Secretary Morris Woodruff
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary Woodruff:

On behalf of Spire Missouri Inc., enclosed herewith for filing with the Missouri Public Service Commission are the substitute revised tariff sheets, P.S.C. MO. No. 7, Revised Sheet No. 13.2 of the eastern Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire East") and P.S.C. MO. No. 8, Revised Sheet No. 13.2 of the western Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire West").

Substitute revised tariff sheets were initially submitted on August 30, 2019, with a proposed effective date of October 1, 2019. (Tariff Traking Nos. JG-2020-0043 and JG-2020-0044). The Staff of the Commission recommended several edits to the tariffs. Their edits are reflected in these revised tariff pages and have been provided to Staff.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Scott A. Weitzel

Secretary Morris Woodruff
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary Woodruff:

On behalf of Spire Missouri Inc. (the "Company"), enclosed herewith for filing with the Missouri Public Service Commission are the substitute revised tariff sheets, P.S.C. MO. No. 7, Revised Sheet No. 13.2 of the eastern Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire East") and P.S.C. MO. No. 8, Revised Sheet No. 13.2 of the western Missouri operating division of Spire Missouri Inc. d/b/a Spire ("Spire West").

These substitute revised tariff sheets, which have an issue date of August 30, 2019, and an effective date of October 1, 2019. The WNA for Spire East is $-\$0.01663$ and the WNA for Spire West is $-\$0.01369$. The rates are calculated semiannually to adjust for actual heating degree days as they differ from the normal levels and are effective for twelve (12) months.

Compared to currently existing rates, and assuming normal usage, the WNAR rider for Spire East would decrease the average monthly bill of the typical residential customer by about \$0.48 per month, or less than 1%, and the WNAR rider for Spire West would decrease the average monthly bill of the typical residential customer by about \$0.50 per month, or less than 1%. Such bill impacts may be less or more depending on a customer's actual usage, which is primarily affected by weather.

Thank you for bringing this matter to the attention of the appropriate Commission personnel.

Sincerely,

/s/ Scott A. Weitzel
