**SELECT VIDEO PLUS®**

**13.1 GENERAL**

13.1.1 Effective March 1, 2014, no further installations, moves, rearrangements, or changes of any type will be made to Primary Rate ISDN: Select Video services. Customers of record on March 1, 2014 may continue their service as long as such service remains at the location at which it was being furnished on the aforementioned date. In the event that these services are discontinued at their present location for any reason, they will not be reestablished. (AT)  
(AT)

(AT)  
(AT)

13.1.2 Service Description (CT)

SelectVideo Plus is an intraLATA dial-up multi-rate switched digital data service. SelectVideo Plus will provide digital connections ranging from 64 Kbps to 1536 Kbps (synchronous) in 64 Kbps increments of bandwidth via the public switched network. The specific rate is user-selectable on a per call basis. Network access to SelectVideo Plus is via fully configured ISDN primary rate interfaces (PRI). A minimum of two PRIs (one configured for 23B+D and one configured for 24B) is required for 1536 Kbps calls.

**13.2 SERVICE COMPONENTS**

13.2.1 SelectVideo Plus Arrangement: provides the communication path capable of bandwidth aggregation from the customer's premises to the SelectVideo Plus serving office. A SelectVideo Plus Arrangement may consist of Control Links and Communication Links. A minimum of one Control Link is required per SelectVideo Arrangement. This minimum configuration will provide digital connections from 64 Kbps to 1472 Kbps in increments of 64 Kbps. In order to transmit at 1536 Kbps, the SelectVideo Plus Arrangement must include at least one Control Link and one Communication Link.

13.2.1.1 Control Link: a PRI configured with one D Channel or a back-up D Channel and 23 B Channels to provide up to 1472 Kbps of bandwidth.

13.2.1.2 Communication Link: a PRI configured with 24 B Channels to provide up to 1536 Kbps of bandwidth.

Footnotes

- (1) Applies to the first unit ordered per request, per customer premises, per installation date.
- (2) Applies to all other units ordered in addition to the initial unit per request, per premises, per installation date.
- (3) In addition to the rates for intrastate, intraLATA Long Distance Message Telecommunications Service (LD-MTS).
- (4) The installation charge for customer moves within the same SelectVideo Plus serving office, as described in 13.3.11.2 proceeding, will be equal to the installation charge associated with the 36 month service term.
- (5) Payment Option 3 includes unlimited SelectVideo Plus intraLATA usage. Rates for intrastate, intraLATA Long Distance Message Telecommunications Service (LD-MTS) apply in addition to the Payment Option 3 monthly usage rate.
- (6) For Additional Telephone Number Rates (Direct Inward Dialing Service), please see General Exchange Tariff Section 13, Paragraph 13.7.1 B.
- (7) SelectVideo Payment Option 2, Payment Option 3, and associated Usage Packages are obsolete and only available to existing installations at existing locations for existing customers.
- (8) Effective January 25, 2013, 36- and 60-Month Service Terms are no longer available for new installations or renewals of SelectVideo Plus service. Customers currently on a 36- or 60-Month Service Term may continue service at their existing rate until the contract term expires. Upon completion of the current contract term, customers may continue receiving the service by entering into a new 12-month Service Term agreement at the then current applicable 12-month rates. If the customer does not enter into a new 12-month Service Term agreement, or request discontinuance of the service, the Month-to-Month tariff rates in effect at such time will automatically apply.
- (9) Effective March 1, 2014, SelectVideo services are grandfathered for existing customers with existing service at existing locations. See Paragraph 13.1.1 of this Section. (AT)
