4. SERVICES

4.1 Exchange Access Lines

**MISSOURI  
Public Service Commission**

The Company concurs with the terms and conditions, including all footnotes thereto, applying to and governing Local Exchange telephone service as set forth in the Southwestern Bell Telephone Company Local Exchange Tariff PSC. Mo.-No. 24 on file with and approved by the Commission, and in any amendments thereto as authorized by the Commission or applicable law, to the extent such services are set forth in the following pages of this section of the Tariff. The Company does not concur with the rates of Southwestern Bell Telephone Company for Local Exchange services to the extent that rates for specified services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Commission at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

## E. Lifeline Service-Residence

1. Lifeline Service is a unique class of telephone service provided to an applicant which is designed to meet basic residential communications needs for emergency calls and for the maintenance of necessary social contacts.
2. Lifeline service includes: single party service; voice grade access to the public switched telephone network; Dual Tone Multifrequency (DTMF) or its functional equivalent; access to emergency services; access to operator services; access to interexchange service; and access to directory assistance. Toll limitation services may also be provided as a part of Lifeline Service. Pursuant to paragraph 383 of the FCC's Final Report and Order in Case No. CC 96-45, toll limitation services include both toll blocking, which prevents the placement of all long distance calls for which the subscriber will be charged, and toll control which limits the toll charges a subscriber can incur during a billing period to a preset amount. The purpose of this offering is to maintain and preserve universal service.
3. Lifeline Service applicants are those certified by the Department of Social Services as economically disadvantaged by participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), federal public housing assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP), or income qualified as found in Missouri State Statute 660.105. The customer requesting Lifeline Service must provide to the Company a signed document, certifying under penalty of perjury, that he or she is receiving benefits from one of the programs specified, identifying the program or programs from which he or she is receiving benefits, and agreeing to notify the Company when they no longer participate in the program or programs.
4. Applicants shall not be provided with more than one basic residential access line in his or her principal place of residence. An applicant for Lifeline Service may report only one address in the state as the principal place of residence.
5. Applicants may subscribe to flat rate or measured rate service at discounted rates outlined in 10. following.

6. When Lifeline Service is requested, no Service and Equipment Charge will apply to install the main service access line.
7. A customer may change to Lifeline Service from any other type of residential service at no charge. If a Lifeline customer no longer qualifies for Lifeline Service, that customer must change back to another type of residential service, in which case there will be no charge.
8. All charges either recurring or non-recurring for any service other than Lifeline Service, as described herein, shall be billed at the tariffed rate.
9. Lifeline Service customers shall be exempt from state sales tax applicable to their basic residential access line.
10. Rates (1)

Eligible Residential Customers will receive a \$3.50 discount off the normal applicable tariffed rate for their local exchange one-party flat rate or one-party measured rate service (2).

## F. Extended Area Plus

## 1. Description

Extended Area Plus is an optional one way, outward service where, for a monthly recurring flat rate customers can place calls within their LATA to other customers in exchanges within the Extended Area Plus calling scope, as defined in subsection 4.1.1.F.3 of this tariff.

Qualified usage under this plan is intraLATA customer-dialed, sent-paid, non-coin calls originating at a subscriber's access line and terminating at an access line in an exchange within the Extended Area Plus calling scope as defined in sub-section 4.1.1.F.3 of this tariff.

Calls included in this plan are dialed using a seven-digit or ten-digit local dialing pattern.

## 2. Availability

This service is furnished subject to the availability of the required telecommunications facilities. Implementation of Extended Area Plus will be phased in over a period of time; therefore the service may not be available in all exchanges during the implementation period.

Subject to the restriction above, service is available to Missouri local exchange customers of the Company as listed in Section 3.1 of this Tariff. Service will not be offered to The Company's local exchange customers served by a switch located in another state. Service is available to single party, flat rate residence and business customers. Service is available to multiline customers. Service is not available to Local Measured Service subscribers, Message Rate Service subscribers or multiparty (party line) customers. Service is available to customers subscribing to Metropolitan Calling Area (MCA) Service.

Extended Area Plus is not offered in conjunction with Customer-Owned Pay Telephone Service, Cellular Service or Foreign Exchange Service
