B. Four classes of Station-to-Station services are offered as follows:

1. "Dial Station" (See Note) is that Station-to-Station service where the person originating the message from other than a public or semi-public coin telephone dials the telephone number desired, and the message is completed without the assistance of a company operator, and the message is not billed to a number other than the originating number. Dial Station rates apply when:

- a. The calling party cannot complete the call due to trouble on telecommunications networks other than AT&T's, and chooses to re-dial the call. The customer will be informed that if the operator completes the call, the customer will be charged Operator Station rates as provided under Section 1.4.6.
- b. A customer re-establishes a call that has been involuntarily interrupted after the station has been reached. If an operator is requested by the customer to complete the call, Operator Station rates will apply as provided under Section 1.4.6.
- c. A call is forwarded by Call-Forwarding Equipment.

A Communications Assistant completes a call between persons with hearing and/or speech disabilities who use a Text Telephone (TT) or its equivalent and hearing persons who use an ordinary telephone (the completed call is rated and billed as a call from the calling station to the called station).
- f. An operator places a call because Automatic Number Identification (0+) is not available for dial completion.

- 2. "Customer Dialed Calling Card Station" rates apply when calls are originated and billed as specified below. Customer Dialed Calling Card Station rates do not apply when (1) the customer dials the appropriate AT&T access code and does not enter the called number prior to the call timing out and being transferred to a live Company operator; or, (2) the customer dials an AT&T designated number for completion of Customer Dialed Calling Card calls, but fails to respond to system prompts and must be transferred to a Company operator.

Rates are applied for the three categories of "Customer Dialed Calling Card Station" services as follows:

- a. Customer Dialed/Automated calls are those calls where the customer dials the appropriate access code (e.g., 0, 1010288+0, an AT&T designated number for completion of Customer Dialed Calling Card Calls), plus the telephone number desired and completes the call without the assistance of a live Company operator or the automated operator system (except in the case for calls made from a rotary phone), and the call is billed to a calling card.
