Schedule of Rates

Availability:

The following rates are applicable to all customers adjacent to the company's distribution mains using standard water services:

Rate Schedule:

Residential:

Customer Charge	5/8"	\$ 7.71	+
	1"	\$18.38	+

Commodity Charge		\$2.054 per 1,000 gal.	+
------------------	--	------------------------	---

Commercial:

Customer Charge	5/8"	\$ 7.71	+
	1 1/2"	\$83.15	+

Commodity Charge		\$2.054 per 1,000 gal.	+
------------------	--	------------------------	---

These rates are exclusive of any gross receipts or franchise taxes. +

Late Charges: *

Billings will be made and distributed at monthly intervals. Bills will be rendered net, bearing the last date on which payment will then be considered delinquent. The period after which payment will then be considered delinquent is 21 days after rendition of the bill. A charge of \$5.00 or three percent (3%) per month times the unpaid balance, whichever is more, will be added to delinquent amounts.

Status of Rates: The rates set forth in the above rate schedules are interim and subject to reduction pending the Company's compliance with the Report and Order issued by the Public Service Commission in Case Number WR-2006-0131. *

RULES AND REGULATIONS GOVERNING
RENDERING OF WATER SERVICE

APR 7 1987

Rule 1 DEFINITIONS

MISSOURI

Public Service Commission

- (a) The "COMPANY" is the Evergreen Lake Water Company acting through its officers, managers, or other duly authorized employees or agents.
- (b) The "CUSTOMER" is any person, firm, corporation or governmental body which has contracted with the Company for water service or is receiving service from Company, or whose facilities are connected for utilizing such service.
- (c) The word "UNIT" shall be used herein to define the standard user or property served and shall pertain to any building whether residential or commercial owned or leased. Mobile homes or rental units are considered as separate units for each single family or firm occupying same as a residence or place of business.
- (d) A "MAIN" is a pipeline which is owned and maintained by the Company, located on public property or private easements, and used to transport water throughout the Company's service area.
- (e) A "CUSTOMER'S WATER SERVICE LINE" is a pipe with appurtenances installed, owned and maintained by the customer, used to conduct water to the customer's unit from the property line or outdoor meter setting, including the connection to the meter setting. If the property line is in a street, then the said customer's water service line shall be deemed to begin at the edge of the street abutting the customer's property.
- (f) A "SERVICE CONNECTION" is the pipeline connecting the main to the customer's water service line, the property line, or outdoor meter setting including all necessary appurtenances.

RULES AND REGULATIONS GOVERNING APR 7 1987
RENDERING OF WATER SERVICE

Rule 4 APPLICATIONS FOR SERVICE

MISSOURI
 Public Service Commission

- (a) A written application for service, signed by the customer, stating the type of service required and accompanied by any other pertinent information, will be required from each customer before service is provided to any unit. Every customer, upon signing an application for any service rendered by the Company, or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations.
- (b) The applicant for original introduction of water service into premises will be required to pay the tap-on fee for the connection. The tap-on fee will be deposited in full at the water company's office before the tap and connection will be made. See Schedule of Rates (Sheet 4) for tap-on fee charges.
- (c) If service is requested at a point not already served by a main of adequate capacity, a main of adequate size shall be extended by the Company as may be necessary according to Rule No. 14.
- (d) When, in order to provide the service requested, a main extension or other unusual construction or equipment expense is required, the Company may require a contract for service. Said contract may include, but not be limited to the obligations upon the Company and the Applicant, and shall specify a reasonable period of time necessary to provide such service.

RULES AND REGULATIONS GOVERNING
RENDERING OF WATER SERVICE

APR 7 1987

Rule 5 INSIDE PIPING AND CUSTOMER WATER SERVICE LINES MISSOURI

Public Service Commission

- (a) The Company will provide the Customer water service at the outdoor meter, or at the property line. Separate buildings shall be served through separate service lines.
- (b) The Service Connection from the water main to the Customer's property line, the meter installation and setting shall be constructed, owned and maintained by the Company. Service line construction and maintenance from the property line or meter setting including the connection to the meter setting to the building shall be the responsibility of the Customer, and is subject to inspection by the Company. Customers shall be responsible for the cost of repairing any damage to the Company's lines, meters, and meter installations caused by the Customer or his agent.
- (c) Existing water service lines may be used in connecting with new buildings only when they are found on examination and test not to constitute a hazard to the health and safety of other Customers or the Company's facilities.
- (d) The Customer's water service lines shall be brought to the unit at a depth of not less than 36 inches and, upon entering the building, shall be valved. This valve must be kept in good repair in order to shut off the water supply and drain the inside plumbing, if necessary.
- (e) The Customer's water service lines and inside piping shall be of material conforming to recognized standards for potable water service and shall have a pressure rating of at least 160 psi working pressure and have a minimum inside diameter of 3/4 of an inch.

**Rules & Regulations Governing
the Rendering of Water Service**

Rule 7 DISCONTINUANCE OF WATER SERVICE BY COMPANY

(a) The Company reserves the right to shut off services for any of the following reasons:

- (1) For failure to comply with these rules and regulations.
- (2) For nonpayment of utility bill (see Rule 10).
- (3) For resale or redistribution of water service.
- (4) For an unauthorized water connection to Company mains.

(b) In the event that a Customer is in violation of any of these rules and regulations, the Company shall have the right to discontinue service and remove the meter. Discontinuance of service for the above-listed reasons will occur upon ten (10) days' notice by first-class + mail, except that should Company determine such discontinuance may adversely affected the Customer's health or well-being, Company may give up to twenty-one (21) additional days of notice. Service may be discontinued immediately at any time that there is a threat to the health and welfare of other customers or a situation affecting the operation or integrity of the system causing the likelihood of major property damage to the system, the public or the customer's premises.

(c) Discontinuance of service to a unit for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection of monies due from the Customer.

(d) In case the Company discontinues its service for any violation of these Rules and Regulations, then any monies due the Company shall become immediately due and payable. Also, a charge of Twenty Dollars and No Cents (\$20.00) shall be made to cover * the cost of turning off, removing and resetting meter and again turning on the service, which fee must be paid before the meter will be reset and water turned on.

(e) The Company has the right to refuse or to discontinue service to any unit to protect itself against fraud or abuse.

Rule 10 BILLS FOR SERVICE

MISSOURI
Public Service Commission

- (a) The charges for water service shall be at the rates specified in the applicable tariffs on file with the Missouri Public Service Commission. The point of assumption of water service shall be at the property line or outdoor meter setting. Service charges for turn-on of service or turn-off of service are set forth in the Schedule of Service Charges.
- (b) A Customer who has made application for water service to a unit shall be held liable for all water service provided to him at said unit until the Customer notifies the Company in writing to discontinue service.
- (c) The Company shall have the right at lawful times to require the Customer to make a reasonable deposit, in amount not to exceed the estimated bill for one billing period plus 30 days, to secure the prompt payment of bills. Interest at the rate of six percent (6%) per annum, payable upon return of the deposit, will be paid for the time such deposit was held by the Company unless such period of time be less than twelve (12) months. Such deposits shall be refunded at the termination of service after all charges that may be due and payable by the Customer have been paid or when the Customer has demonstrated prompt payments for service during twelve (12) consecutive billing periods.
- (d) Each Customer is responsible for furnishing the Company with his correct address. Failure to receive bills will not be considered an excuse for non-payment nor reason to permit an extension of the date when the account would be considered delinquent.

RENDERING OF WATER SERVICE

Rule 11 METERS AND METER INSTALLATIONS MISSOURI
 Public Service Commission

(a) All permanent service connections shall be metered. The Company's installed meter shall be the standard for measuring water used to determine the bill.

(b) All meters and meter installations shall be furnished, installed, maintained and removed by the Company and shall remain its property.

(c) The Company shall have the right to determine on the basis of the Customer's state flow requirements the type and size of meter to be installed and location of same. If flow requirements increase or decrease subsequent to installation and a larger or smaller meter is requested by the Customer, the cost of installing such meter shall be paid by the Customer.

(d) Service to any one Customer shall be furnished through a single metering installation. Where a building is occupied by more than one tenant, the building shall be served by one meter. The Customer may rearrange piping at his own expense so as to separate the units and meter his tenants as he chooses, then divide the bill accordingly.

(e) The meters and meter installations furnished by the Company shall remain its property, and the owners of premises wherein they are located shall be held responsible for their safekeeping and carelessness of said owner, his agent, or tenant. For failure to protect same against damage, the Company may refuse to supply water until the Company is paid for such damage. **FILED**

Rule 12 METER TESTS AND TEST FEES

MISSOURI

Public Service Commission

- (a) Any customer may request the Company to make a special test of the accuracy of the meter through which water is supplied to him. This test will be made in accordance with the standard regulations of the Commission.
- (b) The Company reserves the right to remove and test a meter at any time and to substitute another in its place. In case of a dispute involving a question as to the accuracy of the meter, a test will be made by the Company upon the request of the Customer without charge if the meter has not been tested within twelve (12) months preceding the requested test; otherwise, an approved charge will be made if the test indicates meter accuracy within five percent (5%) or less.
- (c) A meter test requested by the Customer may be witnessed by the Customer or his duly authorized representative, except for tests of meters larger than two (2) inch inlet, which will be conducted by the meter manufacturer and a certified copy of the test provided to the Customer.
- (d) If a test shall show an average error of more than five percent (5%), billings shall be adjusted as provided in Rule 13.

RULES AND REGULATIONS GOVERNING APR 7 1987
RENDERING OF WATER SERVICE

Rule 14 EXTENSION OF WATER MAINS

MISSOURI
Public Service Commission

(a) This rule shall govern the extension of the Company's water mains after the date hereof which are necessary to serve customers within its service area. For purposes of this rule, enlargement or expansion of existing facilities necessary for service to new customer, for which the system was not originally designed, shall be considered an extension.

(b) When a request is made for an extension of water mains, or the Company determines that an extension must be made, the Company shall first determine the closest adequate source of water in its existing distribution system. The Company will then determine the sizes of mains needed and will make an estimate of the cost of the proposed extension. The estimate shall include cost of pipe, valves, fittings, booster stations, storage facilities, other material, necessary reconstruction of existing facilities, construction labor, and construction overhead. The estimate shall also include the Company's anticipated costs for planning, supervision, inspection, engineering, insurance, tools, accounting expense and other overhead expense. An itemization of the estimate shall be available. The estimate will not include unanticipated cost such as rock excavation.

(c) Prospective customers who desire water service shall apply for service under Rule 4. One or more of the applicants, or the applicants' authorized agent, shall enter into a contract with the Company. The contract may allow the applicant(s) to contract with an independent contractor for the installation and supply of material, except that mains greater than 12" in diameter must be installed by the Company and

Rule 14 <u>EXTENSION OF WATER MAINS (continued)</u>	Public Service Commission
<p>contract. For residential customers, the "Customer Fair Share Cost" is equal to the "Cost Per Lot", as determined below, times the number of lots owned by Customer, minus the "Company Participation Refund", except that the Company shall not collect nor shall it refund the "Customer Fair Share Cost" for areas excluded from such cost in the contract. For commercial or industrial customers, the "Customer Fair Share Cost" will be determined on a case-by-case basis. Cost calculations for determining the Residential "Customer Fair Share Cost" refund shall be made as follows:</p> <p>"a" is the actual cost</p> <p>"b" is the total number of lots to be served by the main extension</p> <p>"c" is the "Cost Per Lot" which equals "a"/"b"</p> <p>3) The sum of the refunds made by the Company shall in no event exceed the original amount incurred by applicants for the extension.</p> <p>4) At the expiration of a ten-year period from the date of the contract, the refund account will be closed, and no further refunds will be made.</p> <p>(g) Extensions made under this rule shall be and remain the property of the Company.</p>
