II. SPRINT SOLUTIONS – BUSINESS (Cont'd)

C. TERM DISCOUNT PLAN (TDP) (Cont'd)

2. Termination Liability Charges

- a. If a TDP customer disconnects any or all of the business packages subscribed to under the TDP, a termination liability charge will apply for the lines that are disconnected. The termination liability charge will be a one-time charge equal to the sum of 50% of the payments that would apply for the remainder of the TDP.
- b. If a TDP customer retains the access line associated with a Sprint Solutions business package, but discontinues any or all of remaining features and services that are required to receive the TDP discount, no termination liability charges will apply. However, all discounts for which the customer was eligible under this TDP will cease as of the date the required service(s) and/or feature(s) is discontinued, and the monthly rate for the remaining access lines will default to the applicable tariffed monthly rate for business individual line service.

3. Discounts

- a. Customers who subscribe to two or more of the business packages listed as follows will receive a 10% discount off the tariffed monthly rate for the second and each additional package at the same location. A maximum of eight packages are eligible for the discount.

III. CONNECTION CENTRAL BUNDLE (Cont'd)

C. TERM DISCOUNT PLAN (TDP)

1. Connection Central Bundle is available under a Term Discount Plan (TDP) for term commitments of one or two years. At the end of the TDP commitment period the customer may renew the TDP for another one or two year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If customers disconnect one or both of the access lines associated with Connection Central Bundle prior to the expiration of the TDP, a termination liability charge will apply for the disconnected line(s). The termination liability charge will be a one-time charge equal to the sum of 50% of the payments that would apply for the remainder of the TDP.
4. If a customer retains the access line(s) associated with Connection Central Bundle, but discontinues any or all of the associated features and services, no termination liability charges will apply. However, all discounts for which the customer was eligible under this TDP will cease as of the date the service(s) and/or feature(s) are discontinued, and the monthly rate for the access lines(s) will default to the applicable tariffed monthly rates.

SPECIAL PACKAGED OFFERINGS

III. CONNECTION CENTRAL BUNDLE (Cont'd)

C. TERM DISCOUNT PLAN (TDP)

1. Connection Central Bundle is available under a Term Discount Plan (TDP) for term commitments of one or two years. At the end of the TDP commitment period the customer may renew the TDP for another one or two year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If customers disconnect one or both of the access lines associated with Connection Central Bundle prior to the expiration of the TDP, a termination liability charge will apply for the disconnected line(s). The termination liability charge will be a one-time charge equal to the sum of 50% of the payments that would apply for the remainder of the TDP.
4. If a customer retains the access line(s) associated with Connection Central Bundle, but discontinues any or all of the associated features and services, no termination liability charges will apply. However, all discounts for which the customer was eligible under this TDP will cease as of the date the service(s) and/or feature(s) are discontinued, and the monthly rate for the access lines(s) will default to the applicable tariffed monthly rates.

If disconnection of any access line associated MultiLine Bundle(s) prior to the end of the TDP results in only one remaining MultiLine Bundle, that remaining bundle will default to the applicable tariffed rates for the Local Exchange Service access line or key trunk, including Rotary Hunt Service if the line or trunk is so equipped, plus the tariffed rates for the individual features.
5. If a customer retains the access line(s) associated with MultiLine Bundle, but discontinues any or all of the required services prior to the expiration of the TDP, the termination liability charge will be a one-time charge of \$100.00 for each MultiLine Bundle for which the required services were discontinued, and the associated access line(s) will default to the applicable tariffed rates for the Local Exchange Service access line or key trunk, including Rotary Hunt Service if the line or trunk is so equipped, plus the tariffed rates for the individual features.

C. TERM DISCOUNT PLAN (TDP)

1. Hosted MultiLine Bundle is available under a Term Discount Plan (TDP) for term commitments of one or three years. At the end of the TDP commitment period the customer may renew the TDP for another one or three year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the discount in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.
2. Rate increases or decreases will automatically be applied to the monthly term commitment rates for the remaining term of the TDP. If a Company initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.
3. If a customer disconnects any or all of the access lines associated with Hosted MultiLine Bundle prior to the expiration of the TDP, a termination liability charge will apply for the disconnected access line(s). The termination liability charge will be a one-time charge equal to the sum of 50% of the remaining payments that would apply for the remainder of the TDP.
4. Customers must retain a minimum of two Hosted MultiLine Bundles. If disconnection of any access line associated Hosted MultiLine Bundle(s) prior to the end of the TDP results in only one remaining Hosted MultiLine Bundle, that remaining bundle will default to the applicable tariffed rates for the Local Exchange Service access line, including Rotary Hunt Service if the line is so equipped, plus the tariffed rates for the individual features.
5. If a customer retains the access line(s) associated with Hosted MultiLine Bundle, but discontinues any or all of the required services prior to the expiration of the TDP, the termination liability charge will be a one-time charge equal to the sum of 50% of the remaining payments that would apply for the remainder of the TDP for each Hosted MultiLine Bundle for which the required services were discontinued, and the associated access line(s) will default to the applicable tariffed rates for the Local Exchange Service access line, including Rotary Hunt Service if the line is so equipped, plus the tariffed rates for the individual features.

1. Solutions II is available under a Term Discount Plan (TDP) for term commitments of one, two or three years. At the end of the TDP commitment period the customer may renew the TDP one, two or three year TDP commitment period. If the customer does not specify renewal terms in writing 90 days prior to the expiration of the TDP, the commitment period and the monthly rate in effect at the time of expiration will automatically be extended for 12 months. The customer can terminate service at the end of the commitment period with no penalty or obligation to continue the service.

3. For Complete Business Bundle II, if a customer disconnects any of the access lines prior to the expiration of the TDP, there will be no termination liability charges applicable to regulated services.
