The charges, rules and regulations specified below for Community Optional Service (COS) apply in addition to the established charges for the service with which the service is associated.

1.7.2 Service Description

A. COS is a plan that provides customers in a Qualifying Petitioning Exchange one-way calling or two-way calling with customers in designated exchanges under terms, conditions and rates that differ from those applicable to Extended Area Service, other local calling plans.

B. Explanation of Terms

1. Petitioning Exchange:

The Petitioning Exchange is that exchange whose customers have petitioned the Missouri PSC to have COS calling with the customers in the Target Exchange.

2. Target Exchange:

The Target Exchange is the exchange to which COS calling has been requested.

COS Target Exchanges are classified as Rural or Metropolitan. At this time, the Kansas City Metropolitan Exchange and the St. Louis Metropolitan Exchange are designated to be metropolitan. When a metropolitan exchange is involved in a COS route, the calling area includes the principal First and Second Tier Zones, Third Tier Optional customers and Fourth Tier Special Optional customers. All other Target Exchanges are designated rural.

3. COS Calling Scope:

The COS Calling Scope consists of the Target Exchange to which Petitioning Exchange customers have qualified for COS calling plus all other exchanges with which customers in the Target Exchange have Extended Area Service (EAS). Calling Scopes may also include other expanded calling areas but only through the application of COS rates deemed appropriate by the Missouri Public Service Commission. If the Target Exchange is metropolitan, the COS calling scope associated with it is considered metropolitan.

- A. Consideration of eligibility for COS calling is initiated by a petition filed with the PSC by any or all of the following parties:
 - 1. By 25 or more customers in the Petitioning Exchange;
 - 2. By the presiding official(s) of the appropriate city, town or county, served by the Petitioning Exchange;
 - 3. The Office of the Public Counsel on behalf of the customers in the Petitioning Exchange;
 - 4. The Local Exchange Telecommunications Company serving the customers in the Petitioning Exchange.
- B. Petitions requesting COS must specify the Target Exchange with which COS calling is requested. The Target Exchange may be served by another local Exchange Telecommunications Company.
- C. Upon receipt of notice from the PSC that a valid petition has been received, the Company will conduct a study of calling from the Petitioning Exchange to the Target Exchange. These calling studies will be filed with the PSC.
- D. The PSC has ruled that a community of interest is found to exist when the calling studies show that both of the following criteria are met:
 - 1. Customers in the Petitioning Exchange make an average of six calls per access line per month to the Target Exchange;
 - 2. Two-thirds of the customers in the Petitioning Exchange make two or more calls per month to the Target Exchange.

- B. Unless otherwise specified in these regulations, COS is offered to all classes and grades of residence and business customers located in a COS qualifying exchange.
- C. COS is not offered in conjunction with Public, Semi-Public Customer-Owned Pay Telephone or Improved Mobile Telecommunications Services.
- D. When a customer's telecommunications service is arranged for his or her own administrative use versus use by his or her patrons (such customers may include, but are not limited to, hotel/motels, hospitals, or universities), COS may be purchased for the administrative trunks only.
- E. COS is designed and intended for the exclusive use of the end user customers of the Telephone Company. COS is not to be shared, resold or used in any configuration of customer-provided equipment with the intent of reselling the service. With the exception of Shared Tenant Service, as described in other tariffs of the Telephone Company, COS is available to interexchange carriers or other telecommunication service providers for administrative trunks only.
- F. Unless otherwise specified, COS is subject to the Rules and Regulations applying to all customer contracts as specified in the General Exchange Tariff of the Telephone Company. Furthermore, all Rules and Regulations governing Local Exchange Service apply to COS.
- G. Access to the Local Calling Scope of the Target Exchange
 - 1. When a Target Exchange has Extended Area Service (EAS) with one or more exchanges, as defined in other tariffs of the Telephone Company, customers who qualify for COS will be able to access customers within that extra-exchange local calling scope using COS.

(MT)(FC) 1.6 OPTIONAL METROPOLITAN CALLING AREA (MCA) SERVICE-(Continued)

(FC) 1.6.6 Revenue Neutrality

The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to Optional MCA service as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of Optional MCA service. A review will be conducted after the Commission has MCA service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

1.7 OPTIONAL BUSINESS RESERVE LINE SERVICE(1) (AT)

1.7.1 Description

Business Reserve Line Service is an optional additional local access line service available to business customers who have a need for a low use line in addition to their primary service. Reserve Line Service is provided at a flat monthly rate with usage sensitive charges for both outgoing local calls and all incoming calls.

1.7.2 Regulations

- A. Reserve Line Service is only available to customers who have at least one of the following SWB business main services (as listed in paragraph 1.2.2) at the same customer premises as Reserve Line Service: Business Flat Rate 1-Party, Business Message Rate 1-Party, Business Measured 1-Party, Business Multiline, or Information Terminal Service.
- B. Reserve Line Service must be billed on the same account as the associated main service. If the associated main service is disconnected, the Reserve Line is also disconnected.
- C. Reserve Line Service is not provided in conjunction with Foreign Exchange Service or Foreign Serving Office Service.
- D. A maximum of one Reserve Line is provided per customer premises.
- E. A directory listing is not provided as part of Reserve Line Service. An Extra Listing may be ordered at the customer's option as described in the Directory Listings section of the General Exchange Tariff.
- F. Customer-initiated temporary suspension of service is not offered for an individual Reserve Line. If an entire account is placed on temporary suspension, the Reserve Line Service will also be suspended.
- G. The Paralleling Service restriction (General Exchange Tariff, paragraph 17.5.2) does not apply to Reserve Line Service.
- H. Reserve Line Service is only available in equipped central offices.
- I. Due to technical limitations, Reserve Line Service can not be included in a hunt group. At the customer's option, a call forwarding service may be purchased for the last line in a hunt group so that calls can be forwarded to the Reserve Line.

- (1) Business Reserve Line Service is obsolete for business customers, except for existing customers at existing locations prior to November 1, 2011. (AT)

1.7 OPTIONAL BUSINESS RESERVE LINE SERVICE(cont'd)(1) (AT)

1.7.2 Regulations (cont'd)

- J. Reserve Line Service is not compatible with any service that has usage sensitive billing for incoming calls. For example, Common Line 800 Service is not compatible with Reserve Line Service. In addition, Reserve Line Service is not compatible with some AIN-based services, such as Intelligent RedirectSM.

1.7.3 Rate Application

- A. The Business Service and Equipment Charges found in paragraph 1.2.2 I of this tariff apply to Reserve Line Service. The Service and Equipment Charge will be waived if a customer converts from Reserve Line Service to one of the Business Services listed in 1.7.2 A.
- B. Any supplemental charges, surcharges or fees that apply per local access line are applicable per Business Reserve Line.
- C. Reserve Line Service has the same optional toll calling plans available as the customer's main service line.
- D. Usage rates apply in addition to the monthly rate per Business Reserve Line. Usage is billed per month on a summary basis. Usage rates apply per minute of use for all incoming calls and for all outgoing local calls. Usage charges apply to all outgoing calls, except those that are placed to Southwestern Bell Telephone Company (i.e., Directory Assistance, repair service, business office), toll and the authorized local emergency number, 9-1-1. The non-optional local calling scope for Reserve Line Service is defined by the same exchanges and zones as the local exchange main services listed in 1.2.2.

- (1) Business Reserve Line Service is obsolete for business customers, except for existing customers at existing locations prior to November 1, 2011. (AT)

1.7.7 Revenue Neutrality

A. The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to the COS qualifying routes as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of COS. A review will be conducted after the Commission has completed an audit of COS losses and the revenue recovery mechanism gains, as a result of COS service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

1.8.1 Description

Custom BizSaver (CBS) is an optional bundle offering that includes business flat rate line service or multiline service combined with popular features (as outlined below). Custom BizSaver is available at flat monthly rates for either a 12-month, 24-month or 36-month term to be selected by the customer.

Custom BizSaver allows customers to subscribe from one to ten Business Access Lines at discounted rates using any combination of four main components: 1) Flat Line Bundle, 2) Multiline Bundle and 3) Flat Line Flex Bundle and 4) Additional Lines. However, the primary Business line must either be the Flat Line Bundle, Multiline Bundle or Flat Line Flex Bundle and then up to nine additional lines/additional bundles, may be added. Only the primary line is under a term contract and price protected. However, the customer will benefit from discounted rates on all additional lines/bundles on the account based on the term duration selected on the primary line (as outlined below). While the primary line will not be subject to rate changes during the term of the agreement, prices on additional lines/bundles will be subject to such changes during the term period.

MISSOURI
Public Service Commission

1.8.1 Service Description

- A. Metropolitan Calling Area (MCA) service is available in three distinct areas in Missouri: the St. Louis MCA, the Kansas City MCA and the Springfield MCA.
- B. The St. Louis, Kansas City and Springfield Metropolitan Exchanges are included in the respective MCAs. The basic local calling scope for each of these exchanges is the MCA-wide calling scope as described in sections 1.6.2, 1.6.3 and 1.6.4 of this tariff.
- C. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges where MCA service is also available, as described in Section 1.8.4 following.
- D. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis and Kansas City MCAs, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4 or MCA-5. In the Springfield MCA, exchanges where Optional MCA Service is available are classified as MCA-2.

1.8.2. Availability of Service

A. St. Louis MCA

- 1. The Southwestern Bell Telephone Company MCA-3 exchanges where Optional MCA service is available are: Portage Des Sioux, St. Charles, Chesterfield, Manchester, Valley Park, Fenton, Maxville and Imperial.
- 2. The Southwestern Bell Telephone Company MCA-4 exchanges where Optional MCA service is available are: Harvester, Pond, Eureka, High Ridge, Antonia and Herculaneum/Pevely.
- 3. The Southwestern Bell Telephone Company MCA-5 exchanges where Optional MCA service is available are: Gray Summit, Pacific, Cedar Hill, Ware, Hillsboro, Festus/Crystal City, and DeSoto.

Customers must select a 12-month, 24-month or 36-month term agreement to qualify for the offer.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

Customers subscribing to Custom BizSaver have the option to install additional lines at discounted rates as outlined in the Rate Schedule. Two types of additional lines can be selected.

Additional Lines Options consist of the following:
