RE: Request Commission Approval of Tariff Sheet No. 2.14 Demand Response Incentive

Dear Secretary:

Kansas City Power & Light Company seeks approval from the Missouri Public Service Commission of the enclosed Demand Response tariff sheet. The revised sheet reflects revisions due to modifications to the Availability and Program Provisions sections of the above-mentioned tariff, and was inadvertently omitted from the original tariff filing on May 4, 2018.

Thank you for your consideration of this tariff. Please contact me directly at (816) 556-2194 or tia.alexander@kcpl.com if you require any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Tia Alexander". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Tia Alexander
Senior Regulatory Analyst
