INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

APPLICABILITY

This tariff applies to Interexchange Telecommunications Services furnished by MCI Communications Services, Inc. between and among points within the State of Missouri.

Effective August 1, 2001, pursuant to the direction of the Federal Communications Commission (FCC), MCI Communications Services is canceling its federal tariffs for services with certain exceptions, including those pertaining to exchange access, casual calling, and basic long distance service during a 45-day period for customers who sign up for service with a Local Exchange Carrier (LEC). International services for Residential and Small Business customers will also remain tariffed through January 27, 2002.

D
|
D

Also, beginning August 1, service descriptions, definitions, terms and conditions, and pricing for state-to-state Residential and Small Business services no longer federally tariffed may be found i) at <http://www.mci.com/service> for Residential services and http://www.mci.com/sb/service_agreement for Small Business services, or ii) by calling 1-800-444-3333.

This tariff contains the rules, regulations, descriptions and rates applicable to the furnishing of interexchange telecommunications services offered by MCI Communications Services, Inc. d/b/a Verizon Business Services (hereinafter referred to as the "Company") within the State of Missouri to residential and small business (i.e., mass mass market) customers. Interexchange telecommunications services offered to large business and enterprise customers are not contained in this tariff, but instead can be found in Company Tariff No. 4.

SECTION A - DEFINITION OF TERMS

REC'D SEP 09 1999

For the purpose of this tariff, the following definitions shall apply:

Access Coordination

Provides for the design, ordering, installation coordination, pre-service testing, service turn-up, and maintenance on an MCI WORLDCOM or customer provided local access channel.

Access Line

A dedicated arrangement which connects a customer location to an MCI WORLDCOM terminal location or an MCI WORLDCOM switching center.

Accounting Code

A two-digit code which is available to subscribers of Option A (Dial One/Direct Dial), Option B (Credit Card) and Option C (MCI WATS) which enables them to identify individual users and thereby allocate the cost of their long distance service.

Accounting Code (Vnet Service)

Customer-defined, non-verified codes which can be used to identify a project or an account for allocating the cost of the long distance call. From a dedicated access line, an Accounting Code can consist of up to seven digits but when used with an ID Code (as defined herein), the total number of digits cannot exceed seven. From a Vnet Dial "1" telephone number, an Accounting Code will consist of two digits and cannot be dialed in conjunction with an ID Code.

Administrative Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, that involves changes to authorization codes, speed numbers, route guide, consolidation of billing within Dedicated Leased Line Service, verification of testing performed by parties other than MCI, or any other administrative change not covered by a Billing Record Change (see below for definition).

Application for Service

A standard MCI WORLDCOM order form which includes all pertinent billing, technical and other descriptive information which will enable MCI WORLDCOM to provide a communication service as required.

Attenuation Distortion

The difference between the amount of power lost at certain frequencies compared to the power lost at a frequency of 1004 Hz. Used in connection with C-Type conditioning.

Calling Circle

For customers subscribing to the Friends & Family Program Domestic Option A (Friends & Family Original), a Calling Circle includes U.S. telephone numbers, including the number of the Subscriber, which numbers are presubscribed to MCI WORLDCOM and enrolled in Metered Use Option A (Dial One/Direct Dial);

As used in conjunction with the Domestic Calling Promotion A, a Calling Circle includes U.S. telephone numbers, including the number of the Subscriber, which numbers are presubscribed to MCI WORLDCOM and enrolled in Metered Use Option A (Dial One/ Direct Dial);

For customers subscribing to the Friends & Family Program Domestic Option B, a Calling Circle includes U.S. telephone numbers including the number of the Subscriber, which numbers are presubscribed to MCI WORLDCOM and enrolled in Metered Use Option A (Dial One/Direct Dial).

As used in conjunction with the Friends of the Firm Program, a Calling Circle is defined as follows:

In connection with Metered Use Service Option G (Prism Plus), a Calling Circle is a group of up to twenty (20) telephone numbers, which numbers are presubscribed to MCI WORLDCOM;

The telephone numbers included in a Calling Circle may be changed by the Subscriber from time to time.

Telephone numbers which are not capable of being presubscribed to an interexchange carrier (except for the Best Friends number), and telephone numbers which are associated with MCI 800 service (other than those associated with the Personal 800 Option), or MCI 900 Service, payphone numbers, institutional telephone numbers and numbers associated with MCI WORLDCOM services other than switched services will not be eligible for inclusion in Calling Circles.

SECTION A - DEFINITION OF TERMS (CONT.)

Service Commission

Calling Station

The station from which a call is originated.

Cancellation of Order

A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each circuit-end or dedicated access line canceled from an order prior to its completion by MCI WORLDCOM, under the following circumstances: (1) if the local Telco has confirmed in writing to MCI WORLDCOM that the circuit-end or dedicated access line will be installed; or (2) if MCI WORLDCOM has already submitted facilities orders to an interconnecting telephone company (this differs from a Disconnection, see page 6.1 for definition).

Casual Caller

Denotes any person who uses MCI WorldCom service from an equal access end office who does not have a current account with the Company for services subject to this tariff, to include: (i) any person who has not established an account with the Company who places calls over the Company's network from an equal access area; (ii) any presubscribed customer located in an equal access area who has either voluntarily terminated his MCI WorldCom account or has had his MCI WorldCom account terminated in accordance with the terms and conditions set forth in Sections B-5 and B-10; and (iii) new or allocated customers whose accounts are not yet established in the Company's billing system.

N
N

Central Office Connection

Connects the Inter-Office Channel (as defined herein) of a Dedicated Leased circuit or connects the access port of a switched channel to the Local Access Channel (as defined herein).

Channel or Circuit

A communications path between two or more points, having a bandwidth or transmission speed selected by a customer.

Channel Bank (M24 or M44)

A device that converts Analog voice frequency channels into digital formats and multiplexes these channels and/or data channels into a 1.544 mbps digital signal.

Channel Options

Features which can be added to a local access channel to change and/or augment its transmission characteristics. Typical channel options are signaling and data conditioning.

SECTION A - DEFINITION OF TERMS (Cont'd)

Channel Termination

The point at which MCI channel originates, terminates, or drops for the insertion or removal of a customer's signal.

CCSA

An arrangement for switched service networks in which common control MCI switching machines are used to switch network trunks. The switching machines may be shared with other users.

Collect Call

A billing arrangement which bills the charge for a long distance call to the called station's telephone number. The person agreeing to accept the call, whether they are an MCI customer or not, is responsible for all charges related to the call. Regardless of whether the person is an MCI customer or not, he or she is subject to the provisions of this tariff which are applicable to the call accepted.

Commercial Service

A switched network service which provides for dial station originations for which the subscriber pays a rate that is described as a business or commercial rate in the applicable local exchange service tariff for switched service.

Company

MCI Communications Services, Inc.

Customer

The person, firm, corporation or other entity which orders service either for its own use, as a resale carrier, or as a non-profit manager of a sharing group and which is responsible for the payment of charges and for compliance with MCI tariff regulations. For billing purposes, a customer is considered to be an account. In the Metered Use Services, if a person, firm, corporation or other entity orders the service in more than one MCI originating city, or requests the assignment of more than one account number in a particular city, each such account is a separate customer for billing purposes. A customer may also function as a Casual Caller as defined in this Tariff.

Customer-Provided Terminal Equipment

Terminal equipment, as defined herein, provided by a customer.

Envelope Delay Distortion

Denotes a measure of the linearity of the phase versus frequency of a channel. It is the maximum Variation over a band of frequencies of the envelope delay, which is the derivative of the phase with respect to frequency. Used in connection with C-type conditioning.

Exemption Certification

A written notification provided by the customer certifying that his or her dedicated facility should be exempted from the monthly Special Access Surcharge because (a) the facility terminates in a device not capable of interconnecting MCI 's service with the local exchange network or (b) the facility is associated with a Switched Access Service that is subject to Carrier Common Line Charges. Credit provisions are available, as detailed in Section B-7.06.

Expedite

A service order initiated at the request of the customer, plus the accompanying installation or change to related circuits, that is processed in a time period shorter than the MCI standard service interval.

Fiber-Only Routing

A channel will be provisioned exclusively on fiber optic transmission facilities between MCI points of presence.

Four-Wire Circuit

A circuit using two one-way transmission paths, which include two carrier paths and two wire pairs.

Institutional Phones

Telephones, other than payphones, located in public institutions such as universities, prisons, or public offices, or in hotels or motels, or in other premises where the subscriber to MCI WORLDCOM service may not be able to control access to the phones.

Inter-Office Channel

The long-haul portion of a dedicated circuit that connects two or more points of presence (as defined herein) in distant cities.

Inter-Office Conditioning

Special adjustments made to the long-haul portion of a dedicated circuit (required for data circuits only) to assure specific performance levels required for high-speed data transmission.

Interswitch Trunk

A circuit which connects two CCSA switching centers.

Intermodulation Distortion

A measure of the non-linearity of a channel used in connection with D-type conditioning.

Joint Users

A person, firm or corporation designated by the customer as a user of communication facilities furnished to the customer by MCI WORLDCOM, and to whom a portion of the charge for such facilities are billed under a joint user arrangement.

LATA (Local Access Transport Area)

A geographical area established by the U.S. District Court for the District of Columbia in Civil Action No. 17-49, within which a local exchange company provides communications services.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION A - DEFINITION OF TERMS (Cont.)

Member

As used in conjunction with the Friends & Family Program or the Friends of the Firm Programs, a Member is a MCI WORLDCOM customer whose telephone number is included in a Calling Circle. An MCI WORLDCOM customer may be a Member of an unlimited number of Calling Circles.

Multiline Terminating Device

Denotes switching equipment, key telephone type systems or other similar customer premise terminating equipment which is capable of terminating more than one access line.

Multipoint Arrangement

An arrangement whereby an Inter-Office Channel connects customer locations serviced by more than two MCI WORLDCOM Points of Presence and/or where an Inter-Office Channel connecting two or more MCI WORLDCOM Points of Presence connects three or more customer locations.

Network Trunks

Access lines, interswitch trunks, and circuits connecting services and facilities of MCI WORLDCOM or other carriers to MCI WORLDCOM CCSA switching centers.

Off-Network Access Line

A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from an MCI WORLDCOM switched service network to the DDD network.

SECTION A - DEFINITION OF TERMS (Cont.)

RECD SEP 09 1999

One-Way Transmission

The capability of transmission in only one direction.

Other Common Carrier

A person, firm, corporation or entity which subscribes to MCI WORLDCOM's communication services and facilities and resells these communication services and facilities to the public for profit. Unless otherwise indicated herein, the term "other common carrier" when used in this tariff also means "customer" and includes entities which are brokers of the service (act as intermediaries for the purposes of reselling), those entities which are processors of the service (enhance the value of the service through substantial incurred costs), and those entities which are underlying carriers (own transmission facilities).

Person-to-Person

A service for which the person originating the call specifies to the Company operator a particular person, mobile station, department, extension, or office to be reached. If the called party is unavailable and the calling party requests or agrees to speak to a party other than the party initially specified, the call is still billed as a Person-to-Person.

Physical Change

The modification of an existing circuit, dedicated access line or port, at the request of the customer, requiring some physical change or retermination.

Point of Presence

MCI WORLDCOM's physical presence in a LATA (as defined herein). Locations where MCI WORLDCOM maintains a Terminal Facility for purposes of providing Interexchange Telecommunications Services.

SECTION A - DEFINITION OF TERMS (Cont.)

REC'D SEP 09 1999

Premises

The space designated by a customer at its place or places of business for termination of MCI WORLDCOM service, whether for its own communications needs or for the use of its resale customers. In the case of the non-profit sharing group, this term includes space at each sharer's place or places of business, as well as space at the customer's place of business.

Redundancy

The offering of alternate Interexchange Telecommunication Services which may be provided using one or more different routings, circuits, and/or additional equipment.

Residential Service

A switched network service which provides for dial station originations for which the subscriber pays a rate that is described as a residential, non-commercial, or non-business rate in the applicable local exchange service tariff for switched service.

Restoration

The re-establishing of service by rerouting, substitution of component parts, or otherwise, as determined by the carrier(s) involved.

Route Diversity

Two channels which are furnished partially or entirely over two physically separate routes.

Service Group

The term "Service Group" as used in connection with MCI WATS denotes one or more MCI WATS dedicated access lines terminated in the same multiline terminating device at the same customer premises.

Shared Access

Utilization of the local exchange network facilities for origination of Vnet calls.

Shared Termination

Utilization of the local exchange network facilities for termination of Vnet calls.

Shared Transport

Utilization of MCI WORLDCOM's switched network for the long-haul portion of Vnet calls.

SECTION B - RULES AND REGULATIONS

REC'D SEP 09 1999

1. DESCRIPTION OF SERVICE

- .01 Interexchange Telecommunication Services is the furnishing of MCI WORLDCOM services for communications between specified locations under the terms of this tariff. Channels will be those of MCI WORLDCOM alone, or MCI's in conjunction with those of other participating, concurring or connecting carriers.
- .02 Interexchange Telecommunication Services consists of the furnishing for the use of customers, of channels for the direct transmission and reception of communications between the MCI WORLDCOM Metropolitan Area Terminal City Locations or MCI WORLDCOM terminals and all service offerings contained herein which anticipate the provision of such channels as part of the offering are included in this category. Such service has the capability of being extended beyond the respective MCI WORLDCOM Terminal Locations.
- .03 MCI WORLDCOM, when acting at the customer's request and as his authorized agent, will make reasonable efforts to arrange for service requirements which may include terminal equipment and circuit conditioning.

2. LIMITATIONS

- .01 Service is offered subject to the availability of facilities and the provisions of this tariff.
- .02 MCI WORLDCOM reserves the right to discontinue furnishing service, upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff, or in violation of the law.
- .03 Calls may not be placed using a Local Exchange Company's calling card whenever there is no obligation on the part of the Local Exchange Company issuing the calling card to invoice such calls on MCI WORLDCOM's behalf, and calls may not be placed or received using 1010XXX dialing or collect or third party calling conventions, e.g., 1-800-COLLECT, whenever there is no obligation on the part of the serving Local Exchange Carrier to invoice such calls on MCI WORLDCOM's behalf or whenever that Carrier fails to provide billing name and address (BNA) information to MCI WORLDCOM in connection with such calls.

4. LIABILITY

- .01 The liability of MCI WORLDCOM for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission occurring in the course of furnishing service, and not caused by the negligence of the customer or of MCI WORLDCOM in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs.
- .02 MCI WORLDCOM shall be indemnified and held harmless by the customer against:
 - .021 claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content transmitted over MCI WORLDCOM's channels; and
 - .022 patent infringement claims arising from combining or connecting MCI WORLDCOM-furnished channels with apparatus and systems of the customer; and
 - .023 all other claims arising out of any act or omission of the customer in connection with any service provided by MCI WORLDCOM.
- .03 MCI WORLDCOM is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- .04 MCI WORLDCOM does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere which explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. The customer indemnifies and holds MCI WORLDCOM harmless from any and all loss, claims demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment so used.

.08 The customer shall ensure that his equipment and/or system is properly interfaced with MCI WORLDCOM facilities, that the signals emitted into MCI's network are of the proper mode, bandwidth, power, data speed, and signal level for the intended use of the customer and in compliance with the criteria set forth in Section B-12.03 following, and that the signals do not damage MCI WORLDCOM equipment, injure personnel or degrade service to other customers. If the Federal Communications Commission or some other appropriate certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, MCI WORLDCOM will permit such equipment to be connected with its channels without the use of protective interface devices. If the customer fails to maintain and operate his equipment and/or system properly, with resulting imminent harm to MCI WORLDCOM equipment, personnel, or the quality of service to other customers, MCI WORLDCOM may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety, MCI WORLDCOM may, upon written notice, terminate the customer's service.

.09 With respect to Metered Use Service Option N (MCI Prepaid Calling Card Service, MCI WORLDCOM makes no warranty, guarantee, or representation, either expressed or implied, regarding the merchantability, accuracy, reliability, condition, or fitness of the information provided in connection with the use of the card.

5. CANCELLATION OF SERVICE BY A CUSTOMER

(See Section B-10 for cancellation by MCI WORLDCOM)

.01 If a customer cancels his order for service before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and MCI WORLDCOM, a charge will be levied upon the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by MCI WORLDCOM and not fully reimbursed by installation and monthly charges. If, based on an order by a customer, any construction has either begun or been completed, but no services provided, the nonrecoverable cost of such construction shall be borne by the customer.

6. USE OF SERVICE (Cont.)

.03 Metered Use Service Option A (Dial One/Direct Dial) furnished by MCI WORLDCOM Section C-3.02) may, at a customer's option, be arranged for use under Corporate (Group) Account Billing. Group Account Billing specifies a combined monthly minimum usage charge for multiple business locations which the customer owns, franchises, manages, or directs, of \$2500 for all sub-accounts.^{1/} The applicable Volume Discount, as set forth in Section C-3.0213, will be based upon the total combined monthly usage for all sub-accounts. Charges for optional features, detailed in Section C-3.0215, will be waived for all Corporate (Group) Account Billing Customers of Metered Use Service Option A. Customers who elect this billing option are subject to the following:

.031 The customer electing this option shall be designated as the Sponsor, and as such must accept financial responsibility for all sub-accounts included under the Group Account Billing arrangement. Should the total monthly usage charges for all sub-accounts fail to satisfy the applicable monthly minimum usage charge, the Sponsor is responsible for payment of the differences.

.032 The Sponsor must specifically name all sub-accounts in the application for Group Account Billing. Further, orders which involve the start or discontinuance of service will be accepted by MCI WORLDCOM only from the Sponsor and will be subject to all regulations in this tariff.

.033 Each sub-account will be deemed to be a customer of MCI WORLDCOM, and will be billed separately for its MCI WORLDCOM service and will be responsible for payments to MCI WORLDCOM. In the event that a sub-account fail to pay MCI WORLDCOM the Sponsor shall be liable to MCI WORLDCOM for all charges incurred as a result of such sub-account's use of MCI WORLDCOM's service. Prior to initiation of service under Group Account Billing, the Sponsor must submit to MCI WORLDCOM a letter accepting the terms and conditions set forth herein.

.08 Directory Assistance (Cont'd)

Up to one requests may be made on each call to Directory Assistance. The Directory Assistance Bureau will furnish requested telephone numbers. The Directory Assistance charge applies to each call regardless whether the Directory Assistance Bureau is able to furnish the requested number. In addition to the Directory Assistance charge, the following surcharges will apply: Surcharges associated with Option G (Prism Plus) calling card calls; Option B (Credit Card); and the surcharges associated with operator assisted calls. The Operator Dialed Surcharge will not apply to Directory Assistance calls made using an MCI Calling Card. Directory Assistance calls will not be applied nor calculated as part of the Volume Discounts offered under the Metered Use Service Options referenced herein. Customers will be provided a credit allowance in the event of poor transmission quality, receipt of an incorrect telephone number, or if the Directory Assistance Number is inadvertently misdialed.

For those customers who are not subscribed to service provided by the Company and who access Directory assistance via a Company-designated Carrier Identification Code (CIC), a per minute charge of \$0.10 will apply to any Directory assistance call completed by the Directory Assistance operator.

Residential Directory Assistance Call Completion

The customer may request that the Directory Assistance operator complete the calls made within the state for one of the numbers provided under Section B-6.04. The customer will be charged an additional undiscountable surcharge of \$0.35 per completed call. The customer will be charged the per minute rate for switched originating direct dial usage for the MCI service to which the customer is pre-subscribed for completed calls. Call Completion is available to residential customers only. Call Completion is not available to callers who are not pre-subscribed to any MCI service, or for calls to toll free, 500, 700, 900 and 976 numbers.

.09 Payphone Use Charge

An undiscountable per call charge, as authorized by F.C.C. Docket No. 96-128, is applicable to calls that originate from any payphone within the state used to access MCI services as follows. This charge, which is in addition to standard tariffed usage charges and any applicable surcharges associated with MCI service, is applicable to toll free access (i.e., 800, 888, and 950) and dial around (i.e., 1010XXX) telephone calls from payphones, and applies for the use of the instrument used to access MCI service and is unrelated to the MCI service access from the payphone. Customers will be charged the Payphone Use Charge for each call placed from a payphone within the state using the products listed below.

The Payphone Use Charge does not apply to calls using Telecommunications Relay Service; calls originated by customers with qualified hearing or speech impairment who are certified as described in Sections C-3.0213 and C-3.0214; and calls placed from payphones at which the customer pays for service by inserting coins during the progress of the call.

.13 Individual Case Basis (ICB) Arrangements

Private line services will be made available to customers in a non-discriminatory manner. Rates for local exchange, dedicated access, private line, non-switched, and special access services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the Company's cost of providing the service and will be made available to the Commission Staff upon request on a proprietary basis. Rates may be negotiated and adjusted on individual Contract Basis (ICB) Customer Specific Proposals (CSPs) in an exchange in which basic local telecommunications service offered to business customers by the incumbent local exchange company has been declared competitive. Terms of ICB/CSP provided to business customers will be provided on a proprietary basis to the Commission Staff, upon request.

.03 MCI WORLDCOM may invoice low usage customers every other month unless a customer requests monthly billing. This billing option will be administered as follows:

Customers whose prior four (4) months billing averages \$15.00 or less per month will be provided optional bimonthly billing. Customers who subscribe to MCI WORLDCOM Calling Plans are not eligible for bimonthly billing.

Notice will be sent to qualifying customers that bimonthly billing will thereafter be initiated unless that customer exercises his/her desire to remain on a monthly billing basis by calling MCI WORLDCOM's Customer Service Office at 1-800-444-3333.

Qualified Customers will receive bimonthly billing at no charge. Customers may request to be returned to monthly billing at no charge by calling MCI WORLDCOM's Customer Service Office. Customers may exercise a billing change of monthly-bimonthly billing only once within a six month time period. There is no charge to the customer for Company initiated monthly-bimonthly billing changes.

PAYMENT ARRANGEMENTS (Cont'd)

- .05 Business or Commercial customers whose financial condition is not acceptable to MCI , or is not a matter of general knowledge, may be required at any time to make a deposit not to exceed an amount equal to three times the average bill during the preceding six-month period for services at the customer's premises, or if such information is not available, up to an amount equaling the installation charges, if applicable, and/or up to three months estimated charges for the service to be provided. In the case of a cash deposit, interest at the rate paid in that locality for escrow accounts will be paid for the period during which the deposit is held by MCI . Such deposit may be refunded or credited to the customer at any time after six months of good credit upon request of the customer prior to termination of service. Upon termination of service, the deposit, with accrued interest, shall be credited to the final bill, and any credit balance shall be returned promptly to the customer.
- .06 The charges set forth in this tariff for channel terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges.
- .07 If notice of a dispute as to charges is not received, in writing, by MCI within two years after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.

8. CHANGE IN SERVICE ARRANGEMENT

When a change in service arrangement involves the continued use by the customer of channels furnished by MCI , installation charges do not apply to the channels continued in use is determined from the date of the initial acceptance thereof.

8.A Late Fee

For Residential and Small Business service customers, a late payment charge of 1.5% may be assessed on payments not received within 30 days from the invoice date, where capabilities exist. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer. The late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination.

9. INSPECTION

MCI WORLDCOM may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the requirements of this tariff are being complied with in the installation, operation or maintenance of the customer or MCI WORLDCOM equipment. MCI WORLDCOM may interrupt the service at any timer, without penalty to MCI WORLDCOM, because of departure from any of these requirements.

10. CANCELLATION FOR CAUSE BY MCI WORLDCOM (See Section B.5 for Cancellation by Customer)

.01 Upon nonpayment of any sum owing to MCI WORLDCOM (See Section B-7.02), or upon a violation of any of the provisions governing the furnishing of service under this tariff, MCI WORLDCOM may, upon ten (10) days written notification to the customer, without incurring any liability, immediately discontinue the furnishing of such service.

.02 Upon 14 days written notification, MCI WORLDCOM will discontinue furnishing service to a subscriber to Option A (Dial One/Direct Dial) of Metered Use Service who accesses MCI WORLDCOM by dialing a 7 digit access number and has not used the service for a period of 90 days and who appears, after investigation to have left the community.

11. TESTING AND ADJUSTING

Upon reasonable notice, the channels provided by MCI WORLDCOM shall be made available to MCI WORLDCOM for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

12. TERMINAL EQUIPMENT

- .01 Terminal equipment, such as teleprinters, handsets or data sets at the premises of the customer and connecting local channels between such premises and the MCI WORLDCOM terminals, shall be furnished by and maintained at the expense of the customer, except as otherwise provided.
- .02 The characteristics of equipment at either end of the channel shall be such that its connection to the channel complies with the minimum protection criteria set forth below, and does not interfere with services furnished to other customers. Additional protective equipment, where required, shall be at the customer's expense.
- .03 When services using Local Exchange Company voice grade facilities are terminated in customer-provided terminal equipment, channel derivation devices, or communications systems, the customer shall comply with the minimum protective criteria set forth below:
 - .031 When the facilities furnished under this tariff are used in common with Bell System services, it is necessary in order to prevent excessive noise and crosstalk that the power of the signal applied to Bell lines be limited. A single valued limit for all applications cannot be specified. Therefore, the power of the signal in the Band above 300 Hertz which may be applied by the customer-provided equipment at the point of termination will be specified by MCI WORLDCOM for each application, to be consistent with the signal power allowed on the telecommunications network.

12. TERMINAL EQUIPMENT

.032 To protect the telecommunications services from interference at frequencies which are about the band of service provided, MCI WORLDCOM will specify the acceptable signal power in the following bands to be applied by the customer-provided equipment or communications system at the point of termination to insure that the input to Bell facilities does not exceed the limits indicated:

- the power in the band from 3,995 Hertz to 4,005 Hertz shall be at least 18 dB below the power of the signal as specified in Section 13.031 preceding.
- the power in the band from 4,000 Hertz to 10,000 Hertz shall not exceed 16 dB below one milliwatt.
- the power in the band from 10,000 Hertz to 25,000 Hertz shall not exceed 24 dB below one milliwatt.
- the power in the band from 25,000 Hertz to 40,000 Hertz shall not exceed 36 dB below one milliwatt.
- the power in the band above 40,000 Hertz shall not exceed 50 dB below one milliwatt.

.033 Where there is connection via customer-provided terminal equipment or communications system to a Message Telecommunications Service or a WATS service to prevent the interruption or disconnection of all call, or interference with network control signaling, it is necessary that the signal applied by the customer-provided equipment to the interface at no time has energy solely in the 2450 to 2750 Hertz band. If signal power is in the 2450 to 2750 Hertz band, it must not exceed the power present at the same time in the 800 to 2450 Hertz band.

.034 Where such customer-provided equipment or communications system applies signals having components in the frequency spectrum below 300 Hertz, excluding ringing signals, the currents and voltages (including all harmonics and spurious signals) at the interface shall not exceed the limits indicated in .0341 through .0344 following:

.0341 The maximum rms (root-mean-square) value, including dc and ac components, of the current per conductor will not exceed 0.35 ampere.

.0342 The magnitude of the peak of the conductor or ground voltage shall not exceed 70 volts.

.0343 The conductor voltage shall be such that the conductor to ground voltage limit in .0342 preceding is not exceeded. If the signal source is not grounded, the voltage limit in .0342 preceding applies to the conductor to conductor voltage.

.0344 The total weighted rms voltage within the band from 50 Hertz to 300 Hertz shall not exceed 100 volts. The total weighted rms voltage is the square root of the sum of the products times the square of the rms voltage of the individual frequency components. The weighting factors are as indicated:

for frequencies between weighting factor

50 Hertz and 100 Hertz $f^2/10^4$
100 Hertz and 300 Hertz $f^{3.3}/10^{6.6}$

where f is the numerical value of the frequency, in Hertz, of the frequency component being weighted.

13. ALLOWANCE FOR INTERRUPTIONS (Cont.)

.01 Credit allowance for interruptions of service which are not due to MCI WORLDCOM testing and adjusting, negligence of the customer, or the failure of channels, equipment and/or communications systems provided by the customer, are subject to the general liability provisions set forth in Section B-4 preceding. When the service provided by MCI WORLDCOM is interrupted for a period of two consecutive hours or more, credit is allowed for that portion of the service which is affected, in accordance with the following formula:

$$\text{Credit} = \frac{T}{24} \text{ times } C$$

"T" is outage time in hours

"C" is total daily charge for the affected facility

.02 For the purpose of determining the amount of allowance, every month is considered to have 30 days. Only those segments of service actually affected by the interruption shall be considered in determining the amount of allowance.

.03 The length of an interruption shall be measured from the time the customer notifies MCI WORLDCOM of the interruption, or from the time a major outage is known to MCI WORLDCOM.

.04 As used in Section B.13 herein, the term "service" means the circuits or equipment provided by MCI WORLDCOM, and/or a participating international carrier, or an overseas administration connecting with such international carrier.

.05 MCI WORLDCOM will, at customer request and expense, attempt to make arrangements for redundancy on the customer's service.

14. INTERCONNECTION WITH OTHER CARRIERS

.01 Service furnished by MCI WORLDCOM may be connected with services or facilities of another participating carrier. Such interconnection may be made at an MCI WORLDCOM Terminal or entrance site, at a terminal of another participating carrier, or at the premises of a customer, joint user, or authorized user. Service furnished by MCI WORLDCOM is not part of a joint undertaking with such other carriers.

.03 Call Blocking:

Without notice, the Company may block calls to or from certain countries, country codes, cities, city codes, NXX exchanges, individual telephone stations, groups or ranges of individual telephone stations or calls that use certain authorization codes, whenever the Company deems it necessary to take such action to prevent: (a) the unlawful use of service; (b) fraud; (c) nonpayment for service; (d) the use of service in violation of the requirements of this Tariff; or (e) Company network blockage or the degradation of service furnished to the Customer or to other customers; or when actions taken by foreign governments or foreign telecommunications agencies, or responsive actions taken by the U. S. Government or any instrumentality thereof, render it impossible or impracticable to provide service. The Company will unblock as soon as it determines it can do so without undue risk, and it will, upon request by an affected Customer, assign new authorization codes to replace any that were deactivated. Whenever call blocking occurs on lines presubscribed to the Company, Customers or former Customers will be unable to make calls via any of the Company's CICs or those of its affiliates. At the request of a private payphone owner, the Company will arrange to block direct dial (i.e., completed without the assistance of an operator) calls made from a payphone to Puerto Rico and the U.S. Virgin Islands and to all international locations, except Canada. The Company may refuse to accept calling or credit card, collect calling and/or third number calls which it determines are or may be fraudulent, or it may limit the use of these billing options to or from certain countries or areas, including all or part of the United States, Puerto Rico, and the U.S. Virgin Islands.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont'd)

3. METERED USE SERVICE¹

(T)

.01 General Description

Metered Use Service offers the use of interexchange communications facilities shared among multiple users, and is provided on the basis of forty-three separate service options (Dial One/Direct Dial, Credit Card, Prism Plus, MCI Preferred, Commercial Dial-1 Service, MCI PhoneCash, MCI PrePaid, MCI Flat Rate, 500 Personal Number, hospitalityMCI, Advanced Option I for Small Business, MCI Flat Rate Plus service, MCI One Savings, MCI Everyday Classic, MCI Everyday Plus, MCI AnyTime, MCI Everyday Savings, Basic Calling Plan XX, Basic Calling Plan YY, Basic Calling Plan ZZ, 321 Direct Plan, 220 Direct Plan T1LD 7c, T1LD Plan, MCI Simple International Plan, Basic Calling Plan A, Basic Calling Plan B, Block of Time Plan 4, Block of Time Plan 5, Block of Time Plan 6, Block of Time Plan 7, and NetRate Plan). Depending on the option(s) chosen the customer may select the manner in which calls are originated and terminated, may obtain one-way or two-way service, may enjoy point-to-point or multipoint service, or may originate calls in multiple cities.

Certain Metered Use Service Offerings may involve a recurring monthly minimum charge for interexchange facility usage or an initiation of service fee. A monthly listing of each call and its duration is available as a standard feature. At additional cost, certain Metered Use Service options offer a customer the ability to: (1) identify the users and allocate the cost of his long distance facilities through the use of additional authorization codes, (2) reduce the amount of dialed digits through the use of speed numbers, and (3) receive their call records on magnetic tape.

Under each of the above service options, the individual customer's total monthly charges for their use of the interexchange communication facilities are based upon the total time the customer (account) utilizes such facilities. In that regard, individual interexchange facilities usage charges, as well as other specific charges, discounts and/or features are applicable to each individual service option. When a metered use service call is established in one time-of-day rate application period and ends in another, the rate in effect in each rate application period applies to the portion of the call occurring within that rate application period. The rates and charges applicable at any given time within the allowable minimum/maximum range for Option A (Dial One/Dial Direct), Option B (Credit Card) will be specified in a supplemental rate schedule filed with and approved by the Missouri Public Service Commission. Any change to a rate or charge within the allowable range shall not be construed as an application to increase or decrease rates. A specific description of each of the Metered Use Service options and its recurring and non-recurring charges, features, applicable discounts and service availability is contained in Sections C.3.02-C.3.51 following.

¹ Effective September 26, 2012, for all residential customers of Metered Use Service, all Calling Card service and Toll Free / 800 service will no longer be available to new customers.

SECTION C - SERVICE DESCRIPTIONS AND RATES (Cont.)

3. METERED USE SERVICE

.01 General Description (Cont.)

Service Cancellation Request Received From Local Exchange Carrier: If the Company cancels a Customer account or service at the request of the Local Exchange Carrier (LEC) serving the Customer, but the Customer nevertheless continues to complete calls over the Company's network by dialing 1+ or 1010222, then, for a period not to exceed thirty (30) days from the date the Company first received the service cancellation request, the following provisions shall apply:

Customers who had subscribed to residential service under this Tariff will be charged the rates set forth in Section C-3.02 for direct dial usage; Section C-3.03 for calling card access (excluding third party billed and station to station) usage; C-3.023 for toll free service usage; and Section C-3.026 for direct dial operator assisted usage.

Customers who had subscribed to Metered Use Service Option M (Commercial Dial 1 Service), Metered Use Service Option K (MCI Preferred), Metered Use Service Option S (MCI Flat Rate), Metered Use Service Option V (Advanced Option I for Small Business), Metered Use Service Option N (MCI Flat Rate Plus) or Metered Use Service Option Z (Advanced Option II for Small Business) will receive service under the terms and conditions, including rates and charges, set forth under the offering to which the customer subscribed at the time of cancellation under those services.

.02 Option A (Dial One/Direct Dial)²

Dial One/Direct Dial Service is a one-way, dial in - dial out multipoint service allowing the customer to originate and terminate calls via MCI -provided local business telephone lines. Subscribers to Dial One/Direct Dial Service may originate calls only in the city or cities in which they maintain an active Dial One/Direct Dial account. Customers who presubscribe to MCI may do so on a direct dial basis, by dialing 1010222, or via a 7 digit access number. Customers may terminate calls as specified in Section 3.023 below. All Dial One/Direct Dial calls are rounded to the next higher full minute. At the customer's option Dial One/Direct Dial is available on the basis of a Corporate (Group) Account Billing Arrangement.^{1/}

Option A (Dial One/Direct Dial) and Credit Card customers may enroll in the Friends & Family Program and become eligible for discounts in that program in addition to discounts established elsewhere in this section. These customers are subject to the rates and provisions stated below for the Program.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge of \$5.00.

.0214 MCI Distinct: Discounted rates are available to qualified hearing or speech impaired persons who have been certified, in writing, by a licensed physician, audiologist, speech pathologist, or appropriate State or Federal agency, as having a hearing or speech impairment which precludes oral communications and who have and use a text telephone for visual communications. The adjustment will be applied to the appropriate rate schedules for direct-dialed Option A (Dial One/Direct Dial) calls specified in Section C-3.0251 and Operator Assisted Option A calls, excluding surcharges specified in Section C-3.0264. Calls placed during all rate periods will be discounted 35 percent.

The written certification of the speech or hearing impairment must be presented to an MCI WORLDCOM Customer Service Center or, if MCI WORLDCOM so chooses, proof of certification, as defined above, may remain on file with the customer's Local Exchange Carrier. Upon request, MCI WORLDCOM Customer Service will furnish applicants with a certification form.

This rate adjustment will be provided for use only by the speech or hearing impaired customer and applies to direct dialed and operator assisted Option A (Dial One/Direct Dial) for calls that originate from and are billed to the telephone number of the certified speech or hearing impaired person. .023 Personal 800 Plan R

Personal 800 Plan R provides a telephone number at which calls may be received from any location within the state of Missouri for a monthly subscription fee of \$4.00 plus a one-time installation fee of \$10.00. ^{1/} MCI WORLDCOM will provide to the customer an 800 telephone number, a 4-digit Security Code, and a 6-digit Rerouting Code which will allow the customer to use the "Follow-Me" Routing feature. The customer will be charged \$.3000 per minute, or fraction thereof, for all Personal 800 Plan R calls within the state of Missouri which are made during all time periods. For all customers enrolled in the Friends & Family Program, a rate of \$.3000 per minute, will apply for all time periods. The Friends & Family, and standard Holiday discounts do not apply to these calls. A Personal 800 Plan R customer shares access to an 800 number with other customers and acquires service based on a 4-digit Security Code assigned to the customer. Thus, a customer may not retain the 800 number or any right therein when his or her service is discontinued. There is a limit of ten Personal 800 Plan R numbers per customer telephone number.

.0231 Follow-Me Routing: This feature allows a Personal 800 Plan R customer to change the telephone number to which calls to his or her Personal 800 Plan R number will be terminated. To make a Follow-Me change, a customer may use his or her Personal 800 Plan R number and the 6-digit Rerouting Code. There is no limit on the number of changes a customer may make.

.0262 The following regulatory requirements will apply to the provision of operator services¹:

- A. MCI Communications Services, Inc. may enter into operator services contracts with traffic aggregators to provide intrastate operator services to end users at traffic aggregate locations only if such operator services are offered to end users under the same terms, conditions, and rates as are offered to end users receiving operator services directly from MC.
- B. In offering intrastate operator services to end users through contracts with traffic aggregators, MCI will observe the following conditions:
 - 1. Incomplete calls will not be billed knowingly. Where answer supervision is unavailable a timing surrogate or other technological device will be used to prevent the accidental billing of incomplete calls. Charges for incomplete calls will be removed promptly upon notice by the billed party or upon knowledge of their existence by MCI.
 - 2. The end user and billed party, if different from the end user, will be informed at the time of initial contact that MCI is the operator services provider;
 - 3. Rates, including all rate components and any additional charges, will be quoted by MCI at no charge upon request by the end user;

¹ Effective November 11, 2011, Commercial credit card billing for operator assisted calls will no longer be available where payment is made via an automated or live operator.

.02 Option A (Dial One/Direct Dial) (Cont.)

.027 PrimeTime Option 1/

PrimeTime is a discounted variation of Dial One Service which offers one hour of interstate calling. Customers must select the PrimeTime Option described in MCI 's Tariff FCC No. 1, in which case they may include their intrastate calls for an additional charge of \$2.25 per month. Customers may place calls between 5:00 PM and 8:00 AM Monday through Friday, all day Saturday and Sunday until 5:00 PM, and between 11:00 PM Sunday and 8:00 AM Monday. Additional minutes of interstate and intrastate evening and night/weekend calling during these time periods are available at \$.15 per minute.

For an additional \$1.25 per month charge, all calls made outside the specified time periods will be given a discount of 10% (in lieu of any other volume discounts contained herein) off that portion of the monthly usage charges incurred at the rates listed in Section C-3.026 preceding. 2/ If a customer chooses this option, the monthly charges still apply regardless of the volume of calls made under this plan during any month.

Monthly Minimum Usage - Customers subscribed to this plan must pay a monthly minimum usage charge, as specified in http://consumer.mci.com/mci_service_agreement/res_domestic_services.jsp; except that customers who are subscribed to this plan and who have selected the Company for intralata service only will be charged a monthly minimum charge of \$5.00.
