2. Demarcation Point:

The point of connection, provided and maintained by the telephone company, at which the station wiring becomes dedicated to an individual customer's use. For an individual customer dwelling this point of connection will generally be the modular jack incorporated into the customer side of the network interface Device (NID). The drop wire and the network protector will continue to be provided by, and remain the property of, the telephone company. The demarcation point is usually the point at which the telephone company wiring connects with the customer's wiring.

A. General Regulations

MISSOURI
Public Service Commission

1. Payphone Service includes lines to which coin, coinless, card reader or a combination of coin/card reader telephones may be attached.
2. Payphone Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment, all outside plant facilities needed to connect the serving central office with the customer's premises, and the Network Interface Device at the demarcation point. These facilities are Company-provided and maintained and provide access to and from the telecommunications network for long distance service and local calling.
3. In the case of one-way service, intercept treatment will be provided.
4. A maximum of one customer-provided instrument may be connected to any one Instrument or CO implemented coin line.
5. General Rules and Regulations found in other sections of this tariff are applicable to the provision of Payphone Service.
6. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.
7. A Network Interface Device will be installed at a location mutually agreed upon by the Payphone Service Provider and the Company. The Network Interface Device is a company-provided jack or its equivalent. It is the point of connection between the telephone company owned wiring and wiring owned by the Customer.
8. One directory will be distributed to the Payphone Service Provider without charge for each payphone business exchange line.
9. Installation Charges and the appropriate Network Interface Device (NID) material charge are applicable for the installation, move or rearrangement of the NID on the customer's premises to establish or reestablish network access.

10. Installation Charges and the appropriate NID material charge apply when a premises visit is made for the sole purpose of installing a customer requested NID.
11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions are not permitted.
13. For future use. +
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible for complying with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

- 4. The customer shall be responsible for obtaining a Certificate of Service Authority (CSA) to provide Payphone Service and for providing proof of said authority prior to installation of service.
- 5. Customers who elect not to subscribe to Selective Class of Call Screening will be fully responsible for all calls billed to customer's exchange access line. The Telephone Company shall have no responsibility to adjust any such charges and/or release customer from paying any such charges. Customer will hold the Telephone Company harmless from and against any liability or loss resulting from all calls billed to customer's exchange access line.
- 6. Any federal, state, or local taxes on the Customer Owned Pay Telephone or calls made from that phone are the responsibility of the customer.
- 7. The customer shall not program or cause to be programmed any such telephone used in connection with this service to limit the duration of a local message.

MISSOURI
Public Service Commission

C. Violation of Regulations

- 1. Upon notification from the Company that the customer-provided equipment or inside wire is causing or is likely to cause harm, the customer shall make such change as is necessary to remove such harm. Failure to make such change will result in the disconnection of service until such change is completed to the satisfaction of the Company.

D. Instrument Implemented Payphone Service

Instrument Implemented Payphone Service is offered for use with a customer provided pay telephone. All attachments of a customer provided instrument to the network must be made pursuant to the rules and regulations set forth in this Tariff and as required by State and Federal commissions.

E. Central Office (CO) Implemented Coin Line

1. Central Office Implemented Coin Line provides coin signaling. It is a line side connection from the local exchange switch to the point of demarcation at the customer premise.
2. Features are additives to the operation of a flat rate access line that provide for CO Implemented coin line service. The Company offers those features that are provided by the functionality of the Company's switches. These include coin supervision, coin control (collect and return of coins, if applicable), and answer supervision. CO implemented coin line features that are implemented by the functionality of an operator service provider, such as coin rating, coin refund, repair referral, and operator call screening, are the responsibility of the Payphone service provider (Customer).
3. CO Implemented Coin Line features, including coin line signaling, coin collect and return (where applicable) and answer supervision, are provided by the Telephone Company per the technology available from the Company's facilities. It shall be the responsibility of the CO Implemented Coin Line payphone owner to assure technical and operational compatibility with the coin line features offered by the Telephone Company.

F. Features and Functions

1. Answer Supervision provides signaling on the line notifying the public service called party has answered. This feature is an additive to the CO Implemented Coin Line.
2. Coin Collection and Return provides an electrical signal on a CO Implemented Line indicating to the payphone equipment to collect coin(s) from or return coin(s) to the calling party. This feature is an additive to the CO Implemented Coin Line.
3. Special Number Assignment is a specific number requested by the customer. This service is available where facilities are accessible and it is technical feasible to provide. This feature is an additive to the CO Implemented Coin Line or to the Instrument Implemented Payphone Service.
4. Selective Class of Call Screening will be provided where such facilities are available at the customer's option. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls, placed over the Telephone Company's network, from the service point to only those calls which are charged to a called telephone, a third number or a calling card.
5. Validation may be performed through Originating-Line Screening (OLS). OLS enables operator service providers to determine whether there are billing restrictions on the exchange access line from which a call originates. OLS service delivers codes on operator assisted calls to identify calls originating from privately owned payphones, inmate locations, and hotels/motels, etc. Rates for this service are found in the appropriate interstate access tariff, when facilities and service are available. The customer has the option to request either Selective Class of Call Screening or OLS.

ACCESS SERVICES TARIFF CONCURRENCE

Access Services

Access services are those services which are described in the Access Services Tariff of Mark Twain Rural Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules and regulations specified in the Access Services Tariff of Mark Twain Rural Telephone Company and approved by the Missouri Public Service Commission, and in any amendments thereto and authorized by the Missouri Public Service Commission or applicable law. The Company does not concur in the rates for access services of Mark Twain Rural Telephone Company. Rates for these services are set out in the following pages of this concurrence. (T)

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provisions have been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Mark Twain Rural Telephone Company's Access Services Tariff pursuant to the terms and conditions specified therein and at the rates specified in the following pages of this concurrence. The Company's concurrence in Mark Twain Rural Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company. (T)

Cancellation Rights

The Company reserves the right to cancel and make void the above concurrence statement, subject to requirements as may be ordered by the Missouri Public Service Commission, at any and such time as it appears that such cancellation is in the best interest of the Company and/or its customers.

CUSTOM CALLING SERVICES		
A. GENERAL		MISSOURI Public Service Commission
1.	Custom calling services are optional telephone service arrangements which may be provided only from a central office, so equipped to provide one or more custom calling features. The descriptions and rates for custom calling services are located in other parts of this tariff.	
2.	The service is available on individual line, business and residence exchange service, excluding pay station and PBX trunks.	
3.	The Telephone Company may, during certain promotional periods, waive or discount the service and equipment charges and/or monthly rates for a designated period of time to a customer who wishes to participate.	
4.	A promotional waiver or discounted rate will apply one (1) time per customer for each service during the course of the promotional period.	
5.	The Company will notify the Commission in advance of these promotions and obtain their approval.

B. DESCRIPTION OF FEATURES

MISSOURI
Public Service Commission

1. CALL FORWARDING

A. Call forwarding permits a customer to transfer all incoming calls to another dialable telephone number. The customer pre-selects a second telephone number to which he wants all incoming calls to be automatically transferred. Calls may be transferred to a long distance message telecommunications point subject to the availability of the necessary facilities in the Central Office from which the calls are to be transferred. Customers utilizing call forwarding services are responsible for the payment of charges for each toll call between the telephone to which the call was transferred.

B. The grade of transmission of calls which are forwarded may vary depending on the distance and routine necessary to complete the call. Therefore, the normal grade of transmission is not guaranteed on any forwarded call.

2. CALL WAITING

A. Call waiting permits a customer to receive a audible signal indicating that a second party wishes to talk to him. The customer may elect to terminate the call with the first party and answer the second calling party, or hold the original call to answer the incoming call.

RULES AND REGULATIONS

17. Telephone Numbers

- A. The customer has no property right to the telephone number nor any right to continuance of service through any particular central office.
- B. The Company reserves the right to change the customer's telephone number or the central office associated with such number, or both, as may be required for the proper conduct of its business.

18. HOLD FOR FUTURE USE

(D)

19. Customer Service – Use of

- A. Customer telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the customer, his family, employees or business associates, or persons residing in the customer's household. The Company has the right to refuse to install customer service or to permit such service to remain on premises of a public or semi-public character when the station is so located that the public in general, or patrons of the customer may make use of the service. At such locations, however, customer service may be installed, provided the instrument is so located that it is not accessible for public use.

OPTIONAL SERVICES AND FEATURES

6. Optional Services and Features

6.1 CLASS Service

Custom Local Area Signaling Services (CLASS): Provide end-user services that allow the customer more control over incoming and outgoing calls based on Signalling System 7 (SS7) Hardware and Software. Services are offered where technically feasible and may be available on both an intra- or inter-exchange basis.

A. Feature Descriptions:

- I. Caller ID: allows the called party to view the number calling through customer premises equipment designed to receive and thus display the calling party's number. Special station equipment is required for this feature.

The calling telephone number is only available in those areas where appropriate signalling network connections exist to forward the calling party's number. This may exclude calls made from most cellular phones or units, calls made through interexchange carriers, and calls originated from other local exchange carriers. The calling number is also not available when incoming calls have been handled by an operator or charged to credit cards. Number delivery for calls originated from a PBX will display the main PBX number only. If the caller's number is a multi-party line, or is blocked, the number will not be displayed.

Telephone numbers transmitted via Caller ID may not be sold or given to another party without the caller's consent. Caller ID information may only be used for: a) routing or completion of calls, b) billing of calls, c) account management purposes, d) services directly related to the call or transaction, e) verification of calling party identity and f) marketing products or services that are directly related to those previously acquired by the customer from the number delivery services subscriber. Caller ID customers failing to comply with any of these conditions will have their service terminated.

6. Optional Services and Features (Cont'd)

6.1 CLASS Service (Cont'd)

A. Feature Descriptions: (Cont'd)

- 4. Selective Call Acceptance: allows the subscriber to define a list of calling Directory Numbers that will be accepted. Any calling numbers not on that list will be routed to announcements and rejected. The calling party not on the acceptance list will receive an announcement statement that the call is not presently being accepted by the called party.
- 5. Selective Call Forwarding: will allow the subscriber to have certain terminating calls forwarded to a designated remote station. The activity will occur whenever a call is received from a Directory Number which has been indicated on a list of numbers referred to as the Selective Call Forwarding screening list. Calls from Directory Numbers which cannot be identified or have not been indicated on the list will be given standard terminating treatment.
- 6. Selective Call Rejection: allows the subscriber to define a list of Directory Numbers which, upon placing a call to the subscribers line, will be routed to an announcement and rejected. All other calls will be treated normally. The calling party on the rejection list will receive an announcement stating the call is not being accepted by the called party.

6.1 CLASS Service (Cont'd)

A. Feature Descriptions: (Cont'd)

8. **Automatic Callback:** permits a subscriber encountering a busy connection to have call setup performed automatically when the called station becomes idle. This feature is designed to automatically set up a call to the last telephone number called by the subscriber, regardless of whether the called telephone number was busy or idle, answered or unanswered. If the call cannot be completed immediately because of a busy line, the call is queued and call completion is attempted when both lines are idle. As part of the completion attempt, the calling subscriber is given special ringing and when the called subscriber answers, the calling subscriber is given regular ringing.

9. **Call Return:** permits a subscriber to have a call automatically returned to the last party who called. If that line is busy when the recall attempt is made, the call is queued until both the subscriber and the last calling party are idle; then the subscriber is rung first. When the subscriber answers, the last calling party is rung to complete the call.

B. Nonchargeable CLASS Features:

1. **Calling Number Delivery Blocking - Per Call:** temporarily allows the subscriber, when placing outgoing calls, to label his or her telephone number as private, thus restricting its availability to the called party. This feature is accessed by dialing (*67), or 1167 for rotary phones, before dialing the phone number of the called party.

GENERAL EXCHANGE TARIFF

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911)
 - 1.1 General
 - A. Universal Emergency Number Service, also referred to as 911 Service, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. 911 Service includes a line and equipment necessary (excluding CPE) for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. 911 Trunking Service involves the provision of interoffice trunks from the Telephone Company Central Office to connect with the PSAP location.
 - B. The 911 emergency number is not intended to replace the telephone service of the various Public Safety Agencies which may participate in the use of this number. The 911 customer must subscribe to additional local exchange service at the PSAP for administrative purpose, for the placing of outgoing calls and for receiving other emergency calls, including any which might be related by Company operators.
 - C. 911 Trunking Service is offered subject to availability of facilities.
 - D. The 911 Trunking Service customer may be a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for police, fire or other emergency services within the telephone Central Office area arranged for 911 calling.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)

1.1 General (Cont'd)

- E. The Company may enter into a contract or contracts with the 911 customer or with other telephone companies in order to effectuate the Company's provision of 911 Service in accordance with, pursuant to, and subject to the terms, conditions and limitations of the Tariff. Any such contract(s) shall incorporate by reference the terms, conditions and limitations of this Tariff.
- F. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

1.2 Conditions

- A. 911 Trunking Service is provided solely for the benefit of the customer operating the PSAP. The provision of 911 Trunking Service by the Company shall not be interpreted, construed or regarded, either express or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity other than the customer.
- B. The Company does not undertake to answer and forward 911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customer's premises.
- C. Temporary or vacation suspensions of service are not provided for any part of the 911 Trunking Service.
- D. 911 Service information consisting of the names, addresses and telephone numbers of Subscribers whose listings are not published in directories or listed in the Directory Assistance records is treated as strictly confidential.
- E. End Users dialing 911 forfeit the privacy afforded by nonpublished and unlisted telephone number service to the extent that the telephone number, address and name associated with the originating station location may be furnished by a PSAP. Information will be provided only for the purpose of responding to emergency calls.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- F. The Company's entire liability to any person for interruption or failures of 911 Trunking Service shall be limited to the terms set forth in this section and other sections of this tariff.
- G. The customer shall have the responsibility of discovering all errors, defects and malfunctions, in the transmission of calls and data, data base(s), and overall operation of the system. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.
- H. The Company's liability for any loss or damage arising from errors, interruptions, defects, failures or malfunctions of this service or any part thereof whether caused by the negligence of the Company or otherwise shall not exceed an amount equivalent to the pro-rata charges for the service affected during the period of time that the service was fully or partially inoperative.
- I. Each customer also agrees to release, indemnify and hold harmless the Company from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage or destruction of any property, whether owned by the customer or others.
- J. The customer also agrees to release, indemnify and hold harmless the Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of 911 Trunking Service features, the equipment associated therewith, or by any services furnished by the Company in connection therewith, including, but not limited to, the identification of the telephone number, address or name associated with the telephone used by the party or parties accessing 911 Trunking Service hereunder, and which arise out of the negligence or other wrongful act of the Company, the customer, its user, agencies or municipalities, or the employees or agents or any one of them.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- K. Because the Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all 911 calls that originate from telephones served by Telephone Company Wire Centers served by the PSAP whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.
- L. Application for 911 Trunking Service must be executed in writing by each customer. If application for service is made by an agent, the Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any 911 offering.
- M. The customer is required to furnish the Company its agreement to the following terms and conditions:
1. That all 911 calls will be answered in a 24-hour day, seven-day week basis.
 2. That that customer has responsibility for dispatching the appropriate emergency service vehicles within the 911 Service area, or will undertake to transfer all 911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
 3. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the 911 PSAP by calling parties.
 4. That the customer will provide CPE with a capacity adequate to handle the number of incoming 911 lines recommended to be installed by the Company. It is the customer's responsibility to ensure its CPE is compatible with the service(s) provided by the Company.

UNIVERSAL EMERGENCY NUMBER SERVICE (911)

1. Universal Emergency Number Service (911) (Cont'd)

1.2 Conditions (Cont'd)

- N. This service is offered solely as an aid in handling assistance calls in connection with fire, police and other emergencies and does not create any relationship or obligation, direct or indirect, to any person other than the 911 customer contracting for 911 Trunking Services. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the tariff rate for the service or facilities provided to the 911 customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the 911 customer.
- O. The rates charged for 911 Trunking Service do not contemplate the constant monitoring or inspection of facilities to discover errors, defects and malfunctions in the service, nor does the Company undertake such responsibility. The 911 customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall notify the Company in the event the system is not functioning properly.
- P. In the absence of willful misconduct or gross negligence, no liability for any death or injury to any person or for any damage to property shall attach to the Company, its employees, agents or representatives as a result of or in connection with any situation in which the Company may be requested, required, have undertaken or participated in the tracing of a 911 call.
- Q. The customer recognizes that the addresses provided to it by the Company are the same addresses that the Company maintains for its ordinary service, billing or directory records and the Company cannot unconditionally guarantee their existence or accuracy in emergency situations. Therefore, the customer recognizes that addresses should, where circumstances permit, be verified from a 911 calling party. The customer shall make the correction within a reasonable time under the circumstances.

1.3 Rates

- A. The rates and charges for 911 Trunking Service set out below are for the provision by the Company of its facilities for trunking calls for the Company's central offices to the PSAP, or between Central Offices. The customer is responsible to order connecting trunking facilities from other telephone companies when necessary to extend the trunks to a PSAP beyond the Telephone Company serving area.

	<u>Per Trunk</u>
Trunks between Central Offices	\$25.00
Trunks between Central Offices and PSAP	\$25.00

B. Database Records Charges

These charges are applicable to the work necessary for Company customer records to support E911 Service. Customer updates include new requests for service in the Company's serving area, orders that change a customer's name, telephone number and/or address, and will include verification to the MSAG. A record update(s) generated due to a Company error will not be assessed a Database record charge. If an error is due to inaccurate information provided by a 911 customer, a charge will be assessed.

GENERAL EXCHANGE TARIFF

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811)

1.1 General Regulations

- A. The 811 Service is a locally assigned three digit abbreviated dialing code provided to a state One Call System ("SOCS") for use in providing advance notice of excavation activities to underground facility operators by way of voice grade facilities. Federal Communications Commission ("FCC") Docket 92-105 mandates that incumbent local exchange carriers in each local calling area make the 811 abbreviated dialing code available to a SOCS as a tariffed, local calling area based service (the "811 Service").
- B. The 811 Service allows a Company subscriber to access a SOCS call center by dialing only the 811 abbreviated dialing code. Subject to other terms and conditions of this tariff, Company subscribers shall be able to make, and the SOCS shall be able to receive, calls using the 811 Service as part of their local exchange service.
- C. All 811 Service calls shall be local in nature and shall not result in any expanded area calling, intraLATA toll or interLATA long distance or pay-per-call charges to Company subscribers.
- D. The 811 Service is not available for the following classes of service: inmate service, 1+ and 0+ calling, 0- operator assisted calling and 101XXXX calling. The 811 Service is otherwise available wherever local service is available.
- E. 811 Service is available from the Company within the Company's service area only. To provide access to 811 to end users in another company's service area or to a Competitive Local Exchange Carrier ("CLEC") end user within the local calling area, the SOCS must make appropriate arrangements with the other company or CLEC serving that territory. The SOCS should work separately with competing local providers to ascertain that its end user customers will be able to reach one-call services provided by dialing 811.

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811) (cont'd)

1.2 Obligations of the SOCS

- A. The SOCS may, but is not required to, submit a written application for 811 service to the Company which will include:
- (1) The local, foreign exchange or toll free telephone number into which the Company is to translate the dialed 811 abbreviated code.
 - (2) For network sizing and protection, an estimate of annual call volumes, the expected busy hour and holding time for each call to the 811 Service.
 - (3) Complete contact information.
- B. If requested by the Company, the 811 provider shall assist the Company in responding to complaints made to the Company concerning 811 Service.
- C. Local Calling for Company Subscribers
- (1) The SOCS, in cooperation with the Company, will assure that all 811 Service calls are local and do not generate Extended Area Service ("EAS"), Metropolitan Calling Area ("MCA") service, intraLATA toll, interLATA long distance or pay-per-call charges for Company subscribers.
 - (2) The SOCS must supply the Company with a toll free number. The Company will translate the 811 digits into the telephone number provided by SOCS.
 - (3) The SOCS is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases and all other rights from all persons whose work, statements or performances are used in connection with the 811 Service, and from all holders of copyrights, trademarks and patents used in connection with the said service.

THREE-DIGIT DIALING SERVICE (811)

1. Three-Digit Dialing Service (811) (cont'd)

1.3 Obligations of the Company

- A. The Company shall provision the 811 Service in accordance with FCC directives and the terms of this tariff.
- B. When an 811 Service call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 811 Service call, the quality of the call or any features that may otherwise be provided with 811 Service.
- C. The Company does not undertake to answer and forward 811 Service calls but furnishes the use of its facilities to enable SOCS to respond to such calls at SOCS established call centers.
- D. The rates charged for 811 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in service, nor does the Company undertake such responsibility. The SOCS is responsible for making such operational tests as, in the judgment of the SOCS, are required to determine whether the Company's facilities are functioning properly for its use. The SOCS is responsible for promptly notifying the Company in the event the Company's facilities are not functioning properly.

1.4 Liability

- A. The Company's entire liability to any person for interruption or failure of the 811 Service shall be limited to the terms set forth in this section and other sections of this Tariff.
- B. The liability of the Company for losses or damages of any kind arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in any facility furnished by the Company occurring in the course of furnishing 811 Service, or of the Company in failing to maintain proper standards of maintenance and operation or to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the SOCS for the 811 Service and local exchange service for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission or defect or failure in facilities occurs.
- C. The Company is not liable for any losses or damages caused by the negligence of the SOCS.

1. Three-Digit Dialing Service (811) (cont'd)

1.4 Liability (cont'd)

- D. The Company shall not be liable to the SOCS for any damages the SOCS may incur that result from any changes, modifications or rulings made by the FCC.
- E. The Company will make every effort to route 811 calls to the SOCS call center, however, the Company will not be held responsible for routing mistakes or errors.
- F. The 811 Service is provided solely for the benefit of the SOCS. The provision of the 811 Service by the Company shall not be interpreted, constructed or regarded, either expressly or implied, as being for the benefit of or creating any Company obligation toward any third person or legal entity.

MISSOURI
Public Service Commission

1. Application of Regulations

- A. The regulations set forth herein apply to intrastate services and facilities furnished within the State of Missouri by Farber Telephone Company hereinafter referred to as the Company, subject to the jurisdiction of the Missouri Public Service Commission. These tariffs cancel and supercede all other tariffs of the Telephone Company issued and effective prior to the effective dates of these tariffs.
- B. When services and facilities are provided in part by the Company and in part by other companies, the regulations of the Company apply to that portion of the service or facilities furnished by it.
- C. Failure on the part of customers to observe these rules and regulations of the Telephone Company, after due notice of such failure, automatically gives the Telephone Company the privilege to cancel the contract and discontinue the furnishing of service.

2. Undertaking of the Company

- A. The Company does not undertake to transmit message, but offers the use of its facilities, where available, for communication between parties subject to the terms and conditions specified in these tariffs.

3. Application for Services

- A. Applications for service may be made orally or in writing.
- B. Any change in rates or regulations prescribed by the Missouri Public Service Commission modifies the terms and regulations of contracts to the extent of such change.

changes in the Company's wiring or equipment; and the customer agrees to pay the Company's current charges for such changes.

5. Application of Business Rates

- A. Business rates apply in offices, stores, factories, and all other places of a strictly business nature.
- B. At residence locations when the customer has no regular business telephone and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising, either by business cards, newspapers, handbills, billboards, circulars, motion picture screens, or other advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over to residence telephones during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.

6. Application of Residence Rates

- A. Residence rates apply in private residences where business alphabetical or classified telephone directory listings are not provided.

7. Advance Payments

- A. At the time an application for service is made, an applicant may be required to pay an amount equal to at least one month's service and/or installation charges which may be applicable. The amount of the advance payment shall be credited to the customer's account on the first bill rendered.

1. Non-payment of an undisputed delinquent charge for basic local telecommunications service.
 2. Failure to post a required deposit or guarantee.
 3. Unauthorized use of the Company's service in a manner which creates an unsafe condition or creates the possibility of damage or destruction to its facilities.
 4. Failure to comply with the terms of a settlement agreement.
 5. Refusal after reasonable notice to permit inspection, maintenance or replacement of Company's equipment.
 6. Material misrepresentation of identity in obtaining Company's service.
 7. As provided by state or federal law.
- B. A written notice shall be sent by first class mail ten (10) days prior to the date of the proposed discontinuance of service.
- C. Service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Basic local telecommunications service will not be discontinued on a day when the offices of the Company are not open to facilitate reconnection of basic local telecommunications service or on a day immediately preceding such day. 12. Discontinuance of Service to Residential Customers (Cont'd) (+)

D. The Company will make reasonable efforts to contact the customer via telephone at least twenty-four (24) hours preceding a discontinuance of basic local telecommunications service. The Company will advise the customer of the proposed discontinuance and what action must be taken to avoid it.

E. Discontinuance of service will be postponed for a time not in excess of twenty-one (21) days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the telephone service is provided and where such person is under the care of a physician. Any person who alleges such emergency shall, if requested, provide the Company with verifiable written evidence of such necessity.

F. Basic local telecommunications service may not be discontinued for customer nonpayment of a delinquent charge for other than basic local telecommunications service. Company may place global toll blocking and eliminate any optional, non-basic calling features and functions for customer nonpayment of delinquent charges for other than basic local telecommunications service.

G. Payment by personal check may be refused if the customer, within the last twelve (12) months, has tendered payment in this manner and the check has been dishonored, except when the dishonor is due to bank error. (+)

13. Disputes by Residential Customers (*)

A. A customer shall advise the Company that all or part of a charge is in dispute by written notice, in person or by a telephone message directed to the Company during regular business hours. A dispute must be registered with the Company prior to the delinquent date of a charge for the customer to avoid discontinuance of service as provided by this tariff.

B. When a customer advises the Company that all or part of a charge is in dispute, the Company shall record the date, time and place the inquiry is made; investigate the matter promptly and thoroughly; and attempt to resolve the dispute in a manner satisfactory to both parties. (*)

Public Service Commission13. Disputes by Residential Customers (Cont'd)

- C. Failure of a customer to cooperate with the Company in efforts to resolve an inquiry which has the effect of placing charges in dispute shall constitute a waiver of the customer's right to continuance of service under this tariff.
- D. If a customer disputes a charge, the customer shall pay an amount to the Company equal to that part of the total bill not in dispute. The parties shall consider the customer's prior usage, the nature of the dispute and any other pertinent factors in determining the amount not in dispute. The Company shall not discontinue service for nonpayment of charges in dispute while the dispute is pending.
- E. If the parties are unable to determine the amount not in dispute, the customer shall pay to the Company, at the Company's option, an amount not to exceed fifty (50) percent of the charge in dispute or an amount based on usage during a like period under similar conditions which shall represent the amount not in dispute. The Company shall not discontinue service to a customer for nonpayment of charges in dispute while that dispute is pending.
- F. Failure of the customer to pay to the Company the amount not in dispute within four (4) working days from the date the dispute is registered or by the delinquent date of the disputed bill, whichever is later, shall constitute a waiver of the customer's right to continuance of service and the Company may then proceed to discontinue service as provided in this tariff.
- G. If the dispute is ultimately resolved in favor of the customer in whole or in part, the Company must promptly repay any excess moneys paid by the customer.
- H. If the dispute cannot be resolved to the satisfaction of the customer, the Company shall notify the customer of its right to make an informal complaint to the Commission, and of the address and telephone number where the customer may file an informal complaint with the Commission.
- I. After resolution of the customer complaint, the Company may treat a second complaint based on the same facts as already determined.

20. Rural Line Service

MISSOURI
Public Service Commission

- A. New pole line extensions required for furnishing rural line service will be constructed along public highways by the Telephone Company under the following conditions:
 - 1. An allowance of 1/4 mile route measurement per applicant will be made for such pole line extensions without the application of a construction charge.
 - 2. For the construction in excess of the allowance stated in Paragraph A above, applicants for service are required to pay a construction charge based upon the estimated pole line construction costs involved.

- B. Circuits on existing pole lines required for furnishing rural line service will be constructed along public highways by the Telephone Company under the following conditions:
 - 1. An allowance of 1/2 mile route measurement per applicant will be made for such rural circuit extensions without the application of a construction charge.
 - 2. For the construction in excess of the allowance stated in Paragraph A above, applicants for service are required to pay a construction charge based upon the estimated cost of circuit construction involved.

- C. When attachments are made to poles of other companies in lieu of providing pole line construction for which the customer would be charged under the provisions of this section, the cost to the Telephone Company of such attachments and the cost of obtaining the use of such poles is borne by the customer.

- D. Construction charges are payable at the time application for service is signed or when the account is rendered, at the option of the Telephone Company. A deposit on construction charges may be required before construction work is started.

RULES AND REGULATIONS21. Plant Extension Construction Deposit Requirements

General – On all new plant extensions either within or outside the Initial Rate Area and within the Exchange Area, the Company may require an advance revenue deposit in a sum not to exceed three years exchange revenue plus applicable Federal and State Taxes on such revenue. The amount so deposited shall be based on the rates for the class and type of service in effect at the time the deposit is made and shall be adjusted at the time of any subsequent change in either telephone or tax rates for the unexpired portion of said deposit. In the event the service is discontinued by the original depositor prior to the expiration of the three year term, no refund will be made, though upon proper application, the Company will transfer the unexpired service term to a new subscriber at the same location.

23. Buried Plant within Subdivisions

Public Service Commission

A. Telephone lines constructed, installed and owned by utilities in subdivisions shall be installed underground.

1. The following definitions are used in this section of the tariff:

APPLICANT: The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

BUILDING: A single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (definition excludes mobile home)

SUBDIVISION: A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

2. The Telephone Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs C and E of this section of the tariff. Temporary service is provided under Paragraph D of this section of the tariff.

B. Rights-of-Way and Easements

1. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.

2. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

C. Advance Payments

1. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgement of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.
