47.2 SERVICE DESCRIPTIONS – (Continued)

47.2.3 Call Waiting ID Options – (Continued)

2. Call Waiting ID Options is offered subject to the following limitations:

- a. Customers must also subscribe to Call Waiting and Caller ID Name and Number, and Call Waiting ID.
- b. Customers wishing to route new calls to a voice mailbox must also subscribe to voice mail and the appropriate call forwarding service.
- c. Customers are responsible for furnishing their own compatible CPE, which should include the functionality necessary to execute the features of Call Waiting ID Options.
- d. Available only where central office facilities permit.

47.2.4 Call Forwarding

Enables the customer to transfer all incoming calls to another telephone number within the exchange or on the Long Distance Telecommunications Network. The Call Forwarding customer is responsible for the payment of charges (e.g. toll charges) for each call between his Call Forwarding-equipped telephone and the telephone to which the call is being forwarded.

47.2.5 Three-Way Calling

Enables a customer to add a third party to an existing call without operator assistance, thereby establishing a three-way conversation.

47.2.6 Speed Calling

Enables a customer to place calls to other telephone numbers by dialing a code rather than the complete telephone number. The 8-code capacity(1) and/or the business 30-code capacity may be provided on the same line; however, duplicate code capacities may not be provided. The combination of code capacities is not available on multiline hunting lines. (AT)  
(RT)

(1) Speed Calling 8 (business) is available only to existing customers at existing locations. (RT)

**47.2.7 Call Return**

Enables the customer to automatically redial the telephone number of the last incoming call. If that telephone number is busy, the Telephone Company's equipment will keep trying to call the number being redialed for a maximum of thirty (30) minutes, beginning with the customer's activation of Call Return, in an attempt to establish the call. The customer will be signaled with a distinctive ringing sound when the call can be completed.

47.2 SERVICE DESCRIPTIONS-(Continued)

47.2.6 Auto Redial

Enables the customer to automatically redial the last outgoing telephone number. When the recalled telephone number is busy, the Telephone Company's equipment will keep trying to call the number being redialed for a maximum of thirty (30) minutes, beginning with the customer's activation of Auto Redial, in an attempt to establish the call. The customer will be signaled with a distinctive ringing sound when the call can be completed.

(CT)

47.2.7 Priority Call

Provides the customer with a distinctive ringing sound or Call Waiting tone (if the customer has subscribed to Call Waiting), when the customer is called from preselected telephone numbers. The customer can construct or modify the telephone number screening list by dialing a unique code. The Telephone Company's equipment will screen incoming calls against the screening list and provide a distinctive ringing sound for telephone numbers on the list.

(CT)

(CT)

47.2.8 Call Blocker

Enables the customer to block calls from preselected telephone numbers and/or the last incoming call (without knowing the number). To block specified telephone numbers, the customer builds a screening list. To block an unknown number after receiving a call, the customer enters a code to add the number to their screening list. If facilities are unavailable to provide incoming call screening via the customer's list, standard call completion will occur. Customers whose telephone numbers are blocked are directed to a Telephone Company recorded announcement.

47.2.9 Call Trace

Enables the customer to initiate a trace of the origin of the last incoming call by dialing an activation code. If a trace is successful, the Telephone Company's equipment will record the incoming call detail (not the conversation). The results of the trace will not be provided to the customer directly. For further action to be taken, the customer should follow the instructions received after a successful trace activation.

47.2 SERVICE DESCRIPTIONS-(Continued)

47.2.16 Personalized Ring<sup>sm</sup>

- A. Allows a customer to establish up to three telephone numbers on the same local exchange access line and distinguish calls to each number by a distinctive ring. The billing telephone number is called the Primary Number and additional associated telephone numbers are called Personalized Ring Numbers. A customer may subscribe to a maximum of two Personalized Ring Numbers. The standard ringing pattern is provided for the Primary Number. A distinctive ringing sound is provided for each Personalized Ring Number. (CT)
- B. In addition to the regulations provided in Paragraph 47.1, the following additional regulations apply:
1. The Primary number is the telephone number associated with the access line and therefore is allowed direct-dialed Directory Assistance calls in accordance with the Directory Services section of this Tariff. No additional call allowances are provided with Personalized Ring.
  2. A directory listing is provided for each telephone number associated with Personalized Ring Service. NonListed Service and NonPublished Service is available for all telephone numbers associated with Personalized Ring. NonListed Service rates and NonPublished Service rates shown in the Directory Services section of this tariff apply to the Primary number only. There is no charge for NonListed Service or NonPublished Service furnished for Personalized Ring numbers.
  3. Additional listing rates and Residence Signature Listing rates shown in the Directory Services section of this Tariff apply to Primary and Personalized Ring numbers.
  4. If a customer requests a change in the listings for telephone numbers associated with Personalized Ring Service, the Directory Listings Service Connection Charge specified in the Directory Services section of this tariff is applicable.
  5. Some customer provided terminal equipment may not recognize distinctive ringing patterns associated with this service. (RT)
