H. Business Unlimited Multiline ⁽¹⁾ (Continued)

(C)

Business Unlimited Multiline customers who discontinue their service prior to fulfilling their term commitment will be assessed a termination liability charge. The termination liability charge will be the difference between the monthly recurring charges applied during the in-service period and the non-term Small Business Unlimited Solutions II monthly recurring charges for that same period, or \$50.00, whichever is less. If a customer prematurely discontinues this service for only a portion of the lines under a term commitment, the termination liability charge will not apply as long as the customer retains a qualifying service at each location and the minimum number of lines remains subscribed to this service.

If the Company determines the Customer has violated any of the terms and conditions of this service, the Customer's plan will be switched, upon notice, to Business Sense as set forth in Section 5.1.2 of this Tariff and the termination liability charge as defined in the preceding paragraph will be assessed.

Upon expiration of the term commitment, the term commitment will automatically renew for an additional twelve months unless either the Company or the Customer provides written notification to cancel the existing term prior to the expiration of the term plan.

If a customer desires to commit to a new term period prior to fulfilling the current commitment period, no termination liability charges will apply. However, the number of months accrued under the current term commitment will not apply towards the new term commitment.

⁽¹⁾ **Effective July 15, 2011, this service is not available to new customers whose accounts have been established in or converted to the Company's new billing and provisioning platform, and is limited to existing lines in service for current customers whose accounts have been converted.**

6.1.3 Enhanced Voice Solutions

Effective November 13, 2011, Enhanced Voice Solutions is not available to new customers whose accounts have been established in or converted to the Company's new billing and provisioning platform, and is limited to existing lines in service for current customers whose accounts have been converted. Enhanced Voice Solutions is a flat-rated service designed to meet the communications needs for mid to large business customers. Only associated customer locations are eligible to use Enhanced Voice Solutions services.

(N)

(N)

If the Company determines the service is not being used for business service or in any other way violates the restrictions of this service, the Subscriber will be ineligible for the service and the Company may terminate the Customer's account.

Calls placed using Operator Services are charged at the applicable rates for those services in lieu of the rates specified herein for Enhanced Voice Solutions. Enhanced Voice Solutions has minimum annual commitment (MAC's) levels with each level having one through three-year commitment terms. Enhanced Voice Solutions is available to single and multi-location customers for outbound calls which originate using switched access facilities and terminate using shared use facilities. A term plan will automatically renew for an equivalent term and minimum annual commitment level at the rates in effect under the prior term plan, unless either the Company or the Customer provides written notification to cancel the plan, with such notification being received by the notified party not less than 45 days prior to the expiration of the term.

An Enhanced Voice Solutions customer must commit to one of the following minimum annual commitment levels of contributory usage charges: (1) \$3,000, (2) \$6,000, (3) \$12,000, (4) \$36,000, or (5) \$60,000. Enhanced Voice Solutions is available on a one-year, two-year or three-year basis. Contributory usage charges are aggregated across outbound, toll free, switched data (inbound and outbound); all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level.

The Company reserves the right, after the conclusion of the first three billing months of the Enhanced Voice Solutions customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage. Enhanced Voice Solutions customers terminating all Enhanced Voice Solutions services prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to the underutilized portion of the MAC plus the full MAC for any remaining 12 month periods in their term plan agreement. The termination liability will be billed in one lump sum. Customers will not incur this termination liability for their former term plan commitment if they request a new MAC equal to or greater than the previous level and agree to sign a new term plan agreement for a period equal to or greater than the term of their current plan. The customer will, however, be assessed the termination liability if they terminate all Enhanced Voice Solutions service prior to fulfilling their new term commitments.

The rates in effect upon the commencement of the customer's term plan will remain in effect for the duration of the term plan. If the Company decreases the rates for Enhanced Voice Solutions during the term plan, the Customer will receive the lower rates on their first invoice following the effective date of the rate decreases. The Customer may add associated locations at any time during the term. All usage from subsequently-added associated locations will be exempt from any rate increases for the remainder of the term.

⁽¹⁾ **Effective November 13, 2011, Enhanced Voice Solutions is not available to new customers whose accounts have been established in or converted to the Company's new billing and provisioning platform, and is limited to existing lines in service for current customers whose accounts have been converted.**

Contributory usage charges (calculated prior to the application of any discounts) are aggregated across outbound, toll free, switched data (inbound and outbound), FONCARD, including all calling options; all locations and all jurisdictions (intrastate, interstate and international) in order to meet the minimum annual commitment level.

The Company reserves the right, after the conclusion of the first three billing months of the Voice Solutions customer's contract, to move the customer to a lower commitment level that is more directly comparable to the customer's current usage.

Voice Solutions customers terminating all Voice Solutions services prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to the underutilized portion of the MAC plus the full MAC for any remaining 12 month periods in their term plan agreement. The termination liability will be billed in one lump sum. Customers will not incur this termination liability for their former term plan commitment if they request a new MAC equal to or greater than the previous level and agree to sign a new term plan agreement for a period equal to or greater than the term of their current plan. The customer will, however, be assessed the termination liability if they terminate all Voice Solutions service prior to fulfilling their new term commitments.

A. Service Description

Effective November 13, 2011, Unlimited Regional Solutions is not available to new customers whose accounts have been established in or converted to the Company's new billing and provisioning platform, and is limited to existing lines in service for current customers whose accounts have been converted. Unlimited Regional Solutions plan offers business Customers unlimited Dial-1 calling within their LATA with either a flat per minute rate or a Block of Time rate applicable for all Dial-1 InterLATA calls. Customers must subscribe to companion intrastate service for the option selected, and must select the Company as their interLATA and intraLATA toll provider.

(N)

(N)

(C)

To be eligible for Unlimited Regional Solutions, the customer must meet eligibility requirements specified for the service option selected.

The monthly recurring charges for this service will be billed in advance. The Customer's first invoice will contain a pro-rated monthly charge for the first month (based on the number of Customer in-service days in the initial billing cycle) and a full monthly recurring charge for the second month.

For unlimited calling, a Customer may not use this service for connection to the internet or other data service (including a significant amount of facsimile transmissions or data usage per month) or for any other use that does not involve a single path person-to-person conversation or voice message, e.g., auto dialer lines and call center line. The Customer may not use this service to complete multiple simultaneous outgoing calls through use of a LEC-provided feature that provide multiple paths over a single line.

If the Company determines the Customer has violated the terms and conditions of the service, the Customer will be assessed a \$500.00 charge per line. In addition, the Customer's long distance service will be suspended.

6.1.6 Business Assist Advantage Plans

Business Assist Advantage Plans are available only through Embarq LOC to Embarq LOC and the Company's competitive local exchange service business customers whose accounts have been converted to or established in the Company's new billing and provisioning platform. Customers must subscribe to Business Assist Advantage Plans for both the interstate and intrastate long distance service.

Unless otherwise specified for a particular Business Assist Advantage Plan, the monthly recurring charges for Business Assist Advantage Plans will be billed in advance. The Customer's first invoice will contain a pro-rated MRC for the first month (based on the number of Customer in-service days in the initial billing cycle) and a full MRC for the second month. The Customer's last invoice will also be prorated (based on the number of services days utilized).

Business Assist Advantage Plans rates will apply as long as the Customer subscribes to all of the qualifying services. Customers who discontinue any or all of the qualifying services that are required to remain eligible for a Business Assist Advantage Plan will be switched, upon notice, to Matchmaker as set forth in Section 6.1.6.B. of this Tariff, unless specified otherwise elsewhere in this Tariff for a particular service.

If the Company determines the service to which a Customer subscribes is not being used for individual business service, or in any other way violates the restrictions of that service, the Subscriber will be ineligible for the service and the Company may: (1) terminate the Subscriber's account or (2) switch the Customer's service, upon notice, to Matchmaker as set forth in Section 6.1.6.B. of this Tariff, unless the Customer requests a different service for which he is eligible.

Simple Business Solutions Toll Free Service is available with all Business Assist Advantage Plans for an additional charge as specified in Section 6.1.6.F.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

6. BUSINESS SERVICES (Continued)

6.1 Message Telecommunications Service (MTS) (Continued)

6.1.6 Business Assist Advantage Plans (Continued)

A. Business Unlimited

1. Service Description

Business Unlimited customers will receive unlimited interstate and intrastate Dial-1 voice usage for a monthly recurring charge. A 10 cent per minute charge applies for data calls, including but not limited to fax, modem tones, and calls to long distance dial-up Internet providers.

Unlimited Dial-1 calling is available only for typical domestic voice usage. Business Unlimited may not be used for any purpose inconsistent with typical domestic voice usage, including usage from multi-party conference calls, auto-dialing, resale, chat rooms, call centers, direct telemarketing centers, and any other use that does not involve a single path person-to-person conversation or voice message. The Customer may not use this service to complete multiple simultaneous outgoing calls through use of a LEC-provided feature that provide multiple paths over a single line.

Calls placed to 900 numbers, toll free calling services, directory assistance, or completed using a calling card or operator services are not included in the unlimited calling plan and are chargeable at the rates applicable for those services.

1. Service Description

Business Complete – Block of Time offers small business customers a block of minutes for a flat monthly fee. The blocks of minutes can be used for Dial-1 long distance and toll free voice services in the interstate and intrastate jurisdictions. Block minutes cannot be applied to Operator Services calls. No international usage can be applied to the block minutes.

Customers may subscribe to only one block of minutes for their monthly long distance usage.

Qualified domestic Dial-1 outbound and toll free service usage will contribute towards Block minutes as such qualified calls are completed. The Company will charge Customers for any usage in excess of the block minutes (overage minutes) selected at the rates set forth herein. Block minutes that have not been used at the end of the Customer's billing cycle will not carry over to the next month. Minutes used in excess of the Customer's selected Block of Time will be billed in whole minute increments. Partial minutes are rounded up to the next whole minute.

Multiple lines subscribe to a single Block of Time option must be billed under the same account, whether or not at the same location. The monthly recurring charge applies per account.

F. Simple Business Solutions Toll Free Service

1. Service Description

Simple Business Solutions Toll Free Service is available to business customers who subscribe to a Company Message Telecommunications Services (MTS) which does not include a defined toll free per minute rate option. Simple Business Solutions Toll Free Service is a flat-rated, inward calling service which allows calls to be terminated over the subscriber's business phone line. The phone line to which calls are terminated must also be presubscribed to a Company MTS long distance plan for Dial-1 outbound calling.

In emergency conditions (e.g. disaster recovery) the terminating number to which a toll free number is routed may be temporarily changed so that toll free calls may terminate to a number that is not presubscribed to a Company MTS long distance plan.

A monthly recurring charge applies for each toll free number requested by the Customer. A per minute rate applies for all Toll Free Service calls.

A nonrecurring charge will apply if after initial installation the customer requests a change in the terminating number to which the toll free number is routed. The charge will apply for each toll free number change termination requested.

The following rates apply in addition to the charges for other Message Telecommunications Services, unless different Toll Free Service rates are specified elsewhere in this Tariff for a particular service.

H. Business Assist Term Discount Plan

1. Service Description

Business Assist Term Discount Plan (TDP) provides Business Assist Advantage Plan customers with discounted rates when the customers subscribe to a one, two or three-year TDP.

To be eligible, customers must subscribe to an Embarq LOC Business Assist Advantage Plan and one of the following Business Assist Advantage Plans offered by the Company: (1) Business Unlimited, Business Anytime II Bundled, or Business Complete – Block of Time.

Rate increases or decreases will automatically be applied to the monthly term plan rates for the remaining term of the TDP. If a Company-initiated rate increase causes the services under the TDP to increase by 10% or more annually, then the customer may cancel the TDP without incurring termination liability charges provided the customer notifies the Company within 30 days after the effective date of the rate increase.

2. Termination Liability Charges

If customer discontinues service prior to the end of the one, two or three year commitment period, there will be no termination liability charges applicable to the regulated portion(s) of the Business Assist Advantage Plan option.

3. Discounts

The following discount applies for each occurrence of the monthly recurring charge applicable for the service to which the customer is subscribed. Usage charges are not discounted. The discount applies for the initial and each additional bundle at the same location.

<u>One Year</u>	<u>Two Years</u>	<u>Three Years</u>
10%	15%	20%

Upon expiration of the customer's TDP, the discount will expire and the customer will be charged at the prevailing monthly rates unless the customer renews or signs up for a new TDP.

6.1.7 Diverse Routing

(M) (T)

Diverse Routing is available to business customers who subscribe to Embarq LOC IP trunking and IP long distance services. Diverse Routing provides a back-up long distance service for the origination and termination of calls over the Customer's public-switched telephone network in the event of an IP service failure.

Each line subscribed to Diverse Routing must be subscribed to Embarq LOC regulated PBX trunk or Primary Rate Interface (PRI) service.

The Diverse Routing rates will apply as long as the Customer subscribes to all of the qualifying services. Customers who discontinue any or all of the qualifying services will no longer be eligible to subscribe to Diverse Routing and will be switched, upon notice, to Business Sense as set forth in Section 5.1.2 of this Tariff.

If the Company determines the service is not being used for business service or in any other way violates the restrictions of this service, the Subscriber will be ineligible for the service and the Company may terminate the Customer's account.

Calls placed using Operator Services are charged at the applicable Operator Services rates in lieu of the rates specified herein for Diverse Routing.

Toll Free Service is not available with Diverse Routing.

6. BUSINESS SERVICES (Continued)

6.1 Message Telecommunications Service (MTS) (Continued)

6.1.8 Choice Monthly Minimum

Choice Monthly Minimum is a direct dialed long distance offer designed for business customers that has a monthly minimum dollar commitment. This service is provisioned in conjunction with the interstate Choice Monthly Minimum service under which the Company provides interstate long distance calling.

This service is an add-on to the interstate Choice Monthly Minimum service that includes a monthly minimum dollar commitment. The Choice Monthly Minimum service is only available on an intrastate basis when the customer has subscribed to the interstate Choice Monthly Minimum service. All other terms, conditions and customer eligibility under this service are specified in the Business Schedule No. 2.

The monthly minimum dollar commitment set forth below will apply for this intrastate plan. This charge is identical to, and shall not be in addition to, any monthly minimum dollar commitment applicable to the corollary interstate Choice Monthly Minimum for long distance calling. If the customer's invoiced usage charges are less than the required minimum monthly usage commitment, the customer will be billed and required to pay a short fall charge equal to the difference between the monthly commitment and the actual amount billed. Dial-1 and International Direct Dialed usage will contribute to the monthly minimum*.

Calls are measured and billed for an initial period of 30 seconds and timed in 6-second increments for usage over 30 seconds. The call rating is rounded to the nearest full cent. Rate quotes are provided in 60 second increments. If the computed charge for a call includes a fraction of a cent, the fraction is rounded up to the whole cent (e.g., \$1.244 is rounded up to \$1.25).

This plan includes an option to add toll free (inbound calling) service. The toll free service is only available upon purchase of the Choice Monthly Minimum service. Toll free service has a monthly charge for each toll free number. The toll free usage and monthly charge do not contribute to the monthly minimum dollar commitment.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF

6. BUSINESS SERVICES (Continued)

6.1 Message Telecommunications Service (MTS) (Continued)

6.1.9 Easy Rate

Easy Rate is a direct dialed long distance offer designed for business customers that make higher volume long distance calls.

This service is provisioned in conjunction with the interstate Easy Rate service under which the Company provides interstate long distance calling.

This service is an add-on to the interstate Easy Rate. The Easy Rate service is only available on an intrastate basis when the customer has subscribed to the interstate Easy Rate service. The monthly charge set forth below will apply for this intrastate plan. This charge is identical to, and shall not be in addition to, any monthly charge applicable to the corollary interstate Easy Rate service for long distance calling.

Calls are measured and billed for an initial period of 18 seconds and timed in 6-second increments for usage over 18 seconds. The call rating is rounded to the nearest full cent with a minimum \$0.01 charge for usage. Rate quotes are provided in 60 second increments.

If during the month the minute of use block is exceeded, the overage per minute rate will apply to the overage minutes.

This plan includes an option to add toll free (inbound calling) service. The toll free service has a monthly charge for each toll free number.

If an international plan is not selected by the customer then the International Basic Service rates apply.

Contributory usage charges are aggregated across monthly charges excluding the monthly charge for each toll free number, block overage usage charges (which includes Dial-1 and toll free), and International Direct Dialed are included in order for the customer to meet the minimum commitment level.

7. MISCELLANEOUS SERVICES

7.1 Casual Caller Service

7.1.1 General

Casual Caller Service is available to any person who uses the Company’s service from an equal access end office who does not have a current account with the Company, to include:

- A. Any person who has not established an account with the Company who places calls over the Company’s network from an equal access area.
- B. Any person located in an equal access area who voluntarily terminated their Company account but continues to make calls over the Company’s network.
- C. Any person located in an equal access area who has had their account terminated in accordance with the terms and conditions as set forth in Section 3 but continues to make calls on the Company’s network.
- D. New or allocated Customers whose accounts are not yet established in the Company’s billing system.

Casual Caller Service is available for use twenty-four hours a day by dialing “101XXXX +” to access the Company’s network where equal access (FGD) is available. By placing a call on the Company network, a Casual Caller accepts and agrees to the regulations and rates specified in this section.

If the Company charges a Customer Casual Caller rates in error, or through an error by the local telephone company, the account will be credited for the erroneous charges.

A service charge will apply to each Casual Caller call, placed via direct dial or operator assisted Station-to-Station or Person-to-Person, excluding Directory Assistance. If an operator assists with the call, the call will be rated at Operator Services usage rates as set forth in the Operator Services section of this Tariff. In addition, the appropriate Operator Service Call Placement Charge as specified in the Operator Services section of this Tariff is applicable.

7.2 Toll Free Service

Effective July 15, 2011, Toll Free Service is not available to new customers whose accounts have been established in or converted to the Company's new billing and provisioning platform, and is limited to existing lines in service for current customers whose accounts have been converted. See Business Advantage Plans, Simple Business Solutions Toll Free Service in Section 6.1.6.F of this Tariff.

Toll Free Service is available to business Customers who subscribe to the Company's Message Telecommunications Services (MTS). Toll Free Service is a flat-rated, inward calling service which allows calls to be terminated over the subscriber's business phone line.

Toll Free Service allows up to five (5) toll free numbers. A separate monthly recurring charge applies for each additional set of five (or increment thereof) toll free numbers per service group location requested by the Customer. A Toll Free Service per minute rate applies for all domestically originated Toll Free Service calls.

The following Toll Free Service monthly recurring charge and per minute usage rates apply when Toll Free Service is provided in conjunction with any Message Telecommunications Service, unless different Toll Free Service rates are specified elsewhere in this Tariff for a particular service.

7.7 Prepaid Calling Plans

A. Unlimited Prepaid Plan

1. Service Description

Unlimited Prepaid Plan Customers will receive unlimited residential intrastate long distance voice usage. Customers of this plan must also order the corresponding Interstate Unlimited Prepaid Plan and the Embarq LOC PLTS Bundle.

To be eligible for this plan, the Company must be able to verify that the Customer meets these eligibility requirements. Customers who no longer meet the eligibility requirements will not be eligible for this plan and without prior notice will be placed on an alternative plan or will have their service suspended, restricted or cancelled.

Customers must order this service through valid payment centers of the Company or agent on a monthly basis. Customers will be billed one month in advance for this service.

This service will be discontinued at the end of one billing cycle if the Customer does not prepay for the service at one of the Company's authorized retail location where the service request was first initiated unless notified by the Company to make payment at another location.

This Plan cannot be used for any purpose that is inconsistent with residential service.

The Company reserves the right to move a Customer on this plan to an alternative plan if the Company determines, in its sole discretion, that the Customer's usage on the plan does not resemble typical residential usage.

For the purpose of this plan, typical residential usage is presumed to be total usage that does not exceed 2,000 minutes per month of intrastate and/or interstate service per line.

Unlimited plan usage does not include calls used for general business purposes, multi-party conference calls, calls to 900 numbers, directory assistance, calling card, operator services, international calling, commercial, commercial facsimile, auto-dialing, dial-up, DSL internet, 900 numbers, special interest lines, chat rooms, transcriptions, call centers and/or direct telemarketing centers. Calls to Residential Toll Free accounts are not included in this unlimited plan.

Call detail will not be provided. Call detail is available upon request for no additional charge.

The monthly recurring charge for this plan does not include applicable taxes, surcharges or fees.

Otherwise, customers will be switched, upon notice, to Option 2 if the services to which they are subscribed render them eligible, or to Option 3. Customers may subscribe to this promotion through April 1, 2006, unless it is sooner changed or canceled by the Company. Company employees are not eligible for this promotion.

8.4 Sprint Solutions Unlimited Market Test - Option 2

Beginning January 2, 2006, Sprint LTD residence customers who subscribe to Sprint Solutions Unlimited-Option 2 may be eligible for a discounted intrastate monthly recurring charge. To be eligible, customers must (1) be contacted by the Company or contact the Company and request this promotion, and (2) subscribe to Sprint Home II Solution with one of the following services: LineGuard, Voicemail, Sprint Privacy ID, or CPE Warranty Plus. Eligible customers will pay a \$5.00 intrastate monthly recurring charge in lieu of the prevailing tariffed rate for as long as they retain all of the qualifying services. Customers who discontinue any or all of the qualifying services will no longer be eligible for the discount and will revert to the tariffed rate for Option 2 if the remaining services to which they are subscribed render them eligible for that option. Otherwise customers will be switched, upon notice, to Option 3. Customers may subscribe to this promotion through April 1, 2006, unless it is sooner changed or canceled by the Company. Company employees are not eligible for this promotion.

8. Promotional Offerings**8.5 Progressive Plan Promotion**

During the period April 17, 2006 through May 31, 2006, Sprint LTD residence customers may be eligible to subscribe to the Company's Sprint Solutions Unlimited long distance plan at a discounted monthly rate. To be eligible customers must subscribe to 1) Sprint LTD Sprint Solutions-Residence Package Progressive Plan, and 2) the Company's interstate Sprint Solutions Unlimited-Option 4 (Sprint Solutions w/ Progressive). Eligible customers will pay an intrastate monthly recurring of \$10.00 for their intrastate unlimited long distance service for as long as they subscribe to the qualifying services.

Customers who subscribe to the above-stated services will pay an intrastate monthly recurring charge of \$5.00 instead of \$10.00, when they also subscribe to one of the following services: LineGuard, Data LineGuard, CPE Warranty Plus, Voicemail or Sprint Privacy ID. Eligible customers will pay the \$5.00 intrastate monthly rate for as long as they subscribe to all of the qualifying services.

If a customer subsequently discontinues retains Progressive Plan but discontinues the additional qualifying service, the customer's intrastate monthly recurring charge will revert to \$10.00. Customers who subsequently discontinue Progressive Plan will no longer be eligible for a discounted monthly rate and will revert to the tarified rate for Sprint Solutions Unlimited-Option 3, unless the services to which they are subscribed render them eligible for Option 1 or 2. Company employees are not eligible for this promotion.

8. Promotional Offerings (Continued)

8.6 5,000 Minutes Block of Time for PRI Promotion

Effective June 1, 2006, business customers may be eligible to receive a discounted rate for Sprint Block of Time for Small Business. To be eligible, customers must 1) subscribe to the Sprint LTD PRI Bundle or any Sprint LTD ISDN-PRI service that is not currently grandfathered; 2) subscribe to the Company's Sprint Block of Time for Small Business 5,000 Minutes option through Sprint LTD, and 3) accept billing for Sprint Block of Time for Small Business on their Sprint LTD invoice. Eligible customers will pay a flat monthly rate of \$100.00 for 5,000 domestic Dial-1 outbound interstate and intrastate minutes. This rate applies on a per bundle basis for PRI Bundle and on a per 24-channel (Primate Rate Channel) basis for ISDN-PRI. This monthly rate, which affords customers the opportunity to place interstate and intrastate calls, is identical to, and not in addition to, the monthly rate applicable for companion interstate service.

Unused block of time minutes at the end of the Customer's monthly billing cycle will not carry over to the next month. A per minute rate of \$0.04 will apply for all minutes of use beyond the 5,000 Minutes block of time. Fractional minutes for Dial-1 calls will be rounded up to the next minute.

Block of time minutes cannot be applied to FÖNCARD Service, Operator Service or international usage.

FÖNCARD Service is available but will not contribute to the 5,000 Minutes block of time. The FÖNCARD Service per minute rate is \$0.10, with a per-call Connection Fee of \$0.55. FÖNCARD per minute rates are billed in 6-second increments with a per call minimum of 18 seconds.

Eligible customers will pay the promotional rates specified herein for as long as they subscribe to all of the qualifying services. If a customer discontinues the service(s) that are required to receive these rates, the customer's rates will revert to the tariffed rates applicable for the Sprint Block of Time for Small Business 5,000 Minutes option.

Subscription to this promotion is available through July 31, 2006, unless it is changed or cancelled by the Company.

9. DATA SERVICES

Data Services is grandfathered by the Company as of April 12, 2013, and is only available to existing customers. These services will no longer be available to new customers. There is no change to rates or to the service and existing customers may retain the service as long as the Company continues to offer it.

(N)
|
(N)

9.1 TERMS AND CONDITIONS

In addition to the terms and conditions specified in Section 4 of this Tariff, the terms and conditions specified following apply to Data Services.

9.1.1 Application for Service

Application for Service is the Company order process that includes technical, billing and other descriptive information provided by the Customer which allows the Company to provide requested communications services for the Customer and Customer's authorized users. Upon acceptance by the Company, the Application for Service becomes a binding contract between the Customer and the Company for the provision and acceptance of services.

An Application for Service may be changed by Customer upon written notice to the Company, subject to acceptance and confirmation by the Company, provided that a charge shall apply to any change when the request is received by the company after notification by the Company of the acceptance and confirmation. Such charge shall be the sum of the charges and costs for access facilities and other services and features and the lesser of (i) the monthly recurring rate for each service component that has been canceled as a result of the change times the appropriate minimum service period, plus the applicable installation or non-recurring charges, and (ii) the costs incurred by the Company in accommodating each change, less net salvage.

Costs incurred by the Company will include the direct and indirect cost of facilities specifically provided or used; the costs of installation, including design preparation, engineering, supply expense, labor and supervision, general and administrative, and any other costs resulting from the preparation, installation and removal effort.

If the Customer or applicant delays activation of his service during the period thirty (30) days preceding the scheduled installation date for a period of more than one (1) week, normal charges for local distribution facilities (LDF) shall apply from the scheduled date of installation. In the event that the Customer-induced delay exists for more than thirty (30) days after the scheduled installation date, the Company may consider the delay a cancellation of application for service.

If special construction has been started prior to cancellation, a charge equal to the costs incurred in the special construction, less net salvage, applies. In determining the charge, cancelled service is treated as discontinued as of the date on which it was to have started when the Company incurs any expense in connection therewith or in preparation therefore which would not otherwise have been incurred, provided that the Customer or applicant had advised the Company in writing not to proceed with the installation or special construction.

If the Company should assume a termination liability or other obligation for an access facility, that liability or obligation shall be the responsibility of the Company's Customer.

9. DATA SERVICES (Continued)9.1 TERMS AND CONDITIONS (Continued)9.1.1 Application for Service (Continued)A. Cancellation of Application for Service

When the Customer or applicant has requested the Company to cancel the application for service prior to service installation, cancellation charges will apply. Cancellation charges for both the underlying services and Local Access Facilities will be based on the stage at which the Access Service Request ("ASR") is at, either the Pre-Access Service Request ("Pre-ASR") or the Post-Access Service Request ("Post-ASR") stage.

The Pre-ASR stage is when the ASR is complete but has not yet been sent to the Local Exchange Company ("LEC") or the Alternate Access Vendor ("AAV"). The Post-ASR stage is when the ASR is complete and has been sent to the LEC or AAV.

The amount of the cancellation charge will vary according to the category of service ordered and at which stage the cancellation occurred (Pre-ASR or Post-ASR). Categories of services are: (1) the Service Component based on IXC ordered and; (2) the Access Component based on type of access ordered. See Service Cancellation Charges in this Tariff.

B. Change of an Application for Service

An Application for Service may be changed by the Customer upon written notice to the Company, subject to acceptance and confirmation by the Company provided that a charge shall apply to any change when the request is received by the Company after notification by the Company of the acceptance and confirmation.

Such charge shall be the sum of the charges and costs for Private Line Service incurred by the Company in accommodating each change including the direct and indirect costs of facilities specifically provided or used; the costs of installation (including design preparation, engineering, supply expense, labor and supervision, general and administrative) and any other costs resulting from the preparation, installation and removal effort.

9.1 TERMS AND CONDITIONS (Continued)

9.1.2 Obligations of the Customer

In instances where the Company is connecting its service to the Customer's own Customer-provided communications system or equipment or to any service or equipment provided by others, the Customer must ensure that the equipment or system must provide answer supervision upon the delivery of the call to the switching equipment or to the equipment connected to the communications system. When service is directly connected to a communications system at a Customer's premises, answer supervision must be provided when the call terminates in or passes through the first Customer premise equipment on that communications system, such as but not limited to when a call is (1) answered by a local station; (2) answered by an attendant; (3) routed to a recorded announcement; or (4) routed elsewhere by the switching system.

The Customer must obtain an adequate number of facilities for Company Services to handle the Customer's expected demand in order to prevent interference or impairment of this service and or any other service provided by the Company considering (1) total call volume; (2) average call duration; (3) time-of-day characteristics and (4) peak calling period. The Company, without incurring any liability, may disconnect or refuse to furnish any toll free service to a Customer that fails to comply with these conditions. In case of disconnection, the Customer will be notified at least five days in advance of the disconnect. Notification may be by mail or in person.

In compliance with the obligations imposed on the Company by the **FCC**, Customer represents and warrants, on behalf of itself and its affiliates, subsidiaries, and agents, that it is not a reseller and that it does not intend to resell the services or engage in other activity that would require the Company to verify Customer's authorization as a reseller as required by 47 CFR 64.1195. If Customer or its affiliates, subsidiaries, or agents breach these representations or warranties, this agreement will terminate immediately and subject Customer to the liability imposed for termination by the Company for material breach. These provisions are not intended to prohibit resale, but are intended to prevent misrepresentations by resellers in an attempt to circumvent the rules or regulations of the FCC, or other governmental bodies with jurisdiction over the provision of communications services for resale.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF**9. DATA SERVICES (Continued)****9.1 TERMS AND CONDITIONS (Continued)****9.1.5 Alternative Access Facilities**

The Company will undertake to provide Alternative Access Facilities as requested and ordered by the Customer when such facilities are available and approved by the Company. At the discretion of the Company, such alternative access facility arrangements also may be utilized in lieu of LEC facilities. Access provided via alternative access facilities will be charged according to the rates and charges set forth in this Tariff unless Special Service Arrangements are involved as described in Section 9.1.8 following.

9.1.6 Expedited Service Charge

At the request of the Customer, the Company will coordinate the expedite of circuit delivery from the access provider for any access facilities ordered and maintained by the Company. In such instances, an expedited service charge will be assessed on an individual case basis.

9.1.7 Out-of-Hours Work Charge

This charge is to cover the additional costs incurred by the Company when performing standard tariffed services outside of normal work hours. This charge applies to each hour expended rounded to the nearest half hour. It applies in addition to the standard Tariff charges for the work requested.

9.1.8 Special Service Arrangements

The rates and charges set forth in this Tariff provide for furnishing service by means of facilities selected by the Company. Custom service is involved where one or more of the following conditions are present:

- A. At the request of the Customer, the Company provides service by means of facilities or a type other than that which the Company would otherwise use to provide service to the Customer. This type of custom service might involve Customer-specified routing or expedited construction.
- B. At the request of the Customer, the Company provides technical assistance of a design or consulting nature, beyond that of just properly matching Customer's equipment with that of the Company's facilities.

9. DATA SERVICES (Continued)**9.1 TERMS AND CONDITIONS (Continued)****9.1.9 Provision of Service with Non-Fiber Access Facilities**

Private Line Services may be provided using non-fiber access facilities at the request of the Customer. However, in such cases, the Company may not meet the performance objectives and applicable standards for service set forth in this Tariff. Under no circumstances shall the Company be responsible for any direct, indirect, special, incidental or consequential damages arising directly or indirectly from the provision of service using such facilities, including without limitation any loss of Customer income or profits. The Customer shall indemnify and hold harmless the Company from any and all claims, actions, costs, expenses and damages associated with or arising out of Customer's use of such facilities.

9.1.10 Discontinuance of Service without Liability

A Customer will not be penalized for discontinuing a private line agreement if:

- A. A revision in the Private Line Services Tariff provisions results in higher plan rates for the plan to which the Customer has committed. The Customer may request affected circuits be disconnected up to 30 days after the effective date of the higher Tariff rates without penalty. Otherwise, the Customer's existing agreement remains in effect and the new rates will be billed.
- B. The Customer selects a new plan having a longer term.

9.1.11 Trouble Shooting at Customer's Premises

This charge is to cover the cost to the Company of a visit to Customer's premises to determine what equipment is the cause of a malfunctioning channel. This charge applies in cases where the Company identifies the trouble to be caused by Customer-provided equipment and is unrelated to any malfunction of the Company's service. 9.2 LOCAL ACCESS FACILITIES

9.2.1 General Description

In order to subscribe to the Company's data products with dedicated access, the Customer must gain entry to the Company's network by means of Local Access Facilities. Such Local Access Facilities will generally be ordered from local telephone companies in the Customer's name, by the Company, as agent. The Company will bill the Customer for these facilities.

Any special construction or non-standard charges assessed by the local telephone company supplying the Local Access Facility will also be the responsibility of the Customer. On occasions when alternative facilities are necessary (those provided in lieu of Company-designated access provided facilities), the Company will charge the Customer according to the rates and charges set forth in this Tariff unless Special Service Arrangements are involved as described in Section 9.1.8 of this Tariff.

The Company's scope of work for alternative access facilities may include, but are not limited to, detailed assessment or engineering studies, alternative vendor interface and installation supervision.

Central Office Connection charges apply in all cases in which a Customer wishes to connect to the Company network. The applicable charges are determined based on the type of access interconnected.

Access Coordination will apply in those cases where the Company acts as the Customer's agent and orders Local Access Facilities. The applicable charges are determined based on the type of access ordered.

Local Access Facilities for 56 Kbps, T-1, T-3, OC-3, and OC-12 access require a minimum commitment period of one year, unless otherwise defined through a vendor-provided term plan offering (ordered by the Company on behalf of the Customer via a letter of agency from the Customer). Any termination liabilities incurred by the Company as a result of such plans shall be solely the responsibility of the Customer.

Charges for Local Access Facilities are applied based upon the applicable local exchange company's rates and charges.

The Company reserves the right to restrict interconnection at either the wire center serving the Company POP or the Company POP itself.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF**9. DATA SERVICES (Continued)****9.3 FRAME RELAY SERVICE****9.3.1 General Description**

Frame Relay Service is a fast packet network that permits the transmission of data at speeds of 56 Kbps, 64 Kbps, 128 Kbps, 256 Kbps, 384 Kbps, 512 Kbps, 640 Kbps, 768 Kbps, 1.544 Mbps, or 44.210 Mbps using Permanent Virtual Circuits (PVCs) to connect multiple Local Area Networks (LANs). Frame Relay Service is currently available throughout the contiguous United States where Local Access Facilities are available.

There are three primary components to the monthly recurring pricing of Frame Relay Service: Local Access Facilities (dedicated), Access Channels (ports) and Permanent Virtual Circuits (PVCs).

Local Access Facilities must be obtained to access Frame Relay Service and are available at the following data speeds: 56 Kbps, T-1 and T-3.

Access Channel port speeds are selected to accommodate the various PVCs that will use that particular Access Channel. Access Channel data speeds range from 56 Kbps to T-3 (45 Mbps). The Access Channel must be large enough to accommodate the cumulative egress of all PVCs connected to a particular Access Channel.

PVCs interconnect the Customer's specific end-points on the interexchange network. PVCs use packet-switching technology to automatically route around network-related failures. PVCs are pre-defined for each pair of end-point devices so a virtual network path (circuit) is always available without any call set-up delay. This results in faster access to the network, better response time for end user applications, and a high degree of network security. The Company's PVCs are Frame Relay for LAN.

For service, the date the service is installed and available, or the date specified on the Customer's order form, whichever is later, will be the date on which all nonrecurring charges will be invoiced and invoicing for all recurring charges will commence.

Customers may subscribe to Frame Relay Service for one, two or three years.

9. DATA SERVICES (Continued)**9.3 FRAME RELAY SERVICE (Continued)****9.3.2 Term Plan**

Customers may subscribe to Frame Relay Service under one, two or three year term plans. The rates in effect for Frame Relay Service and Local Access Facilities at the time the Customer commits to a term plan will be fixed for the duration of the term plan. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the term plan rates for successive ninety (90) day periods, unless sixty (60) days prior to the end of the term or each such extension either (a) the Customer or the Company provides written notice to the other that it does not want such extension, or (b) the Customer subscribes to another term plan for which the rates of the new term will apply.

If additional Customer sites are added to a Customer's Frame Relay Service after the initial subscription to a term plan, such sites will be incorporated into the Customer's term plan and will have the same termination date as the Customer's original term plan. Existing Customers may subscribe to a new term plan for Frame Relay Service of the same or greater value prior to the end of the Customer's existing term plan without incurring any termination liability if the new term plan extends beyond the old term plan termination date by at least one year or if the new term plan is for three years.

9.3.3 Termination Liability

To terminate Frame Relay Service the Customer must provide the Company with thirty (30) days prior written notice.

Customers terminating service prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to a lump sum of fifty percent (50%) of the monthly recurring charges for each circuit cancelled multiplied by the number of months remaining in the term plan. Customer will not have any termination liability if another Company service of the same or greater monthly price and volume and a term no less than the remaining months of the term plan or one (1) year, whichever is greater, is ordered at the same time the notice of termination is received. Customer will also be liable for a pro-rata amount of any waived installation charges based on the number of months remaining in the term plan.

If service is terminated by the Company for cause and the Customer has subscribed to service under a term plan, the Customer will be charged the termination liability associated with the term plan.

INTEREXCHANGE TELECOMMUNICATIONS SERVICES TARIFF9. DATA SERVICES (Continued)9.4 PRIVATE LINE SERVICES9.4.1 General Description

Private Line Service is a non-switched, non-usage sensitive, point-to-point service which is dedicated exclusively to one Customer. The Company offers Private Line Service within the contiguous United States between Company Points of Presence (POP) on a fiber optic network. This terrestrial service provides for two-way simultaneous transmission of signals at data speeds of 1.544 Mbps up to 622.08 Mbps. Local Access Facilities may limit the performance specifications that the end user can anticipate.

Private Line Services offered are:

- TransLink (T-1/DS-1)
- LightLink (T-3/DS-3)
- OptiPoint-3 (OC-3)
- OptiPoint-12 (OC-12)

A. TransLink Service

TransLink Service provides a high capacity channel for the transmission of 1.544 Mbps isochronous serial data having a line code of Bipolar Return-to-Zero (BPRZ). TransLink Service is provided between two points located within the contiguous United States. The required format and interface specifications are contained in Technical Reference Publications GR-54 and GR-342. The performance objectives for TransLink Service between the Company's Points of Presence are as follows:

<u>Airline Miles</u>	<u>%Network Availability</u>	<u>% Error Free Seconds</u>
0 - 250 Miles	99.97%	99.89%
251 - 1,000 Miles	99.96%	99.85%
1,001+ Miles	99.95%	99.83%

TransLink Service requires Local Access Facilities as described in Section 9.2 and is subject to the availability of T-1 access by the local exchange company.

9. DATA SERVICES (Continued)**9.4 PRIVATE LINE SERVICES (Continued)****9.4.3 Term Plan**

Customers may subscribe to Private Line Services under one, two or three year term plans. The rates in effect for Private Line Services and Local Access Facilities at the time the Customer commits to a term plan will be fixed for the duration of the term plan. The term will begin on the first day of the month following the date the service is installed and available. Upon expiration, the term will be automatically extended at the term plan rates for successive ninety (90) day periods, unless sixty (60) days prior to the end of the term or each such extension either (a) the Customer or the Company provides written notice to the other that it does not want such extension, or (b) the Customer subscribes to another term plan for which the rates of the new term will apply.

If additional Customer sites are added to a Customer's Private Line Service after the initial subscription to a term plan, such sites will be incorporated into the Customer's term plan and will have the same termination date as the Customer's original term plan. Existing Customers may subscribe to a new term plan for Private Line Services of the same or greater value prior to the end of the Customer's existing term plan without incurring any termination liability if the new term plan extends beyond the old term plan termination date by at least one year or if the new term plan is for three years.

9.4.4 Termination Liability

To terminate Private Line Services the Customer must provide the Company with thirty (30) days prior written notice.

Customers terminating service prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to a lump sum of fifty percent (50%) of the monthly recurring charges for each circuit cancelled multiplied by the number of months remaining in the term plan. Customer will not have any termination liability if another Company service of the same or greater monthly price and volume and a term no less than the remaining months of the term plan or one (1) year, whichever is greater, is ordered at the same time the notice of termination is received. Customer will also be liable for a pro-rata amount of any waived installation charges based on the number of months remaining in the term plan.

If service is terminated by the Company for cause and the Customer has subscribed to service under a term plan, the Customer will be charged the termination liability associated with the term plan.

9.4.5 Service Components and Rates

A. Channel Mileage Charges

The charge for intercity communications channels is based on mileage and channel bandwidth. Mileage is the intercity mileage between Company's Points of Presence as located in cities wherein the Company holds itself out to provide service. Each circuit connected between two Customer interface points will be construed as an individual circuit for rate compilation purposes. The Minimum monthly recurring charge applies unless the actual intercity mileage when multiplied by the banded per mile monthly recurring charge exceeds the Minimum monthly recurring charge.
