4.6 Toll Services (continued)

4.6.6 Toll Service

Provides facilities to complete interLATA, intrastate or intraLATA, interexchange calls between two points. Customer makes call by dialing directly or with operator assistance. Direct Dialing includes 1 + Area Code (where necessary) + telephone number, or, in some cases for IntraLATA, users must access the Company's network by dialing 1010678 then 1 + Area Code + Number. For operator assistance a customer dials O only, O + telephone number or O + NPA + telephone number for IntraLATA calls.

No monthly recurring charges or minimum monthly billing requirements for outbound long distance calls will apply for those customers using Birch for both local and long distance service. A minimum monthly billing requirement of \$4.95/account per month will apply for customers using Birch for long distance service only.

Monthly Recurring Charge for Long Distance Only Customers: \$1.95

	<u>Per Minute</u>	<u>Minimum Increment</u>	<u>Billing Increment</u>
With Local Service	<Based on Product>	30 seconds	6 seconds
Without Local Service	\$0.099	30 seconds	6 seconds

Long Distance Rates apply to all domestic 1+ direct dialed minutes of use. While there are plans that offer free long distance, the customer may choose to use another carrier for their long distance purposes; however, declining the Birch long distance will not reduce the package monthly rate.

Long distance is only applicable to standard outbound domestic long distance only, originating from Birch customer to the 50 US States, and US territories (Puerto Rico, Guam, USVI, No. Marianas). All other types of calls, (Operator Assisted Long Distance calls, OS/DA, International, Toll Free, Calling Card, etc.), will be rated at standard rate according to the rate tables established for the calls.
