LINES

- (a) The Company will provide the Customer water service at the outdoor meter, or at the property line. Separate units shall be served through separate service lines.
- (b) The Service Connection from the water main to the Customer's property line, the meter installation and setting shall be constructed, owned and maintained by the Company. Service line construction and maintenance from the property line or meter setting, including the connection to the meter setting, to the building shall be the responsibility of the Customer, and is subject to inspection by the Company. Customers shall be responsible for the cost of repairing any damage to the Company's lines, meters, and meter installations caused by the Customer, his agent, or tenant. Customer shall be responsible for a fee to Company for inspection of the initial connection of service.
- (c) Existing water service lines may be used in connecting with new buildings only when they are found by examination and testing not to constitute a hazard to the health and safety of any Customer or the Company's facilities.
- (d) The Customer's water service lines shall be brought to the unit at a depth of not less than 36 inches and have a minimum inside diameter of 3/4 of an inch upon entering the building. The service line shall be valved. This valve must be kept in good repair in order to shut off the water supply and drain the inside plumbing, if necessary.

4. Failure to comply with the terms and conditions of a settlement agreement.
5. Refusal to grant access at reasonable times to equipment installed upon the premises of the customer for the purpose of inspection, meter reading, maintenance or replacement.
6. Violation of any of these rules on file with and approved by the Public Service Commission, or for any condition which adversely affects the safety of the customer or other persons, or the integrity of the utility's delivery system.
7. Enclosing or obstructing any meter so as to make reading or repairs unreasonably difficult.

(b) The company may discontinue service after notice by first class mail is sent to the customer at least ten (10) days prior to the date of the proposed discontinuance. If written notice is hand delivered to the customer, it shall be done at least ninety-six (96) hours prior to discontinuance. If the company intends to discontinue service to a multi-tenant dwelling, a notice shall also be conspicuously posted in the building ten (10) days prior to the proposed discontinuance. Service of notice by mail is complete upon mailing. Discontinuance shall not occur more than eleven (11) business days after the date given as the discontinuance date.

RENDERING OF WATER SERVICE

Rule 7 DISCONTINUANCE OF WATER SERVICE BY COMPANY  
(continued)

- (c) The Company shall make reasonable effort to communicate with the customer regarding the reason(s) for discontinuance of service, and the resolution. If discontinuance of service would affect an occupant who is not the Company's customer, or is not responsible for payment of the bill, then the Company shall make reasonable effort to inform such occupant(s) of the matter.
- (d) The Company shall postpone the discontinuance if personnel will not be available to restore service the same day, or if personnel will not be available to restore service the following day. The Company also shall postpone discontinuance if a medical emergency exists on the premises, however, the postponement may be limited to 21 days, and the Company may require proof of a medical emergency.
- (e) Discontinuance of service will be made during reasonable hours. Company personnel shall identify themselves and announce the intentions to disconnect service, or leave a conspicuous notice of the disconnect.
- (f) The provisions of paragraphs (c) and (e) above may be waived if safety of Company personnel while at the premises is a consideration.
- (g) Discontinuance of service to a unit for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection of monies due from the customer.
- (h) In case the Company discontinues its service for any violation of these Rules and Regulations, then any monies due the Company shall become immediately due and payable.

Rule 11	<u>METERS AND METER INSTALLATION</u>	
(a)	All permanent service connections shall be metered. The Company's installed meter shall be the standard for measuring water used to determine the bill.	
(b)	All meters and meter installations shall be furnished, installed, maintained and removed by the Company and shall remain its property.	
(c)	The Company shall have the right to determine on the basis of the Customer's flow requirements the type and size of meter to be installed and location of same. If flow requirements increase or decrease subsequent to installation and a larger or smaller meter is requested by the Customer, the cost of installing such meter shall be paid by the Customer.	
(d)	Service to any one Customer shall be furnished through a single metering installation. Where a building is occupied by more than one tenant, the building shall be served by one meter. The Customer may rearrange piping at his own expense so as to separate the units and meter his tenants as he chooses, then divide the bill accordingly.	
(e)	The meters and meter installations furnished by the Company shall remain its property, and the owners of premises wherein they are located shall be held responsible for their safekeeping. For failure to protect same against damage, the Company may refuse to supply water until the Company is paid for such damage. The amount of the charge shall be the cost of the necessary replacement parts and the labor cost necessary to make the repair.	FILED NOV 25 1992 92-177 MR. PUBLIC SERVICE COMM.

Rule 13 BILL ADJUSTMENTS BASED ON METER TESTS

(a) Whenever any test by the Company of a meter while in service or upon its removal from service shall show such meter to have an average error of more than five percent (5%) on the test streams prescribed by the Commission, the Company shall adjust the Customer's bills by the amount of the actual average error of the meter and not the difference between the allowable error and the error as found. The period of adjustment on account of the under-registration or over-registration shall be determined as follows:

- (1) Where the period of error can be shown, the adjustment shall be made for such period.
- (2) Where the period of error cannot be shown, the error found shall be considered to have existed for three (3) months preceding the test.

(b) If the meter is found on any such test to under-register, the Company may render a bill to the Customer concerned for the estimated consumption not covered by bills previously rendered during the period of inaccuracy as above outlined. Such action shall be taken only when the Company was not at fault for allowing the inaccurate meter to remain in service.

(c) If the meter is found faster than allowable, the Company shall refund to the Customer concerned any overcharge caused thereby during the period of inaccuracy as above defined. Said refund may, at the Company's option, be in the form of a credit to the Customer's bill.

MO. PUBLIC SERVICE COMM.

(A) This rule shall govern the extension of mains by the Company in areas where there are no water mains in the streets and/or roadways. The Company will extend its mains along streets or roads within its certified area to serve new customers under the following terms and conditions:

(1) Upon receipt of a written application for a main extension, the Company will provide the Applicant(s) an itemized estimate of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required, including valves, fire hydrants, booster stations, storage facilities, reconstruction of existing mains (if necessary), and the direct costs associated with supervision, engineering, permits, and bookkeeping. Applicable income tax cost will be added to this estimate calculated at the maximum rate.

(2) Applicants shall enter into a contract with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in A-1, plus the appropriate customer connection fee. The contract may allow the customer to contract with an independent contractor for the installation and supply of material, except that mains of 12" or greater diameter must be installed by the Company and the reconstruction of existing facilities must be done by the Company.

(4) Refunds of contributions shall be made to Applicant(s) as follows:

(a) Should the actual cost of the extension be less than the estimated cost, the Company shall refund the difference as soon as the actual cost has been ascertained.

(b) After the Company has closed its books for the year in which a contribution was made, it will determine its actual income tax cost associated with each extension and refund any excess income tax costs collected from each Applicant.

(c) During the first ten years after the main extension is completed, the Company will refund to the initial Applicants who paid for the extension, monies collected from subsequent Applicants in accordance with paragraph 3 above. The refund shall be paid within a reasonable time after the money is collected.

Rule 14 EXTENSION OF WATER MAINS (continued) **OCT 15 1992**

MO. PUBLIC SERVICE COMM.

(d) The sum of all refunds to any Applicant shall not exceed the total contribution, adjusted for taxes associated with the extension, which the Applicant has paid.

- (5) Extensions made under this rule shall be and remain the property of the Company.
- (6) The Company reserves the right to further extend the main and to connect mains on intersecting streets and easements and customers connected to such further extensions shall not entitle the applicant(s) paying for the original extension to a refund for the connection of such customers.
- (7) Extensions made under this rule shall be of company approved pipe sized to meet water service requirements. If the Company chooses to size the extension larger in order to meet the Company's overall system requirements, the additional cost caused by the large size of pipe shall be borne by the Company.
- (8) No interest will be paid by the Company of payments for the extension made by the Applicant(s).
- (9) If extensions are required on private roads, streets, through private property, or on private property adjacent to public right-of-way, a proper deed of easement must be furnished to the Company without cost to the Company, before the extension will be made.
