- C. Carrier will try its best to resolve any disputes properly brought to its attention. Unresolved disputes may be directed to the attention of the Missouri Public Service Commission.

2.8 <u>Responsibility of Carrier</u>

2.8.2 Cancellation Credit

AUG 13 1997

MISSOURI Public Service Commission

Where Carrier cancels a service or the provision of equipment and the final service period is less than the monthly billing period, a credit will be issued for any amounts billed in advance, prorated at 1/30th of the monthly recurring charge for each day the service was rendered or the equipment was provided. This credit will be issued to the customer or applied against the balance remaining on the customer's account.

2.8.3 <u>Fractional Charges</u>

Charges for a fractional part of a month are calculated by counting the number of days of the month remaining in the billing period before service was discontinued. Carrier will resolve any disputes brought to its attention as promptly and effectively as possible. Customer Service Representatives can be reach via the following 800 telephone number: 1-800-742-5523.

AUG 13 1997

SECTION 3 - DESCRIPTION OF SERVICE

MISSOURI Puolio Service Commission

3.1 <u>Timing of Calls</u>

The customer's monthly usage charges for Carrier service are based upon the total number of minutes the customer uses and service options subscribed to. Chargeable time begins when the connection is established between the calling station and the called station or PBX. Chargeable time ends when either party "hangs up."

3.2 <u>Start of Billing</u>

For billing purposes, the start of service is the first day on which service is available for use by the customer. The end of service date is the last day or any portion of the last day for which service was provided by Carrier.

3.3 Interconnection

Service furnished by Carrier may be interconnected with services or facilities of other authorized communications common carriers and with private systems, subject to the technical limitations established by Carrier. Service furnished by Carrier is not part of a joint undertaking with such other carriers. Any special interface equipment of Carrier and other participating carriers shall be provided at the customer's expense.

Interconnection with the facilities or services of other carriers shall be under the applicable terms and conditions of other carriers' tariffs. The customer is responsible for taking all necessary legal steps for interconnecting his customer-provided terminal equipment or communications systems with Carrier's. The customer shall secure all licenses, permits, right-of-ways, and other arrangements necessary for such interconnection.

3.4 Terminal Equipment

MISSOURI Public Service Commission

Carrier's service may be used with or terminated in customer provided terminal equipment or customer provided communication systems, such as teleprinters, handsets, or data sets. Such terminal equipment will be furnished and maintained at the expense of the providing customer. The customer is responsible for all costs at their premises, including personnel, wiring, electrical power, and the like incurred in the use of Carrier's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry.

3.5 <u>Calculation of Distance</u>

Usage charges for all intrastate calls are based on flat rates and are not mileage sensitive.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are generally accepted within the telecommunications industry.

Formula:

$$\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}$$

3.6 Minimum Call Completion Rate

The customer can expect a call completion rate of not less than 99% (number of calls completed/number of calls attempted) during peak use periods for Feature Group D (1+) services.

AUG 13 1997

3.7 Individual Case Basis Services

MISSOURI Public Service Commission

Rates for services offered on an individual case basis (ICB) will be structured to recover the Company's cost of providing the services. Terms of specific ICB contracts will be made available to the Commission upon request on a proprietary basis. ICB pricing will not apply to switched services.

3.8 <u>Service Offerings</u>

The company provides the following services:

3.8.1 <u>Message Toll Service (MTS)</u>

Long distance dialing is achieved by customer's telephone lines being programmed by the local telephone company (LEC) to automatically route 1+ calls to the Company's network.

3.8.2 <u>800 Service</u>

800 Service is virtual banded inbound toll service which permits calls to be completed at the subscriber's location without charge to the calling party. Access to the service is gained by dialing a ten digit telephone number which terminates at the customer's location. 800 services originate via normal shared use facilities and are terminated via the customers' local exchange service access line.

Carrier will accept a prospective 800 service customer's request for up to ten (10) 800 telephone numbers and will reserve such number(s) on a first come first serve basis. All requests for 800 number reservations must be made in writing, dated and signed by a responsible representative of the customer. Carrier does not guarantee the availability of number(s) until assigned. The 800 services telephone number(s) so requested, if found to be available, will be reserved for and furnished to the eligible customer.

If a customer who has received an 800 number does not subscribe to 800 service within 90 days, the company reserves the right to make the assigned number available for use by another customer.

3.8.3 <u>Travel Card Service</u>

MISSOURI Public Service Commission

Allows subscribers who are away from home or office to place calls by gaining access to the network via an 800 number and personal identification number issued by the Company.

3.8.4 <u>Directory Assistance</u>

The provision of listed telephone numbers to requesting customers.

3.8.5 <u>Operator Service</u>

The Company does not provide Operator Service to subscribers.
