LIFELINE/DISABLED SERVICE

Lifeline Service

Lifeline Service is a government benefit program established by the Federal Communications Commission (FCC) and Missouri Public Service Commission (Commission) and is available to qualifying low-income subscribers for certain residential telecommunications services. The terms and conditions of Lifeline service, including monthly discount amounts, are set forth in rules established by the FCC and Commission and available at the Company's office.

In addition, the terms and conditions of Lifeline service are available on the Company's website as follows: www.ofmlive.net

Disabled Service

Disabled Service is a government benefit program established by the Missouri Public Service Commission (Commission) as part of the Missouri Universal Service Fund (MoUSF). It is a residential retail service that offers a qualifying disabled customer reduced charges for certain telecommunications services. The terms and conditions of disabled service, including monthly discount amounts, are set forth in rules established by the Commission and available at the Company's office.

In addition, the terms and conditions of Disabled Service are available on the Company's website as follows: www.ofmlive.net

TOLL ACCESS RESTRICTIONS

RECEIVED

Service Restrictions

NOV 19 1997

A. General Regulations

1. Toll Access Restriction provides a means of restricting access to the Long Distance Message Telecommunications Network. Two options are available to the customer:
 - a. Restriction of 1+ calls only.
 - b. Restriction of 1+ calls and 0+ and 0- (operator handled) calls, except 8XX IN-WATS.
2. Restriction of 1+ and/or 0+ and 0- operator handled calls prevents the customer from dialing a long distance telephone number or telephone operator for any purpose including for emergency or telephone assistance purposes. The Company shall not be liable to the customer or any third party for any and all claims, losses or damages caused by the restriction to any toll service.
3. Customers must apply in writing for the establishment of Toll Access Restriction.
4. The appropriate non-recurring charges will apply to establish service.

B. Rates

The rate for this service will be charged on a monthly basis.

Toll Access Restriction (any option) \$3.00

Operator Services

REC'D OCT 15 1999

A. General Information

1. Company will not bill for incomplete calls where answer supervision is available. Company will not bill for incomplete calls and will remove any charges for incomplete calls upon (i) subscriber notification or (ii) Company's knowledge.
2. The caller and billed party, if different from the caller, will be advised that the Company is the operator provider at the initial contact.
3. Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
4. Only tariffed rates approved by this Commission for Company shall appear on any local exchange telephone company (LEC) billings.
5. Company shall be listed on the LEC billing if the LEC has multi-company billing ability.
6. Company will employ reasonable calling card verification procedures, acceptable to the Telephone Company issuing the calling card.
7. Company will route all O- or OO-emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.
8. Upon request, Company will transfer calls to another authorized inter-exchange Company or to the LEC, if billing can list the caller's actual origination point.
9. Company will refuse operator services to traffic aggregators which block access to other Companies.
10. Company will assure that traffic aggregators will post and display information including: (1) that the Company is the operator service provider; (2) detailed complaint procedures; and (3) instructions informing the caller on procedures to reach LEC operator and other authorized inter-exchange Companies.

B. Intrastate IntraLATA Operator Service for O- Toll Calls

REC'D OCT 15 1999 (N)

1. The Company will provide Intrastate IntraLATA Operator Services for dialed O- toll calls
2. Surcharges are applicable to the following Intrastate IntraLATA calls:
 - (a) Station Sent Paid – when a customer dials “O”, reaches an Operator, requests assistance with the completion of a call within the calling party’s LATA, and the call is billed to the calling number.
 - (b) Station Calling Card – when a customer dials “O”, reaches an Operator, requests assistance with the completion of a call within the calling party’s LATA, and the call is billed to a Calling Card.
 - (c) Station Collect – when a customer dials “O”, reaches an Operator, requests assistance with the completion of a call within the calling party’s LATA, and the call is billed to the person to whom the call is placed.
 - (d) Station Billed to a Third Party – when a customer dials “O”, reaches an Operator, requests assistance with the completion of a call within the calling party’s LATA, and the call is billed to a Third Party’s Number. The Operator may request verification from the Third Party before completing the call.
 - (e) Person to Person - When a customer dials “O”, reaches an Operator, requests assistance for the completion of a call within the calling party’s LATA on a person-to-person basis, and the call is billed to the calling party’s number.
3. Rates set forth below apply to calls placed by dialing “O”, for all classes and grades of service.

REC'D JUN 01 2000

Missouri School Discount Program

- A. A discount from standard monthly rates for local exchange service may be allowed in connection with service furnished through the Missouri School Discount Program, pursuant to the Video Instructional Development and Educational Opportunity Program, as enacted by the Missouri State Legislature.
- B. Upon the customer's request, a discount of twenty percent (20%) from standard monthly access line rates may be allowed to educational institutions within the Company's certified area, as determined in Paragraph 3, following.
- C. An educational institution shall be defined as an accredited public or private school in the state of Missouri. Private schools must be accredited by either the Missouri Chapter of the National Federation of non-Public Schools Accrediting Association, Independent Schools Association of The Central States, North Central Association of Colleges and Schools, and/or the University of Missouri - Columbia. Public schools must be accredited by the Department of Elementary and Secondary Education for the State of Missouri and/or the North Central Association of Colleges and Schools.
- D. The qualifying discount will be permitted only on the local exchange access line. All other features, ancillary services or options, relative to the particular service, shall continue to be billed at the appropriate tariffed rates.
- E. The qualifying discount will be permitted only where the predominant use is providing educational and instructional programs and for the educational institutions' administrative use. The discount is not allowed to residential complexes associated with the institution.
- F. In addition to meeting the qualification specified in Paragraph 3 preceding, an eligible customer must sign an affidavit certifying that the qualification is met. The affidavit will be retained on file with the Company.
- G. The customer should request to receive the discount on all subsequent additions of eligible services which are ordered. There will be no additional affidavits required.
- H. The following local exchange services are eligible for a discount under this program:
 - Flat Rate, business one-party service

Discounts for Schools and Libraries Participating in the Federal Universal Service Program

- A. Discounts on the intrastate services offered through this tariff will be available to eligible schools and libraries. A school or library will be eligible to participate in the discount program if it receives funds from the Federal Universal Service Fund.
- B. The level of discount available will mirror the discount percentage level available to the school or library through the Federal Universal Service Fund program. The discount will be applied against the intrastate service rate otherwise applicable under this tariff. The discount only applies to the extent funds are available to the eligible school or library, through the Federal Universal Service Fund.

Effective: July 1, 2000

A. Missouri Universal Service Fund Low-Income Assistance

1. **General** – A low-income customer is any customer who requests or receives residential essential local telecommunications service and who has been certified by the Department of Social Services (DSS) as economically disadvantaged. Qualified individuals will receive discounted services under either the low-income assistance or the disabled assistance program.

2. **Regulations** – Low income assistance is available to all residential customers who demonstrate, by self certifying with the company under penalty of perjury, that they are eligible for support by participation in:

- a) Medicaid
- b) Food Stamps
- c) Supplementary Security Income (SSI)
- d) Federal Public Housing Assistance or section 8
- e) Low Income Home Energy Assistance Program (LIHEAP)
- f) Temporary Assistance to Needy Families (TANF) (*)
- g) National Free Lunch Program (*)

3. **Eligible Services** – Essential local telecommunications service is defined as two (2) way switched voice residential service within a local calling scope as determined by the commission, comprised of the following services and their recurring charges:

- a) Single line residential service, including touch-tone dialing and any applicable mileage or zone charges
- b) Access to local emergency services, including, but not limited to, 911 service established by local authorities
- c) Access to basic local operator services
- d) Access to basic local directory assistance
- e) Standard intercept service
- f) Equal access to Inter-Exchange Carriers consistent with rules and regulations of the FCC
- g) One (1) standard white pages directory listing
- h) Toll blocking or toll control for qualifying low-income customers

4. **Support Amount** – Customers eligible under the established criteria can receive a discount from their bill for essential local telecommunications service equal to the amounts approved by the Missouri Public Service Commission and the Federal Communications Commission. The amount of combined federal and state lifeline support for any customer will not exceed the sum of the federal Subscriber Line Charge (SLC) and the recurring charges for essential local telecommunications services (including the basic service rate, Touch-Tone calling charge, extended area service additive, and mileage additives, if any).

B. Missouri Universal Service Fund Disabled Assistance

1. **General** – A disabled customer, or a dependent of a disabled customer, is a customer who requests or receives essential local telecommunications service, as defined in section A.3 of this tariff, and meets the eligibility requirements set forth in this tariff.
2. **Regulations** – Disabled assistance is available to all residential customer who demonstrate, by self certifying with the company under penalty of perjury, that they, or a dependent, are totally and permanently disabled or blind and receiving any of the following:
 - a) Federal Social Security Disability benefits
 - b) Federal Supplemental Security income benefits
 - c) Veterans Administration benefits
 - d) State blind pension pursuant to Section 209.010 to 209.160, RSMo
 - e) State aid to blind persons pursuant to Section 209.240 RSMo.
 - f) State supplemental payments pursuant to Section 208.030, RSMo Section 660.100.2 RSMo 2000.
3. **Support Amount** – Customers eligible under the established criteria can receive a discount equal to the amount approved by the Missouri Public Service Commission from their bill for essential local telecommunications service. The amount of state lifeline support for any customer will not exceed the recurring charges for essential local telecommunications services (including the basic service rate, Touch-Tone calling charge, extended area service additive, and mileage additives, if any).

C. Missouri Universal Service Fund

1. Company will place on each retail end-user customer's bill, a surcharge equal to the Missouri Universal Service Fund percentage assessment ordered by the commission.
2. The surcharge will appear as a separate line item detailed as "Missouri Universal Service Fund."
3. The surcharge percentage will be applied to the total of each customer's charges for intrastate regulated telecommunications services that meet the definition of net jurisdictional revenues at 4 CSR 240-31.010(12).

Public Service Commission+Custom Calling Service

A. General

1. Custom Calling Service consists of one or more of the following features which provide special kinds of customer-controlled communications features on individual service lines. Custom Calling Service is available only through central offices which, at the Company's option, are appropriately equipped. Operating specifics may vary by central office equipment type but can be described generally as:
 - a. Call Waiting--Provides a signal to a customer using the telephone that another call is being attempted to his number. The customer can "hold" the original call to answer the incoming call.
 - b. Call Forwarding--Permits all calls directed to a customer number to be routed on to another dialable number, predetermined and activated by the customer. (see NOTE)
 - c. Three-Way Calling--Allows for the addition of a third number to a connection made between two numbers without the assistance of a company operator. (See NOTE)
 - d. Speed Calling--Permits customer calling to other telephone numbers through the dialing of a code rather than an entire telephone number. Capacity is 8 numbers dialable by speed dialing code.

PAYPHONE SERVICE

RECEIVED⁺

A. General Regulations

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

PAYPHONE SERVICE

MAR 16 1999

A. General Regulations (Cont'd)

MO. PUBLIC SERVICE COMM

10. Installation Charges and the appropriate NID material charge apply when a premises visit is made for the sole purpose of installing a customer requested NID.
11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions are not permitted.
13. Held for Future Use +
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible for complying with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

B. Responsibility of the Customer (Cont'd)

3. The customer shall be responsible for the payment of charges for all local and toll messages originating from or accepted at this type of service, including any Direct Assistance Calls.
4. The customer shall be responsible for obtaining a Certificate of Service Authority (CSA) to provide Payphone Service and for providing proof of said authority prior to installation of service.
5. Customers who elect not to subscribe to Selective Class of Call Screening will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
6. Any federal, state, or local taxes on the Customer Owned Pay Telephone or calls made from that phone are the responsibility of the customer.
7. The customer shall not program or cause to be programmed any such telephone used in connection with this service to limit the duration of a local message.

C. Violation of Regulations

1. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm. Failure to make such change will result in the disconnection of service until such change is completed to the satisfaction of the Company.

C. Violation of Regulations (Cont'd)

JAN 15 1997

2. The customer may be required, as a condition of service, to pay in full all sums due the Company including, but not limited, customer activity charges, termination charges, minimum charges, and reimbursement for loss or damage to Company facilities as may apply

D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

Effective: April 15, 1997

PAYPHONE SERVICE

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the line that the called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

Public Service Comm.

RULES AND REGULATIONS

1 - UNDERTAKINGS OF THE COMPANY -

- (a) The telephone company undertakes, for compensation, to furnish and maintain in proper working order facilities and equipment to be used for communication between its customers. It does not relay, interpret or transmit messages.
- (b) The company will furnish long distance service when it can secure suitable facilities and rights for construction and maintenance of necessary pole lines, wires and equipment, or suitable connections with other telephone companies.
- (c) Local exchange service is classified as Business or Residence, based upon the character of useage. It is for use by the subscriber, his family, his employees, associates and guests. The applicability of business and residence rates is governed by rules and regulations of the Missouri Public Service Commission governing telephone service now in effect and as may be, from time to time, amended by the said Commission.

OCT 15 1960

2 - APPLICATION FOR SERVICE -

Applications for service shall be made on the standard form provided by the telephone company for such purposes. Acceptance of such application by authorized agents or employees of the telephone company or establishing the service covered by such application shall constitute a contract between the customer and the company. The contract is not assignable or transferable.

3 - TELEPHONE NUMBERS -

The ownership of all telephone numbers is vested in the telephone company and it reserves the right to change the telephone number or numbers of the subscriber's telephone station or stations, or the central office name associated with such number or numbers, or both, as the operation of the business may require.

4 - RESPONSIBILITY FOR CHARGES -

The customer of any service furnished by the telephone company is responsible for the use made of such service and for any and all charges arising out of the use of such service and billed to the customer by the company.

5 - NEW SUBSCRIBER PAYMENTS -

Applicants for service will be required to pay pro rata part of current month rental in advance, plus installation charge or service connection charge, as the case may be.

6. ESTABLISHMENT AND FURNISHING OF SERVICE – RESIDENTIAL

6.1 Deposits and Guarantees of Payment for Residential Customers

(+) (+)

- a. The Company may require a deposit or guarantee prior to providing new service or as a condition of continued service. The Company may require a deposit or guarantee as a condition of continued service if:

- 1) The customer has delinquent charges in two (2) out of the last twelve (12) billing periods; or
- 2) The customer has had service disconnected for nonpayment of a delinquent charge or failed to post a required deposit or guarantee.

- b. In lieu of a deposit, Company may accept a written guarantee. The guarantee shall not exceed the amount of a cash deposit that the Company could request under this section.

- c. No deposit, guarantee, additional deposit nor additional guarantee will be required by the Company because of race, sex, creed, national origin, marital status, age, number of dependents, source of income, disability or geographical area of residence.

- d. Terms of Deposit:

- 1) Deposits shall not exceed the estimated charges for two (2) months' service based on the average bill during the preceding twelve (12) months, or, in the case of new applicants for service, the average monthly bill for new subscribers within a customer class.

d. Terms of Deposit (Cont'd)

- 2) The deposit shall bear interest at a rate which is equal to one percent (1%) above the prime lending rate as published in the *Wall Street Journal*. This rate shall be adjusted annually on December 1 using the prime lending rate, as published in the *Wall Street Journal* on the last business day of September of each year, plus one percent (1%). The interest shall be credited annually upon the account of the customer or paid upon the return of the deposit, whichever occurs first. Interest shall not accrue on any deposit after the date on which a reasonable effort has been made to return it to the customer.
- 3) Upon discontinuance or termination of service, the deposit will be credited, with accrued interest, to the charges stated on the final bill, and any balance will be returned to the customer within twenty-one (21) days of the rendition of the final bill.
- 4) Upon satisfactory payment of all undisputed charges during the last twelve (12) billing periods, guarantors will be released or deposits with accrued interest will be refunded or credited against charges on subsequent bills. Payment of charges will be considered satisfactory if received prior to the date on which the charge becomes delinquent provided the charge is not in dispute. The Company may withhold the refund of a deposit pending the resolution of a dispute with respect to charges secured by the deposit.

7. BILLING AND PAYMENT

- a. The Company will during the first billing period in which a customer receives service provide the customer with an itemized account of charges for equipment and service for which he has contracted. The Company will render a separate bill for concurrent residence service unless otherwise requested by the customer.
- b. The Company will after the initial bill for new service render a bill during each billing period for monthly recurring charges in advance and toll charges in arrears. Special billing arrangements may be established for services provided to governmental agencies.
- c. The Company will render bills on a cyclical basis whereby the customer receives his bill on or about the same day each month. Billing cycles may be altered by sending an insert or other written notice explaining the alteration not less than 30 days prior to the effective date of the alteration. This notification is not required when a customer requests a number change or when the customer disconnects and reconnects service or transfers service from one premises to another, which may affect the customer's billing cycle.

h. Disputes by Residential Customers

- 1) A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.
- 2) When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties.
- 3) Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
- 4) If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.
- 5) If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar

DISCONTINUANCE OF SERVICE

MISSOURI
Public Service Commission
(+)

- 8.1 Service may be discontinued for any of the following reasons:
- a. Non-payment of an undisputed delinquent charge for basic local telecommunications service.
 - b. Failure to post a required deposit or guarantee.
 - c. Unauthorized use of the Company's service in a manner which creates an unsafe condition or creates the possibility of damage or destruction to its facilities.
 - d. Failure to comply with the terms of a settlement agreement.
 - e. Refusal after reasonable notice to permit inspection, maintenance or replacement of Company's equipment.
 - f. Material misrepresentation of identity in obtaining Company's service.
 - g. As provided by state or federal law.
- 8.2 A written notice shall be sent by first class mail ten (10) days prior to the date of the proposed discontinuance of service.
- 8.3 Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Basic local telecommunications service will not be discontinued on a day when the offices of the Company are not open to facilitate reconnection of basic local telecommunications service or on a day immediately preceding such day.
- 8.4 The Company will make reasonable efforts to contact the customer via telephone at least twenty-four (24) hours preceding a discontinuance of basic local telecommunications service. The Company will advise the customer of the proposed discontinuance and what action must be taken to avoid it. (+)

DISCONTINUANCE OF SERVICE (Cont'd)

SEP 28 2000

- 8.5 Discontinuance of service will be postponed for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Company with verifiable written evidence of such necessity.
- 8.6 Basic local telecommunications service may not be discontinued for customer nonpayment of a delinquent charge for other than basic local telecommunications service. Company may place global toll blocking and eliminate any optional, non-basic calling features and functions for customer nonpayment of delinquent charges for other than basic local telecommunications service.
- 8.7 Payment by personal check may be refused if the customer, within the last twelve (12) months, has tendered payment in this manner and the check has been dishonored, except when the dishonor is due to bank error.

9. Service Connection Charge

These charges are set out in the rate schedules, under miscellaneous tariff. For the purpose of these rules the service connection charge shall be a charge to the customer for connecting service after it has been suspended for nonpayment of proper charges for service and has not been removed from the premises. All other connection of service shall be classified as an installation charge.

RULES AND REGULATIONS - Cont'd.

11 - DIRECTORY -

The Company will prepare and furnish to each subscriber at each station an alphabetically arranged list of the names of all subscribers of the local exchange. Extra name listings of subscribers will be furnished when desired by any subscriber under the miscellaneous tariff governing such extra listing. The directory is the property of the company, furnished for the purpose of expediting service, and may be taken up by the company at the termination of the contract for service or when new ones are issued. No binder, holder or auxiliary cover, except such as may be furnished or approved by the telephone company, shall be used in connection with any telephone directory furnished by the company. The company's responsibility for damages arising from errors or omissions in the make-up or printing of its directories or in accepting listings as presented by customers or prospective customers shall be limited to the amount of actual impairment of the customer's service, and in no event shall it exceed the amount paid for the service during the period covered by the directory in which the error or omission occurs.

12 - INTERRUPTIONS OF SERVICE -

Except when the service is interrupted by the willful or negligent act of the subscriber, a pro rated allowance at the rate charged for and applying to the service interrupted shall be made for the time in excess of thirty-six hours, if such interruption continues after the fact has been reported by the subscriber or detected by the company.

13 - VACATION RATE -

A rate of one-half the regular rate will be granted for a minimum period of one month upon advance notice by the subscriber.

14 - PARTY LINES -

The Company reserves the right to connect Business and Residence stations on the same party lines.

RULES AND REGULATIONS CONT'D DEC 1 1987

MISSOURI

15. ENTERING PREMISES OF SUBSCRIBER Public Service Commission

The company at all reasonable times shall have the right to enter the premises for the installation, inspection, maintenance and removal of company facilities

16. FOREIGN DEVICES

No subscriber for telephone service furnished by the Company will connect or permit to be connected any facilities furnished by the Company with any other facilities not company owned, except upon written permission from the Company.

17. DISCONTINUANCE

Upon written notice from any Federal, State or Local law enforcement agency that any telephone or other facility supplied by the Company is being used by any person for the purpose of transmitting or receiving gambling information, the Company will discontinue such service. The Company shall give notice to the subscriber at the time of the discontinuance of service of its reasons for doing so, said notice to be accompanied by a copy of the notice from such law enforcement agency.

18. SERVICE AREA

Whenever reference is made in the rate schedules and these rules and regulations applying to initial rate area, such area will mean the area within the corporate limits of any municipality in which an exchange may be located, and the area of any adjoining municipality, or in the event an exchange is in an unincorporated area, it shall mean an area as designated upon a plat filed with the schedule. Whenever reference is made to the exchange area, it shall include all of the area within the limits fixed for the respective exchange areas by order of the Missouri Public Service Commission, or on a plat filed with the Commission.

RULES AND REGULATIONS - Cont'd.

MISSOURI
Public Service Comm.19 - EXTENSIONS OF SERVICE -

A - GENERAL: On all new extensions of service either within or without the initial rate area, the Company may require an advance revenue deposit in a sum not to exceed the aggregate of one year's local exchange revenue plus applicable Federal and State taxes on such revenue. The amount so deposited shall be determined on the rates for the class and type of service furnished to the applicant, plus the applicable taxes in effect at the time the deposit is made. The amount of said deposit shall be applied monthly in payment of exchange service and all taxes thereon until exhausted, beginning with the first bill to the applicant. In the event the rates for the class and type of service or taxes in effect at the time the deposit is made should be changed, the monthly charge shall be adjusted from time to time in keeping with the changed rates and taxes. In the event service is discontinued for any cause prior to exhaustion of the said deposit, no refund will be made, but on proper application the Company will transfer the unused portion of the deposit to another subscriber in the same location.

B - WITHIN THE INITIAL RATE AREA: The Company, subject to the provisions of Paragraph A above, and the installation or connection charge assumes the obligation to supply telephone service within the initial rate area and will extend its facilities to applicants for service within said area. The Company reserves the right, depending on the facilities available to determine the type of service to be supplied, either from its existing facilities or from additional facilities. When circuitous routing or special type of construction such as underground service, concealed wiring, etc., are provided at the subscriber's request, in place of facilities which would ordinarily be provided without construction charge to the subscriber, the excess cost of such special construction will be borne by the subscriber.

C - WITHIN THE EXCHANGE AREA: When construction by the Company is necessary to provide rural multi-party service for one or more applicants the Company will expend for cost of construction not less than three times the annual exchange revenue estimated to accrue from the applicant or applicants. The balance of such construction cost shall be charged to the applicant or applicants.

The right of way necessary for the construction of such facilities will be provided by the applicant or applicants at his or their expense and such applicant or applicants may be required to clear the right of way. The applicant or applicants will pay the expense or rental charges for the privilege of attachment to the facilities of other individuals or companies.

The ownership of all facilities constructed as herein provided shall be vested in the telephone company and no portion of the cost paid by the

- 1.1 INSTALLATION OF TELEPHONE LINES WITHIN SUB-DIVISION (1). TELEPHONE LINES CONSTRUCTED, INSTALLED AND OWNED BY UTILITIES IN SUBDIVISIONS SHALL BE INSTALLED UNDERGROUND.

Director of Utilities
PUBLIC SERVICE COMMISSION

- 1.1.1 The following definitions are used in this section of the tariff:

APPLICANT: The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

BUILDING: A Single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (Definition excludes mobile home).

SUBDIVISION: A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

- 1.1.2 The Telephone Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service.

(1) This section is filed pursuant to and as required by the Commission General Order #55, ordered in Case 17619, effective January 23, 1973.

RULES AND REGULATIONS

1.1.2 provision of the underground telephone system shall
(Cont.) be provided at no charge except where a charge is
permitted under Paragraphs 1.1.4 and 1.1.6 of this
section of the Tariff. Temporary service is pro-
vided under Paragraph 1.1.5 of this section of the
tariff.

1.1.3 RIGHTS-OF-WAY AND EASEMENTS

A.. Within the applicant's subdivision, the
Telephone Company will construct, own, operate,
and maintain underground telephone lines only
along public streets, roads, and highways which
the Telephone Company has the legal right to
occupy, and on public lands and private
property across which rights-of-way and ease-
ments satisfactory to the Telephone Company
may be obtained without cost or need for
condemnation by the Telephone Company.

B. Rights-of-way and easements, within the sub-
division, satisfactory to the Telephone
Company, must be furnished by the applicant
in reasonable time to meet construction and
service requirements before the Telephone
Company shall be required to commence its
installation. Such rights-of-way and ease-
ments must be cleared of trees, tree stumps,
and other obstructions and graded to within
six inches of final grade, by applicant, at
no charge to the Telephone Company. Such
clearance and grading must be maintained by
the applicant during construction by the
Telephone Company.

Public Service Commission

1.1.4 ADVANCE PAYMENTS

- A. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgment of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.
- B. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro rata basis as the permanent service connection is made to each building or multiple-occupancy building.
- C. Any portion of an advance remaining unrefunded ten years from the date the Telephone Company is first ready to render service with the extension will be retained by the Telephone Company and credited to the appropriate construction account.

1.1.5 TEMPORARY FACILITIES

- A. Temporary facilities may be installed to provide service when necessary, for a maximum period of one year.

- B. Where it is necessary to place temporary facilities in advance of the permanent ground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

1.1.6 SPECIAL CONDITIONS

- A. In circumstances, where the application of these rules appears impracticable or unjust to applicant or the Telephone Company, or discriminatory to other customers, e.g., difficult rock conditions, the Telephone Company or applicant shall refer the matter to the Missouri Public Service Commission for special ruling or for the approval of special conditions which may be mutually agreed upon prior to commencing construction.

CLASS SERVICE

MAY 26 1995

Optional Services and Features**MO. PUBLIC SERVICE COMM.**CLASS Service

Custom Local Area Signaling Services (CLASS):
Provide end-user services that allow the customer more control over incoming and outgoing calls based on Signalling System 7 (SS7) Hardware and Software. Services are offered where technically feasible and may be available on both an intra- or inter-exchange basis.

A. Feature Descriptions:

1. Caller ID: allows the called party to view the number calling through customer premises equipment designed to receive and thus display the calling party's number. Special station equipment is required for this feature.

The calling telephone number is only available in those areas where appropriate signalling network connections exist to forward the calling party's number. This may exclude calls made from most cellular phones or units, calls made through interexchange carriers, and calls originated from other local exchange carriers. The calling number is also not available when incoming calls have been handled by an operator or charged to credit cards. Number delivery for calls originated from a PBX will display the main PBX number only. If the caller's number is a multi-party line, or is blocked, the number will not be displayed.

Optional Services and Features (Cont'd)**MO. PUBLIC SERVICE COMM.**CLASS SERVICE (Cont'd)A. Feature Descriptions: (Cont'd)

Telephone numbers transmitted via Caller ID may not be sold or given to another party without the caller's consent. Caller ID information may only be used for: a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to the call or transaction, e) verification of calling party identity and f) marketing products or services that are directly related to those previously acquired by the customer from the number delivery services subscriber. Caller ID customers failing to comply with any of these conditions will have their service terminated.

2. Automatic Call Back: Automatic Call Back (ACB) is an outgoing call management feature which will enable the subscriber to have the system redial the last number called from his/her station. This will apply regardless of whether the original call was answered, unanswered, or encountered a busy tone. The system will monitor the calling and called lines and will attempt to connect the call for up to 30 minutes. The activation of this feature can be canceled by the customer when desired.

A. Feature Descriptions: (Cont'd)

3. Automatic Recall: Automatic Recall (AR) is an incoming call management feature which will enable a subscriber to have call set-up performed automatically to the calling party of the last incoming call. This will apply whether the incoming call was answered or unanswered. Two-level feature activation applies to Automatic Recall and allows the subscriber to hear the Director Number (DN) or the last incoming call prior to deciding whether or not to re-call that number.
4. Customer-Originated Trace: Customer Originated Trace (COT) will allow the subscriber to initiate a trace on the last incoming call by dialing an activation code. The call will be traced automatically, and the originating DN and the time the call was made will be forwarded to a predetermined location, not to a subscriber. The subscriber will then contact the telephone company or law enforcement agency to determine further action. This feature can be assigned as a station option on either a usage-sensitive or flat-rate basis, or office wide on a usage-sensitive billing basis.

5. Selective Distinctive Ringing/Call Waiting
Selective Distinctive Ringing/Call Waiting (SDR) is an incoming call management feature which will allow the subscriber to define a list of calling DNs that will provide the subscriber with special incoming call treatment. Any incoming calls on this list will be indicated by a distinctive ringing pattern or a distinctive call waiting tone, if applicable. Terminating calls from telephone numbers which are not on the list, or which cannot be identified, will be given standard treatment.
6. Selective Call Acceptance: Selective Call Acceptance (SCA) will allow customers to define a list of calling directory numbers that will be accepted. Any calling numbers not on that list will be routed to announcements and rejected. The calling party not on the acceptance list will receive an announcement stating that the call is not presently being accepted by the called party. Subscribers can review and change the list of accepted directory numbers as desired.
7. Selective Call Forward: Selective Call Forward (SCF) will allow the subscriber to have certain terminating calls forwarded to a designated remote station.

CALL PICKUP - This feature allows a DCS station line user to answer calls directed to another DCS station line within the same call pick-up group.

CALL TRANSFER - This feature allows a DCS station line to transfer an established call to another line within or outside the customer group.

CALL WAITING - This feature informs a DCS station line that is on an established call that a third party is trying to reach them.

CANCEL CALL WAITING - This feature allows a DCS station to prevent, on a per-call basis, any incoming calls from interrupting important calls due to call waiting tones.

CLASS OF SERVICE - UNRESTRICTED - This feature allows DCS lines to access the exchange network, the toll network, or any service access by just dialing the appropriate digits.

CLASS OF SERVICE FULLY - FULLY RESTRICTED - This feature allows a DCS line to be restricted to calling within the customers DCS group.

Feature Descriptions - (Continued)

CLASS OF SERVICE - SEMI-TOLL RESTRICTED - This feature allows a DCS line to be restricted from placing toll calls.

CONSULTATION HOLD - This feature allows a DCS station to place an active call on temporary hold.

DIRECT INWARD DIAL - This feature allows incoming calls to reach a specific DCS station without attendant assistance.

DIRECTED OUTWARD DIAL - This feature allows a DCS station line within a customer group to place calls to the exchange without attendant assistance.

DIRECTORY NUMBER HUNT - This feature allows a DCS station to the set up in customer specified hunt group of lines for incoming call completion. When an incoming call attempt is made to a busy station assigned to a hunt group, the hunt group is sequentially searched for an idle line to route the call to.

DISTINCTIVE RINGING - This feature provides a different ringing cadence for intragroup and DID calls.

PERMANENT HOLD/CALL HOLD - This feature allows a DCS customer to place a call on hold for any length of time.

RING AGAIN - This feature allows a DCS station encountering a busy station to be notified when the busy station becomes idle.

REC'D OCT 21 1998

Original Sheet No. 31

OREGON FARMERS MUTUAL TELEPHONE CO.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

A. General

1. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
2. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be relayed by Company operators.
3. 911 Trunking Service is offered subject to availability of facilities.
4. The 911 Trunking Service customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

Original Sheet No. 32

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

A. General (Cont'd)

5. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provisions of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
6. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

B. Conditions

1. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
2. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.
3. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
4. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential except as indicated in No. 5 below.
5. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished to a PSAP. Information will be provided only for the purpose of responding to emergency calls.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

B. Conditions (Cont'd)

6. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
7. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data bases(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
8. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
9. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
10. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features and the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

REC'D OCT 21 1998

OREGON FARMERS MUTUAL TELEPHONE CO.

Original Sheet No. 34

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

B. Conditions (Cont'd)

11. Because the Company serving boundaries and political subdivision boundaries may not coincide,, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
12. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
13. The customer is required to furnish the Company its agreement to the following terms and conditions:
 - a. That all 911 calls will be answered on a 24-hour day, seven-day week basis.
 - b. That the customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 - c. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 - d. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

OREGON FARMERS MUTUAL TELEPHONE CO.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

B. Conditions (Cont'd)

14. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Service. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rate allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
15. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
16. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
17. The customer recognizes the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. When the customer becomes aware of any inaccuracies in the data it shall promptly notify the Company in writing. The Company shall make the correction within a reasonable time under the circumstances.

Cancelling Original Sheet No. 36**OREGON FARMERS MUTUAL TELEPHONE COMPANY**UNIVERSAL EMERGENCY NUMBER SERVICE (911)**C. Rates**

1. The rates and charges for 911 Trunking Service set out below are the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Recurring Charge</u>	<u>Non-Recurring Charge</u>
All Trunking Service per trunk per month	\$ 25.00	\$ 82.40

Automatic Location Identification (ALI) Database

A.	Database Administration, initial load	\$ 0.00	\$1311.12
B.	Database Monthly Updates per subscriber record	\$ 0.33	\$0.00

Database Records Charges

These charges are applicable to the work necessary for the Company to maintain and/or correct customer records to support E911 Service. The initial record charge is for work necessary to complete the initial upload to the E911 provider, which includes verification of records to the MSAG. Customer updates beyond the initial upload would include new requests for service in the Company's serving area, orders that change a customer's name, telephone number and/or address, and will include verification for the MSAG. A record update(s) generated due to a Company error will not be assessed a Database Record Charge. If an error is due to inaccurate information provided by a 911 customer, a Database Record Charge will be assessed.

Three-Digit Dialing Service (811)

A. General Regulations

1. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tarified, local calling area based service (the "811 Service").
2. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
3. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
4. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
5. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

B. Obligations of the SOCS

1. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
 - a. The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - b. For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - c. Complete contact information.
2. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
3. Local Calling for Company Subscribers
 - a. The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - b. The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - c. The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

C. Obligations of the Company

1. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
2. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
3. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
4. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

D. Liability

1. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.

2. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
3. The Company is not liable for any losses or damages caused by the negligence of the SOCS.
4. The Company shall not be liable to the SOCS for any damages the SOCS may incur that result from any changes, modifications or rulings made by the FCC.
5. The Company will make every effort to route 811 calls to the SOCS call center, however, the Company will not be held responsible for routing mistakes or errors.
6. The 811 Service is provided solely for the benefit of the SOCS. The provision of the 811 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity.
