8.5.7 Access Discount Plan (ADP)

Dedicated Access service Customers will receive the applicable discount from the table below based on the Access Discount Plan Term that the Customer selects per circuit. The discount applies only to the DS-3, DS-1, DS-0 and DDS local channel monthly base rates determined on an Individual Case Basis (ICB).

Access Discount Plan Term	% Discount
One-Year	5%
Two-Year	10%
Three-Year	12%
Four-Year	12%
Five-Year	12%

If an ADP is terminated by the Customer prior to the end of the ADP Term, the Customer will be assessed an early termination charge equivalent to 75% of the pre-discounted local channel monthly charges multiplied by the number of months remaining in the Customer's ADP Term.

If the Customer extends an ADP Term on any circuit prior to the expiration of that ADP's term, the Company will waive early termination charges provided that the new ADP Term is equal to or greater than the original ADP Term.

Upon ADP expiration, the Customer may elect to enroll in a currently available ADP Term. The applicable % discounts will be applied to the then current monthly base rates which will be redetermined on an Individual Case Basis. The Customer will be charged at the current discounted rate for the newly selected ADP commencing the day following completion of the prior payment period.

Customers may continue to receive service upon expiration of their current ADP without enrollment in a new plan. However, service will be continued at the then current monthly rates without any discounts. Additionally, any other promotional monthly waivers associated with the expired ADP will be discontinued. Customers have no additional service commitment and, consequently, when service is terminated will not be subject to any termination charge.
