Secretary
Missouri Public Service Commission
Governor Office Building
200 Madison Street
Jefferson City, MO 65101

Dear Secretary,

Enclosed herewith for filing with the Missouri Public Service Commission is a revised tariff sheet, P.S.C. MO. No. 8, First Revised Sheet No. 11.13 of the western Missouri operating division of Spire Missouri Inc. d/b/a Spire (the "Company"). This revised tariff sheet, which has an issue date of October 31, 2018, and an effective date of November 15, 2018, reflects the Purchased Gas Adjustment ("PGA") of the Company as provided by Sheet Nos. 11-11.13 of the Company's tariff. Such revised PGA rates, which will be made effective on a pro-rata basis, include changes to both the Current Cost of Gas ("C.C.G.") and the Actual Cost Adjustment ("ACA") factors for natural gas customers.

In November 2017, the underlying charge for natural gas was set at \$0.51977 per Ccf for the Company's residential customers. Over the past year, the market price of natural gas has fluctuated within a relatively narrow range. As a result, the Company's underlying charge for natural gas for firm sales customers will be \$0.48438 per Ccf.

Compared to currently existing rates, and assuming normal usage, the PGA rate will decrease the average monthly bill of the typical residential customer over the upcoming winter by about \$4.02 per month, or 4.1%. Such bill impacts may be less or more depending on a customer's actual usage, which is primarily affected by weather.

Sincerely,

/s/ Scott A. Weitzel
