3.31 Connection Charges

3.31.1 General

Connection Charges are nonrecurring charges which may apply to the following: (a) the installation of a new service; (b) the transfer of an existing service to a different location; (c) a change from one class of service to another at the same or a different location; or (d) restoral of service after suspension or termination for nonpayment. Connection Charges are listed with the service to which they apply or are provided in this Section.

The Company alone may make changes in the location of its lines and equipment. When it is found that a move or change of such lines or equipment has been made by others, the Connection Charge for the underlying service will apply as if the work had been done by the Company.

The Customer may be assessed a charge for any move, add or change of a Company service. Move, Add and Change are defined as follows:

Move	The disconnection of existing equipment at one location and reconnection of the same equipment at a new location in the same building or in a different building on the same premises.
Add	The addition of a service to existing equipment and/or service at one location.
Change	The change, including rearrangement or reclassification, of existing service at the same location.

3.31.2 Exceptions to the Connection Charge

The Company may from time to time waive or reduce the connection charges as part of a promotion or trial.

3.31.3 Restoral Charge

A restoral charge applies each time a service is reconnected after suspension or termination for nonpayment pursuant to this tariff but before cancellation of the service.

Restoral Charge,(after company initiated suspension, per line):	NRC \$20.00

3.36 Busy Verification and Interrupt Service

3.36.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

3.36.2 Rate Application

- a) A Verification Charge will apply when:
 - 1. The operator verifies that the line is busy with a call in progress, or
 - 2. The operator verifies that the line is available for incoming calls.
- b) Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the Customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.
- c) No charge will apply when the calling party advises that the call is from an official public emergency agency.

3.37 Directory Listing Services

3.37.1 Directory Listing Definitions

Primary Listing - One listing, termed the primary listing, is included with each Customer's service with the primary line of a line hunting group and with each Joint User service.

Non-Listed Number (Private Directory Service) - A Non-Listed Number will be furnished at the Customer's request, providing for the omission or deletion of the Customer's listing from the telephone directory. Such listings will be carried in the Company's directory assistance and other records and will be given to any calling party. Charges for a Non-Listed Number are specified in Section 3.37.2.

Non-Published Number (Semi-Private Directory Service) - A Non-Published Number will be furnished at the Customer's request. A Non-Published Number is not listed in the telephone Company's directories, or on directory assistance records. Listing information (name, address and number) on a Non-Published Number is not available to the general public. Charges for a Non-Published Number are specified in Section 3.37.2.

Secretarial Listing - Applies to a customer engaged in furnishing service of a secretarial nature who may contract for telephone secretarial listings for the benefit of patrons.

Foreign Listing - Where available, a listing in a telephone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the tariff published by the specific local exchange carrier providing the Foreign Listing.

Extra/Alternate Call Listing - Where available, a listing which references a telephone number which is not the primary listing for the Customer. The Customer must provide written verification that the alternate telephone number is authorized to accept calls. Charges for Alternate Call Listings are specified in Section 3.37.2, as Additional Listing.

3.38 Blocking Service

3.38.1 General

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to Customers:

- a) **900 and 976 Blocking** - Allows the subscriber to block all calls beginning with the 900 and 976 prefixes (i.e. 900-XXX-XXXX) from being placed.
1. The Company shall provide blocking, where technically feasible, at no charge on a one-time basis to all telephone subscribers.
 2. The Company may charge a nonrecurring fee for each subsequent request for blocking or unblocking pay-per-call service.
 3. A subscriber who transfers service to a new location and is served by the same local exchange carrier shall be able to maintain blocking of pay-per-call service without any additional charge to establish blocking at the new location.
 4. Requests by subscribers to remove pay-per-call blocking must be in writing to the Company.
- b) **Involuntary Blocking of 900 and 976 Numbers** - Involuntary blocking of 900 and 976 numbers may be implemented by the telephone company for failure to pay legitimate charges.
- c) **Toll Restriction (1+ and 0+ Blocking)** - Provides the subscriber with local dialing capabilities but blocks any Customer-dialed call that has a long distance charge associated with it.
- Toll Restriction will not block the following types of calls: 911 (Emergency), 1+ 8XX (Toll Free), and operator assisted toll calls.
- d) **Selective class of call screening** – Restricts all toll calls other than collect or 3rd number billing calls.

SECTION 3 - SERVICE DESCRIPTIONS, (CONT'D.)**3.39 Wire Maintenance Plan****3.39.1 General**

The Wire Maintenance Plan (WMP) is an optional plan which provides customers with a diagnosis of their inside wiring problem and any necessary repairs. WMP is only available to single, multi line, analog PBX and Integrated Access customers.

For a monthly fee per line, the WMP customer will receive wiring repairs at no incremental cost. There are no initiation fees. If a customer chooses to order WMP, it must be purchased on all eligible lines per service location. Existing customers purchasing the WMP will experience a 30 day waiting period before the plan is effective. New customers purchasing WMP will benefit from the plan upon initiation of their service.

Customers who do not subscribe to WMP may incur maintenance service charges for all Company premises visits and wiring repairs.

3.39.2 Single-line Telephone Service

The Company will diagnose, repair and maintain the inside wiring from the Demarcation Point, as defined in the Voice Service Order/ Integrated Services Order form, to and including the telephone jacks inside Customer's premises associated with each eligible telephone line covered under the WMP (subject to the "Exclusion" listed elsewhere in this section) that became necessary and are reported to the Company.

3.39.3 Multi-Line or Analog Trunk Telephone Service

The Company will diagnose, repair and maintain the inside wiring from the Demarcation Point, as defined in the Voice Service Order/Integrated Services Order form, to the extended Demarcation Point terminating at Customer's key service unit ("KSU"), or analog PBX, associated with each eligible telephone line covered under the WMP (subject to the "Exclusions" listed elsewhere in this section) that become necessary and are reported to the Company. Trouble isolation can often be accomplished through office testing facilities. The Company reserves the right to dispatch technicians at its sole discretion to isolate any service problems. Customers will be charged a maintenance service charge in accordance with the Company's Tariffed List Price for any technician service visit provide by the Company or its representatives, if Customer does not subscribe to the Wire Maintenance Plan.

- * Repair or maintenance of inside wire and jacks for marine activity, recreational vehicles (RVs) and construction trailers, or other temporary or moveable structures;
- * Repair of damages caused by Customer's faulty telecommunications equipment;
- * Repair of damages due to the negligence, intentional misuse or abuse caused by Customer, its employees or agents;
- * Repair of damages due to riots, acts of war, natural disasters such as floods, fire, windstorms and earth quakes, or acts of God; and
- * Non-standing wiring, i.e., wiring which does not meet telephone industry standards or the National Electric Code Material Standards for carrying telephone signals. The Wire Maintenance Plan will cover the repair of breaks to non-standard wire, but only to restore the wire to its original condition. The Wire Maintenance Plan does not cover replacement of non-standard wire.

The Company, in its sole discretion, reserves the right to exclude other repairs or maintenance other than those set above.

SECTION 3 - SERVICE DESCRIPTIONS, (CONT'D.)**3.39 Wire Maintenance Plan, (Cont'd.)****3.39.8 Termination**

Customers may terminate participation in the Wire Maintenance Plan at any time by giving notice to the Company as set forth under the Notices provision of the Voice Service Order/Integrated Access Order form. The Company may terminate Customer's participation in the Wire Maintenance Plan as provided for under the Voice Service Order/Integrated Access Order form.

3.39.9 Effective Date

Commencement of coverage under the Wire Maintenance Plan for existing voice service shall not be effective until thirty (30) days after the Company receives Customer's request to commence the Wire Maintenance Plan. Commencement of coverage under the Wire Maintenance Plan for new voice service shall be effective on a date to be determined by the Company, which shall not be later than thirty (30) days after the installation of said new voice service. Should Customer subscribe to the Wire Maintenance Plan at the same time Customer request service on an inside wire or jack problem, the Wire Maintenance Plan will not cover service for that particular visit or problem, and Customer will be charged a maintenance service charge in accordance with the Company's Tariffed List Price.

3.40 Intercept Services

3.40.1 General

Intercept Service provides a recorded announcement that states the line number status and a referral number, if available, for calls placed to a disconnected or changed business line number.

Intercept Service is subject to the availability of facilities.

Basic Intercept Service is provided free of charge to business customers for primary and DID numbers upon request for a minimum of 120 days. A charge applies per month per number for Extended Intercept Service in which a request is made for intercept service beyond the initial free time period. The service will be available for a maximum of eight months following the initial free period of Basic Intercept Service.

The charge for this service is billed in advance as a one time charge on the final invoice for that number, and is based on the length of time service is requested.

3.42.3 ISDN PRI

A. ISDN PRI Trunk Service* (C)

1. General

ISDN PRI trunk service provides access to and from the Public Switched Telephone Network (PSTN) for circuit switched voice (CSV) and circuit switched data (CSD) communications. ISDN PRI Trunk Service is provided using Integrated services Digital Network (ISDN) architecture. ISDN services available with ISDN PRI Trunk Service use Primary Rate Interface (PRI) technology. ISDN PRI Trunk Service employs a 1.544 Mbps facility typically divided into twenty-three B channels and one D channel. B channels are used for voice and data communications while the D channel provides out-of-band signaling.

2. Service Components

- (a) Trunk Interface (TI) - Provides the PRI termination and a digital multichannel transmission path between the central office and the customer's premises.
- (b) Backup D-Channel (BD-C) B Allows enhanced survivability of ISDN PRI Trunk links by providing automatic takeover for a failed D-channel.
- (c) Calling Line Identification (CLID) B Allows the number and/or name (where technically capable) of the calling party to be delivered to the called party as part of the called party set up message, i.e., before ringing begins.
- (d) Dynamic Channel Allocation (DCA) B Allows a customer to designate the quantity of call types to be allocated within previously provisioned criteria for either DID or DOD services.
- (e) Network Ring Again (NRA) B Allows the customer to automatically complete calls made to busy stations of a different PRI connected PBX system served by the same central office switch.

* As of March 16, 2007, this service will only be available to current customers. (N)

Customers may increase the amount of voice channels in one-channel increments (up to a maximum of 20 total voice channels). Total Communications integrates voice and data services on a single high capacity facility. The service characteristics and capabilities of the voice services described in this Section are as described in this tariff for multi line business.

The customer will select a package of 6 lines for local exchange access. The balance of the facilities capacity is available for additional voice or data applications. Charges for nonregulated services and options will apply in addition to the charges referenced below. The charges for voice lines are inclusive of appropriate End User Common Line (EUCL), Hunting, and Touch Tone Charges.

New customers as of November 22, 2002 that select Metro service will be billed a Metro Additive Charge for each Metro line in addition to the Base Package and Incremental Line Charges in their applicable rate group. Existing customers who have Metro lines will be billed the Optional MCA package charges until their contract expires.

Customers must sign a minimum (1) year term agreement for Total Communications. Full termination liabilities are assessed for early termination of service.

D. Total Communications – With Digital Handoff

Total Communications with Digital Handoff is designed for customers that need high-speed Internet Access and digital signaling on 6-20 voice channels. The base package includes 6 voice channels and 256K of Internet Access. The balance of the capacity is available for additional voice or data applications. Customers may increase the amount of voice channels in one-channel increments (up to a maximum of 20 total voice channels). Total Communications integrates voice and data services on a single high capacity facility.

The customer will be responsible for the connection from the Integrated Access Device to their equipment (no connection block will be provided with this service). Customers must digitally accept all of their channels. No more than two trunk groups will be provisioned for any given circuit. No custom calling features are available with this product. The available features are the same as those available with the company's Digital PBX product.

Charges for non-regulated services and options will apply in addition to the charges referenced below. The charges for voice lines are inclusive of appropriate End User Common Line (EUCL), Hunting, Touch Tone, and LNP charges. DID Pricing is available in Section 3.44 of this tariff. LOCAL EXCHANGE SERVICES TARIFF

SECTION 3 - SERVICE DESCRIPTIONS, (CONT'D.)

3.44 DID Services

A. General

DID Service provides the Customer with Direct Inward Dialing on designated voice-grade communications channels. DID Service is to be used in connection with the Customer's Private Branch Exchange (PBX) system. Dialed digits are transmitted for all incoming calls thereby allowing the Customer's PBX system to route incoming calls directly to individual stations by Customer-assigned DID telephone number. Each trunk provisioned for DID Service is automatically configured into a Hunting Arrangement. Charges for blocks of telephone numbers assigned pursuant to the North America Numbering Plan.

B. Recurring and Nonrecurring Charges

Charges are in addition to Local Trunk services as described within this tariff. Additional nonrecurring charges may apply as described within this tariff.
