Case No. TA-2000-427

**APPLICATION FOR INTEREXCHANGE AND
NON-SWITCHED LOCAL EXCHANGE AUTHORITY
AND COMPETITIVE CLASSIFICATION**

Comes now Allegiance Telecom of Missouri, Inc. ("Applicant" or "Allegiance"), by and through counsel, and pursuant to Sections 392.361, 392.420, 392.430, 392.440 RSMo 1994, Section 392.410 RSMo Supp. 1999, and 4 CSR 240-2.060(4), files this Verified Application requesting that the Missouri Public Service Commission (hereinafter "the Commission") issue an order that:

- (a) grants Applicant a certificate of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services, as herein more specifically defined, pursuant to Chapter 392 RSMo;
- (b) grants competitive status to Applicant and Applicant's requested services; and
- (c) waives certain Commission rules and statutory provisions pursuant to Sections 392.420 and 392.361 RSMo 1994, consistent with the Commission's past treatment of other certificated providers of competitive interexchange/private line telecommunications services.

In support of its request, Applicant states that:

1. Applicant is a corporation formed and operating under the laws of the State of Delaware and is duly authorized to transact business in the State of Missouri. Pursuant to the relevant provisions of 4 CSR 240-2.060, a certificate of authority from the Missouri Secretary of State's Office is attached hereto and incorporated herein by reference as Appendix A.

2

Applicant's principal place of business is 1950 Stemmons Freeway, Suite 3026, Dallas, Texas 75207-3118 and its telephone number is (214) 261-7100.

2. All communications, notices, orders and decisions respecting this Application and proceeding should be addressed to:

(214) 261-8770 (fax)

Any questions concerning Applicant's proposed tariff should be directed to Mr. Roesel at the above number.

3. Applicant recently obtained its certificate to provide basic local telecommunications services in portions of the state of Missouri in Case No. TA-2000-1. By this Application, Applicant proposes to provide various types of intrastate interexchange and non-switched local exchange telecommunications services throughout the state of Missouri. Applicant intends to offer outbound and inbound, switched and dedicated access toll services on a pre-subscribed basis. Operator services will also be available to pre-subscribed customers. Applicant will offer optional calling plans and travel card services. Service is to be provided through underlying carriers who have been selected for the best combination of quality and price.

Each customer will be pre-subscribed to Carrier Identification Code (CIC) of the underlying carrier. Pre-subscribed customer traffic will be routed to Allegiance's underlying carrier network. In turn, the underlying carrier will provide information to the Company sufficient for billing. Allegiance's name and toll free number will appear on customer's bills.

Pursuant to 4 CSR 240-2.060(4)(H), Applicant's proposed tariff bearing a forty-five day effective date is attached hereto and incorporated herein by reference as Appendix B.

4. Applicant requests that it and all its services proposed herein be classified as competitive. Applicant's proposed services herein fall within the category of the types of services which have routinely been authorized by the Commission for numerous other competitive carriers upon verified application without the need for evidentiary hearings. Applicant's proposed services will be subject to sufficient competition to justify a lesser degree of regulation; granting this Application will allow greater price and service options for telecommunications customers and will be in the public interest. Granting Applicant's requested competitive classifications is consistent with past Commission treatment of other competitive certificated interexchange/non-switched local exchange carriers and will encourage competition consistent with the public policy of Federal Telecommunications Act of 1996 and Chapter 392 RSMo.

5. Applicant is willing to comply with all applicable Commission orders, rules and regulations. Applicant requests however, pursuant to Section 392.440 RSMo 1994, that the Commission at minimum waive the application of the following rules and statutory provisions as they relate to the regulation of Applicant to the extent that they previously and routinely have been waived for other certificated competitive interexchange/non-switched local exchange carriers:

6. Applicant is financially capable of providing the services proposed. Applicant also possesses the necessary technical and managerial expertise and experience necessary to provide the services it proposes to offer at standards that will meet or exceed all service standards established by the Commission.

WHEREFORE, Applicant Allegiance Telecom of Missouri, Inc. respectfully requests that the Commission: 1) expeditiously grant it a certificate of service authority to provide intrastate, resold interexchange and non-switched local exchange telecommunications services within the State of Missouri; 2) grant Applicant and its proposed services competitive status; and 3) waive the application of the above-
