MO. PUBLIC SERVICE COM

OCT 14 1997

TARIFF FORMAT MISSOURI  
Public Service Commission

**A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

**B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the PSCM. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Consult the Check Sheet for the sheet currently in effect.

**C. Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of coding is subservient to the next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

**D. Check Sheets** - When a tariff filing is made with the PSCM, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.) The tariff user should refer to the latest Check Sheet to find out if a particular sheet is the most current on file with the PSCM.

MO PUBLIC SERVICE COM

REC'D MAY 06 2002

**SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**  
Service Commission

**Access Line** - An arrangement which connects the customer's location to a Intermedia Communications Inc. switching center or point of presence.

**Authorized User** - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

**Call Forward - Busy** - Automatically routes incoming calls to a designated answering point when the called line is busy. (N, M)

**Call Forward - No Answer** - Automatically routes incoming calls to a designated answering point when the called line does not answer within a pre-specified number of rings.

**Call Forward - Variable** - Automatically routes incoming calls to a designated answering point, regardless of whether the user's Station is idle or busy.

**Call Waiting** - Provides the user with a burst of tone to indicate that another call is waiting. The second call can either be answered by flashing the switchhook or hanging up the phone and being rung back by the caller.

**Call Waiting Cancel** - Allows the user to cancel the Call Waiting feature on a per call basis by dialing a specific two digit code.

**Call Transfer** - Enables the Customer to exit a three-way call, leaving the other two parties in conversation.

**Caller ID with Name and Number** - Allows the user to view the name and phone number of the calling party before the phone is answered.

**Calling Number Delivery Blocking** - Allows a Customer to block the delivery of their telephone number to the called party's destination display on a selective or complete basis.

Calling Number Delivery Blocking - Complete allows a Customer to request Calling Number Delivery Blocking on their line or trunk that automatically blocks the delivery of the caller's number on their line or trunk that automatically blocks the delivery of the caller's number on all outgoing calls. Complete Blocking does not prevent the delivery of telephone numbers to 911 emergency providers.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Missouri Public  
Service Commission  
REC'D SEP 19 1999

**Access Line** - An arrangement which connects the customer's location to a Intermedia Communications Inc. switching center or point of presence.

**Authorized User** - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

**Carrier or Company** - Whenever used in this tariff, "Carrier," "Company," or "Intermedia" refers to Intermedia Communications Inc. unless otherwise specified or clearly indicated by the context.

**Channel** - A physical or logical pathway for the transmission of information between a sending point and a receiving point.

**Commission** - Missouri Public Service Commission.

**Customer** - The person, firm, corporation, or other entity which orders, cancels, amends, or uses service and is responsible for payment of charges and compliance with the Company's tariff.

**Exchange Access Line** - The serving central office line equipment and all Company plant facilities up to and including the Company-provided Standard Network Interface. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll service and for local calling appropriate to the tariffed use offering selected by the Customer. Exchange access lines are subject to non-recurring charges, as specified in Section 4 of this tariff.

**ILEC** - The incumbent Local Exchange Carrier.

**Intermedia** - Used throughout this tariff to mean Intermedia Communications Inc. unless clearly indicated otherwise by the text. (T)

**LEC** - Local Exchange Company

FILED SERVICE COMMISSION

**SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS**

**Access Line** - An arrangement which connects the customer's location to a Intermedia Communications Inc. switching center or point of presence.

**Authorized User** - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Company's service.

**Carrier or Company** - Whenever used in this tariff, "Carrier," "Company," or "Intermedia" refers to Intermedia Communications Inc. unless otherwise specified or clearly indicated by the context.

**Channel** - A physical or logical pathway for the transmission of information between a sending point and a receiving point.

**Commission** - Missouri Public Service Commission.

**Customer** - The person, firm, corporation, or other entity which orders, cancels, amends, or uses service and is responsible for payment of charges and compliance with the Company's tariff.

**Exchange Access Line** - The serving central office line equipment and all Company plant facilities up to and including the Company-provided Standard Network Interface. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll service and for local calling appropriate to the tariffed use offering selected by the Customer. Exchange access lines are subject to non-recurring charges, as specified in Section 4 of this tariff.

**ILEC** - The incumbent Local Exchange Carrier.

**Intermedia or ICI** - Used throughout this tariff to mean Intermedia Communications Inc. unless clearly indicated otherwise by the text.

**LEC** - ~~CANCELLED~~ Exchange Company

**Service Commission**  
**SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, CONT.**

**Local Exchange Services** - Telecommunications services furnished for use by end-users in placing and receiving local telephone calls within local calling areas.

**PSCM** - Public Service Commission of Missouri.

**On-Ring** - Service is provided when the connections at the each end of the circuit are furnished via Company (N) or Company-affiliate facilities, and the circuit itself is furnished via Company or Company-affiliate facilities. (N)

**Off-Ring** - Service is provided when one connection on a circuit is furnished via Company or Company-affiliate facilities, and the other connection on a circuit is not furnished via Company or Company affiliate facilities. The circuit is furnished via Company or Company-affiliate facilities. (N)

**Person-to-Person Calling** - An operator-assisted service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department, or office to be reached through a PBX attendant. Charges may be billed to the called party, a third number, a credit card, a calling card or designated third party station.

**Resold Local Exchange Service** - A service composed of the resale of exchange access lines and local calling provided by other authorized Local Exchange Carriers, in combination with Company-provided usage services, miscellaneous services or interstate/ international services.

**Speed Dialing (8 or 30 numbers)** - Provides the ability to program most frequently called numbers for one or two-digit dialing. (N)

**Station-to-Station Calling** - A service whereby the originating End User requests the assistance of a Company operator to place or bill the call. Calls billed Collect or to a telephone company-issued Calling Card or to an authorized Credit Card are Operator-Station calls unless the call is placed on a Person-to-Person basis. Automated Calling Card calls are not Operator-Station calls. Calls may be dialed with or without the assistance of a Company operator.

Collect calls to coin telephones and transfers of charges to third telephones which are coin telephones will not be accepted.

**Three Way Calling** - Gives the Customer the ability to connect a third to a conversation at any time, regardless of which party initiated the call. (N)

**Vanity Number** - Subject to availability, allows the Customer to request a telephone number with the least four digits selected by the Customer. (N)

MISSOURI PUBLIC SERVICE COMMISSION

REC'D MAY 06 2002

Service Commission

SECTION I - TECHNICAL TERMS AND ABBREVIATIONS, CONT.

**Remote Call Forwarding (RCF)** - RCF allows all calls dialed to a telephone number equipped for RCF (N) service to be automatically forwarded to another dialable telephone number. This service enables a customer to list a local directory number that is forwarded to a different city or exchange. Each RCF service allows for the forwarding of one call at a given time. The RCF customer is responsible for any applicable usage rates/charges between the RCF number and the terminating number.

Conditions:

1. RCF service is not offered when the answering location for a forwarded call is a coin/coinless, Semi-public/public telephone service.
2. The Company cannot guarantee the grade of transmission on remotely forwarded calls. Normal grade end-to-end transmission is not guaranteed because transmission characteristics may vary depending on distance and routing required to complete the forwarded portion of the call.
3. RCF service will only be provided when, in the judgement of the Company, the customer subscribes to sufficient RCF facilities at the terminating (answering) location to adequately handle calls without impairing, disrupting or deteriorating any services offered by the Company. In the event that the use of RCF service causes impairment, disruption or deterioration, the Company shall have the right to discontinue the RCF service.

RCF service is required for each directory number being forwarded. A customer can request additional RCF service (call paths) provided the customer has a receiving group of lines equal to the number of RCF services requested, (i.e., directory number is forwarded to a remote group of 5 lines - the customer can have up to 5 RCF services.).

SECTION 2 - RULES AND REGULATIONS

OCT 14 1997

2.1 Undertaking of Intermedia Communications Inc.

MISSOURI  
Public Service Commission

Intermedia's services offered pursuant to this Tariff are furnished for Local Exchange Service among specified points within a Local Calling Area. Intermedia may offer these services over its own or resold facilities.

Intermedia installs, operates, and maintains the communications services provided hereinunder in accordance with the terms and conditions set forth under this tariff. Intermedia may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities as required in the Commission's rules and orders, when authorized by the Customer, to allow connection of a Customer's location to the Intermedia network. The Customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless otherwise indicated, and are available twenty-four hours per day, seven days per week.

Applications for initial or additional service made verbally or in writing become a contract upon the establishment of the service or facility.

2.2 Limitations

2.2.1 Service is offered subject to the availability of the necessary facilities and equipment, and subject to the provisions of this tariff.

2.2.2 Intermedia reserves the right to discontinue or limit service when necessitated by conditions beyond its control, or when the Customer is using service in violation of the law.

SECTION 2 - RULES AND REGULATIONS

OCT 14 1997

2.2 Limitations, cont.

MISSOURI

- 2.2.3 The Company does not undertake Public Service Commission messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- 2.2.4 All facilities provided under this tariff are directly controlled by Intermedia and the Customer may not transfer or assign the use of service or facilities without the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- 2.2.5 Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.

2.3 Use

Services provided under this tariff may be used for any lawful purpose for which the service is technically suited.

2.4 Liabilities of the Company

- 2.4.1 Intermedia's liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in transmission which occur in the course of furnishing service or facilities, in no event shall exceed an amount equivalent to the proportionate charge to the Customer for the period during which the faults in transmission occur.

2.4 Liabilities of Company, cont.

MISSOURI  
Public Service Commission

2.4.2 The Company shall not be liable for claim of loss, expense or damage (including indirect, special or consequential damage), for any interruption, delay, error, omission, or defect in any service, facility, or transmission provided under this tariff, if caused by any person or entity other than the Company, by any malfunction of any service or facility provided by any other carrier, by an act of God, fire, war, civil disturbance, or act of government, or by any other cause beyond the Company's direct control.

2.4.3 The Company shall not be liable for, and shall be fully indemnified and held harmless by Customer against any claim or loss, expense, or damage (including indirect, special or consequential damage) for defamation, libel, slander, invasion, infringement of copy-right or patent, unauthorized use of any trademark, tradename, or service mark, unfair competition, interference with or misappropriation or violation of any contract, proprietary or creative right, or any other injury to any person, property or entity arising out of the material, data, information, or other content revealed to, transmitted, or used by the Company under this tariff; or for any act or omission of the Customer; or for any personal injury or death of any person caused directly or indirectly by the installation, maintenance, location, condition, operation, failure, presence, use or removal of equipment or wiring provided by the Company, if not directly caused by negligence of the Company.

2.4.4 No agent or employee of any other carrier shall be deemed to be an agent or employee of the Company.

MISSOURI

Public Service Commission

2.4.5 The Company shall not be liable for any defacement of or damages to the premises of a Customer resulting from the furnishing of service which is not the direct result of the Company's negligence.

2.5 Deposits

2.5.1 The Company does not normally collect deposits from Customers. However, deposits may be required from Customers whose credit history is unacceptable or unavailable. Deposits are collected in accordance with the rules of the Commission. On deposits held thirty (30) days or more, simple interest at the rate of nine percent (9%) per annum shall be credited annually to the account of the subscriber or paid upon the return of the deposit, whichever occurs first. Interest will not accrue on any deposit after the date on which a reasonable effort has been made to return it to the subscriber.

2.6 Advance Payments

Recurring Charges: For Customers from whom the Company feels an advance payment is necessary, Intermedia reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges.

Non-Recurring Charges: Intermedia reserves the right to require pre-payment of non-recurring charges in such amount as may be deemed necessary by the Company. In addition, where special construction is involved, advance payment of the quoted construction charges may be required at the time of application for service.

2.7 Taxes

All state and local taxes (including but not limited to franchise fees, excise tax, sales tax, municipal utilities tax) are listed as separate line items and are not included in the quoted rates.

2.8 Equipment

2.8.1 The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a PBX, key systems or Pay Telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. The Customer is responsible for ensuring that customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities.

2.8.2 The Company shall use reasonable efforts to maintain facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others, to disconnect, rearrange, remove, attempt to repair or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.

2.8.3 Equipment the Company provides or installs at the Customer premises for use in connection with services the Company offers shall not be used for any purpose other than that for which the Company provided it.

2.8.4 The Customer shall be responsible for payment of service charges, as set forth herein, for visits by the Company's agents or employees to the premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

2.8.5 The Company shall not be responsible for the installation, operation or maintenance of any customer-provided equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for the transmission of signals by customer-provided equipment or for the quality of, or defects in, such transmission; or the reception of signals by customer-provided equipment.

**2.10 Payment for Service, cont.**

**MISSOURI  
Public Service Commission**

Intermedia billing invoices will be considered correct and binding upon the Customer if no written notice or telephone call is received from the Customer within thirty (30) days of the date of the invoice. Adjustments to Customer's bills shall be made to the extent circumstances exist which reasonably indicate that such changes are appropriate.

Upon receipt of a billing inquiry, charges involved in the disputed element(s) of the invoice will be temporarily suspended pending resolution of the dispute. The Customer, however, remains responsible for the timely payment of the non-disputed elements of the invoice.

If a Customer is not satisfied with the Company's response to an inquiry or request for credit, he or she may appeal to the Missouri Public Service Commission for final resolution.

**2.11 Billing and Payment Procedures (facilities based and resale)**

2.11.1 Intermedia issues residential bills on a monthly basis with bills received by the customer on or about the same day each month.

2.11.2 Intermedia will not alter the residential billing cycle unless affected customers are sent a bill insert or other written notice explaining the alteration not less than 30 days prior to the effective date of the alteration. Such notification is not required when a customer requests a number or billing change or when the customer disconnects and reconnects service or transfers service from one premises to another.

SECTION 2 - RULES AND REGULATIONS, CONT. OCT 14 1997

2.14 Interconnection

MISSOURI  
Public Service Commission

Service furnished by Intermedia may be connected with the services or facilities of other carriers or enhanced service providers. The Customer is responsible for all charges billed by these entities for use in connection with Intermedia's service. Any special interface equipment or facilities necessary to achieve compatibility between these entities is the responsibility of the Customer. Neither the Company nor any connecting carrier participating in a service shall be liable for any act or omission of any other company or companies furnishing a portion of such service.

2.15 Refusal or Discontinuance by Company

2.15.1 Service may be discontinued for any of the following reasons:

2.15.1.A Nonpayment of an undisputed delinquent charge;

2.15.1.B Failure to post a required deposit or guarantee;

2.15.1.C Unauthorized use of telephone utility equipment in a manner which creates an unsafe condition or creates the possibility of damage or destruction to such equipment;

2.15.1.D Failure to substantially comply with terms of a settlement agreement;

2.15.1.E Neglect or refusal to provide reasonable access to Intermedia or its agents for the purpose of inspection and maintenance of equipment owned by Intermedia or its agents;

2.15.1.F Material misrepresentation of identity in obtaining telephone utility service;

Public Service Commission

2.15.1.G Noncompliance with or violation of any state, municipal, or Federal law, ordinance or regulation pertaining to telephone service;

2.15.1.H Use of telephone service for any other property or purpose than that described in the application; and

2.15.1.I Use of equipment by customer or authorized user in such a manner as to adversely affect Intermedia's equipment or service to others.

2.15.2 Notice shall be given in accordance with the rules and regulations of the Missouri Public Service Commission, including CSR 240.33.070.

2.15.3 Notwithstanding any other provision of the Commission's rules, the Company shall postpone a discontinuance for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency if requested shall provide the Company with reasonable evidence of such necessity.

2.15 Refusal or Discontinuance by Company, cont.

MISSOURI  
Public Service Commission

2.15.4 Notwithstanding any other provisions of the Commission's rules, service to a customer may be discontinued at any time after written notice has been sent, certified mail, to such customer at his/her last known address and at the address where the service to be discontinued is provided if such customer:

(A) Incurs charges not covered by a deposit or guarantee and evidences an intent not to pay such charges when due; or

(B) Damages or evidences an intent to damage telephone utility equipment.

2.15.5 The notice required by Section 2.14.4 shall state how a customer has evidenced an intent not to pay charges when due or evidenced an intent to damage telephone utility equipment.

2.15.6 Whenever service is discontinued for fraudulent use of service, Intermedia may, before restoring service, require the Customer to make, at his or her own expense, all changes in facilities or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the loss in revenues resulting from such fraudulent use.

2.15.7 Service may be discontinued without notice by reason of any order or decision of a court or other government authority having jurisdiction which prohibits Company from furnishing such services.

2.19 Interruption of Service

MISSOURI

Credit allowances for interruptions of service <sup>which bears Commission</sup> due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications systems provided by the Customer, are subject to the general liability provisions set forth in Section 2.4 herein. It shall be the obligation of the Customer to notify Company immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by Customer and connected to Company's terminal.

2.20 Cost of Collection and Repair

The Customer is responsible for any and all costs incurred in the collection of past due monies due the Carrier including legal and accounting expenses incurred by the Company's use of collection agencies or use of legal action. Customer is also responsible for recovery costs of Carrier-provided equipment and any expenses required for repair or replacement of damaged equipment.

2.21 Returned Check Charges

There may be a charge for each check returned for insufficient funds.

2.22 Service Implementation

Absent a promotional offering, service implementation charges per service order will apply to new service order or to orders to change existing service for the business services listed in Section 3.

MISSOURI

Public Service Commission

A reconnection fee will be charged when established for customers who have been disconnected for non-payment, and is payable at the time that the restoration of suspended service and facilities is arranged.

2.24 Operator Services

- 2.24.1 Intermedia will not bill for incomplete calls where answer supervision is available. Intermedia will not bill for incomplete calls and will remove any charges for incomplete calls upon (a) subscriber notification or (b) Intermedia's knowledge.
- 2.24.2 The caller and billed party, if different from the caller, will be advised that Intermedia is the operator service provider at the time of the initial contact.
- 2.24.3 Rate quotes will be given upon request, at no charge, including all rate components and any additional charges.
- 2.24.4 Only tariffed rates approved by this Commission for Intermedia shall appear on any local exchange telephone company (LEC) billings.
- 2.24.5 Intermedia shall be listed on the LEC billing if the LEC has multi-company billing ability.
- 2.24.6 Intermedia will employ reasonable calling card verification procedures, acceptable to the telephone company issuing the calling card.
- 2.24.7 Intermedia will route all 0- or 00- emergency calls in the quickest possible manner to the appropriate local emergency service provider, at no charge.

2.26 Access to Carrier of Choice

MISSOURI  
Public Service Commission

End users of the Company's local service shall have the right to select the interexchange telecommunications service provider (IC) of their choice. The IC should request confirmations/verifications of choice from its customers no later than the date of submission of its first bill to the customer. ICs should maintain signed letters of agency or confirmations of choice on file for use in dispute resolution.

2.27 Directory Listings

2.27.1 The Company does not publish a directory of subscriber listings. The Company, however, does arrange for the Customer's main billing number to be placed in the directory or directories of the dominant local exchange carrier.

2.27.2 The rates and regulations specified herein for directory listings apply only to the alphabetical section of the directory. Listings are intended solely for the purpose of identifying subscriber's telephone number and as an aid to the use of telephone service.

2.27.3 The listings of subscribers, either without charge or at the rate specified within this tariff for other listings are arranged alphabetically and are not intended for special prominence of arrangement. In accepting listings as requested by subscribers or prospective subscribers, the Company will not be a party to controversies between subscribers as a result of the publication of such listings in the directories.

2.27 Directory Listings, cont.

MISSOURI

Public Service Commission

- 2.27.4 Listings must conform to the Company's specifications with respect to the directories. The Company reserves the right to reject listings when in, its sole judgment, such listings would violate the integrity of company records and the directories, confuse individuals using the directory, or when the customer cannot provide satisfactory evidence that he is authorized to do business as requested.
- 2.27.5 The Company reserves the right to limit the length of any listing to one line in the directory by use of abbreviations when, in its sole judgment, the clearness of the listing and the identification of the subscriber is not impaired.
- 2.27.6 Generally, the listed address is the location of the subscriber's place of business or residence.
- 2.27.7 Liability of the Company due to directory errors and omissions is as specified in Section 2 of this tariff.
- 2.27.8 Generally, a business listing consists of a name or dual name, a designation descriptive of the subscriber's business if not self-explanatory, the address, and the business telephone number. The main listing is ordinarily the name of the individual, firm or corporation which contracts for the service or the name under which a business is regularly conducted.

MISSOURI  
Public Service Commission

2.29.1 The Company is obligated to supply the E-911 service provider in the Company's service area (the E-911 service provider) with information necessary to update the E-911 database at the time the Company submits customer orders to the local exchange company whose service is being resold pursuant to these tariffs.

2.29.2 At the time the Company provides local basic service to a customer by means of its own cable pair, or over any other exclusively owned facility, the Company will be obligated to make the necessary equipment or facility additions in the 911 service provider's equipment in order to properly update the database for 911. The Company will be obligated to provide facilities to route calls from the end users to the proper PSAP. The Company recognizes the authority of the E-911 customer to establish service specifications and grant final approval or denial of service configurations offered by the Company.

2.29.3 The Company will collect 911 surcharges and remit all surcharge revenue to the appropriate governmental entity on a monthly basis pursuant to RSMO 190.310.

2.29.4 The 911 calling party, by dialing 911, waives the privacy afforded by non-listed and non-published service to the extent that the telephone number, name, and address associated with the originating station location are furnished to the Public Safety Answering Point.

2.30.1 Rights and Responsibilities of Missouri Residential Telephone Customer **Missouri Public Service Commission**

This information is provided in accordance with the rules of the Missouri Public Service Commission and explains your rights and responsibilities as a residential telephone customer. This information will be delivered to the customer.

2.30.2 Your Telephone Bill

You will receive a telephone bill from us each month. Intermedia Communications Inc. provides basic local and long distance services. Intermedia does not normally require deposits, although deposits may be required from customers whose credit history is unacceptable or unavailable. Intermedia reserves the right to collect advance payments for recurring and non-recurring charges. Payment in full is due within 21 days of the date of the bill. If Intermedia does not receive your payment within 21 days, your service is subject to suspension or disconnection. When paying by mail, be sure to allow enough time for your payment to reach Intermedia by the due date.

2.30.3 Payment Arrangements

Payment must be sent to Intermedia or made to one of our Agent locations. Payment for service may be by credit card or check, or may be paid in cash at an authorized Agent location. Returned checks are subject to a charge of \$20 or 5% of the amount of the check, whichever is greater. If you are temporarily having difficulty paying your telephone bill, please call Intermedia immediately at 800-940-0011. By doing this, you may avoid having your phone service suspended or disconnected.

MISSOURI  
Public Service Commission

Your telephone service is subject to disconnection or suspension for any of the reasons listed below. If service is disconnected, a new telephone number will be assigned and you will be required to pay installation charges again. If service is suspended, your telephone number is reserved for 10 days and you will not be charged installation charges again.

- 1) Nonpayment of an undisputed delinquent account. Your service will not be discontinued for nonpayment of a delinquent charge until five days after a charge has become delinquent. Additionally, Intermedia will make reasonable efforts to contact you at least 24 hours in advance prior to disconnecting your service.
- 2) Unauthorized use of telephone utility equipment in manner which creates an unsafe condition or creates the possibility of damage or destruction to such equipment.
- 3) Refusal after reasonable notice to permit inspection, maintenance, or replacement of telephone utility equipment.
- 4) Misrepresentation of the identity in obtaining telephone utility service.

SECTION 2 RULES AND REGULATIONS

2.31 Use Of Service

2.31.1 No Fault Found Dispatch Charge for Business Customers

The Customer is responsible for the payment of a No Fault Found Dispatch Charge when:

- when requested by the Customer, maintenance personnel visit the Customer's premises, and
- as a result of the visit, the proper functioning of the WorldCom service is confirmed (i.e., the cause of the trouble condition was other than a malfunction of a WorldCom service or of WorldCom maintained equipment). This can include, but not be limited to, customer requested dispatches:
  - Where the root cause of a trouble is proven to be within the scope of the customer's or customer's vendor-owned equipment not maintained by WorldCom..
  - Where the root cause of a trouble has been proven to be within the scope of the customers or customer's vendor-owned inside wiring.
  - To provide WorldCom technical assistance to the customer or customer's vendor in performing specific testing to isolate a problem which has been proved off the WorldCom network and is not within any WorldCom contract supported area.
  - To provide WorldCom technical assistance to the customer or customer's vendor in isolating or repairing a fault or installation support for areas not within WorldCom contract supported equipment, network or services.
  - In which the root cause of a trouble has been proven to be off the WorldCom network and is not within any WorldCom contract supported area and proves to be within the scope of the customer's or customer's vendor-owned network.

The charges are non-recurring, and are charged per visit as follows:

Normal Working Hours : \$265 per visit  
Outside of Normal Working Hours : \$400 per visit

Normal Working Hours are defined as Monday to Friday, 7am to 7pm in the time zone of the customer's location of the dispatch. If a visit begins and/or ends outside this period, it is considered Outside of Normal Working Hours.

**SECTION 2 - RULES AND REGULATIONS, CONT.**

2.31 Telecommunications Service Priority (TSP)

The Telecommunications Service Priority (TSP) program is a federally-established program under which the Office of Priority Telecommunications in the Executive Office of the President prioritizes the restoration and provisioning of telecommunications services – including services to private companies and institutions -- that support national security or emergency preparedness (NS/EP). The FCC defines telecommunications services under the TSP program to include the sending and receiving of signals or most any kind, by virtually any means. NS/EP services are those used to maintain a state of readiness or to respond to and manage any event or crisis (local, national, or international) that causes or could cause injury or harm to the population, damage to or loss of property, or that degrades or threatens the NS/EP posture of the United States. For telecommunications services enrolled in the program, the Company will provision and restore TSP-coded circuits, and provide TSP Special Construction services, under the terms set forth in this TSP service product description, and as required by the FCC's TSP regulations (currently at 47 CFR Part 64, Subpart D, Appendix A), and other applicable law. TSP services are in two categories: Priority Provisioning (including Emergency Provisioning and Essential Provisioning) and Priority Restoration.

Customers are subjected to the features, rate and charges as described in the Company's "Service Publication and Price Guide" (The Guide), located on the Company's website at [www.mci.com](http://www.mci.com).

3.1 Product Descriptions Generally, cont.

REC'D JAN 29 2001

3.1.1 Intermedia Facilities-Based Services

Intermedia will sell services for business customers provided by its own facilities, including PBX, ISDN Primary Rate Interface, Business Line, Key System Line, and Central Office Trunk services, as well as certain optional trunk-side and line-side business features.

3.1.1.A IntermediaOne Trunk Side T1 Private Branch Exchange Service (T)

PBX trunks are used to connect a PBX to the Intermedia Switched Network. A standard configuration includes Local Central Office Trunks and one of the following dialing capabilities: Direct Inward Dialing (DID), Direct Outward Dialing (DOD) or Combination Trunks (DID and DOD = DIOD). IntermediaOne Trunk Side T1 PBX trunks are provided over a T-1 circuit which holds up to twenty-four (24) individual PBX trunks. (T)

Pricing for IntermediaOne Trunk Side T1 PBX trunks consists of a monthly charge per trunk, with up to twenty-four (24) trunks per T-1. IntermediaOne Trunk Side T1 PBX trunks incur a non-recurring set-up charge and require a 1 year minimum contract. (T)

Each IntermediaOne Trunk Side T1 PBX trunk includes the following features: one (1) directory number per trunk, number reservation for future growth, one (1) directory listing per trunk, and hunting. For an additional charge, the customer has private listing or additional listings options. DID numbers are available in blocks of twenty (20) for an additional charge. (T)

Customers utilizing IntermediaOne Trunk Side T-1 Private Branch Exchange Service for analog trunk services may also combine line-side services over the same T-1. The total count of lines and trunks per T-1 must be equal to or greater than eight (8), but may not exceed twenty-four (24). Descriptions and rates for line-side services are as identified in this tariff for IntermediaOne Voice Services. (N)

Missouri Public  
Service Commission

3.1.1 Intermedia Facilities-Based Services, cont.

REC'D SEP 13 1999 (T)

3.1.1.B ISDN Primary Rate Interface (PRI) Service

(N)(M)

ISDN Primary Rate Interface (PRI) Service is a flat-rated, local ISDN/PRI or non-ISDN T-1 connection service. PRI Service provides one-way inbound ISDN/PRI T-1 or one-way non-ISDN T-1 connections to Intermedia's switching platform. As provided by Intermedia, ISDN/PRI T-1 connections allow both analog and 56/64kbps digital inbound calls to be received by customers. Non-ISDN T-1 connections only allow analog calls to be received.

PRI is a transport technology available to customers with the capability of terminating a PRI into their Customer Premises Equipment (CPE). PRI compatible equipment may include PBX's, Hybrid KEY Systems, Automatic Call Distributors (ACD), Routers, Data/Voice Gateways and other types of equipment.

PRI Service is provided in a minimum arrangement of 23 bearer channels and one signaling channel (23B+D) when provisioned over ISDN/PRI T-1 connections or 24 DS0 channels when provisioned over non-ISDN T-1 connections.

If ISDN/PRI trunk group sizes greater than 23B+D channels are required, the PRI Service Non-Facility Associated Signaling (NFAS) arrangement must be ordered.

PRI Service is available through three types of arrangements:

(M)

- Collocated PRI -- the Customer's premises is collocated with the Company's switch.

Collocated PRI Service is terminated on a network demarcation block, installed in a customer's collocated cabinet. The customer's collocated cabinet must be in an Intermedia switch (e.g., DMS 500) collocation space.

Collocated PRI Service does not include any optical fiber, Digital Cross-connect System (DCS) or channel multiplexing electronics that may be additionally required by the customer to terminate this service at other than a DS1 termination interface.

3.1.1.B Primary Rate Interface Service

Primary Rate Interface (PRI) is an ISDN based end-to-end digital circuit that provides 23 64Kbps B and 1 64Kbps D channel over a T1 at a transmission speed of 1.472Mbps.

Customers purchase PRI in a 23B+D channel configuration for a fixed monthly fee. Additional costs are incurred for DID numbers, additional listings, and non-published numbers. A one time set-up fee also applies. A one year contract is required and service is subject to additional charges in areas without Intermedia facilities.

(D)  
(T)  
(N)

This Service is available under two distinct pricing plans, with the appropriate plan determined by the Company based on the Customer's usage profile. The plan designated as "PRI-Data" is generally used to provide access to the internet or other services where call holding times typically exceed the average holding time for voice calls of three to five minutes. Generally these are calls (connections) made to information or information access providers where there are very long holding times or connections are made on a permanent basis. All other Customers will be priced under the plan designated as "PRI-Basic."

PRI-Data Services are a specific set of services which provide one way inbound call types of Data, Voice, & 3.1KC connectivity between Intermedia's DMS-500 and the Customer's premises. PRI-Data Services are provided as 23B (or greater)+D arrangements only. Outbound calling arrangements may not be available in all serving areas.

CANCELLED

3.1.1 Intermedia Facilities-Based Services, cont.

REC'D SEP 13 1999(N)

3.1.1.B ISDN Primary Rate Interface (PRI) Service, cont.

- On-Net PRI -- the Customer's premises is within a building served by the Company's facilities.<sup>1</sup>

On-Net PRI Service is provisioned over Intermedia optical fiber T-1 connections. These T-1 (DS1 termination interface) connections are terminated in the customer's business location in a building served by the Company's facilities.

On-Net PRI Service does not include any optical fiber, Digital Cross-connect System (DCS) and or channel multiplexing electronics that may be additionally required by the customer to terminate this service at other than a DS1 termination interface (such as DS3 or higher).

- Off-Net PRI -- the Customer's premises is within Intermedia's serving area, but is not collocated with the Company's switch or within a building served by the Company's facilities<sup>1</sup>. Service is provided via extended T1's using Intermedia and/or ILEC facilities.

Off-Net PRI Service does not include any optical fiber, Digital Cross connect System (DCS) and or channel multiplexing electronics that may be additionally required by the customer to terminate this service at other than a DS1 termination interface (such as DS3 or higher).

1. Optional Arrangements

a. Virtual FX PRI Service

Virtual FX PRI Service provides the capability to allow one-way inbound calls from Intermedia Local Calling Areas that are outside of the customer's home calling area, but served by the same Company switch.

The customer must subscribe to PRI Service. Virtual FX PRI Service rates apply to each group of 24 channels in the trunk group arrangement. For the purpose of rate application, all arrangements, whether 23B+D or 24B, are considered to have 24 DS0 channels.

b. PRI Network Access NFAS Arrangement

Non-Facility Associated Signaling (NFAS) is an arrangement where a single D channel controls more than the 23B channels in the basic 23B+D arrangement of an ISDN/PRI T1.

NFAS allows a single D channel to control up to 385 B channels. The additional ISDN/PRI T1's are configured without D channels in a 24 B channel arrangement.

To prevent a failure of ISDN/PRI T1's, a second D channel is assigned to one other ISDN/PRI T1. This second D channel is called the "backup" D channel and will take over if the primary ISDN/PRI T1 (23B+D) fails.

ISDN/PRI T1 D channel backup capability is included with the NFAS arrangement.

c. Dial Line Service

The Dial Line is a "Plain Old Telephone Service" (POTS) line without any features. The Dial Line is only provided where the customer's premises is collocated with the Company's switch.

Service Commission

3.1.1 Intermedia Facilities-Based Services, cont.

REC'D SEP 13 1999 (N)

3.1.1.B ISDN Primary Rate Interface (PRI) Service, cont.

2. Local Calling Areas

When the customer purchases PRI Service services from Intermedia, the customer must designate one of the Intermedia local calling areas as the customer's "home calling area." The Intermedia local calling areas match existing ILEC local calling areas.

When the customer is not collocated with the Company's switch, the customer's service address dictates the relevant home calling area.

When the customer collocates with a Company switch location, the customer may choose which of the local calling areas served by the Company switch will be the customer's home calling area.

The customer may only designate one local calling area as the home calling area from among the local calling areas served by the Company switch. All other local calling areas served by that switch will be considered Virtual FX calling areas with respect to the customer's designated home calling area. A Virtual FX charge applies to each PRI Service provided to the customer in a Virtual FX calling area. A Virtual FX calling area is any local calling area which, although served by the same Company switch, is not the customer's designated home calling area.

3. Rate Regulations

a. PRI Service Term

PRI Service is offered on a minimum 12-month term only. Should service be discontinued in less than 12 months after installation, termination charges shall apply. A service terminated during the first 12 months will be charged at the monthly rate multiplied by the number of months left on the 12-month term.

b. Discounts

Volume discounts are available on installation and monthly charges as provided herein. The volume level is determined by adding together the total numbers of PRI's provided to the customer by the Company.

DESCRIPTION

Custom Calling Features

Listed separately below:

ST RP 42.2  
Public Service Commission  
MISSOURI

Call Waiting\*

Provides a signal to let customer know when someone is trying to reach the line the customer is currently using.

Cancel Call Waiting\*

Allows a customer to prevent, on a per-call basis, any incoming calls from sending call-waiting signals to his/her line. Incoming calls to the line are given normal busy treatment.

Call Forwarding

Provides the customer with the ability to reroute calls to any valid telephone number (except international numbers). The costs of the forwarded call are passed on to the customer only if the call is answered. A call can also be forwarded to a selected telephone number when the customer's line is busy or unanswered.

Call Forwarding - Busy Line

When the customer's line is busy, this service automatically routes incoming calls to Voice Mail Service or to another number, including a long distance number.

Call Forwarding - Don't Answer

Automatically routes an unanswered call after a specified number of rings. The customer specifies the number of rings when the service is ordered.

Call Forwarding - Remote Access

Permits the "Call Forwarding—Universal" customer to activate, change, or deactivate call forwarding service from any touch tone telephone.

Ring Again (Automatic Callback)

Allows the customer encountering a busy signal to be notified when the called number becomes idle, and to be placed automatically in ring-again mode.

**DESCRIPTION**

Blind Transfer Recall<sup>1 2</sup>

Enables the customer to transfer a call to another party without waiting for that party to answer. If the other party does not answer the transferred call within a specific time-out period, the line or trunk from which the call was transferred rings back the customer. (T)

Call Park<sup>1 2</sup>

Allows the customer to park a call against his/her directory number. The parked call can be retrieved from any of the customer's lines or trunks by first requesting the Call Park Retrieve and then dialing the number of the telephone number against which the call was parked. (T)

Call Hold<sup>1</sup>

Allows the customer to place one call on hold for any length of time. (T)

Three Way Conference<sup>1</sup>

Gives the customer the ability to connect a third person to a conversation at any time, regardless of which party initiated the call. (T)

Call Transfer<sup>1</sup>

Enables the customer to exit a three-way call, leaving the other two parties in conversation. (T)

Last Number Redial<sup>1</sup>

Enables the customer to redial his/her last called number. (T)

Calling Name & Number Delivery

Stores and transmits the incoming name and telephone number after the first ring for display in a customer-provided display device.

Calling Number Delivery

Stores and transmits an incoming telephone number after the first ring to a customer-provided display device. (Can either be displayed on an attachment to the customer's telephone set or a Caller ID telephone.) Also stores numbers of incoming calls, with dates and times.

<sup>1</sup>Available only as part of Business Single Line Package.

PRODUCT

DESCRIPTION

Calling Number Delivery Blocking

Selective Blocking - allows the customer to block transmission of the originating telephone number on any outgoing call before dialing a number.

Per Line Blocking - blocks transmission of the originating telephone number on any outgoing call. See Section 3.2 herein for detailed description and availability.

Distinctive Ring\*

Allows the customer to assign different ring cadences for calls from within the customer group to distinguish them from those from outside the group.

Speed Calling (10 or 30 numbers)

Provides the ability to program most frequently called numbers for one- or two-digit dialing.

Station Controlled Conference Call

Allows the customer to establish a conference call consisting of up to six participants without the assistance of an attendant.

Toll Denial/Restrictions

Toll-restricted lines or trunks are either denied access to long distance or are assigned toll-diversion which routes the caller to an 'attendant' position.

\*Available only as part of a feature package.

Service Commission

3.1 Product Descriptions Generally, cont.

REC'D JAN 29 2001

3.1.1 Intermedia Facilities-Based Services, cont.

3.1.1.G IntermediaOne Trunk Side T1 Primary Rate Interface - Basic (T)

IntermediaOne Trunk Side T1 Primary Rate Interface (PRI) - Basic Service is an (T)  
ISDN-based end-to-end digital circuit that provides 23 64Kbps B and 1 64Kbps D (T)  
channel over a T1 at a transmission speed of 1.472Mbps.

Customers purchase PRI in a 23B+D channel configuration for a fixed monthly fee. A minutes of use charge may be applicable. Additional costs are incurred for DID numbers, additional listings, and non-published numbers. A one time set-up fee also applies. A one year contract is required and service is subject to additional charges in areas without Intermedia facilities.

For PRI applications which consist of predominantly inbound data, see Sections 3.1.1.B and/or 7.1.

Various non-regulated services are offered with Intermedia's PRI service. These services may involve additional charges.

3.1.1.H Virtual Foreign Exchange (VFX) Service (N)

Virtual Foreign Exchange Service (VFX) establishes a virtual local presence, on an inbound basis, in a foreign exchange. VFX operates in the terminating direction only. The Company assigns the Customer a foreign exchange number to which calls are made. This service will be offered per T-1 arrangement.

The Company offers VFX only through the switching and transport facilities of the Intermedia Network. Service is available only where the Company has such facilities and where operating conditions permit the Service to be offered. (N)

REC'D OCT 13 1998

3.1 Product Descriptions Generally, cont.

3.1.2 Intermedia Resold Services

Intermedia's Resold Services are offered for local calling using the resold services of the ILEC.

Intermedia resells business and residential lines and optional services of the ILEC.

Resold features associated with resold local exchange service will be priced according to the rates established for such features in the underlying carrier's effective intrastate tariffs. The rates for specific resold services are set forth in Section 4 - Rates.

(T)  
|  
(T)

If a Subscriber's service changes from business service to residential service, the telephone number will normally be changed. Reference of calls will not normally be provided regardless of how long existing directories will remain in effect. Changes from residential to business service may be made without change in telephone number, if the subscriber so desires.

SECTION 3 - DESCRIPTION OF SERVICE, CONT. OCT 14 1997

3.2 Caller ID Language

MISSOURI  
Public Service Commission

Line blocking for the delivery of the calling name and/or number is available upon request, at no charge, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residence of employees/volunteers, where an executive officer of the agency registers with the telephone company a need for blocking: (a) private, nonprofit, tax-exempt, domestic violence intervention agencies and (b) federal, state and local law enforcement agencies. Line blocking customers can unblock their calling name and/or number information on a per call basis, at no charge, by dialing an access code (\*82 on their Touch-Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (\*67 on their Touch-Tone pad or 1167 from a rotary telephone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the name and/or number will not be transmitted across the line to the called party. Instead, Caller ID customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone.

The Company shall not be liable for any claims for damages caused or claimed to have been caused, directly, by the transmission to a Caller ID customer of a name or telephone number which the calling party of the Caller ID customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff.

3.3 Local Service Areas

REC'D DEC 22 1999

Intermedia Communications Inc. provides local exchange and basic local exchange telecommunications service in the following exchanges currently served by Southwestern Bell Telephone. The geographic area in which service is to be offered follows the exchange boundaries and is no smaller than an exchange. Intermedia concurs in Southwestern Bell's local calling scopes that apply to the specified exchanges.

3.3.1 [Reserved for Future Use] (T)

3.3.2 The St. Louis Metropolitan Exchange and the exchanges in following zones: (T)

<u>Zone 1</u>	<u>Zone 2</u>	<u>Zone 3</u>	<u>Zone 4</u>
Ferguson	Bridgeton	Manchester	Harvester
Ladue	Creve Coeur	Chesterfield	
Mehlville	Florissant	St. Charles	
Overland	Kirkwood	Fenton	
Riverview	Oakville	Valley Park	
Sappington	Spanish Lake		
Webster Groves			

3.3.3 Optional Metropolitan Calling Area (MCA) Service (T)

3.3.3.A Service Description (N)

1. Metropolitan Calling Area (MCA) Service is available in St. Louis MCA.
2. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges where MCA service is also available, as described in the section below.
3. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis MCA, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4, or MCA-5. (N)

3.5 Operator-Assisted Services, cont.

REC'D SEP 13 1999

3.5.1 Operator Dialed Surcharge

This surcharge applies to Operator Station and Person-to-Person rated calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code and requests the operator to dial the called station. The surcharge does not apply to:

- 1) calls where a Customer cannot otherwise dial the call due to defective equipment or trouble on the Intermedia network; and (T)
- 2) Calls in which a Company operator places a call for a calling party who is identified as being handicapped and unable to dial the call because of his/her handicap.

The Operator Dialed Surcharge applies in addition to any other applicable operator charges.

3.5.2 Busy Line Verify and Line Interrupt Service

Upon request of a calling party, the Company will verify a busy condition on a called line. The operator will determine whether the line is clear or in use and report its status to the calling party. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

A charge will apply when:

1. The operator verifies that the line is busy with a call in progress;

SECTION 3 - DESCRIPTION OF SERVICE, CONT'D MAY 06 2002

3.2 Local Exchange Service

Service Commission

Local Exchange Service is a stand-alone, facilities-based local exchange business service that provides a Customer with the ability to connect to the Company's switching network which enables the Customer to:

- A. place or receive calls to any calling Station in the local calling area, as defined herein;
- B. access to enhanced 911 Emergency service;
- C. access the interexchange carrier selected by the Customer for inter LATA, interstate or international calling;
- D. access Operator Services;
- E. access Directory Assistance for the local calling area;
- F. place or receive calls to toll-free telephone numbers;
- G. access to Telecommunications Relay Service.

The Company's service cannot be used to originate calls to other telephone companies caller-paid information services (e.g. 900, 976). Calls to those numbers and other numbers used for caller-paid information services will be blocked by the Company's switch.

3.2.1 Service Areas

Where facilities are available, service areas are defined by the following Exchange or Zone designations:

St. Louis

- Creve Coeur
- Kirkwood
- Ladue
- Mehlville
- Sappington
- St. Louis

Kansas City

SECTION 3 - DESCRIPTION OF SERVICE, CONT.

REC'D MAY 06 2002

3.2 Local Exchange Service, cont.

3.2.5 Local ISDN Primary Rate Interface (Local ISDN-PRI)

Service Commission (N)

Local ISDN-PRI is an alternative arrangement for individual local exchange services such as Local Trunk - Basic and Local Trunk - DID. Local ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

- A. Local ISDN-PRI Service Arrangement - One or more Service Configurations can be combined to create a Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location, however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.

The D channel is a 64 Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the Customer's Service Configuration.

1. Service Configuration 1 - The first Service Configuration for any Local ISDN-PRI Service Arrangement must be a Service Configuration 1. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64 Kbps D signaling channel. The primary D channel is an-out-of band signaling channel used to control and route all of the B channel traffic within the Local ISDN-PRI Service Arrangement.
2. Service Configuration 2 - This configuration is only available in conjunction with Service Configuration 1. It provides an additional twenty-four (24) 64 Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2s may be associated with a Service Configuration 1 subject to switching equipment limitations.

The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, Customers must order separately DID telephone numbers, as found in Section 3.2.4.A.

3.2 Local Exchange Service, cont.

Service Commission (N)

3.2.5 Local ISDN Primary Rate Interface (Local ISDN-PRI), cont.

A. Local ISDN-PRI Service Arrangement, cont.

3. Service Configuration 3 - This configuration is also only available to subscribers who have a Service Configuration 1. It provides a backup 64 Kbps D channel and twenty-three (23) additional 64 Kbps B channels. The backup D channel will control and route all of the B channel traffic of a single PRI Service Arrangement in the event the D channel on the primary configuration (Service Configuration 1) fails. A maximum of one Service Configuration 3 may be included with each Local ISDN-PRI Service Arrangement. Service Configuration 3 is available subject to switching equipment capabilities. The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, Customers must order separate DID telephone numbers, as found in Section 3.2.4.A

B. Optional Features: In addition to providing Local Exchange Services specified above, Local ISDN-PRI can be configured to support the following optional advanced ISDN features:

Call-by-Call Service Selection: Allows B channels to be shared between multiple services carried over a single PRI Local Serving Arrangement.

Calling Number Delivery: Allows the Customer to receive the originating caller's working telephone number provided this information is forwarded to the Company by the caller's Local Exchange and/or Long Distance Carrier.

Remote Call Forwarding. RCF allows all calls dialed to a telephone number equipped for RCF service to be automatically forwarded to another dialable telephone number. This service enables a customer to list a local directory number that is forwarded to a different city or exchange. Each RCF service allows for the forwarding of one call at a given time.

Feature Package 1 includes Call-by-Call Service Selection and Calling Number Delivery.

**SECTION 3 - DESCRIPTION OF SERVICE, CONT.  
Service Commission**

**3.3 Term Plan**

(N)

Customers who subscribe to this term plan are subject to the following conditions:

Eligible Charges is the customer's total monthly recurring charges and usage of the following, after the application of promotional and other discounts: Local Line, Local Trunk-Basic Charge, Local Trunk-DID Charge, Local Trunk-2 Way Direct Charge, DID/2 Way Direct Number Charges, Local ISDN-PRI T-1 Charge, optional features, and optional features for Local ISDN-PRI. Charges for the following are not included as Eligible Charges and will not receive term plan discounts: Non-Recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct, DID/2Way Direct Number Charges, and Local ISDN-PRI; non-recurring charges for Optional Features; non-recurring for Local ISDN-PRI Optional Features; IntraLATA Toll Service; Directory Assistance usage; non-recurring and recurring charges for Directory Listings; Operator Assisted Surcharges (including Busy Line Verification and Busy Line Interrupt), and taxes.

**3.3.1 Term Commitment and Renewal Options**

A customer must commit to service for a term of one year. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term commitment upon expiration of its term unless the customer provides written notification to cancel the term plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

**3.3.2 Early Termination Charges**

Cancellation of Discontinuance without Liability: if the customer may terminate service at any time during the last three months of the term of service.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the term plan prior to the expiration of the committed term of service constitutes discontinuance of the term plan, and the customer will be billed and required to pay an early termination charge equal to the 25% of customer's last full month bill multiplied by the number of months remaining in the customer's term.

3.4.3 Busy Line Verification and Interrupt Service

Service Commission (N)

Busy Line Verification and Interrupt Service, which is furnished where and to the extent that facilities permit, provides the Customer with the following options:

- A. Busy Line Verification: Upon request of the calling party, the Company will determine if the line is clear or in use and report to the calling party.
- B. Busy Line Interrupt: The operator will interrupt the call on called line only if the calling party indicates an emergency and requests interruption.

The operator verifies that the line is busy with a call in progress.

The operator verifies that the line is available for incoming calls.

The operator verifies that the called number is busy with a call in progress and the Customer requests interruption. The operator will then interrupt the call, advising the called party the name of the calling party.

3.4.4 Directory Listings

The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the Customer's exchange area, of the Station number which is designated as the Customer's main billing number.

- A. The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clarity of the listing or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.
- B. The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, contains obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

3.4 Miscellaneous Charges, cont.

(N)

3.4.4 Directory Listings, cont.

Service Commission

- C. Each listing must be designated government or business to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.
- D. In order for listings to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.
- E. Directory listings are provided in connection with each Customer service as specified herein.
  - 1) Primary Listing: A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer. This listing is provided at no additional charge.
  - 2) Additional Listings: In connection with business service, additional listings are available only in the names of Authorized Users of the Customer's service, as defined herein.
  - 3) Non-published Listings: Listings that are not printed in directories nor available from Directory Assistance. A Non-published Telephone Service will be furnished, at the Customer's request providing for the omission or deletion of the Customer's telephone listing from the telephone directory and, in addition, the Customer's telephone listing will be omitted or deleted from the directory assistance records.
  - 4) Non-listed Numbers: A Non-listed number will be furnished, at the Customer's request, providing for the omission or deletion of the Customer's listing from the telephone directory. Such listings will be carried in the Company's directory assistance and other records and will be given to any calling party.

SECTION 3 - DESCRIPTION OF SERVICE, CONT. REC'D MAY 06 2002

3.5 IntraLATA Toll Service

Service Commission (N)

IntraLATA Toll is an optional service offered only in conjunction with Local Exchange Service as specified in Section 3.2. IntraLATA Toll calls terminate outside the caller's local exchange calling area, but within the callers LATA and state. IntraLATA Toll calls are billed per call according to duration and are subject to an eighteen second minimum initial period and are rounded to the next higher 6-second increment. If the computed charge includes a fraction of a cent, the fraction is rounded up to the next whole cent.

Outbound IntraLATA Toll service usage that originates and terminates via a Local Network Connection will not incur a usage charge. For the purposes of this section Local Network Connection is a switched connection between a customer's premises and a Company Point of Presence (POP) which is provided by the Company.

REC'D SEP 13 1999<sup>(T)</sup>

4.3.1 Resold Exchange Access Lines

The Company concurs in the rules and regulations applying to and governing Basic Local Exchange telephone service (hereinafter referred to as Exchange Access Lines service) as set forth in the Southwestern Bell Telephone Company Local Exchange and General Exchange tariffs on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates and specific footnotes of Southwestern Bell Telephone Company for Exchange Access Line telephone services. Rates and specific footnotes for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

	Monthly Rate	Installation Charge
4. Optional Features		
Loop Protection (1)	140.00	328.00
(per Digital Transmission		
Loop Arrangement)	126.00	295.20

- (1) Loop Protection Feature will be provided where fiber optic facilities are available. Special Construction Charges may apply when fiber optic facilities are not available or unusual expenditures are involved in making them available to provide this feature. When requested by the customer prior to installation, the Special Construction charges may be deferred over a period of 12, 24, 36, 48 or 60 months. The deferred monthly value shall be determined by multiplying the special construction charge by the appropriate annuity factor, as found in Section 17.6.5 of Southwestern Bell's General Exchange Tariff. A charge equal to the remaining payments will be due immediately should the customer terminate the service prior to completing payment of the deferred charge.
- (2) These rates are in addition to the applicable rates specified in the preceding Sections 4.3.2, 4.3.2.A.3 of this tariff.

4.3.2.B Application of Rates and Charges

4.3.2.B.1 Service components in Section 4.3.2, preceding are not offered separately nor independent of one another.

4.3.2.B.2 The Digital Transmission Loop Arrangement is available under payment option 1. Payment option 2 is obsolete and limited to existing installations at existing locations for existing Southwestern Bell customers.

4.3.2.B.3 Each Digital Transmission Loop Arrangement must be entirely of the same payment option.

4.3.2.B.3(a) Once selected, the payment option will remain for the duration of the particular arrangement.

4.3.2.B.3(b) The payment option may vary between arrangement.

4.3.2.B.3(c) Application of the "Channel Location Changed or Rearranged" charge applies only to those changes or rearrangements made within a Digital Transmission Loop Arrangement or between those having a like payment option.

4.3.2.B.4 Under Payment Option 1, the customer shall select a service term for each Digital Transmission Loop Arrangement of either Month-to-Month, 12, 24, 36, 48, or 60 consecutive months.

REC'D SEP 13 1999

The Company concurs in the rules and regulations, including all footnotes thereto, applying to and governing Miscellaneous Services as set forth in the Southwestern Bell Telephone Company General Exchange Tariff on file with and approved by the Public Service Commission of the State of Missouri, and in any amendments thereto as authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for the following Miscellaneous Service offerings of Southwestern Bell Telephone Company. Rates for these services are set out in the following pages of this concurrence.

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

4.6 Intermedia Rate Plan - Enhanced Services

JAN 20 1999

4.6.1 Retail Frame Relay - Monthly Charges

A. Access Port Rates

MO. PUBLIC SERVICE COMM

Intermedia provides two types of ports in which to access its network, Dedicated and Logical, providing a selection of access methodologies and service pricing.

Dedicated - The dedicated port is a logical port on Intermedia's switch which the customer does not share with other network users. The dedicated port utilizes LEC tail circuit facilities such as DDS or hubbed private lines.

Logical - The logical port is a common port facility which customers share, thereby reducing their access charges. The logical port utilizes LEC frame relay network facilities as the local loop tail circuit. The Company port is connected to the logical port via a single T1 facility. The LEC aggregates multiple local loop tail circuits which are aggregated onto a single path into Intermedia's network via a common port. The following rates are recurring monthly rates.

<u>PORT SPEED</u>	<u>ACCESS PORT RATES</u>	
	<u>DEDICATED</u>	<u>LOGICAL</u>
56 Kbps	\$125	\$ 83
64 Kbps	\$125	\$ 83
128 Kbps	\$264	\$138

C. Frame Relay Supplementary Charges

Service Commission

Frame Relay Supplementary Charges apply for Customer-initiated administrative or design changes. The charges identified below apply in lieu of the Supplementary Charges identified in Section 4.6 herein. In addition to the charges assessed by the Company, any charges assessed to the Company by other providers (i.e., ILEC) in connection with the Customer-initiated change will be passed through to the Customer.

1. Administrative Change

Administrative Changes are record changes only and do not impact the design or jeopardize the order due date.

Per Order \$25.00

2. Design Change

Design Changes are changes on an order in progress that impact the design or due date.

In order to process the Design Change as a change rather than as a cancellation and new order, the request must be received within 14 days of receipt and acceptance of the order, and prior to the in-service date.

Per Order \$75.00

B. PVC Rates

Permanent Virtual Connections (PVCs) are logical circuits which define a dedicated virtual circuit between two points. Multiple PVCs can originate and terminate on a single port, allowing for the separation of applications across the network. PVCs can burst up to the smallest port size of their two logical end points. The Company provides flexibility in PVC transport rates based upon the relative distance requirements of the Customer. Currently, PVCs are symmetrical in nature, therefore duplex PVCs (originating and terminating on the same ports) will be equal in insured throughput. Asymmetrical PVC options will be offered in the future. PVC rates are based on the following classification.

F. Early Termination Liability

Service Commission

When Customers cancel service prior to satisfying a term agreement, there will be an Early Termination Liability. The liability is calculated as a percentage of the monthly recurring charges for the remainder of the term. Any nonrecurring charges that were waived in concert with the term agreement must be paid upon early termination.

Length of Term	Cancel or Termination Within:				
	First Year	Second Year	Third Year	Fourth Year	Fifth Year
One Year	100%	N/A	N/A	N/A	N/A
Two Years	100%	50%	N/A	N/A	N/A
Three Years	100%	50%	25%	N/A	N/A
Four Years	100%	50%	25%	25%	N/A
Five Years	100%	50%	25%	25%	25%

In addition to any charges assessed by the Company, charges assessed to the Company by other providers (i.e., ILEC) in connection with early termination will be passed through to the Customer.

4.6.1 Retail Frame Relay - Monthly Charges, (cont'd.)

MO. PUBLIC SERVICE COMM

B. PVC Rates, (cont'd.)

The Company establishes minimum and maximum CIR requirements per PVC in order to provide improved network utilization, management and performance.

**Minimum CIR Per PVC** - A minimum of 8Kbps CIR per DSO is provided with each PVC purchased from the Company. Therefore, a port rate with 64K burst would be provided with a total CIR of 8Kbps, while a T1 port rate would be provided with a minimum of 192K CIR. Additional CIR can be purchased as required. The minimum CIR is designed to provide improved network performance and management.

**Maximum CIR** - A Maximum of 1.280 Mbps CIR per PVC can be purchased on port rates of T1 and higher. Therefore, a PVC with T1 burst could have a maximum CIR of 1.280 Mbps CIR. On a T1 port, approximately 15% of the capacity is utilized for management and overhead, therefore limiting CIR to 1.280 Mbps would keep the Customer from over-insuring its circuits.

C. CIR Rates

The Committed Information Rate (CIR) is the Customer's **Applications Insurance**, as it can set the amount of guaranteed minimum throughput their applications require. The Customers' total traffic can still burst up to the size of the access port purchased, although in the event of network congestion only insured throughput is guaranteed to meet minimum throughput requirements. The Company allows the Customer to select applications insurance in one kilobyte increments, thereby not forcing the customer to over-insure with high minimum CIR requirements. This provides flexibility in designing the network to individual application requirements. The following rates are recurring monthly rates.

PVC

\$1.90 per Kbps

D. Frame Relay Disaster Recovery

Intermedia offers Disaster Recovery in three options: 1) Move Circuit End Point, whereby an alternative host port will be utilized as a backup; 2) Cold PVC Backup, which moves existing host PVCs to an alternate port within the Customer's network; and 3) Hot PVC Backup, which refers to redundant PVCs which can be activated immediately.

A maximum of 25 PVCs may be backed up per host port. Service will only be activated after all information requested by the Company in connection with Disaster Recovery service has been provided to the Company by the Customer.

Customers may schedule Disaster Recovery testing by notifying the Company at least 48 hours in advance. A maximum of two Disaster Recovery tests can be scheduled for each plan per 12 month period without incurring an activation charge.

Frame Relay credit allowances do not apply for service interruptions resulting from activation and deactivation of a Disaster Recovery plan.

Backup PVC (nonrecurring)	See Section 4.6.2.B

SECTION 5 - SPECIAL SERVICE ARRANGEMENTS

OCT 14 1997

5.1 Individual Case Basis Arrangements

MISSOURI  
Public Service Commission

Rates for Dedicated Access and Private Line services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the Company's cost of providing the services and will be made available to customers in a non-discriminatory manner. Terms of the specific ICB contracts will be made available to the Missouri Public Service Commission upon a request on a proprietary basis.

5.2 Customer Requested Service Suspensions

At the request of the customer the Company will suspend incoming and outgoing service on the customer's access line for a period of time not to exceed one year. The equipment is left in place and directory listings are continued during the suspension period without change. At the customer's request the Company will, for 30 days, provide the customer with an intercept recording referring callers to another number. This service is available to customers at no charge.

The Company will assess a lower monthly rate for Customer Requested Service Suspension as noted below. However, any mileage charges, monthly cable charges or monthly construction charges are still due, without reduction during the period of suspension.

Period of Suspension Charge

First Month or Partial Month	Regular Monthly Rate (no reduction)
Each Add'l. Month (one year limit)	1/2 Regular Monthly Rate

SECTION 6 - INTERIM NUMBER PORTABILITY SERVICE

OCT 14 1997

6.1 Number Portability

MISSOURI

Public Service Commission

Interim Number Portability Service applies to an interconnection arrangement between the Company and the Connecting Company. This service enables the Connecting Company to provide basic local exchange service within the State of Missouri to a given customer(s) that wish to retain their telephone number(s), assigned by the Company. The Connecting Company may choose from two options:

A. Direct Inward Dial

Direct Inward Dial (DID) option for number portability is a service which permits incoming dialed calls to a telephone number, assigned to the Company, to be forwarded to a Connecting Company end office over Direct Inward Dial (DID) facilities. The Company will deliver the called number to the Connecting Company via the Connecting Company-provided trunk for call completion.

B. Remote Call Forwarding

Remote Call Forwarding (RCF) option for number portability is a service which permits incoming dialed calls to a telephone number, assigned to the Company, to be forwarded to a Connecting Company end office, utilizing a call forwarding of the Company's end office switch.

6.1.1 Rules and Regulations

6.1.1.A Number Portability and facilities will only be provided, where technically feasible, subject to the availability of facilities and may only be furnished from properly equipped central offices. Number Portability services and facilities are not offered for the Company's Coin Telephone service.

6.1.1.B When the exchange service offering(s) associated with Number Portability services are provisioned using remote switch(es), Number Portability service is available from host central offices.

**SECTION 6 - INTERIM NUMBER PORTABILITY SERVICE, CONT** OCT 14 1997

**6.2 Responsibility of the Connecting Company**

MISSOURI  
Public Service Commission

- 6.2.1 The Connecting Company shall exchange technical descriptions and forecasts of their traffic requirements in sufficient detail necessary to engineer, install, maintain, and administer the facilities subject to this arrangement.
- 6.2.2 The Connecting Company is solely responsible to obtain authorization from the end-user for the handling of the disconnection of the end-user's service with the Company, the provision of service by the Connecting Company and the provision of Number Portability services. Should a dispute or discrepancy arise regarding the authority of the Connecting Company to act on behalf of the end-user, the Connecting Company is responsible for providing written evidence of its authority.
- 6.2.3 The Connecting Company is responsible for coordinating the provisioning of the service with the Company to assure that its switch is capable of accepting Number Portability ported traffic.
- 6.2.4 The Connecting Company is solely responsible to provide equipment and facilities that are compatible with the Company's service parameters, interfaces, equipment and facilities. The Connecting Company is required to provide sufficient terminating facilities and services at the terminating end of a Number Portability call to adequately handle all traffic to that location and is solely responsible to ensure that its facilities, equipment and services do not interfere with or impair any facility, equipment or service of the Company or any of its end-users.

**SECTION 6 - INTERIM NUMBER PORTABILITY SERVICE, CONT.** OCT 14 1997

**6.2 Responsibility of the Connecting Company, cont.** MISSOURI  
Public Service Commission

6.2.5 The Connecting Company is responsible for providing an appropriate intercept announcement service for any telephone number subscribed to Number Portability services for which it is not presently providing local exchange service.

6.2.6 Where the Connecting Company chooses to disconnect or terminate any Number Portability service, it is responsible for designating the preferred type of announcement to be provided by the Company at appropriate unregulated intercept rates, if applicable.

6.2.7 The Connecting Company is responsible for designating to the Company at the time of its initial service request for Number Portability services one of the following options with respect to Credit Card, Collect, third party, and other operator handled calls from or to Number Portability assigned telephone numbers: (1) the Connecting Company may request that the Company block all such calls; (2) the Connecting Company may accept billing from the Company for such calls; or (3) the Connecting Company may negotiate a separate agreement with the Company establishing the call handling, processing, billing and collection responsibilities of the parties.

6.2.8 The Company will make available notes and other information necessary describing the interoffice transmission and signaling procedures standard to the Company's network.

REC'D MAY 06 2002

**SECTION 7 - GRANDFATHERED SERVICES**

The following grandfathered services are only available to existing customers under contractual arrangements in effect as of July 3, 2002, unless otherwise specifically identified herein. (N)

**7.1 Primary Rate Interface Service<sup>1</sup>** (T)

Primary Rate Interface (PRI) is an ISDN based end-to-end digital circuit that provides 23 64Kbps B and 1 64Kbps D channel over a T1 at a transmission speed of 1.472Mbps.

Customers purchase PRI in a 23B+D channel configuration for a fixed monthly fee. Additional costs are incurred for DID numbers, additional listings, and non-published numbers. A one time set-up fee also applies. A one year contract is required and service is subject to additional charges in areas without Intermedia facilities.

PRI Service is available under two distinct pricing plans, with the appropriate plan determined by the Company based on the Customer's usage profile. The plan designated as "PRI-Data" is generally used to provide access to the internet or other services where call holding times typically exceed the average holding time for voice calls of three to five minutes. Generally these are calls (connections) made to information or information access providers where there are very long holding times or connections are made on a permanent basis. All other Customers will be priced under the plan designated as "Single T PRI-Basic," found in Section 3.1.1.G.

PRI-Data Services are a specific set of services which provide one way inbound call types of Data, Voice, & 3.1KC connectivity between Intermedia's DMS-500 and the Customer's premises. PRI-Data Services are provided as 23B (or greater)+D arrangements only. Outbound calling arrangements may not be available in all serving areas.

Various non-regulated services are offered with Intermedia's PRI service. These services may involve additional charges.

<u>Monthly Recurring</u>		<u>(SWB Areas)</u>
PRI-Data		\$500
 <u>Nonrecurring</u>		
Installation	12 month term	\$500
(per PRI)	24 month term	\$250
	36 month term	\$125
	48 month term	\$ 0

REC'D MAY 06 2002 (M)

7.3 Product Descriptions Generally, cont.

Service Commission (T)

7.3.1 Intermedia Facilities-Based Services<sup>1</sup>

Intermedia will sell services for business Customers provided by its own facilities, including PBX, ISDN Primary Rate Interface, Business Line, Key System Line and Central Office Trunk Services as well as certain optional trunk side and line-side business features.

7.3.1.A InterMediaOne Trunk Side T1 Private Branch Exchange Service

PBX Trunks are used to connect a PBX to the Intermedia Switched Network. A standard configuration includes Local Central Office Trunks and one of the following dialing capabilities: Direct Inward Dialing (DID), Direct Outward Dialing (DOD) or Combination Trunks (DID and DOD = DIOD). Intermedia One Trunk Side T1 PBX trunks are provided over a T-1 circuit which holds up to twenty-four (24) individual PBX trunks.

Pricing for IntermediaOne Trunk Side 1 PBX trunks consists of a monthly charge per trunk, with up to twenty-four (24) trunks per T-1. IntermediaOne Trunk Side T1PBX trunks incur a non-recurring set-up charge and require a 1 year minimum contract.

Each IntermediaOne Trunk Side T1 PBX trunk includes the following features: one (1) directory number per trunk, number reservation for future growth, one (1) directory listing per trunk, and hunting. For an additional charge, the Customer has private listing or additional listings options. DID numbers are available in blocks of twenty (20) for an additional charge.

Customers utilizing IntermediaOne Trunk Side T-1 Private Branch Exchange Service for analog trunk services may also combine line-side services over the same T-1. The total count of lines and trunks per T-1 must be equal to or greater than eight (8), but may not exceed twenty-four (24). Descriptions and rates for line-side services are as identified in this tariff for IntermediaOne Voice Services.

REC'D MAY 06 2002

7.3.1 Intermedia Facilities-Based Services, cont.

Service Commission

7.3.1.B ISDN Primary Rate Interface (PRI) Service

ISDN Primary Rate Interface (PRI) Service is a flat-rated, local ISDN/PRI or non-ISDN T-1 connection service. PRI Service provides one-way inbound ISDN/PRI T-1 or one-way non-ISDN T-1 connections to Intermedia's switching platform. As provided by Intermedia, ISDN/PRI T-1 connections allow both analog and 56/64kbps digital inbound calls to be received by customers. Non-ISDN T-1 connections only allow analog calls to be received.

PRI is a transport technology available to customers with the capability of terminating a PRI into their Customer Premises Equipment (CPE). PRI compatible equipment may include PBX's, Hybrid KEY Systems, Automatic Call Distributors (ACD), Routers, Data/Voice Gateways and other types of equipment.

PRI Service is provided in a minimum arrangement of 23 bearer channels and one signaling channel (23B+D) when provisioned over ISDN/PRI T-1 connections or 24 DS0 channels when provisioned over non-ISDN T-1 connections.

If ISDN/PRI trunk group sizes greater than 23B+D channels are required, the PRI Service Non-Facility Associated Signaling (NFAS) arrangement must be ordered.

PRI Service is available through three types of arrangements:

- Collocated PRI -- the Customer's premises is collocated with the Company's switch.

Collocated PRI Service is terminated on a network demarcation block, installed in a customer's collocated cabinet. The customer's collocated cabinet must be in an Intermedia switch (e.g., DMS 500) collocation space.

Collocated PRI Service does not include any optical fiber, Digital Cross-connect System (DCS) or channel multiplexing electronics that may be additionally required by the customer to terminate this service at other than a DS1 termination interface.

a. Virtual FX PRI Service

Virtual FX PRI Service provides the capability to allow one-way inbound calls from Intermedia Local Calling Arcas that are outside of the customer's home calling area, but served by the same Company switch.

The customer must subscribe to PRI Service. Virtual FX PRI Service rates apply to each group of 24 channels in the trunk group arrangement. For the purpose of rate application, all arrangements, whether 23B+D or 24B, are considered to have 24 DS0 channels.

(M)

SECTION 7 - GRANDFATHERED SERVICES, CONT.

Missouri Public

7.3 Product Descriptions Generally, cont.

REC'D MAY 06 2002

7.3.1 Intermedia Facilities-Based Services, cont.

Service Commission (M)

7.3.1.B ISDN Primary Rate Interface (PRI) Service, cont.

1. Optional Arrangements, cont.

b. PRI Network Access NFAS Arrangement

Non-Facility Associated Signaling (NFAS) is an arrangement where a single D channel controls more than the 23B channels in the basic 23B+D arrangement of an ISDN/PRI T1.

NFAS allows a single D channel to control up to 385 B channels. The additional ISDN/PRI T1's are configured without D channels in a 24 B channel arrangement.

To prevent a failure of ISDN/PRI T1's, a second D channel is assigned to one other ISDN/PRI T1. This second D channel is called the "backup" D channel and will take over if the primary ISDN/PRI T1 (23B+D) fails.

ISDN/PRI T1 D channel backup capability is included with the NFAS arrangement.

c. Dial Line Service

The Dial Line is a "Plain Old Telephone Service" (POTS) line without any features. The Dial Line is only provided where the customer's premises is collocated with the Company's switch.

Service Commission

7.3.1 Intermedia Facilities-Based Services, cont.

7.3.1.B ISDN Primary Rate Interface (PRI) Service, cont.

(M)

2. Local Calling Areas

When the customer purchases PRI Service services from Intermedia, the customer must designate one of the Intermedia local calling areas as the customer's "home calling area." The Intermedia local calling areas match existing ILEC local calling areas.

When the customer is not collocated with the Company's switch, the customer's service address dictates the relevant home calling area.

When the customer collocates with a Company switch location, the customer may choose which of the local calling areas served by the Company switch will be the customer's home calling area.

The customer may only designate one local calling area as the home calling area from among the local calling areas served by the Company switch. All other local calling areas served by that switch will be considered Virtual FX calling areas with respect to the customer's designated home calling area. A Virtual FX charge applies to each PRI Service provided to the customer in a Virtual FX calling area. A Virtual FX calling area is any local calling area which, although served by the same Company switch, is not the customer's designated home calling area.

3. Rate Regulations

a. PRI Service Term

PRI Service is offered on a minimum 12-month term only. Should service be discontinued in less than 12 months after installation, termination charges shall apply. A service terminated during the first 12 months will be charged at the monthly rate multiplied by the number of months left on the 12-month term.

b. Discounts

Volume discounts are available on installation and monthly charges as provided herein. The volume level is determined by adding together the total numbers of PRI's provided to the customer by the Company.

for each DID equipped trunk or trunk group, or DID-equipped channel or group. The Company reserves the right to limit the amount of DID numbers constituting a block of telephone numbers in a group. Blocks of number groups will be determined at the sole discretion of the Company's resources. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine efficient telephone number utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassign the DID numbers.

The Customer has no property rights to the telephone number or any other call number destination associated with DID service furnished by the Company, and no right to the continuance of service through any particular end office. The Company reserves the right to change such numbers, or the end office designation associated with such numbers, or both, assigned to the Customer, whenever the company deems it necessary to do so in the conduct of its business.

1. Feature Descriptions

<u>PRODUCT</u>	<u>DESCRIPTION</u>
Call Waiting <sup>1</sup>	Provides a signal to let customer know when someone is trying to reach the line the customer is currently using.
Cancel Call Waiting <sup>1</sup>	Allows a customer to prevent, on a per-call basis, any incoming calls from sending call-waiting signals to his/her line. Incoming calls to the line are given normal busy treatment.
Call Forwarding - Universal <sup>1</sup>	Provides the customer with the ability to reroute calls to any valid telephone number (except international numbers). The costs of the forwarded call are passed on to the customer only if the call is answered. A call can also be forwarded to a selected telephone number when the customer's line is busy or unanswered.
Call Forwarding - Busy <sup>1</sup>	When the customer's line is busy, this service automatically routes incoming calls to Voice Mail Service or to another number, including a long distance number.
Call Forwarding - No Answer <sup>1</sup>	Automatically routes an unanswered call after a specified number of rings. The customer specifies the number of rings when the service is ordered.

<sup>1</sup>Available only as part of Business Single Line Package.

<sup>2</sup>Customer Group Feature only.

<u>PRODUCT</u>	<u>DESCRIPTION</u>
Call Forwarding – Remote Access	Permits the “Call Forwarding” customer to activate, change, or deactivate call forwarding service from any touch tone telephone.
Ring Again (Automatic Callback) <sup>1 2</sup>	Allows the customer encountering a busy signal to be notified when the called number becomes idle, and to be placed automatically in ring-again mode.
Blind Transfer Recall <sup>1 2</sup>	Enables the customer to transfer a call to another party without waiting for that party to answer. If the other party does not answer the transferred call within a specific time-out period, the line or trunk from which the call was transferred rings back the customer.
Call Park <sup>1 2</sup>	Allows the customer to park a call against his/her directory number. The parked call can be retrieved from any of the customer’s lines or trunks by first requesting the Call Park Retrieve and then dialing the number of the telephone number against which the call was parked.
Call Hold <sup>1</sup>	Allows the customer to place one call on hold for any length of time.

7.3 Product Descriptions Generally, cont.

Service Commission

7.3.1 Intermedia Facilities-Based Services, cont.

7.3.1.G IntermediaOne Trunk Side T1 Primary Rate Interface - Basic

(M)

IntermediaOne Trunk Side T1 Primary Rate Interface (PRI) - Basic Service is an ISDN-based end-to-end digital circuit that provides 23 64Kbps B and 1 64Kbps D channel over a T1 at a transmission speed of 1.472Mbps.

Customers purchase PRI in a 23B+D channel configuration for a fixed monthly fee. A minutes of use charge may be applicable. Additional costs are incurred for DID numbers, additional listings, and non-published numbers. A one time set-up fee also applies. A one year contract is required and service is subject to additional charges in areas without Intermedia facilities.

For PRI applications which consist of predominantly inbound data, see Sections 3.1.1.B and/or 7.1.

Various non-regulated services are offered with Intermedia's PRI service. These services may involve additional charges.

	Full PRI (24 Channels)	Fractional PRI <sup>1</sup>
<u>Monthly Recurring</u>		
12 month agreement	\$675.00	\$28.13/channel
24 month agreement	\$583.50	\$25.31/channel
36 month agreement	\$537.75	\$23.91/channel
<u>Nonrecurring - Installation</u>		
12 month agreement	\$500	\$500
24 month agreement	\$250	\$250
36 month agreement	\$ 0	\$ 0

<sup>1</sup>Fractional PRI Service requires a minimum of 13 channels (12b+d)

REC'D MAY 06 2002

7.3 Product Descriptions Generally, cont.

7.3.2 Intermedia Resold Services<sup>1</sup>

Service Commission (M)(P)

Intermedia's Resold Services are offered for local calling using the resold services of the ILEC.

Intermedia resells business and residential lines and optional services of the ILEC.

Resold features associated with resold local exchange service will be priced according to the rates established for such features in the underlying carrier's effective intrastate tariffs. The rates for specific resold services are set forth in Section 4 - Rates.

If a Subscriber's service changes from business service to residential service, the telephone number will normally be changed. Reference of calls will not normally be provided regardless of how long existing directories will remain in effect. Changes from residential to business service may be made without change in telephone number, if the subscriber so desires.

(M)

<sup>1</sup>This service is offered in conjunction with grandfathered services as specified in Section 7 herein which are only available to existing customers under contractual arrangements in effect as of July 3, 2002.

REC'D MAY 06 2002

7.4 Caller ID Language<sup>1</sup>

Service Commission (M)(T)

Line blocking for the delivery of the calling name and/or number is available upon request, at no charge, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residence of employees/volunteers, where an executive officer of the agency registers with the telephone company a need for blocking: (a) private, nonprofit, tax-exempt, domestic violence intervention agencies and (b) federal, state and local law enforcement agencies. Line blocking customers can unblock their calling name and/or number information on a per call basis, at no charge, by dialing an access code (\*82 on their Touch-Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and/or number to the called party by dialing an access code (\*67 on their Touch-Tone pad or 1167 from a rotary telephone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge.

If the calling party activates blocking, the name and/or number will not be transmitted across the line to the called party. Instead, Caller ID customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone.

The Company shall not be liable for any claims for damages caused or claimed to have been caused, directly, by the transmission to a Caller ID customer of a name or telephone number which the calling party of the Caller ID customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated.

Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this tariff.

(M)

<sup>1</sup>This service is offered in conjunction with grandfathered services as specified in Section 7 herein which are only available to existing customers under contractual arrangements in effect as of July 3, 2002.

7.5 Local Service Areas<sup>1</sup>

Service Commission (M)(T)

Intermedia Communications Inc. provides local exchange and basic local exchange telecommunications service in the following exchanges currently served by Southwestern Bell Telephone. The geographic area in which service is to be offered follows the exchange boundaries and is no smaller than an exchange. Intermedia concurs in Southwestern Bell's local calling scopes that apply to the specified exchanges.

7.5.1 [Reserved for Future Use]

7.5.2 The St. Louis Metropolitan Exchange and the exchanges in following zones:

<u>Zone 1</u>	<u>Zone 2</u>	<u>Zone 3</u>	<u>Zone 4</u>
Ferguson	Bridgeton	Manchester	Harvester
Ladue	Creve Coeur	Chesterfield	
Mehlville	Florissant	St. Charles	
Overland	Kirkwood	Fenton	
Riverview	Oakville	Valley Park	
Sappington	Spanish Lake		
Webster Groves			

7.5.3 Optional Metropolitan Calling Area (MCA) Service

7.5.3.A Service Description

1. Metropolitan Calling Area (MCA) Service is available in St. Louis MCA.
2. In selected exchanges, MCA service is an optional service which provides the subscriber with an optional local calling area which includes the respective Metropolitan Exchange and certain customers in other exchanges where MCA service is also available, as described in the section below.
3. In each MCA, exchanges and Metropolitan Exchange Zones are grouped into different MCA rate classifications. In the St. Louis MCA, exchanges where Optional MCA Service is available are classified as MCA-3, MCA-4, or MCA-5.

(M)

<sup>1</sup>This service is offered in conjunction with grandfathered services as specified in Section 7 herein which are only available to existing customers under contractual arrangements in effect as of July 3, 2002.

7.5 Local Service Areas (M)

7.5.3 Optional Metropolitan Calling Area (MCA) Service, cont. Service Commission

7.5.3.D Regulations

1. Unless otherwise specified in these regulations, MCA is offered to all classes and grades of business customers located in an MCA exchange. MCA service is also available in conjunction with Foreign Exchange Service in an MCA exchange.
2. In situations where multiple access lines share the same working telephone number, if one such line subscribes to MCA service, then all lines must subscribe to MCA service.
3. In situations where a hunting arrangement between access lines is provided by the Telephone Company, no MCA line may be configured to hunt to a non-MCA line.
4. Rate Application
  - a. The MCA monthly rates specified herein, apply on a per-line basis.
  - b. Optional MCA rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Telephone Company.

Material appearing on this page was previously located on Page 50.3. (M)

SECTION 7 - GRANDFATHERED SERVICES, CONT.

REC'D MAY 06 2002

7.7 Operator-Assisted Services, cont.

(M)  
Service Commission

7.7.1 Operator Dialed Surcharge

This surcharge applies to Operator Station and Person-to-Person rated calls when the Customer has the capability of dialing all the digits necessary to complete a call, but elects to dial only the appropriate operator code and requests the operator to dial the called station. The surcharge does not apply to:

- 1) calls where a Customer cannot otherwise dial the call due to defective equipment or trouble on the Intermedia network; and
- 2) Calls in which a Company operator places a call for a calling party who is identified as being handicapped and unable to dial the call because of his/her handicap.

The Operator Dialed Surcharge applies in addition to any other applicable operator charges.

Operator Dialed Surcharge                      \$0.74

When more than one class of service is involved, only the higher surcharge is applicable.

7.7.2 Busy Line Verify and Line Interrupt Service

Upon request of a calling party, the Company will verify a busy condition on a called line. The operator will determine whether the line is clear or in use and report its status to the calling party. The operator will interrupt the call on the called line only if the calling party indicates an emergency and requests interruption.

A charge will apply when:

- 1. The operator verifies that the line is busy with a call in progress;

8.8 T-Up the Internet Promotion

Service Commission

Beginning July 3, 2002 and ending September 30, 2002 the Company will offer the following promotion to new and existing facilities-based business customers.

Eligibility: To be eligible for this promotion, customers must satisfy the following conditions at the time of promotion enrollment:

Customers must order installation of at least one new channelized digital T-1 circuit of which 18 channels must be used by the customer for digital Local Trunk-Basic, digital Local Trunk-DID, and/or digital Local Trunk-2 Way Direct service provided by the Company and up to 6 channels must be used by the customer for Internet channels of 384K bandwidth. (Promotional Circuit).

New customers and existing customers not already on a term commitment must commit to a term of service for one year. Existing customers with a remaining term of service that equals or exceeds one year will remain on their existing term commitment. Existing customers with a remaining term of service less than one year must sign a new term commitment for one year.

Other Requirements: Each Promotional Circuit must be installed on or before December 31, 2002.

Benefits: In each monthly period of a customer's term of service, enrolled customers will be charged a monthly recurring charge of \$950.00 per Promotional Circuit. (Promotional Rate) excluding monthly recurring charges for DID/2 Way direct number charges, optional features and ISDN-PRI optional features.

Other Conditions:

Customers enrolled in this promotion are not eligible to receive the benefits of any other promotion or discounts including term plan discounts except for the Installation Waiver Promotion and the Local Satisfaction Guarantee Promotion.

SECTION 8 - PROMOTIONS, CONT.

REC'D MAY 06 2002 (N)

8.9 Free Month Promotion

Service Commission

Beginning July 3, 2002 and ending July 31, 2002, the Company will offer the following promotion to new facilities-based customers who purchase new Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk-2 Way Direct or Local ISDN PRI service (Promotional Circuits). Eligible customers must subscribe to a Term Plan for one year.

Benefits: Eligible customers enrolled in this promotion will receive a credit per location applied to each invoice month specified in the schedule below:

<u>Term of Service</u>	<u>Invoice Month</u>
1 Year	12th month

Each credit will be equal to the customer's monthly recurring charges for Local Line, Local Trunk-Basic, Local Trunk-DID/2 Way Direct, Local Trunk-DID/2 Way Direct Number Charges, Optional Features and Local Trunk ISDN PRI, after discounts, based on the month of service prior to each invoice month specified in the schedule above. Measured Option customers will receive an additional credit for usage incurred based on the average local usage for the 3 months of service prior to each invoice month as specified in the schedule above.

Customers discontinuing local service or terminating their term plan prior to the expiration of the committed term will not be eligible to receive the benefits of this of this promotion. Credits provided under this promotion will not be calculated upon IntraLATA Toll Service. Promotional Circuits must be ordered by August 31, 2002.
