4.5 VersiPak® Line and Trunks

4.5.1 Service Description

VersiPak® Lines and Trunks are the voice portion of an integrated, multi-service, packet-based access service that delivers voice and data services over a single DS-1 (1.544Mbps) transport facility. On-Net VersiPak® requires a minimum six (6) voice grade equivalent channels and 128K (2 DS-0 equivalent channels) for Internet Access. Internet Access Complete Information Rate (CIR) is offered in increments of 128K. Off-Net VersiPak® requires a minimum of six (6) voice grade equivalent channels, 128K for internet access and a total of 12 channels are required. The Customer may select a combination of voice grade equivalent channels (analog lines trunk, business terminals or digital trunks) and Internet bandwidth. Configuration limitations may occur due to the technical requirements of the voice cards and customer interfaces. Signaling on both the digital and analog trunks will be wink-start. Music or Message on Hold impacts the available bandwidth or channel capacity of the service.

4.5.2 Rates and Charges

A. VersiPak® Business Lines and Trunks- Flat Rate

LOCAL EXCHANGE SERVICES

4.0 –DESCRIPTION OF SERVICES AND RATES, (CONT'D.)

4.6 VersiPak® IPRI Service

4.6.1 Service Description

VersiPak® IPRI is an integrated, packet-based access service that delivers PRI and Internet services over a single DS-1 (1.536 Mbps) transport facility. The Customer may purchase up to 22 PRI trunks (one D channel and 21 B channels) with any remaining bandwidth as Internet Bandwidth CIR. The Internet Peak Information Rate (PIR) would be equal to the total of the PRI channels and the Internet CIR. The PRI trunk will consist of a single D channel and the remaining trunks will be provisioned as B channels. This is accomplished through Voice Activity Detection (VAD) and Silence Suppression, which allow bandwidth that is normally stranded during the silent portions of voice calls to be reallocated for Internet transmissions.

VersiPak® IPRI requires a minimum of six (6) PRI trunks for voice (one D channel and five B channels) and 128K (two DS-0 equivalent channels) for Internet access. Internet access is offered in increments of 128K.

4.7 VersiPak® Mach2 Service

4.7.1 General

VersiPak® Mach2 Service consists of 3.0 Mbps of Integrated voice and Internet bandwidth. The Customer may purchase up to 36 voice grade equivalent channels with any of the remaining bandwidth provisioned as Internet bandwidth Committed Information Rate (CIR). The voice grade equivalent channels may be analog (lines or trunks), digital (trunks or PRI) or a combination of both analog and digital. The Outburst SB is an Integrated Access Device (IAD) that integrates voice and data services into a single shared uplink that can dynamically allocate bandwidth between voice and data. The SB has a built-in Fast Ethernet interface and three universally configurable slots. One of the slots is used for the uplink to the PPN. The other two slots can be configured for analog or digital voice. The analog voice module supports up to 12 Standard Vice service (POTS) interfaces. One or two of these modules may be used in a SB. The digital voice module supports one DS1 with up to 24 DS0 channels. The voice configuration must fit within the card port capacity of the FXS, FXO and/or DS1v cards.

- Internet channels must be ordered in increments of 256 Kbps.
- Peak Information Rate (PIR) is equal to the total voice and Internet bandwidth.

<u>VersiPak® Mach2</u>	<u>Minimum</u>	<u>Maximum</u>	<u>CIR</u>	<u>PIR</u>
Voice	8 Channels	36 Channels	N/A	N/A
Internet*	512 Kbps (8 Channels)	2304 Kbps	Customer Specific	3 Mbps
Voice & Internet	36 Channels	48 Channels	N/A	N/A

- total Internet throughput is less than the actual CIR due to the bandwidth used for packet headers.

4.15 Voice T1 Service

4.15.1 Description

Voice T1 Service connects suitably-equipped Customer Premises Equipment (CPE) to the Company's switching equipment using a digital transport facility. Each link is configured with 24 DS0s or channels that can be provisioned with either ISDN or non-ISDN digital signaling, depending on the CPE requirements and application needs.

The Voice T1 Service Customer who selects the Company as their long distance provider for both interLATA and intraLATA calling, or for interLATA only, receives a monthly allowance of 5,000 long distance minutes of usage per Voice T1. Additional minutes are billed according to the applicable Company published toll schedule. The Customer who does not select the Company as their long distance provider is not eligible to receive the monthly allowance of 5,000 long distance minutes of usage.

Supplemental features and telephone numbers are available at an additional charge (see Section 5).

Service is available as equipment and facilities permit.

4.16.4 Expiration of Term Agreement

Upon expiration of the initial term, the term agreement will automatically renew on a month-to-month basis at the same monthly rates.

1.16.5 Termination Fees

Consistent with the Customer's agreement, a termination liability charge will be applicable for service rate elements provided under the Complete Lines/Trunks term payment Plan when service is cancelled prior to the end of the chosen Term Plan. The termination fee is equal to the number of months remaining under the term agreement multiplied by the monthly rate for the Services multiplied by one hundred (100) percent. The Customer is obligated to pay such charges within thirty (30) days of termination. In the event service is provided via a third party, the Customer is responsible for all cost incurred for such early termination with our service provider.

LOCAL EXCHANGE SERVICES

5.0 –SUPPLEMENTAL SERVICES

5.1 Business Features

5.1.1 General

The features in this section are made available on an individual basis or as part of multiple feature packages. All features are provided subject to availability; features may not be available with all classes of service. Transmission levels may not be sufficient in all cases.

5.1.2 Description of Features

A. Three Way Calling

The Three Way Calling feature allows a Customer to add a third party to an existing two-way call and form a 3-way call. The call must have been originated from outside the station group and terminate to a station within the station group. The Call Hold feature allows a Customer to put any in-progress call on hold by flashing the switch hook and dialing a code. This frees the line to allow the Customer to make an outgoing call to another number. Only one call per line can be on hold at a time. The third party cannot be added to the original call.

Issued: June 11, 2007

Effective: July 12, 2007

Pamela Sherwood, Vice President of Regulatory

LOCAL EXCHANGE SERVICES

5.0 – SUPPLEMENTAL SERVICES, (CONT'D.)

5.1 Business Features, (Cont'd.)

5.1.2 Description of Features, (Cont'd.)

B. Call Forwarding

Call Forwarding, when activated, redirects attempted terminating calls to another Customer specific line. The Customer may have to activate and deactivate the forwarding function and specify the desired terminating telephone number during each activation procedure. Call originating ability is not affected by Call Forwarding.

The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding is billed for the forwarded leg of the call.

Call Forwarding - Busy automatically reroutes an incoming call to a Customer predesignated number when the called number is busy.

Call Forwarding - Don't Answer automatically reroutes an incoming call to a Customer predesignated number when the called number does not answer within the number of rings programmed by the Company.

Call Forwarding - Variable allows the Customer to choose to reroute incoming calls to another specified telephone number. The Customer must activate and deactivate this feature.

Issued: June 11, 2007

Effective: July 12, 2007

LOCAL EXCHANGE SERVICES

5.0 – SUPPLEMENTAL SERVICES, (CONT'D.)

5.1 Business Features, (Cont'd.)

5.1.2 Description of Features, (Cont'd.)

C. Call Waiting

Call Waiting provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. It will also permit the Customer to place the first call on hold, answer the second call and then alternate between both callers. Cancel Call Waiting (CCW) allows a Call Waiting (CW) Customer to disable CW for the duration of an outgoing telephone call. CCW is activated (i.e., CW is disabled) by dialing a special code prior to placing a call, and is automatically deactivated when the Customer disconnects from the call.

D. Distinctive Ringing

If the user has subscribed to additional telephone numbers (maximum of two), incoming calls may be distinguished via a unique ring.

E. Speed Calling

This feature allows a user to dial selected numbers using one or two digits. Up to eight numbers (single digit, or thirty numbers with two digits) can be selected.

F. Call Transfer

Call Transfer allows a Customer to receive an incoming call, then transfer the calling party to any other number.

5.1 Business Features, (Cont'd.)

5.1.2 Description of Features, (Cont'd.)

G. Caller ID

1. Caller ID with Number Delivery

The Caller ID feature allows a Customer to see a caller's number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that are not answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

2. Combined Caller ID

The Caller ID feature allows a Customer to see a caller's name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and or screen incoming calls. Caller ID records the number, date and time of each incoming call - including calls that are not answered by the Customer. Caller ID service requires the use of specialized CPE not provided by the company. It is the responsibility of the Customer to provide the necessary CPE.

3. Caller ID Blocking

This feature allows the calling party to block display of its name and number on the called party's station equipment.

5.1 Business Features, (Cont'd.)

5.1.2 Description of Features, (Cont'd.)

H. Continuous Redial

The continuous redial feature allows a Customer to automatically redial the last number dialed. This is accomplished by the Customer activating a code. The network periodically tests the busy/free status of the called line for up to 30 minutes until both lines are found free and then redials the call for the Customer.

The Continuous Redial feature also allows Customers, having reached a busy number, to dial a code before hanging up. Continuous Redial feature then continues to try the busy number for up to 30 minutes until it becomes free. Once the busy line is free the call is automatically redialed and the Customer is notified of the connected call via a distinctive ring.

I. Selective Call Forwarding

Selective Call Forwarding allows a Customer to specify a special list of a maximum of fifteen (15) telephone numbers. Incoming calls placed to the Customers from telephone numbers on that list will automatically be forwarded to a predefined telephone number. All other calls will be handled normally.

J. Selective Call Rejection

Selective Call Rejection enables a Customer to reject call attempts from up to fifteen (15) numbers by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the Customer from these numbers will be prevented from terminating to the Customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A Customer may also reject future calls from the directory number of the most recent call received by dialing a code after completing the call.

K. Call Hold

Allows call to be placed on hold.

Issued: June 11, 2007

Effective: July 12, 2007

5.1 Business Features, (Cont'd.)

5.1.2 Description of Features, (Cont'd.)

L. Automatic Recall

Enables calling party to automatically call back last number dialed.

M. Anonymous Call Rejection

Allows Customer to reject calls if the calling number is marked as private.

N. Remote Access to Call Forward

Remote Call Forwarding allows a Customer the ability to purchase additional Directory Numbers and to have calls to those telephone numbers forwarded on a permanent basis to a designated telephone number.

1. Conditions

- a. The telephone number to which calls are forwarded is user-defined.
- b. Changes to this number are made via a service order.
- c. Customers can request additional paths for Remote Call Forwarding service.
- d. A flat-rated monthly recurring charge applies for each main Remote Call Forwarding Directory Number and for each additional path ordered.

O. Priority Call

Allows Customer to program up to six (6) numbers to be identified by a special ring/call waiting tone.

P. Last Call Return

Allows Customer (called party) to call back the number of the last incoming call.

5.2 Service and Promotional Trials

5.2.1 General

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges, to introduce a present or potential Customer to a service to which the Customer has not previously subscribed.

5.2.2 Regulations

- A. Appropriate notification of the Trial will be made to all eligible Customers and to the Commission. Appropriate notification may include direct mail, bill inserts, broadcast or print media, direct contact or other comparable means of notification.
- B. During a Service Trial, the service(s) is provided automatically to all eligible Customers, except those Customers who choose not to participate. Customers will be offered the opportunity to decline the trial service both in advance and during the trial. A Customer can request that the designated service be removed at any time during the trial and not be billed a recurring charge for the period that the feature was in place. At the end of the trial, Customers that do not contact the Company to indicate they wish to retain the service will be disconnected from the service at no charge.
- C. During a Promotional Trial, the service is provided to all eligible Customers who ask to participate. Customers will be notified in advance of the opportunity to receive the service in the trial for free. A Customer can request that the service be removed at any time during the trial and not be billed a recurring charge for the period that the service was in place. At the end of the trial, Customers that do not contact the Company will be disconnected from the service.
- D. Customers can subscribe to any service listed as part of a Promotional Trial and not be billed the normal Connection Charge. The offering of this trial period option is limited in that a service may be tried only once per Customer, per premises.
- E. The Company retains the right to limit the size and scope of a Promotional Trial.

5.3 Busy Verification and Interrupt Service

5.3.1 General

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

5.3.2 Rate Application

A. A Verification Charge will apply when:

1. The operator verifies that the line is busy with a call in progress, or
2. The operator verifies that the line is available for incoming calls.

B. Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the Customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption.

C. No charge will apply when the calling party advises that the call is from an official public emergency agency.

5.3.3 Rates and Charges

	<u>Per Call</u>
Verification Charge, each request	\$1.20
Interrupt Charge, each request	\$1.85

5.4 Directory Assistance Service

5.4.1 General

A Customer may obtain assistance, for a charge, in determining a telephone number within the local calling area by dialing Directory Assistance Service. A Customer may obtain directory listing information for any location within the United States by dialing 411 or 1 + (area code) + 555-1212 (National Directory Assistance). A Customer can also receive assistance by writing the Company with a list of names and addresses for which telephone numbers are desired. A maximum of two number requests is allowed per call.

5.4.2 Regulations

- A. A Directory Assistance Charge applies for each telephone number, area code, and/or general information requested from the Directory Assistance operator except as follows:
1. Calls from coin telephones, including COCOTS.
 2. Requests for telephone numbers of non-published service.
 3. Requests in which the Directory Assistance operator provides an incorrect number. The Customer must inform the Company of the error in order to receive credit.
 4. Requests from individuals with certified visual or physical handicaps in which the handicap prevents the use of a local directory. Individuals must be certified, up to a maximum of 50 requests per month.
 5. Calls from Hospitals.
- B. The first three (3) calls each month, per service location, for requests to Directory Assistance will not be charged. Thereafter the rate per call is as listed below. There are no billing exemptions or allowances for National Directory Assistance requests.
- C. Where the Customer places a call to Directory Assistance via an operator or has Directory Assistance charges billed to a calling card or a telephone number other than the originating number, charges will apply as specified in Section 5.4.4 below.

Issued: June 11, 2007

5.6 VoiceMail Service

5.6.1 General

Voice Mail Service (VMS) provides the Customer with the capability to receive, send, store and retrieve voice messages over the telephone network. VMS is offered where Simplified Message Desk Interface II (SMDI II) and VMS facilities are available.

The basic component of VMS is the mailbox which provides for receipt and storage of messages. VMS is accessed via a touchtone telephone or similar Dual Tone Multifrequency (DTMF) device and requires the input of a passcode.

VMS is comprised of tiered levels of applications in packages with one or more optional features available. The Customer must access Voice Mail through the use of other network access service provided by the Company or other telecommunications common carriers. Such access, including applicable local usage and toll charges, is the responsibility of the Voice Mail Service subscriber.

5.6.2 Business (including Centrex) VMS Offerings

Basic Mailbox - provides the Customer with Call Answering and Messaging and Busy Greeting abilities. A Basic Mailbox may receive thirty (30) messages in a billing period for the flat fee, messages over the allowance will be charged an additional per-message charge. Features include Delivery Options and 5 Group Lists. The VMS mailbox holds 15 messages, with a 14 day retention period, a Greeting length of 1 minute and the ability to receive messages of 2 minutes duration. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included.

Enhanced Mailbox - provides the Customer with Call Answering and Messaging, Busy Greeting, Reminder and Future Delivery abilities. Features include Delivery Options, 15 Group Lists and Extended Absence Greeting. An Enhanced mailbox may receive 50 messages in a billing period for the flat fee, messages over the allowance will be charged a per message charge. The VMS mailbox holds 30 messages, with a 31 day retention period, a Greeting length of 1.5 minutes and the ability to receive messages of 4 minutes duration. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included.

5.6.2 Business (including Centrex) VMS Offerings, (Cont'd.)

Deluxe Mailbox - provides the Customer with Call Answering and Messaging, Busy Greeting, expanded Reminder, and Future Delivery abilities. Features include Delivery Options, 15 Group Lists, Extended Absence Greeting and Revert to Operator. A business stand-alone Deluxe Mailbox may receive 75 messages in a billing period for the flat fee, messages over the allowance will be charged an additional per message charge. The VMS mailbox allows up to 60 messages, with a 45-day retention period and a Greeting length of 1.5 minutes. Message may be up to 5 minutes duration per message. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included.

Deluxe Multi-Mailbox - provides the Customer with Call Answering and Messaging, Busy Greeting, expanded Reminder, and Future Delivery options. Up to four sub-mailboxes may be provided. A business stand-alone Deluxe Multi-Mailbox may receive 75 messages in a billing period for the flat fee, messages over the allowance will be charged an additional per message charge. Features include Delivery Options, 15 Group Lists, Extended Absence Greeting and Revert to Operator. The VMS mailbox holds up to 60 messages, with a 45-day retention period, a Greeting length of 1.5 minutes and the ability to receive messages of up to 5 minutes duration. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included.

5.6.3 Voice Mail Recurring and Nonrecurring Charges

Service order charges apply per main billing account as described in Section 5 of this tariff. Service is offered on a month to month basis.

Per Individual Mailbox (up to 100 Mail Addresses):

	<u>Monthly</u>	<u>Nonrecurring</u>
Basic Mailbox	\$11.00	\$0.00
Enhanced Mailbox	\$19.00	\$0.00
Deluxe Mailbox	\$24.00	\$0.00
Deluxe Multi-Mailbox	\$30.00	\$0.00

5.7 Blocking Service

5.7.1 General

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary services. The following blocking options are available to business Customers. One, all, or any combination may be selected.

- A. 900, 971, 974, 976 & 700 NPA Blocking - allows the Customer to block all calls beginning with the NPA of 900, 971, 974, 976 and 700 (i.e. 900-XXX-XXXX) from being placed.
- B. Toll Restriction (1+ and 0+ Blocking) - provides the Customer with a method of denying access to some or all of the toll network and operator services. Toll Restriction will not block the following types of calls: 911 (Emergency) and 1 + 800 (Toll Free) calls.

The following options are available with Toll Restriction. One, all, or any combination may be selected:

- 1. "0+" restricts access to 0+ calls though the operator (IntraLATA, InterLATA and International).
 - 2. "1+" restricts access to 0+ calls through the operator (IntraLATA, InterLATA and International).
 - 3. "IntraLATA 0+/1+" restricts access to IntraLATA 0+/1+ calls only.
 - 4. "InterLATA 0+/1+" restricts access to InterLATA 0+/1+ calls only.
 - 5. "01" restricts access to operator assisted international calls only.
 - 6. "011" restricts access to international direct dialed calls only.
 - 7. "411" restricts calls to 411 directory assistance.
 - 8. "555" restricts calls to NXX-555-1212 directory assistance.
- C. Billing Restriction Blocking – provides the Customer with a method of denying all third number billed and/or collect calls to a specific telephone number provided the transmitting operator checks the validation data base.

One or both of the following options are available:

- 1. Third Number Billed
- 2. Collect Call

Issued: June 11, 2007

Effective: July 12, 2007

5.8 Listings

5.8.1 General

The Company does not own or control directory publishing in the service area, but does offer Customers listings in local directories through external agreements. No liability of any nature whatsoever shall attach to the Company or to any other common carrier that furnishes any portion of the Company's service for damages arising from errors, mistakes, omissions or delays of the Company or its agents or employees in handling directory listings or listings in any directory assistance database.

The following rules apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records.

Only information necessary to identify the Customer is included in these listings. Abbreviations may be used. A listing may be rejected if it is judged to be advertising or judged to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the Customer is legally doing business under that name.

A name may be repeated in the white pages only when a different address or telephone number is used.

5.8.2 Composition of Listings

A. Name

1. Business Service

The following names may be included in business service listings:

- a. The name of Customer or joint user.
- b. The name of each business enterprise which the Customer or joint user conducts.
- c. The name by which the business of a Customer or joint user is known to the public. Only one such name representing the same general line of business will be accepted.
- d. The name of any person, firm or organization which the Customer or joint user is authorized to represent, or the name of an authorized representative of the Customer or joint user.
- e. Alternative spelling of an individual name or alternative arrangement of a business name, provided the listing is not for advertising purposes.
- f. The name of a publication issued periodically by the Customer or joint user.
- g. The name of an inactive business organization in a cross-reference listing when authorized by such business or organization.
- h. The name of a member of Customer's domestic establishment when business service is furnished in the Customer's residence.
- i. The name of a corporation which is the parent or a subsidiary of the Customer.
- j. The name of a resident of a hotel, apartment house, boarding house or club which is furnished PBX service, may be included in a residence type listing with the telephone number of the PBX service.
- k. The name of the Customer to a sharing arrangement.

5.8 Listings, (Cont'd.)

5.8.2 Composition of Listings, (Cont'd.)

B. Designation

The purpose of a business designation is to identify the listed party and not to advertise the business. No designation of the nature of the business is included if this is sufficiently indicated by the name. Where a listed party is engaged in one than one general line of business, one additional business designation may be included in the listing when necessary to identify the listed party. When a listed party has two or more listed telephone numbers or two or more business addresses, designations indicating the branches of the organization may be included where necessary to assist the public in calling.

A designation may include a title to indicate a listed party's official position, but not the name of the firm or corporation with which the individual is connected. Individual names or titles are not shown following the name of a firm or corporation.

A term such as "renting agent" may be included in a listing indented under the name of a building, provided the agent maintains a renting office in such a building.

A designation is not ordinarily provided in a residence type listing except for residential service as permitted under the terms of this tariff. A professional designation is permitted on residence service in the case of a physician, surgeon, dentist, osteopath, chiropodist, podiatrist, optometrist, chiropractor, physiotherapist, Christian Science practitioner, veterinary surgeon, registered nurse or licensed practical nurse, provided that the same name and designation is also listed on business service of that subscriber or another Customer in the same or different directory.

The listing of service in the residence of a clergyman may include the designation "parsonage," "rectory," "parish house," or "manse," and any such listing may be indented under a listing in the name of the church.

C. Address

Each residence or non-profit listing, may, but does not have to include the street address where the telephone service is provided. Other information, such as a building name or a locality designation, may be included to help identify the Customer.

D. Telephone Number

Each listing may include only one telephone number, except in an alternate telephone number listing where each number listed is considered a line for rate purposes.

A listing may include only the telephone number of the first line of a PBX system or incoming service group, except that a trunk not included in the incoming service group of a PBX system, or the first trunk of a separate incoming service group of a PBX system may be listed to meet special conditions where a corporation and its subsidiaries use the same PBX system.

5.8.3 Types of Listings

A. Main Listing

1. Main Standard Listing - A Main Standard Listing includes a name, designation, address and telephone number of the Customer. It appears in the White Pages of the telephone directory and in Directory Assistance records. The designation in the listing will be provided according to the rules as set forth in this Section.
2. Additional Main Listing - Customers may arrange for an additional main listing. An additional main listing is a Main Standard Listing providing for a non-hunting extra-line or for the first line of each multi-line hunt.
3. CD-ROM White Pages listing - Customers may purchase a CD-ROM version of the white pages listing.

5.8.3 Types of Listings, (Cont'd.)

B. Premium Listings

1. Additional Listings

Customers may arrange for additional listings, similar to the Main Standard Listing, at the additional listing rate. Listings may include abbreviated names, names which are commonly spelled several ways, rearrangements of names and nicknames by which the Customer is commonly known. All names will be included in their proper alphabetical order. If the above additional listing does not readily identify the Customer, it shall be necessary to include a line of information stating "same as" or "see" and a reference to the name contained in the main listing at the Extra Listing Line Rate. Listings will not be accepted for the purpose of securing preferential publicity or position.

2. Extra Listing Lines

Lines of information acceptable to the Company may be arranged at the rate shown in the schedule to appear in addition to a main listing for the purpose of facilitating use of the service.

3. Alternate Call Listings

Any listed party who has made the necessary arrangements for receiving telephone calls during his or her absence may have an alternate telephone number listing or a night listing. Such listing may be furnished as an indented listing or as a sub-caption.

The telephone number in such a listing may be that of another service furnished to the same Customer or to one of the Customer's PBX trunks not included in the incoming service group, or the service furnished to a different Customer.

5.9 Non-Published Service

5.9.1 General

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

5.9.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-published number only when the caller dials direct or verbally gives the operator number. No exceptions will be made, even if the caller says it is an emergency.

When the Company requests an unlisted number, it is done without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to someone. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service.

The Customer indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person.

5.10 Non-Listed Service

5.10.1 General

Non-listed service means that the Customer's telephone number is not listed in the directory, but does it appear in the Company's Directory Assistance Records.

5.10.2 Regulations

This service is subject to the rules and regulations for E911 service, where applicable.

The Company will complete calls to a non-listed number.

When the Company agrees to keep a number unlisted, it is done without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-listed number in the directory or disclosing it to someone. If, in error, the telephone number is listed in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-listed service.

The Customer indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-listed service or the disclosing of said number to any person.

5.10.3 Rates

There is a monthly charge for each non-listed service. This charge applies if the Customer has other listed service at the same location; if the Customer lives in a hotel, boarding house or club with listed service; or if the service is installed for a temporary period.

5.11 Intercept Call Completion (ICC) Service

5.11.1 General

Where technically feasible, Intercept Call Completion (ICC) allows the caller to be automatically connected to a subscriber's new telephone number after receiving the intercept message. This service is available to Customer that move within the Company's serving area.

5.11.2 Regulations

- A. These regulations, rates and charges are in addition to the regulations, rates and charges found elsewhere in the Company's applicable tariffs.
- B. ICC is available where facilities are available and conditions permit.
- C. The minimum service period for ICC is three (3) months for residence and business Customers. The service may be extended for an additional period by notifying the Company at least five business days prior to expiration of the initial service period.
- D. With ICC, the caller incurs normal usage charges for the call from the point of origination to the intercepted number; the ICC subscriber incurs all applicable intraLATA toll charges between the intercepted number and the new number.
- E. Except with regard to the provision of ICC, the intercepted number is, in all respects, a disconnected service. Third number and collect calls cannot be billed to the intercepted number, and any Calling Card associated with the number is invalid.
- F. Charges will be credited for completion of calls to wrong number, incomplete connections or calls with unsatisfactory transmission.

5.14 Hunting

5.14.1 Series Completion Hunting (Regular and Circular)

This feature allows individual Directory Numbers (DN) to "series complete" to another DN when the original DN is busy. The Customer provides a list of the lines which will have this feature and the order in which they will hunt. Only 10 stations will be allowed in a series completion. The last DN can point to the 1st DN in the list to provide circular hunting.

A. Regular Series Completion

Any of the numbers in the series can be called. If the called number is busy, the switch will hunt to the next in line. The hunting will always stop at the last number in the group.

B. Circular Series Completion

Any number in the series can be called. If the called number is busy, the switch will hunt to the next in line. The hunting will stop when the number preceding the called number is reached.

5.15 Emergency Reroute Service

5.15.1 Description of Service

Emergency Reroute Service allows a Customer to request the temporary forwarding of a telephone number to an alternate location number designated by the Customer. Emergency Reroute Service is for situations where the Customer requires incoming calls to be rerouted immediately, and on a temporary basis. Emergency Reroute Service is available on a limited basis for Line, Trunk and Voice T-1 services.

The Customer may forward up to three numbers per request. Requests to forward additional numbers will be addressed on an individual case basis. An emergency reroute will remain in place for no more than 30 days from the date initiate.

The Customer is responsible for all measured or message usage or toll charges incurred in the rerouting of calls.

The Company is entitled to rely upon instructions given by telephone from a person representing himself or herself to be an authorized representative of the Customer without further verification so long as the Company has no reason to believe that such person lacks proper authority.

The Company's liability with respect to a claim or suit by a Customer, or any third party, for damages associated with Emergency Reroute Service, including, but not limited to the installation, provision, performance or non-performance of Emergency Reroute Service, shall not exceed an amount equal to the proportionate charge for Emergency Reroute Service for the period during which the service was affected.

5.15.2 Rates and Charge

5.16 Disaster Routing Service

5.16.1 Description of Service

Disaster Routing Service reroutes incoming calls to a predetermined alternate telephone number. Disaster Routing is available for Trunk and Voice T-1 service.

5.16.2 Disaster Routing Service reroutes incoming calls to a different location when the primary location experiences an out-of-service condition such as a result of a power outage or a wire cut that isolates the primary location from the Company.

The Customer may establish one call path or multiple call paths, with a maximum of 99 call paths per telephone number. The number of call paths determines how many simultaneous calls will be rerouted. The number of call paths selected may not exceed the number of trunks and/or channels associated with the trunk group and should be sized correctly based on the trunks and/or channels of the terminating location. Features may not work in conjunction with this service, such as Calling Name and Number Delivery.

The Customer is responsible for all measured or message usage or toll charges incurred in the rerouting of calls.

The Company's liability with respect to a claim or suit by a Customer, or any third party, for damages associated with Disaster Routing, including but not limited to the installation, provision, performance or non-performance of Disaster Routing, shall not exceed an amount equal to the proportionate charge for Disaster Routing for the period during which the service was affected.

5.17 Foreign Exchange Services

5.17.1 Description of Service

Foreign Exchange Service allows a Customer to receive local exchange service from a rate center different from the Customer's physical location. Except as specified below, Foreign Exchange Service is furnished in conjunction with local exchange service such as PRIs or Trunks, pursuant to the applicable local tariff.

Foreign Exchange Service may only be provisioned where Company offers local exchange switched services and as facility and switch conditions permit.

The dial plan (local calling) is associated with this "foreign" rate center. The Company does not guarantee call completion to any Foreign Exchange telephone number from exchanges other than the exchange with which the telephone number is associated, even though End Users in the other exchanges may have local calling plans that include calls to End Users physically located in the exchange with which the Foreign Exchange telephone number is associated.

A. Business Expansion Service (BES)

Business Expansion Service (BES) is an inbound intraLATA only service.

In the event Customer orders BES, the Company reserves the right in its discretion, upon 30 days' notice to Customer, to discontinue, provision or increase the price of any BES subject to this Agreement in the event that regulatory conditions and/or interconnection agreements affecting the Company's provision of BES change after the date of this Agreement. In the event that Customer does not accept the Company's rate increase, Customer may discontinue the affected BES without penalty upon 30 days' notice to the Company. Customer may be required to change its virtual telephone number(s) if Company adds additional equipment, such as a central office, in its serving area and transfers NXX codes into the new equipment. The Company is unable to guarantee the completion of calls to the BES telephone number from exchanges other than the exchange with which the telephone number is associated, even though end users in the other exchanges may have local calling plans that include calls to end users physically located in the exchange with which the BES telephone number is associated.

5.17 Foreign Exchange Services, (Cont'd.)

5.17.1 Description of Service, (Cont'd.)

B. Expanded Exchange Service (EES)

Expanded Exchange Service (EES) is a two way intraLATA only service.

The Company will include the EES telephone number, name and address in the appropriate 911 database; however, any calls to 911 using this EES facility may be routed to an incorrect 911 agency.

C. Intercity Switched Service (ISS)

Intercity Switched Service (ISS) is a two way service.

ISS will not allow access to the appropriate 911 emergency system for the ordered ISS city (cities). Customer must sign the Limitation of Service 911 Access Waiver. The long haul (intercity) transport is provided under separate contract with the Company.

D. One Reach

One Reach Products are provisioned over IP based switching and transport. LocalReach is a two way service whereas VirtualReach is an inbound only service.

One Reach products include up to 5 foreign exchange rate centers within the LATA for no additional charge. If available, Subscriber may add rate centers for \$25.00 per rate center per month. If usage exceeds a DS1 equivalent (300k MOU per month) subscriber must purchase additional One Reach products. Company reserves the right to restrict the number of One Reach products purchased, Customer requested routing specifications and the size/composition of trunk groups and their related rate centers. Specialized configurations may be requested and priced on an Individual Case Basis.

LOCAL EXCHANGE SERVICES

5.0 – SUPPLEMENTAL SERVICES, (CONT'D.)

5.18 Optional Extended Calling Plans

The following Optional Extended Calling Plans provide the Customer with a larger local calling area for an additional monthly charge. Plans may not be available in all rate centers.

5.18.1 Extended Metro Service

This plan allows Customers to place and receive calls from telephone numbers in specified exchanges for an additional monthly charge. Extended Metro Service requires that the Customer be assigned a telephone number from a designated NPA/NXX (J-Coded Numbers). Incoming calls to Customer's J-Coded NPA-NXX that originate in the Customer's expanded calling area will be recognized in the Company's network as a "local" call to the Customer. However, the ability to receive calls from certain exchanges may be contingent upon the calling party's subscription to a call plan offered by its own service provider.

	<u>Monthly</u>	<u>Nonrecurring</u>
Per Line	\$20.00	\$0.00
Per Trunk	\$20.00	\$0.00
Per Channel	\$20.00	\$0.00
Per PRI	\$460.00	\$0.00

**The monthly charge is in addition to any charges associated with the facility.*

Issued: June 11, 2007

Effective: July 12, 2007

5.0 – SUPPLEMENTAL SERVICES, (CONT'D.)

5.20 Supplemental Features

The following features may be used with the Company's stand-alone and integrated products with Digital Trunk and PRI. Features are available as equipment and facilities permit.

5.20.1 Calling Number Delivery

This feature allows the Customer to receive the calling party's number on its station equipment. The Customer is responsible for providing the CPE required for this feature.

With Digital Trunk Service	Not Available
With PRI Service	\$0.00

5.20.2 Calling Name Delivery

Requires suitably equipped ISDN switching and terminal equipment and allows the network to pass Calling Name information (along with the calling line identification) between multiple groups within a PRI Serving Arrangement.

With Digital Trunk Service	Not Available
With PRI Service	\$ 0.00
With Complete Dynamic Service, Complete Lines & Trunks Service and Channel 12 Service	\$50.00

5.20.3 Calling Number Transmission

This feature allows the Customer to send the calling number to the called party's station equipment. The Customer can restrict transmission through the use of Caller ID Blocking Service as described in Section 5.7.

Blocked Calling Number information will be delivered to certain qualifying Customers as described in FCC Memorandum Opinion and Order, CC Docket No. 91-281, adopted January 4, 2002. Such Customers must certify to the Company their compliance with the waiver order's eligibility requirements.

With Digital Trunk Service	\$0.00
With PRI Service	\$0.00

Issued: June 11, 2007

5.21 N11 Dialing Service

N11 Dialing Service is a three-digit local dialing arrangement (excluding 411 and 911) available in specified service areas for the delivery of information and referral services via voice grade facilities as required by state and federal regulators.

The local calling area for the rate center of the N11 service subscriber will be the same as the Company's local calling area for that rate center. N11 Dialing Service will be provided as equipment and facilities permit. N11 service is limited to use by agencies approved by applicable federal and/or state regulators.

N11 Dialing Service is delivered via regular exchange access lines, e.g., individual business lines, trunks, etc. Service is furnished subject to the availability of the N11 number.

Access to N11 Dialing Service is not available to the following services:

- 1+ Toll Services
- 101XXXX
- Credit Card
- Third-Party Billed
- Collect Calls
- Inmate Service

Operator assisted calls to the N11 subscriber will not be completed.

The N11 subscriber may not directly or indirectly sell or transfer the N11 number to an unaffiliated entity.

Only one seven or 10-digit local number or one 10-digit toll free number may be used as the lead number per basic local calling area.

All requests for N11 Dialing Service must be submitted in writing to the Commission.

LOCAL EXCHANGE SERVICES

5.0 – SUPPLEMENTAL SERVICES, (CONT'D.)

5.21 N11 Dialing Service, (Cont'd.)

The N11 subscriber shall respond promptly to any and all complaints lodged with any regulatory authority against any service provided via the N11 number. If requested by Company, the N11 subscriber shall assist the Company in responding to complaints made to the Company concerning the subscriber's N11 service.

Though the use of these services is free of charge, Customers who subscribe to measured or message-rated service will incur standard local usage charges when accessing N11 Dialing Services.

In no event shall the Company be liable for any losses, damages or claims of any kind arising from the provision of N11 Dialing Service or any Customer's use of such service.

Issued: June 11, 2007

Effective: July 12, 2007

SECTION 6 – PROMOTIONAL OFFERINGS

6.1 Special Promotions

The Company may from time to time engage in special promotional trial service offerings of limited duration (not to exceed ninety days on a per Customer basis for non-optional, recurring charges) designed to attract new subscribers or to increase subscriber awareness of a particular tariff offering. Requests for promotional offerings will be presented to the Commission for its review in accordance with rules and regulations established by the Commission, and will be included in the Company's tariff.

SECTION 6 – PROMOTIONAL OFFERINGS, (CONT'D.)

6.2 Channel 12 and Complete Dynamic Service Upgrade Promotion

(N)

The Channel 12 and Complete Dynamic Service Upgrade Promotion is offered to current Customers with existing Complete Access contracts that are within 30 days of expiration.

The Channel 12 and Complete Dynamic Service Upgrade Promotion is also offered to current Customers with Channel 12 Service or Complete Dynamic Service contracts that are within 30 days of expiration or whose contracts are out of term.

- The eligible Complete Access Service Customer who upgrades to Channel 12 Service or Complete Dynamic Service with a new contract term of 24 months or longer will receive a discount of up to 10% off the current tariff rate.
- The eligible Channel 12 Service or Complete Dynamic Service Customer who upgrades existing service to the new configuration of Channel 12 Service or Complete Dynamic Service with a new contract term of 24 months or longer will receive a discount of up to 10% off the current tariff rate.

The discount does not apply to any other product or service purchased with the renewal.

This promotion expires on December 31, 2007. A signed contract must be received by the Company by the close of business on January 31, 2008 to qualify. The Customer due date for service installation must be set for no later than March 31, 2008.

SECTION 6 – PROMOTIONAL OFFERINGS, (CONT'D.)

6.3 Customer Renewal and Term Flex Incentive (N)

The Customer Renewal and Term Flex Incentive is offered to existing end user business Customers (excludes ISP and Carrier Customers) who currently bill \$500.00 or more in monthly recurring charges and who renew an existing contract for an eligible service without reconfiguration. The eligible Customer's off net cost must be less than or equal to 35% of the new monthly recurring charge(s). The eligible Customer must maintain the current level of service with the contract renewal.

- The eligible Customer who renews an existing contract with their current services will be allowed to retain the current product monthly recurring charge(s) when purchasing any of the following products under the terms of this promotion.
 - Voice T1 Service
 - Any service offering from the VersiPak® suite of products
 - Channel 12 Service
 - Complete Dynamic Service
- The eligible Customer may also receive additional discounts of up to 5% for a 24-month renewal, 10% for a 36-month renewal, or 15% for a 60-month renewal under the conditions noted below. In addition, the eligible Customer who renews VersiPak® Service (excluding VersiPak® Flex T and Power T products) may be eligible to receive up to a 50% discount off the standard tariff rate when renewing with a contract of 24 months or longer.
 - Additional discounts will be made available to similarly-situated Customers on a nondiscriminatory basis. The Company will consider the following factors when establishing special pricing arrangements:
 1. The LATA in which the Customer is located;
 2. The horizontal and vertical distance from the central office to the Customer's premises;
 3. The availability and location of the network facilities;
 4. The type of service;
 5. The price of the service;
 6. The number of lines (circuits) being used; and
 7. The length of the contract term.
