LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

1.12 OPTIONAL CALLING PLANS-(Continued)

1.12.4 Promotions

(AT) B. 1+ Saver 10-Hour Block of Time Promotion

1. Promotion Description

- a. During an 89-day period beginning on the effective date of this tariff, Southwestern Bell Telephone Company will provide a credit to new and existing business customers, served within a Southwestern Bell Telephone Company exchange, who subscribe to the 1+ Saver 10-Hour Optional Calling Plan and meet both of the following conditions.
 - i. Make a 12-month commitment (Commitment Period) to an average of 5,000 additional monthly 1+ Saver 10-Hour Optional Calling Plan minutes (over the usage in the prior month), and achieve this commitment level in the first full billing cycle, and
 - ii. Make a commitment to a specified level of total average monthly 1+ Saver 10-Hour Optional Calling Plan minutes of use (MOU). A minimum of 5,000 MOUs applies, over the Commitment Period.
- b. The amount of the credit is shown below.

Monthly 1+ Saver 10-Hour Plan MOU Usage Commitment Levels	Applicable One-Time Credit
5,000	\$1,500
6,000	\$1,800
8,000	\$2,400
10,000	\$3,000
12,000	\$3,600
14,000	\$4,200
16,000	\$4,800
18,000	\$5,400
20,000	\$6,000
22,000	\$6,600
24,000	\$7,200
26,000	\$7,800
28,000	\$8,400
30,000	\$9,000

1.12 OPTIONAL CALLING PLANS-(Continued)

1.12.4 Promotions-(Continued)

(AT) B. 1+ Saver 10-Hour Block of Time Promotion-(Continued)

2. Terms and Conditions

- a. Customers may not combine this promotion with any other promotion covering the same usage or with promotions covering the same trunks.
- b. Customers will receive their credit when the first full billing period's incremental usage and MOU usage commitment level is verified.
- c. After the first full billing period, the customer may, on a one-time basis, adjust the total usage commitment agreed upon.
- d. Customers who change service location during the promotion may retain the promotion under the original time frames.
- e. Customers who fail to meet the terms and conditions set forth above will be billed for all previous credits and waivers granted, except as follows:
 - i. Customers' locations which are still in service at the end of the 12 month Commitment Period and which have not met their monthly average 1+ Saver 10-Hour MOU usage commitment, but which have 1+ Saver 10-Hour monthly average MOUs of at least 5,000, will be billed for a partial recovery of credit previously given. The partial recovery of credit will be calculated as follows:
 - ii. The customer will be billed the difference between the promotional usage credit received by the customer and the promotional usage credit associated with the 1+ Saver 10-Hour Plan MOU commitment level that the customer actually met over the 12 month Commitment Period.
- f. Customers who take this promotion are also eligible to receive a waiver on the Service and Equipment charge for new lines as specified in section 1.1.6 of the Local Exchange Tariff (P.S.C. Mo.-No. 24) and/or any applicable Installation Charges, as specified in section 38.2.2(F) of the General Exchange Tariff (P.S.C. Mo.-No. 35).

1.13 GENERAL PROMOTIONS

MO. PUBLIC SERVICE COMM

For a period of one year, beginning with the effective date of this tariff, Southwestern Bell Telephone Company may offer promotions for 30 days or longer in Southwestern Bell Telephone Company's exchanges for Long Distance Message Telecommunications Services. The promotions Southwestern Bell Telephone Company may offer consist of waivers or credits, for amounts up to and including \$60, for new subscribers to specific service offerings. In certain instances, the customer may be required to retain service for a specific period. Southwestern Bell Telephone Company will provide written notice to the Commission 10 days prior to the beginning of each promotion period identifying the exchanges or LATAs within which the promotions will be offered, the beginning and expiration date of each promotion, the applicability to residence or business customers, and the specific waiver or credit offered. The written notice will be filed in an appendix in Southwestern Bell Telephone Company's Long Distance Message Telecommunications Service Tariff. Southwestern Bell Telephone Company will not offer a promotion that does not generate sufficient projected revenues to cover long run incremental costs.

This promotion methodology will be offered on a one year trial basis. If facilities permit, all Missouri residence or business customers will be offered the same opportunity to take advantage of the same promotions during this trial period.

b. Acoustic, Inductive Connections

Customer-provided voice recording equipment may not be connected with facilities of the Telephone Company for the recording of two-way telephone conversations by means of an acoustic or inductive connection, except under the following conditions (and under such following excepted conditions the distinctive recorder tone described in 1.10.2B.2.a. preceding is not required):

- When used by a Federal Communications Commission licensed broadcast station customer for the recording of two-way telephone conversations solely for broadcast over the air.
- When used by a public fire and police service for the recording of two-way telephone conversations provided that the proper public authority certifies that the service will be used exclusively for the receipt of emergency fire and police calls.
- When used by the United States Secret Service of the Department of the Treasury for recording of two-way telephone conversations which concern the safety and security of the person of the President of the United States, or members of his immediate family, or the White House and its grounds.
- When used by a broadcast network or by a cooperative programming effort composed exclusively of Federal Communications Commission broadcast licensees to record two-way telephone conversations solely for broadcast over the air by a licensed broadcast station.

1.10 CONNECTIONS WITH EQUIPMENT OR FACILITIES PROVIDED BY CUSTOMERS-

1.10.2 Connections With Customer-Provided Terminal Equipment (Con't.)

B. Voice Transmitting and/or Receiving Terminal Equipment-(Con't.)

2. (Continued)

a. Connection of customer-provided voice recording equipment with facilities of the Telephone Company for the recording of two-way telephone conversations is permitted only by means of a direct electrical connection through a connecting arrangement furnished, installed and maintained by the Telephone Company, which contains a recorder tone device automatically producing a distinctive recorder tone that is repeated at intervals of approximately fifteen seconds when the recording equipment is in use, except such recorder tone need not be produced when the recording equipment is used as follows:

(CP)

- by a Federal Communications Commission licensed broadcast station customer for the recording of two-way telephone conversations solely for broadcast over the air
- by a public fire and police service for the recording of two-way telephone conversations provided that the proper public authority certifies that the service will be used exclusively for the receipt of emergency fire and police calls.

Original Sheet 53

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE, Missouri Public Service Commission

1.14 INTERIM ONE-WAY COMMUNITY OPTIONAL SERVICE (INTERIM COS)

REC'D NOV 20 1998

A. General

1. Service Description

Interim One-Way Community Optional Service (Interim COS) is a one-way optional plan that allows customers in certain COS Petitioning Exchanges to purchase intraLATA interexchange calling to customers in designated exchanges, known collectively as their COS Calling Scope, under terms, conditions and rates as found in the Company Tariff(s). The Interim COS Calling Scope consists of the COS Target Exchange to which COS Petitioning Exchange customers have qualified for COS calling, plus all other exchanges with which customers in the COS Target Exchange have Extended Area Service (EAS).

2. Service Availability

This service is available only to customers located in the Petitioning Exchanges listed in 1.14.D.2. This service is being offered only on a temporary basis and will be eliminated at the earlier of the implementation of intraLATA presubscription in the Petitioning Exchange in which Interim COS is offered or July 1, 1999. No petitions or any other requests for new COS routes or Interim COS routes will be accepted.

CANCELLED

B. Regulations

1. Rules and Regulations

OCT 02 2000
By ISRS 53
Public Service Commission
MISSOURI

Unless otherwise stated, Interim COS is subject to the Rules and Regulations applying to all customer contracts as specified in the General Exchange Tariff.

2. Conditions

- a. Interim COS will be offered as a one-way optional flat rate service. One-way optional flat rate service allows customers to make unlimited calls to the COS Target Exchange Calling Scope for a recurring monthly flat rate.
- b. The calling scope of the Interim COS route will be to the COS Target Exchange plus its EAS exchanges. Any EAS additives applicable in the COS Target Exchange apply to the Interim COS subscriber in addition to the Interim COS monthly flat rate.

1.10 CONNECTIONS WITH EQUIPMENT OR FACILITIES PROVIDED BY CUSTOMERS- (Continued)

1.10.3 Connections With Customer-Provided Communications Systems

A. General

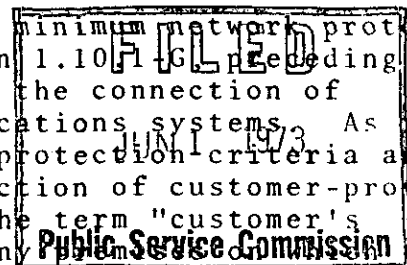

Customer-provided communications systems (including channels derived from such systems, not exceeding voice grade) may be connected with long distance message telecommunications service at the premises of the customer provided that:

- 1. Such long distance message telecommunications service or customer-provided communications system is utilized for the origination or termination of communications at the customer's premises where the connection is made.
2. The connection shall be either through a network control signaling unit and connecting arrangement, furnished, installed and maintained by the Telephone Company, or through customer-provided equipment which effects such connections externally to a Telephone Company network control signaling unit by means of an acoustic or inductive connection for transmitting and/or receiving.
3. Where the connection of the customer-provided communications system involves direct electrical connection to the facilities furnished by the Telephone Company for long distance message telecommunications service such connection shall be made through switching equipment provided either by the customer or by the Telephone Company.
4. The provisions relating to minimum network protection criteria set forth in 1.10.1 preceding shall apply, as appropriate, to the connection of customer-provided communications systems. As related to minimum network protection criteria and when applied to the connection of customer-provided communications systems, the term "customer's premises" shall include an area in which the customer-provided communications system is terminated.

Original Sheet 54

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE **Missouri Public Service Commission**

1.14 INTERIM ONE-WAY COMMUNITY OPTIONAL SERVICE (INTERIM COS) **REC'D NOV 20 1998**

B. Regulations - (Continued)

1. Rules and Regulations - (Continued)

- c. Unless otherwise specified in these conditions, Interim COS is offered to all classes and grades of residence and business customers located in an Interim COS qualifying exchange on a per line basis.
- d. Interim COS is not offered in conjunction with Cellular or Customer-Owned Pay Telephone Services or comparable services offered by other local exchange companies in their exchanges listed in this tariff.
- e. Interim COS may only be used for the communications of a single end user. Interim COS may not be used to aggregate communications in any form. Prohibited aggregation includes, but is not limited to, using services that provide multiple communication paths in conjunction with Interim COS. Interim COS shall be used solely for calling from the COS Petitioning Exchange to the COS Target Exchange and the other exchanges with which customers in the COS Target Exchange have EAS, and shall not be used in conjunction with any call forwarding arrangement.
- f. The minimum service period for subscription to Interim COS is one month.
- g. When a customer's telecommunications service is arranged for his or her own administrative use, versus use by his or her patrons (such customers may include, but are not limited to hotel/motels, hospitals or universities), Interim COS may be purchased for the administrative trunks only.
- h. Under no circumstances may Interim COS be shared or resold.

CANCELLED

C. Rate Application

1. General

Interim COS rates and charges apply in addition to all other charges paid by the customer for other services of the Telephone Company.

2. Monthly Recurring Rates

- a. The Interim COS monthly recurring rates apply on a per-line or per-trunk basis, except for Plexar or Centrex type services which are billed on a PBX trunk equivalent basis, as specified elsewhere in this tariff.
- b. The Interim COS monthly recurring rates are billed one month in advance.

1.10 CONNECTIONS WITH EQUIPMENT OR FACILITIES PROVIDED BY CUSTOMERS- MISSOURI (Continued)

1.10.3 Connections With Customer-Provided Communications Systems (Continued)

(AT) B. The rates and charges for connecting arrangements are those as specified for customer-provided communications systems in Paragraph 5.2.5 in Section 5 of the General Exchange Tariff.

1.10.4 Connections with Certain Facilities of Power, Pipe Line and Railroad Companies

A. Telephone facilities of an electric power company or oil, oil products or natural gas pipe line company, or railroad company provided primarily to communicate with points located along a right-of-way (including premises of such company anywhere in cities, towns or villages along the right-of-way) owned or controlled by such company may, in lieu of the provisions of 1.10.3 preceding, be connected with long distance message telecommunications service, for the following purposes:

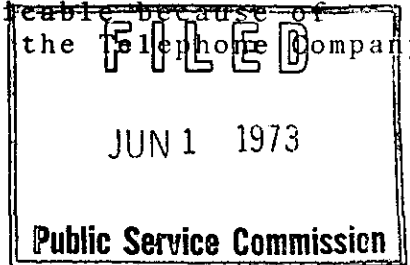

- 1. in cases of emergency involving safety of life or property.
2. in addition, in cases of calls originated by railroad employees under circumstances indicating need for prompt action to secure or maintain the safety, continuity, or reliability of railroad service to the public, and related to the movement of passengers, mail, property, or equipment by railroad, or the repair, maintenance, or construction of railway rights-of-way, structures, or equipment;

-in cases where the customer facilities service locations where it is impracticable because of hazard or inaccessibility for the telephone company to furnish its facilities;

- A. (Continued)
- 2. (Continued)

-during an interim period in cases where the customer has arranged for replacement of said customer facilities with facilities of the Telephone Company.

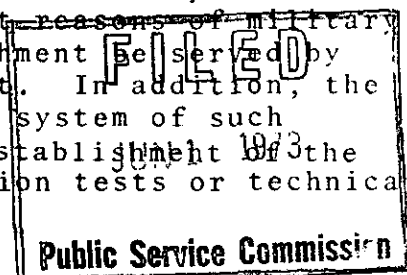

- B. Telephone circuits of such companies will be connected to a local or toll central office line to form a through connection only through manual switching equipment, or an attendant's position of dial PBX equipment furnished to the customer by the Telephone Company. Such equipment or position may be located at either or both ends of the customer's circuit.
- C. Connection of a telephone circuit of such companies as specified preceding may be established at either end of such circuit, but shall not be established at both ends simultaneously.

1.10.5 Connections with Certain Facilities of the U.S. Army, Navy and Air Force

- A. Facilities of a telephone system of the U.S. Department of the Army, Navy or Air Force which serves an establishment operated and administered under the direction of the Department and commanded by authorities of such establishment, may, in lieu of the provisions of 1.10.3 preceding, be connected with long distance message telecommunications service where the Secretary of the Department certifies in writing that reasons of military necessity require that the establishment be served by a telephone system of the Department. In addition, the facilities of a temporary telephone system of such Department located off permanent establishment of the Department for maneuvers, mobilization tests or technical service tests will be so connected.

1.11.1 General

A. General Provision

Communications systems provided by the Other Common Carrier (Listed in 1.11 F.) may be connected with the facilities furnished by the Telephone Company for long distance message telecommunications service as specified in Paragraph 1.11.

B. Responsibility of the Customer

Where long distance message telecommunications service is available under this Tariff for use in connection with Other Common Carrier-provided communications systems, the operating characteristics of such systems shall be such as not to interfere with any of the services offered by the Telephone Company. Such use is subject to the further provisions that the Other Common Carrier-provided systems do not endanger the safety of Telephone Company employees or the public; damage, require change in or alteration of the equipment or other facilities of the Telephone Company; interfere with the proper functioning of such equipment or facilities; impair the operation of the telecommunications system or otherwise injure the public in its use of the Telephone Company's services. Upon notice from the Telephone Company that the Other Common Carrier-provided system is causing or is likely to cause such hazard or interference the customer shall arrange with the Other Common Carrier to make such change as shall be necessary to remove or prevent such hazard or interference.

C. Network Control Signaling

Satisfactory performance of the telecommunications network requires functional compatibility of the network and the switching equipment involved.

2. The Telephone Company shall not be responsible to the customer or otherwise if changes in minimum network protection criteria as stated in 1.10.1-G, preceding or in any of the facilities, operations or procedures of the Telephone Company render any Other Common Carrier-provided system, or any portion thereof, obsolete or require modification or alteration of such system, or any portion thereof, or otherwise affect its use or performance.

H. Violation of Regulations

When any Other Common Carrier-provided system is connected to the facilities furnished by the Telephone Company for long distance message telecommunications service in violation of any of the provisions in 1.11 A through 1.11 H the Telephone Company will take such immediate action as necessary for the protection of the network, and will promptly notify the customer of the violation. The customer shall discontinue such connection of the system or correct the violation and shall confirm in writing to the Company within 10 days, following the receipt of written notice from the Company, that such connection has ceased or that the violation has been corrected. Failure of the customer to discontinue such connection or to correct the violation and to give the required written confirmation to the Telephone Company within the time stated above shall result in disconnection of the customer's service until such time as the customer complies with the provisions of this Tariff.

APPENDIX
2nd Revised Sheet 1
Replacing 1st Revised Sheet 1

LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

PROMOTIONS

(RT)

(AT) A. During a period beginning January 10, 2000 and ending March 31, 2000, Southwestern Bell Telephone Company will offer the following promotional benefits to business customers:

1. New business customers who subscribe to a 1+ SAVER 1-Hour Block of Time Optional Calling Plan with a twelve (12) month term commitment will receive a credit equal to one month of the monthly recurring charge applied to their bill every third month of the term.
2. To qualify for benefits under this promotion, a customer must agree to and maintain a twelve (12) consecutive month subscription. If a customer enrolled in the promotion disconnects service prior to the expiration of the 12 month subscription period, the customer will not be eligible to receive any additional unpaid credits.
3. Customers will continue to receive the benefits for twelve (12) consecutive months from the date of enrollment, as long as Southwestern Bell Telephone Company is their selected intraLATA long distance carrier.
4. Customers may select only one plan per Billed Telephone Number. All terms and conditions, including but not limited to the 12 month subscription, will continue to apply if the service is moved, the billed telephone number changes, or the bill name changes, as long as Southwestern Bell Telephone Company is the intraLATA long distance carrier.
5. Customers may not simultaneously participate in other promotions unless otherwise specified in this tariff or other applicable Southwestern Bell Telephone Company agreements. Customers participating in other promotions or promotional packages which already provide a discount on the 1 + SAVER 1-Hour Block of Time Optional Calling Plan do not qualify for this offer.
6. All other services are available at the rates provided in the tariff. All other terms and conditions remain unchanged.

(AT)

Issued: December 28, 1999

Effective: January 7, 2000

No supplement to this tariff will be issued except for the purpose of canceling this tariff.
