ADJUSTMENTS BASED ON METER TESTS MISSOURI  
Public Service Commission

(a) Whenever any test by the Company of a meter while in service or upon its removal from service shall show such meter to have an average error of more than five percent (5%) on the test streams prescribed by the Commission, the Company shall adjust the Customer's bills by the amount of the actual average error of the meter and not the difference between the allowable error and the error as found. The period of adjustment on account of the under-registration or over-registration shall be determined as follows:

- (1) Where the period of error can be shown, the adjustment shall be made for such period.
- (2) Where the period of error cannot be shown, the error found shall be considered to have existed for three (3) months preceding the test.

(b) If the meter is found on any such test to under-register, the Company may render a bill to the Customer concerned for the estimated consumption not covered by bills previously rendered during the period of inaccuracy as above outlined. Such action shall be taken only when the Company was not at fault for allowing the inaccurate meter to remain in service.

(c) If the meter is found faster than allowable, the Company shall refund to the Customer concerned any overcharge caused thereby during the period of inaccuracy as above defined. Said refund may, at the Company's option, be in the form of a credit to the Customer's bill.

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

OCT 29 1987

Rule 14 EXTENSION OF WATER MAINS

MISSOURI

(A) This rule shall govern the extension of ~~Public Service Commission~~ the Company in areas where there are no water mains in the streets and/or roadways. The Company will extend its mains along streets or roads within its certified area to serve new customers under the following terms and conditions:

(1) Upon receipt of a written application for a main extension in compliance with Rule 1, the Company will provide the Applicant(s) an itemized estimate of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required, including valves, fire hydrants, booster stations, storage facilities, reconstruction of existing mains (if necessary), and the direct costs associated with supervision, engineering, permits, and bookkeeping. Applicable income tax cost will be added to this estimate calculated at the maximum rate.

(2) Applicants shall enter into a contract with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in A-1, plus the appropriate customer connection fee. The contract may allow the customer to contract with an independent contractor for the installation and supply of material, except that mains of 12" or greater diameter must be installed by the Company and the reconstruction of existing facilities must be done by the Company.

Public Service Commission

(3) The cost to an Applicant or Applicants connecting to main extension that was contributed by other Applicants shall be as follows:

- (a) For single-family residential Applicants that are applying for service in a platted subdivision, the Company shall divide the actual cost of the extension (including income taxes) by the number of lots abutting said extension to determine the per lot extension cost. When counting lots, corner lots which abut existing mains shall be excluded.
- (b) For single-family residential Applicants that are applying for service in areas that are unplatted in subdivision lots, the Applicants' cost shall be equal to the total cost of the main extension divided by the total length of the main extension in feet times 100 feet.
- (c) For industrial, commercial, or multifamily residential Applicants, the cost will be equal to the amount calculated for a single-family residence in Paragraphs 3a or 3b above multiplied times the flow factors of the Applicants' meter. The flow factors of the various sizes of meters are as follows:

2	8
3	15
4	25

(4) Refunds of contributions shall be made to Applicant(s) as follows:

(a) Should the actual cost of the extension be less than the estimated cost, the Company shall refund the difference as soon as the actual cost has been ascertained.

(b) After the Company has closed its books for the year in which a contribution was made, it will determine its actual income tax cost associated with each extension and refund any excess income tax costs collected from each Applicant.

(c) During the first ten years after the main extension is completed, the Company will refund to the Applicants who paid for the extension moneys collected from Applicants in accordance with Rule 3 above. The refund shall be paid within a reasonable time after the money is collected.

MISSOURI

Rule 14 EXTENSION OF WATER MAINS (continued) Public Service Commission

- (d) The sum of all refunds to any Applicant shall not exceed the total contribution, adjusted for taxes associated with the extension, which the Applicant has paid.
- (5) Extensions made under this rule shall be and remain the property of the Company.
- (6) The Company reserves the right to further extend the main and to connect mains on intersecting streets and easements and customers connected to such further extensions shall not entitle the applicant(s) paying for the original extension to a refund for the connection of such customers.
- (7) Extensions made under this rule shall be of company approved pipe sized to meet water service requirements. If the Company chooses to size the extension larger in order to meet the Company's overall system requirements, the additional cost caused by the large size of pipe shall be borne by the Company.
- (8) No interest will be paid by the Company of payments for the extension made by the Applicant(s).
- (9) If extensions are required on private roads, streets, through private property, or on private property adjacent to public right-of-way, a proper deed of easement must be furnished to the Company without cost to the Company, before the extension will be made.
