Dear Secretary:

Enclosed herewith for filing with the Missouri Public Service Commission is a revised tariff sheet, P.S.C. MO. No. 5 Consolidated, Two Hundred and Twenty-First Revised Sheet No. 29 of Laclede Gas Company ("Company"). This revised tariff sheet, which has an issue date of February 14, 2014, and an effective date of March 4, 2014, reflects one of the four Purchased Gas Adjustment ("PGA") filings that the Company is permitted to make each year pursuant to Sheet Nos. 15 through 28-i of its tariff. The instant filing is necessitated by the increase in the Company's gas supply costs as a result of the run-up in natural gas prices that has occurred since the Company established its existing PGA rates last October.

The proposed PGA rates, which will be made effective on a pro-rata basis, reflect a change in the Current Purchased Gas Adjustment ("CPGA") for natural gas customers. In addition, the Company is proposing an adjustment to the CPGA factor applicable to its subdivision propane customers since the Company's General L.P. Gas Service tariff requires such an adjustment whenever the CPGA for natural gas customers changes.

As a result of this filing, the Company's underlying charge for natural gas for firm sales customers will increase from \$.51823 to \$.56531 per therm. Also, please note that the Company is contemporaneously providing to the Staff under separate cover a highly confidential Executive Summary that is intended to explain the major elements responsible for the change in the Company's PGA rates.

The impact of the new natural gas PGA rates on a typical residential customer will vary by month depending on usage. During March, the first month in which the new rates will be effective, the bill for such a customer will increase by \$5.60, or 5.3% compared to existing rates.

Also, please note that the instant filing is unlikely to be contested. Instead, the Commission generally approves PGA filings on an interim basis, subject to future audit by the Staff.

Sincerely,

/s/ L. Craig Dowdy
