

APPLYING TO MISSOURI SERVICE AREA

GENERAL RULES AND REGULATIONS

V. BILLING PRACTICES (Cont'd.)

E. ESTIMATED BILLING (Cont'd.)

***3. General Estimating Procedures**

In estimating readings, Company will generally use the identical use during the corresponding month of the prior year. If the customer did not use service at this location at that time, the estimated use is the identical use during the preceding month of the current year. Exceptions to the general rule will be basically refinements for initial bills, final bills, bills of electric space heating customers during the first year of service, etc.

Bills rendered for electric service in months in which meters are not read will be subject to all rules and regulations applicable to bills based on actual meter readings.

Where bills are rendered for periods of use in excess of or less than the period provided for under paragraph A, Monthly Billing Periods, all components of the rate will be prorated.

***F. TRANSFER OF BALANCES**

In the event of disconnection or termination of service at a separate customer metering point, premise or location, Company may transfer any unpaid balance to any other service account of the customer having a comparable class of service.
