INSIDE PIPING AND CUSTOMER WATER SERVICES

- (a) The Company will provide the Customer water service at the meter.
- (b) The Company shall deny service where Customer's water service or piping may, in the opinion of the Company, cause a cross-connection with non-potable water or otherwise jeopardize the health and safety of other Customers or the Company's facilities.
- (c) Existing water services may be used in connecting with new buildings only when they are found on examination and test not to constitute a hazard to the health and safety of other Customers or the Company's facilities.
- (d) The Customer's water service shall be brought to the premises at a depth of not less than 36 inches and upon entering premises shall be valved.
- (e) The Customer's water service and piping shall be of material conforming to recognized standards for potable water service and shall have a pressure rating of at least 160 psi working pressure and have a minimum inside diameter of 3/4 of an inch.

- (a) No person shall be wasteful of the water service to his premises by his willful inaction. It shall be the responsibility and duty of each Customer to maintain all piping and fixtures on his premises in a good and efficient state of repair at all times. Losses of water on or within the Customer's premises due to faulty piping or fixtures will not cause an allowance to be made on his water bill.
- (b) No person shall make or cause to be made a cross connection between the potable water service and any source of chemical or bacterial contamination or any water supply not approved by the Missouri Department of Natural Resources.
- (c) No person shall make or cause to be made a connection to a device that will result in excessive water demand or excessive shock, such as water-hammer, to the Company's mains.
- (d) No person shall tamper with, remove, or willfully damage a water meter or attempt to operate the shut-off cock on the meter yoke.
- (e) No person shall attempt to take unmetered water from the company mains either by an unauthorized tap or by direct connection to the service connection or by connection to a fire hydrant.

Rule 7 DISCONTINUANCE OF SERVICE BY COMPANY

- (a) The company reserves the right to shut off services for any of the following reasons:
  - (1) For failure to comply with these rules and regulations.
  - (2) For nonpayment of utility bill (see Rule 10).
  - (3) For resale of water service.
  - (4) For an unauthorized water connection to company mains.

- (b) In the event that a customer is in violation of any of these rules and regulations the Company shall have the right to discontinue service and remove the meter. In such event the Customer shall pay a re-connection charge and any unpaid balance which may be due and delinquent before service is restored. Discontinuance of service for the above listed reasons will occur upon six (6) days' notice by first-class mail, except that should Company determine such discontinuance may adversely affect the Customer's health or well-being, Company may give up to twenty-one (21) additional days of notice. Service may be discontinued immediately at any time that there is a threat to the health and welfare of other customers.

- (c) Discontinuance of service to a premise for any reason shall not prevent the Company from pursuing any lawful remedy by action at law or otherwise for the collection of moneys due from the Customer.

- (d) In case the Company discontinues its service for any violation of these Rules and Regulations, then any monies due the Company shall become immediately due and payable.

- (e) The Company has the right to refuse or to discontinue service to any premises to protect itself against fraud or abuse.

Rule 10 BILLS FOR SERVICE

- (a) The charges for water service shall be at the rates specified in the applicable tariffs on file with the Missouri Public Service Commission. The point of assumption of water service shall be at the service connection. Service charges for connection (turn-on) or disconnection (turn-off) are set forth in Rule 11.
- (b) A Customer who has made application for service to a premise shall be held liable for all service furnished to such premise until the Customer notifies the Company in writing to discontinue service.
- (c) The Company shall have the rights at lawful times to require the Customer to make a reasonable deposit, in amount not to exceed the estimated bill for one billing period plus 30 days to secure the prompt payment of bills. Interest at the rate of six percent (6%) per annum payable upon return of the deposit, will be paid for the time such deposit was held by the Company unless such period of time be less than twelve (12) months. Such deposits shall be refunded at the termination of service after all charges that may be due and payable by the Customer have been paid or when the Customer has demonstrated prompt payments for service during twelve (12) consecutive billing periods.
- (d) Each Customer is responsible for furnishing the Company with his correct address. Failure to receive bills will not be considered an excuse for non-payment nor reason to permit an extension of the date when the account would be considered delinquent.
- (e) Bills and notices relating to the Company or its business will be mailed or delivered **APR 1 1980**

mailing address entered in the Customer's application unless the Company is notified in writing by the Customer of a change in address.

- (f) Payments shall be made at the office of the Company or at such other places conveniently located as may be designated by the Company or by ordinary mail. However, payment must be received by the close of business on the date due.
- (g) The Company will not be bound by bills rendered under mistake of fact as to the quantity of service rendered or as a result of clerical error.
- (h) A separate bill shall be rendered for each Customer with itemization of all water service charges.
- (i) The Company shall have the right to render bills monthly and such bills shall be due and payable to it no later than twenty-one (21) calendar days from the date of rendition.
- (j) All bills for service shall bear a due date. Bills unpaid after twenty-one (21) days from date of rendition will be delinquent and the Company shall have the right, six (6) days after mailing written notice thereof by first-class mail of discontinuance of service to the last known address, to discontinue all service to such delinquent Customers forthwith, and shall not be required to restore or connect any new service for such delinquent Customers until the unpaid account due the Company under these Rules and Regulations has been paid in full or arrangements satisfactory to the Company have been made to pay said account.

Rule 11	<u>SERVICE CHARGES</u>
(a)	An application for a service connection or discontinuation of existing service, will be made during the Company's regular business hours at approved charges.
(b)	A connection of service to a specific Customer which was discontinued in accordance with Rules 7 and 8 will be made according to Rules 7 and 8 respectively of these Rules and Regulations.
(c)	A serviceman call during the Company's regular business hours which results in collection of a delinquent account (in lieu of discontinuance in accordance with Rule 7) shall require collection of the delinquent amount plus a two dollar (\$2.00) net service charge to avoid discontinuance.
(d)	A service call at any time other than during the Company's regular business hours for connection, or any other reason except a malfunction of Company facilities, shall require a service charge of ten dollars (\$10.00) net. In instances where such a service call is for collection of a delinquent account, this service charge shall be collected in addition to any other amounts due.
(e)	Company personnel will not work upon piping or facilities not owned by the Company.

Rule 12	<u>METERS AND METER INSTALLATIONS</u>
(a)	All permanent service connections shall be metered. The Company's installed meter shall be the standard for measuring and/or billing for water service.
(b)	All meters and meter installations shall be furnished, installed, maintained and removed by the Company and shall remain its property.
(c)	The Company shall have the right to determine on the basis of the Customer's stated flow requirements the type and size of meter to be installed and location of same. If flow requirements increase or decrease subsequent to installation and a larger or smaller meter is requested by the Customer, the cost of installing such meter shall be borne by the Customer.
(d)	Company shall furnish and install suitable metering equipment for each Customer except where the Customer requests installation in a special setting, in which case the excess cost of installation shall be paid for by the Customer.
(e)	All service to any one Customer at one building shall be furnished through a single metering installation. Where a building is occupied by more than one Customer, Company will set as many meters as there are separate applications for service, and will connect the meters to one service line. The Company's meters will be located adjacent to each other unless otherwise approved by the Company. Where service is now supplied through one meter to a location having two or more separate premises, the service shall be considered a multiple service. The Customer may rearrange piping, at his own expense to separate the multiple service and permit the Company to install a separate meter for each premise.

Rule 13 METER TESTS AND TEST FEES

- (a) Any customer may request the Company to make a special test of the accuracy of the meter through which water is supplied to him. This test will be made in accordance with the standard regulations of the Commission.
- (b) The Company reserves the right to remove and test a meter at any time and to substitute another in its place. In case of a dispute involving a question as to the accuracy of the meter, a test will be made by the Company upon the request of the Customer without charge if the meter has not been tested within twelve (12) months preceding the requested test; otherwise, a charge of \$10.00 will be made if the test indicates meter accuracy within five percent (5%) or less.
- (c) A meter test requested by the Customer may be witnessed by the Customer or his duly authorized representative, except for tests of meters larger than two (2) inch inlet which will be conducted by the meter manufacturer and a certified copy of the test provided to the Customer.
- (d) If a test shall show an average error of more than five percent (5%) billings shall be adjusted as provided in Rule 14.

Rule 14 BILL ADJUSTMENTS BASED ON METER TESTS

**MISSOURI**  
**Public Service Commission**

(a) Whenever any test by the Company of a meter while in service or upon its removal from service shall show such meter to have an average error of more than five percent (5%) on the test streams prescribed by the Commission, the Company shall adjust the Customer's bills by the amount of the actual average error of the meter and not the difference between the allowable error and the error as found. The period of adjustment on account of the under-registration or over-registration shall be determined as follows:

(1) Where the period of error can be shown, the adjustment shall be made for such period.

(2) Where the period of error cannot be shown, the error found shall be considered to have existed for three (3) months preceding the test.

(b) If the meter is found on any such test to under-register, the company may render a bill to the Customer concerned for the estimated consumption not covered by bills previously rendered during the period of inaccuracy as above outlined. Such action shall be taken, however, only in cases where the bill for the estimated inaccuracy amounts to \$2.50 or more, and all such bills shall be conditioned upon the Company's not being at fault for allowing the inaccurate meter to remain in service.

(c) If the meter is found faster than allowable, the Company shall refund to the Customer concerned any overcharge caused thereby during the period of inaccuracy as above defined. Said refund may, at the Company's option, be in the form of a credit to the Customer's bill.
