RENDERING OF WATER SERVICE

RECEIVED

AUG 12 1987

Rule 1 DEFINITIONS

- (a) The "COMPANY" is the Stockton Hills Water Company, acting through its officers, managers, or other duly authorized employees or agents. **MISSOURI Public Service Commission**
- (b) The "CUSTOMER" is any person, firm, corporation or governmental body which has contracted with the Company for water service or is receiving service from Company, or whose facilities are connected for utilizing such service.
- (c) The word "UNIT" shall be used herein to define the standard user or property served and shall pertain to any building whether residential or commercial owned or leased. Mobile homes or rental units are considered as separate units for each single family or firm occupying same as a residence or place of business.
- (d) A "MAIN" is a pipeline which is owned and maintained by the Company, located on public property or private easements, and used to transport water throughout the Company's service area.
- (e) A "CUSTOMER'S WATER SERVICE LINE" is a pipe with appurtenances installed, owned and maintained by the customer, used to conduct water to the customer's unit from the property line or outdoor meter setting, including the connection to the meter setting. If the property line is in a street, then the said customer's water service line shall be deemed to begin at the edge of the street abutting the customer's property.
- (f) A "SERVICE CONNECTION" is the pipeline connecting the main to the customer's water service line at the property line, or outdoor meter setting including all necessary appurtenances. **FILED**

RULES AND REGULATIONS GOVERNING  
RENDERING OF WATER SERVICE

AUG 12 1987

Rule 4 APPLICATIONS FOR SERVICE

MISSOURI

Public Service Commission

- (a) A written application for service, signed by the customer, stating the type of service required and accompanied by any other pertinent information, will be required from each customer before service is provided to any unit. Every customer, upon signing an application for any service rendered by the Company, or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations.
- (b) If service is requested at a point not already served by a main of adequate capacity, a main of adequate size shall be extended by the Company as may be necessary according to Rule No. 14.
- (c) When, in order to provide the service requested, a main extension or other unusual construction or equipment expense is required, the Company may require a contract for service. Said contract may include, but not be limited to the obligations upon the Company and the Applicant, and shall specify a reasonable period of time necessary to provide such service.

## Rule 5 INSIDE PIPING AND CUSTOMER WATER SERVICE

MISSOURI

Public Service Commission

- (a) The Company will provide the Customer water service at the outdoor meter, or at the property line. Separate buildings shall be served through separate service lines.
- (b) The Service Connection from the water main to the Customer's property line, the meter installation and setting shall be constructed, owned and maintained by the Company. Service line construction and maintenance from the property line or meter setting including the connection to the meter setting to the building shall be the responsibility of the Customer, and is subject to inspection by the Company. Customers shall be responsible for the cost of repairing any damage to the Company's lines, meters, and meter installations caused by the Customer or his agent.
- (c) Existing water service lines may be used in connecting with new buildings only when they are found on examination and test not to constitute a hazard to the health and safety of other Customers or the Company's facilities.
- (d) The Customer's water service lines shall be brought to the unit at a depth of not less than 36 inches and, upon entering the building, shall be valved. This valve must be kept in good repair in order to shut off the water supply and drain the inside plumbing, if necessary.
- (e) The Customer's water service lines and inside piping shall be of material conforming to recognized standards for potable water service and shall have a pressure rating of at least 160 psi working pressure and have a minimum inside diameter of 3/4 of an inch.

RENDERING OF WATER SERVICE

AUG 12 1987

Rule 6 IMPROPER OR EXCESSIVE USE**MISSOURI**  
**Public Service Commission**

- (a) No person shall be wasteful of the water supplied to his premises by his willful action or inaction. It shall be the responsibility and duty of each Customer to maintain all piping and fixtures at his unit in a good and efficient state of repair at all times.
- (b) No person shall make or cause to be made a cross connection between the potable water supply and any source of chemical or bacterial contamination or any water supply not approved by the Missouri Department of Natural Resources. The Company shall deny or discontinue service where Customer's Water Service Line or inside piping may, in the opinion of the Company, cause a cross-connection with non-potable water or otherwise jeopardize the health and safety of other Customers or the Company's facilities.
- (c) No person shall make or cause to be made a connection to a device that will result in excessive water demand or excessive shock, such as water-hammer, to the Company's mains.
- (d) No person shall tamper with, remove, or willfully damage a water meter or attempt to operate the shutoff cock on the meter yoke.
- (e) No person shall attempt to take unmetered water from the Company mains either by an unauthorized tap or direct connection to service connection nor by connection to a fire hydrant.
- (f) Customers will not be permitted to supply water in any way to premises other than the service address, nor to permit others to use their home or attachments, nor leave them exposed to use by others without permission from the water company.

Rendering of Water Service

JUL 13 1996

RULE 7. Discontinuance of Service by Company

MISSOURI

Public Service Commission

- A. The Company reserves the right to shut off water service for any reasonable reason, including, but not limited to the following:

- (1) For failure to comply with these rules and regulations.
- (2) For nonpayment of utility bill.
- (3) For resale of water service.
- (4) For an unauthorized water connection to Company mains.

- B. In the event that a customer is in violation of any of these rules and regulations, the company shall have the right to discontinue service and remove the meter. In such event, the customer shall pay the approved reconnection charge and any unpaid balance which may be due and delinquent before service is restored. The Company shall not discontinue service unless written notice by first class mail is sent to the customer at least ten (10) days prior to the date of the proposed discontinuance. Service of notice by mail is complete upon mailing. As an alternative, the company may deliver a written notice in hand to the customer at least ninety-six (96) hours prior to discontinuance. Discontinuance of service to a customer must occur between 8 a.m. and 4 p.m. and within eleven (11) days of the date specified in the notice. Notice may be waived where a by-pass is discovered on a customer's service meter, or in the event of discovering a cross-connection on a customer's premises, or in the case of a customer utilizing the service in such a manner as to make it dangerous for occupants of the premises, thus making the immediate discontinuance of service to the premises imperative, or in the case of an order from a governmental agency directing the discontinuance of service. In the event of discontinuance of service for any of these reasons, the customer shall be notified of such discontinuance immediately with a statement concerning the reason for discontinuance. Notwithstanding any of the foregoing, discontinuance of service shall be made in accordance with existing Commission rules and regulations.

RULES AND REGULATIONS GOVERNING AUG 12 1987  
RENDERING OF WATER SERVICE

Rule 7 DISCONTINUANCE OF WATER SERVICE BY COMPANY **MISSOURI**  
**Public Service Commission**

- (a) The Company reserves the right to shut off services for any of the following reasons:
- (1) For failure to comply with these rules and regulations.
  - (2) For nonpayment of utility bill (see Rule 10).
  - (3) For resale or redistribution of water service.
  - (4) For an unauthorized water connection to Company mains.
- (b) In the event that a Customer is in violation of any of these rules and regulations, the Company shall have the right to discontinue service and remove the meter. Discontinuance of service for the above-listed reasons will occur upon six (6) days' notice by first-class mail, except that should Company determine such discontinuance may adversely affect the Customer's health or well-being, Company may give up to twenty-one (21) additional days of notice. Service may be discontinued immediately at any time that there is a threat to the health and welfare of other customers or a situation affecting the operation or integrity of the system causing the likelihood of major property damage to the system, the public or the customer's premises.
- (c) Discontinuance of service to a unit for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection of monies due the Customer.
- (d) In case the Company discontinues its service for any violation of these Rules and Regulations

Rule 10 BILLS FOR SERVICE

Public Service Commission

- (a) The charges for water service shall be at the rates specified in the applicable tariffs on file with the Missouri Public Service Commission. The point of assumption of water service shall be at the property line or outdoor meter setting. Service charges for turn-on of service or turn-off of service are set forth in the Schedule of Service Charges.
- (b) A Customer who has made application for water service to a unit shall be held liable for all water service provided to him at said unit until the Customer notifies the Company in writing to discontinue service.
- (c) The Company shall have the right at lawful times to require the Customer to make a reasonable deposit, in amount not to exceed the estimated bill for one billing period plus 30 days, to secure the prompt payment of bills. Interest at the rate of six percent (6%) per annum, payable upon return of the deposit, will be paid for the time such deposit was held by the Company unless such period of time be less than twelve (12) months. Such deposits shall be refunded at the termination of service after all charges that may be due and payable by the Customer have been paid or when the Customer has demonstrated prompt payments for service during twelve (12) consecutive billing periods.
- (d) Each Customer is responsible for furnishing the Company with his correct address. Failure to receive bills will not be considered an excuse for non-payment nor reason to permit an extension of the date when the account would be considered delinquent.

RENDERING OF WATER SERVICE

AUG 12 1987Rule 11 METERS AND METER INSTALLATIONS

**MISSOURI**  
**Public Service Commission**

- (a) All permanent service connections shall be metered. The Company's installed meter shall be the standard for measuring water used to determine the bill.
- (b) All meters and meter installations shall be furnished, installed, maintained and removed by the Company and shall remain its property.
- (c) The Company shall have the right to determine on the basis of the Customer's state flow requirements the type and size of meter to be installed and location of same. If flow requirements increase or decrease subsequent to installation and a larger or smaller meter is requested by the Customer, the cost of installing such meter shall be paid by the Customer.
- (d) Service to any one Customer shall be furnished through a single metering installation. Where a building is occupied by more than one tenant, the building shall be served by one meter. The Customer may rearrange piping at his own expense so as to separate the units and meter his tenants as he chooses, then divide the bill accordingly.
- (e) The meters and meter installations furnished by the Company shall remain its property, and the owners of premises wherein they are located shall be held responsible for their safekeeping and carelessness of said owner, his agent, or tenant. For failure to protect same against damage, the Company may refuse to supply water until the Company is paid for such damage. The amount of the charge shall be the cost of the necessary replacement parts and the labor cost necessary to make the repair.

Rule 13 BILL ADJUSTMENTS BASED ON METER TESTS**MISSOURI****Public Service Commission**

(a) Whenever any test by the Company of a meter while in service or upon its removal from service shall show such meter to have an average error of more than five percent (5%) on the test streams prescribed by the Commission, the Company shall adjust the Customer's bills by the amount of the actual average error of the meter and not the difference between the allowable error and the error as found. The period of adjustment on account of the under-registration or over-registration shall be determined as follows:

- (1) Where the period of error can be shown, the adjustment shall be made for such period.
- (2) Where the period of error cannot be shown, the error found shall be considered to have existed for three (3) months preceding the test.

(b) If the meter is found on any such test to under-register, the Company may render a bill to the Customer concerned for the estimated consumption not covered by bills previously rendered during the period of inaccuracy as above outlined. Such action shall be taken only when the Company was not at fault for allowing the inaccurate meter to remain in service.

(c) If the meter is found faster than allowable, the Company shall refund to the Customer concerned any overcharge caused thereby during the period of inaccuracy as above defined. Said refund may, at the Company's option, be in the form of a credit to the Customer's bill.

RULES AND REGULATIONS GOVERNING RENDERING OF WATER SERVICE		AUG 12 1987
Rule 14 <u>EXTENSION OF WATER MAINS</u>		MISSOURI Public Service Commission
<p>(A) This rule shall govern the extension of mains by the Company in areas where there are no water mains in the streets and/or roadways. The Company will extend its mains along streets or roads within its certified area to serve new customers under the following terms and conditions:</p> <p>(1) Upon receipt of a written application for a main extension in compliance with Rule 1, the Company will provide the Applicant(s) an itemized <u>estimate</u> of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required, including valves, fire hydrants, booster stations, storage facilities, reconstruction of existing mains (if necessary), and the direct costs associated with supervision, engineering, permits, and bookkeeping. Applicable income tax cost will be added to this estimate calculated at the maximum rate.</p> <p>(2) Applicants shall enter into a contract with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in A-1, plus the appropriate customer connection fee. The contract may allow the customer to contract with an independent contractor for the installation and supply of material, except that mains of 12" or greater diameter must be installed by the Company and the reconstruction of existing facilities must be done by the Company.</p>		FILED SEP 11 1987 Public Service Commission

Public Service Commission

Rule 14 EXTENSION OF WATER MAINS (continued)

(3) The cost to an Applicant or Applicants connecting to main extension that was contributed by other Applicants shall be as follows:

- (a) For single-family residential Applicants that are applying for service in a platted subdivision, the Company shall divide the actual cost of the extension (including income taxes) by the number of lots abutting said extension to determine the per lot extension cost. When counting lots, corner lots which abut existing mains shall be excluded.
- (b) For single-family residential Applicants that are applying for service in areas that are unplatted in subdivision lots, the Applicants' cost shall be equal to the total cost of the main extension divided by the total length of the main extension in feet times 100 feet.
- (c) For industrial, commercial, or multifamily residential Applicants, the cost will be equal to the amount calculated for a single-family residence in Paragraphs 3a or 3b above multiplied times the flow factors of the Applicants' meter. The flow factors of the various sizes of meters are as follows:

(4) Refunds of contributions shall be made to Applicant(s) as follows:

- (a) Should the actual cost of the extension be less than the estimated cost, the Company shall refund the difference as soon as the actual cost has been ascertained.
- (b) After the Company has closed its books for the year in which a contribution was made, it will determine its actual income tax cost associated with each extension and refund any excess income tax costs collected from each Applicant.
- (c) During the first ten years after the main extension is completed, the Company will refund to the Applicants who paid for the extension moneys collected from Applicants in accordance with Rule 3 above. The refund shall be paid within a reasonable time after the money is collected.

~~RULES AND REGULATIONS GOVERNING~~  
RENDERING OF WATER SERVICE**MISSOURI****Public Service Commission**Rule 14 EXTENSION OF WATER MAINS (continued)

- (d) The sum of all refunds to any Applicant shall not exceed the total contribution, adjusted for taxes associated with the extension, which the Applicant has paid.
- (5) Extensions made under this rule shall be and remain the property of the Company.
- (6) The Company reserves the right to further extend the main and to connect mains on intersecting streets and easements and customers connected to such further extensions shall not entitle the applicant(s) paying for the original extension to a refund for the connection of such customers.
- (7) Extensions made under this rule shall be of company approved pipe sized to meet water service requirements. If the Company chooses to size the extension larger in order to meet the Company's overall system requirements, the additional cost caused by the large size of pipe shall be borne by the Company.
- (8) No interest will be paid by the Company of payments for the extension made by the Applicant(s).
- (9) If extensions are required on private roads, streets, through private property, or on private property adjacent to public right-of-way, a proper deed of easement must be furnished to the Company without cost to the Company, before the extension will be made.

## CUSTOMER CONTRACT

MISSOURI  
Public Service Commission

I, the undersigned, owner and occupier of land located within the franchise area of the Stockton Hills Water Company, hereby make application to said company for one water service connection, and upon installation of service agree to the following terms:

1. Charge for meter setting and service line charge. (\$300.00 for a new setting - \$25.00 for a reconnection fee.). The meter setting and service line charge will not be refunded if water service connection is made available to the water user.

2. I agree to pay a minimum monthly meter charge as established by the Missouri Public Service Commission and to pay for additional water used annually in excess of the minimum volume approved by the Missouri Public Service Commission at the rate approved by the Missouri Public Service Commission. Any charges in the minimum monthly water agreement as though fully set out herein.

3. I agree to abide by the rules and regulations of the company. A copy of the Company Rules and Regulations with all revisions of the tariff will be at all times maintained in the company Office, available during normal office hours to the public.

4. The water service supply shall be for my sole use and I will not extend or permit the extension of pipes for the purpose of transferring water from one property to another, nor will I share, resell, or submeter water to any other customer. Each meter service shall supply water to only one residence or business establishment located on land within the company's franchise area.

5. If, after water service is made available the same is discontinued or disconnected for any purpose, pursuant to the by-laws and rules and regulations of the company, reconnection shall be upon the conditions set out in the by-laws and the rules and regulations of the company.

## CUSTOMER CONTRACT

MISSOURI

Public Service Commission

I, the undersigned, owner and occupier of land located within the franchise area of the Stockton Hills Water Company, hereby make application to said company for one water service connection, and upon installation of service agree to the following terms:

1. I will become a water user of the company and tender a \$10.00 meter deposit and guarantee that my bills will be paid monthly and an additional \$ (See Schedule of Service Charges, Sheet No. 7 ) for meter setting and service line charge. (\$125.00 or costs, whichever is less for a new setting - \$10.00 for a reconnection fee.). The meter setting and service line charge will not be refunded if water service connection is made available to the water user but the meter deposit and guarantee will be refundable upon application when service is discontinued if service has been maintained for a minimum period of 18 months and all charges and bills are paid.

2. I agree to pay a minimum monthly meter charge as established by the Missouri Public Service Commission and to pay for additional water used annually in excess of the minimum volume approved by the Missouri Public Service Commission at the rate approved by the Missouri Public Service Commission. Any charges in the minimum monthly water charge and rate schedule by the company shall become a part of this agreement as though fully set out herein.

3. I agree to abide by the rules and regulations of the company. A copy of the Company Rules and Regulations with all revisions of the tariff will be at all times maintained in the Company Office, available during normal office hours to the public.

4. The water service supply shall be for my sole use and I will not extend or permit the extension of pipes for the purpose of transferring water from one property to another, nor will I share, resell, or submeter water to any other customer. Each meter service shall supply water to only one residence or business establishment located on land within the company's franchise area.

5. If, after water service is made available the same is discontinued or disconnected for any purpose, pursuant to the by-laws and rules and regulations of the company, reconnection shall be upon the conditions set out in the by-laws and the rules and regulations of the company.

6. I agree that I will make no physical connection between any private water system and the water system of the company. Representatives of the company may at any reasonable time, come on my premises where the water is being used for the purpose of making inspection to enforce this provision. Violation of this provision shall be grounds for disconnection of service.

7. The laws of the State of Missouri, and the rules and regulations of this company, and the administrative orders of the Missouri Public Service Commission, as may be amended from time to time, are made a part of this agreement as though fully set out herein.

8. I agree that I will grant a water line easement to the company for the transmission of water across my property and any interest I may have in the real property touching the roads along which the initial transmission lines of the company are planned, as consideration of the company accepting this application.

9. The location or description of the property to be served by this water service connection is:
