***VIA ELECTRONIC FILING***

Mr. Morris Woodruff, Secretary  
Missouri Public Service Commission  
P.O. Box 360  
Jefferson City, MO 65102

**RE: Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty  
Weather Normalization Adjustment Rider (“WNAR”)  
Case No. GT-2022-0063 / Tariff Tracking No. JG-2022-0044**

Dear Judge Woodruff:

On August 31, 2021, Liberty provided the following revised tariff sheets, with a proposed effective date of October 1, 2021: Form 13 - P.S.C. MO. No. 2, 7<sup>th</sup> Revised Sheet Nos. 67.2-67.5.

Staff reviewed the filing and raised two issues: (1) an incorrect number on a summary sheet; and (2) inconsistent HDD data for one day. To address Staff’s concerns, Liberty is submitting substitutes for Sheet Nos. 67.3 and 67.5. As substitutes, the sheets continue to bear an issue date of August 31 and a proposed effective date of October 1. Adjusting the HDD data resulted in changes to the SE area:

<u>Rate</u>	<u>Prior to HDD Change</u>	<u>After HDD Change</u>	<u>Amount of Change</u>
Residential SE CSWNA	(0.00292)	(0.00330)	(0.00038) decrease
Residential SE WNA	(0.00927)	(0.00889)	(0.00038) decrease
Small Gen. Service SE CSWNA	(0.00098)	(0.00111)	(0.00013) decrease
Small General Service SE WNA	0.00266	0.00253	(0.00013) decrease

Redlined tariff sheets showing all changes from the original submission have been provided to Staff.

Please bring this WNAR substitute tariff filing to the attention of the Commissioners and the appropriate Commission personnel, and please do not hesitate to contact me with any questions or concerns.

Sincerely,

*Diana Carter*

***VIA ELECTRONIC FILING***

Mr. Morris Woodruff, Secretary  
Missouri Public Service Commission  
P.O. Box 360  
Jefferson City, MO 65102

**RE: Liberty Utilities (Midstates Natural Gas) Corp. d/b/a Liberty  
Weather Normalization Adjustment Rider (“WNAR”)**

Dear Judge Woodruff:

I am providing herewith to the Missouri Public Service Commission for filing, in electronic form, the following revised tariff sheets:

Form 13 - P.S.C. MO. No. 2, 7<sup>th</sup> Revised Sheet No. 67.2;  
Form 13 - P.S.C. MO. No. 2, 7<sup>th</sup> Revised Sheet No. 67.3;  
Form 13 - P.S.C. MO. No. 2, 7<sup>th</sup> Revised Sheet No. 67.4; and  
Form 13 - P.S.C. MO. No. 2, 7<sup>th</sup> Revised Sheet No. 67.5.

These revised tariff sheets, which have an issue date of August 31, 2021, and an effective date of October 1, 2021, are designed to reflect the October adjustment made pursuant to the Company’s WNAR for the six month period ending September 2021.

The WNAR adjustment is (\$0.01357) for residential customers in the Company’s Northeast and West Districts, (\$0.00292) for residential customers in the Company’s Southeast District, (\$0.00558) for small general service customers in the Northeast and West Districts, and (\$0.00098) for small general service customers in the Southeast District. The rates are calculated semiannually to adjust for actual heating degree days as they differ from the normal levels and are effective for twelve months.

The Company’s WNAR tariff states that the Company shall determine the Semiannual Reconciliation Rate (“SRR”) based on the over- or under-billing during the twelve month billing of each Current Semiannual WNA (“CSWNA”) and SRR using the effective CSWNA and SRR rates and nine months of actual sales and three months of projected sales. This filing includes the Company’s CSWNA reconciliation for the twelve month period ending September 30, 2021. This CSWNA reconciliation establishes the SRR rates to be effective October 1, 2021.

The SRR adjustment is \$0.00028 for residential customers in the Company's Northeast and West Districts, (\$0.00040) for residential customers in the Company's Southeast District, \$0.00019 for small general service customers in the Northeast and West Districts, and (\$0.00032) for small general service customers in the Southeast District.

Compared to currently existing rates, and assuming normal usage, the WNAR adjustment will decrease the average monthly bill of the typical residential customer by approximately:

(\$0.75) per month, or -1.40% in the Company's Northeast District;  
(\$0.69) per month, or -1.22% in the Company's West District; and  
(\$0.47) per month, or -1.19% in the Company's Southeast District.

Such bill impacts may be less or more depending on a customer's actual usage, which is largely affected by weather.

Please bring this WNAR filing to the attention of the Commissioners and the appropriate Commission personnel, and please do not hesitate to contact me with any questions or concerns.

Sincerely,

*Diana Carter*
