1.9.4 Rate Application

If the customer subscribes to more than four components on the CBS II bundle Selection List, the four EasyOptions Services to be included in the CBS II Flex bundle will be the four highest priced features based on current, stand alone EasyOptions Services rates. Services purchased in excess of those purchased as components of the CBS II Flex bundle will be charged at the standard tariff rates.

Prices for the 12-month, 24-month and 36-month term agreements for the CBS II primary line are guaranteed for the duration of the term period selected by the customer.

Prices for the CBS II additional line options are determined by the customer's selection on their primary line. The discounted prices for the CBS II additional lines are not guaranteed during any portion of the term period selected by the customer. Therefore, prices for the CBS II ADL options may be changed at any time.

The 12-month term also has a 12-month oral re-subscribe option. If the customer selects the 12-month re-subscribe option, the plan will automatically re-subscribe for a subsequent 12-month term unless the customer advises AT&T Missouri prior to the expiration of the term that it does not wish to re-subscribe. A maximum of two 12-month re-subscriptions are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second re-subscription if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding re-subscribe options prior to the expiration of each 12-month term.

Eligible customers will receive a waiver of normally applicable Service Ordering and Line Connection nonrecurring charges (NRC's) associated with the establishment of local exchange access lines and, if applicable, hunting and EasyOptions Services that are ordered to establish Custom BizSaver II primary and/or additional lines.

At the expiration of a 12-month, 24-month or 36 month term, the rates will revert to the respective month to month CBS II rates as shown in PRICES, preceding.

1.8.6 Revenue Neutrality

The Telephone Company will implement a revenue recovery mechanism based upon anticipated subscription to Optional MCA service as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of Optional MCA service. A review will be conducted after the Commission has completed an audit of MCA losses and the revenue recovery mechanism gains, as a result of MCA service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Telephone Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.

PROMOTIONS

Business Line Installation / Megasaver Plan Promotion

This promotion offers optional term discounts for business customers and waives applicable nonrecurring Service and Equipment Charges associated with installation of the line. This promotion will be available from August 29, 2003 through July 14, 2004. This promotion is also known as The SBC MegaSaver Plan. Eligible services under this promotion are Flat Rate 1-Party, Multi-Line and Flat Rate Trunk Local Exchange Service. Business Flat Rate Access Line and Trunk Services that rate reference the eligible services listed above are also eligible for the promotion. The Promotion provides for 12-, 24-, 36-, month discounts.

All rules, regulations, fees and surcharges normally applicable to eligible services apply. Applicable Service and Equipment Charges as contained in the Local Exchange Tariff, will be waived.

Customers subscribing to the promotion must commit to a service agreement in a form designated by SBC Missouri establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges as long as they negotiate a new service agreement that is greater than the existing term and contains an equal or greater number of Business Access Lines than their existing service agreement. The new service agreement will be based upon the monthly Business Access Line Rates in effect at the time the new service agreement is established. Termination charges will also not apply if a customer upgrades to another SBC Missouri service under a service contract whose term period is equal to or greater than the term period remaining on the service agreement being terminated. Customers requesting the termination of a service agreement prior to the expiration date, excluding the circumstances mentioned above, will be charged a termination charge.

Upon expiration of a service agreement, the service will automatically be billed at the monthly rates set forth in the Local Exchange Tariff, in effect at the time the service agreement expires unless a new service agreement is negotiated

When a customer subscribing to this promotion moves service from one service location to another, the duration and discount associated with the service agreement is not affected. If the applicable Local Exchange Access Monthly Rate changes as a result of the move, the monthly rate at the new service location will be based on the rate in effect at the time of the move. Termination charges do not apply if the customer agrees to continue the service agreement at the new service location and retains Local Exchange Access Lines that equal or exceed the number of lines that were connected at the old service location.

Business Volume Discount Plan Promotion

(MT)
(AT)

Description

A promotional offer will be available to all eligible business customers April 1, 2004 through August 19, 2004. Eligible customers will receive a discount per line or per trunk off the recurring monthly service rate. The discount varies depending on the term period selected:

(MT)

Term Commitment

Discount

Two year term agreement	12%
Three year term agreement	13%
Five year term agreement	13.5%

The customer will not receive the discount if, at the time of billing, the number of lines and/or trunks in-service is less than fifty.

This promotional offer may also be known as the "Nifty Fifty Plan".

Eligibility

Customers with no less than fifty business access lines and/or trunks and who enter into a two, three, or five-year term agreement are eligible. Customers subscribing to Plexar-II, Plexar Custom and Plexar Express are also eligible. Each Plexar line simulated facility group will count as an access line for the purposes of meeting the 50 access line requirement and all other terms and conditions for the applicable Plexar service apply.

Terms and Conditions

A written agreement must be executed as prescribed by the Company. In addition to the service locations, said agreement will include the term period and discount percentage to be applied to the monthly rate. The discount agreement will state the service locations included under this agreement. In the event the customer moves or adds a new location to be included in the agreement, the new location will need to be added to the agreement in order to receive the discount. This service agreement does not supercede and is not in lieu of any contract or tariff under which the customer subscribes to local access lines or trunks or any Plexar service. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Business Optional Term Discount Promotion

This promotion offers optional term discounts for all business customers. In addition, standard nonrecurring Service and Equipment Charges associated with installation of the line will be waived for customers coming from other carriers and for existing customers that subscribe to the promotion that are adding lines. This promotion will be available from July 15, 2004 through November 1, 2004. This promotion is also known as The SBC MegaSaver Plan. Customers are only eligible for the waivers at the time MegaSaver is ordered. Eligible services under this promotion are Flat Rate 1-Party, Multi-Line and Flat Rate Trunk Local Exchange Service. Business Flat Rate Access Line and Trunk Services that rate reference the eligible services listed above are also eligible for the promotion. The Promotion provides for 12-, 24-, 36-, month discounts.

All rules, regulations, fees and surcharges normally applicable to eligible services apply.

Customers subscribing to the promotion must commit to a 12-, 24-, or 36-, month service agreement in a form designated by SBC Missouri establishing the term period and discount percentage to be applied to the monthly rate in effect at the time the customer enters into the service agreement. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

The 12-month term also has a 12-month renewable option. If the customer selects the 12-month renewable option, the plan will automatically renew for a subsequent 12-month term unless the customer advises SBC Missouri prior to the expiration of the term that it does not wish to renew. A maximum of two 12-month renewal terms are available, and the service converts to a month to month basis at the applicable month-to-month rates after the expiration of the second renewal term if the customer does not terminate the service. The customer will be sent written notification of the term selected and subsequent notifications regarding renewal options prior to the expiration of each 12-month term.

Customers may choose to terminate an existing service agreement before the end of the term period without paying termination charges as long as they negotiate a new service agreement that is greater than the existing term and contains an equal or greater number of Business Access Lines than their existing service agreement. The new service agreement will be based upon the monthly Business Access Line Rates in effect at the time the new service agreement is established. Business Access Line Term Discount Plan (Cont'd)

Terms and Conditions

A written agreement must be executed as prescribed by the Company. In addition to the service locations, said agreement will include the term period and discount percentage to be applied to the monthly rate. The discount agreement will state the service locations included under this agreement. In the event the customer moves or adds a new location to be included in the agreement, the new location will need to be added to the agreement in order to receive the discount. This service agreement does not supercede and is not in lieu of any contract or tariff under which the customer subscribes to local access lines or analog trunks or any Plexar service. The discount rate will remain fixed through the life of the commitment, however, if the base flat rates for lines/trunks change, the price per month will change accordingly.

Upon expiration of the agreement, the services will automatically be billed at the monthly rate for month-to-month local access lines, analog trunks or Plexar lines which is then in-effect as set forth in the Local Exchange Tariff or General Exchange Tariff.

In the event customer adds lines or analog trunks, standard charges for the additions apply, including, but not limited to applicable Service and Equipment charges.

No Local access line or analog trunk covered under this offer may be discounted under another Company discount plan or promotion.

Customers must complete and return a properly executed agreement no later than 90 days after the promotional period ends.

Termination Charges

If the customer terminates the Nifty Fifty agreement prior to the expiration of the 24, 36, 48, or 60-month service term, the customer shall pay a termination charge. Payment of the termination charge does not release the customer from other previous amounts owned to the Company. The termination charge shall be:

- All unpaid special Construction charge or nonrecurring charges (excluding any waived charges); plus
- Fifty percent (50%) of all recurring charges for the 50 lines times the remaining months of the customer's term.
