**BILLING OF EVERY LICENSE, OCCUPATION, GROSS RECEIPTS, OR OTHER SIMILAR TAX, CHARGE, FEE,
EXACTION OR PAYMENT**

APPLICABILITY - This schedule is applicable to all water and service sold by the Company under every rate filed with the Public Service Commission of the State of Missouri.

There shall be added to each customer's bill, whether a retail or wholesale customer, as a separate item, an amount equal to every tax, charge, fee, exaction, or payment, now or hereafter imposed upon the Company by any political subdivision of the State of Missouri, whether by ordinance franchise, or otherwise, for the license, privilege or right to do business in such political subdivision (hereinafter called "license tax"), applicable to water and service sold by the Company to each customer.

In the event that such license tax is imposed as a percentage of receipts or revenues received by the Company in a political subdivision, the rate imposed by such political subdivision shall be applied against the receipts or revenues, including license tax, received from each customer located within such political subdivision in determining the amount of license tax to be added to each customer's bill.

In the event that a political subdivision imposes a license tax in the form of a flat sum rather than as a percentage of Company's receipts or revenues within such political subdivision, the Company's receipts or revenues in such political subdivision for the year preceding the year of payment of such flat sum shall be used for the purpose of computing the percentage of which the aggregate amount of all such license taxes paid to such political subdivision is of the receipts or revenues obtained by the Company within such political subdivision. The percentage so obtained shall be applied against the receipts or revenues, including license tax, received from each customer located within such political subdivision in determining the amount of license tax to be added to each customer's bill.

Where more than one such license tax is imposed by a political subdivision, the total of such license taxes applicable to a customer shall be billed the customer as a single amount.

RATE E RATE FOR PUBLIC WATER SUPPLY DISTRICT 2

APPLICATION – This rate is applicable to water service provided to Public Water Supply District No. 2 ("District") in order to comply with the agreement dated August 23, 1997, between United Water Missouri ("Company") and the District, as well as subsequent amendments to that agreement. It is recognized that in accordance with said agreement and amendments, the Company has obtained the use of storage and well facilities owned by the District in exchange for certain operational responsibilities and charges. It is also recognized that the sources of water used by the District's customers are from its own wells and, in the course of operating the interconnected systems, also from the Company's treatment plant.

(A) Pursuant to Paragraph 7 of the August 23, 1977 Agreement, the rate in this tariff shall be charged by the Company to the District for the quantity of water used by the District in any month in which the quantity of water used exceeds the maximum monthly quantity used in the previous calendar year, adjusted for growth in that calendar year, as determined by the formula set forth in Paragraph 7 of the Agreement.

(B) To the extent that charges for water service have not been made under paragraph (A) above, this tariff rate shall apply to the net flow of "treatment plant" water from the Company to the District, as measured at the interconnections between the Company's and the District's systems, provided that there has been a net flow of "treatment plant" water into the District during the last 12-month period.

<u>RATE</u> – Per hundred cubic feet (CCF)	\$2.4754
Per hundred gallons	\$.3309

Minimum Customer Charge Rate for Low-Income Customers

AVAILABILITY - This rate is available only for customers that were active participants in Missouri-American Water's low-income pilot program on May 28, 2023.

Customers that participated in the low-income pilot program received an 80% discount on the current fixed 5/8" meter minimum customer charge for twelve months, with a requirement to reestablish eligibility on an annual basis. The rate was subject to change at the effective date of new rates resulting from a rate case. The low-income pilot program has ended, effective May 28, 2023.

To ensure customers' expectations regarding the discount for which they enrolled are fully realized, only those customers that were receiving the 80% discount as of May 28, 2023 shall continue to receive the 80% discount through the remainder of their specific eligibility period. Once a customer has completed their eligibility period, this discount will no longer be applied to the customer's account and the customer is not eligible for further discount, as the low-income pilot program has ended. The current fixed monthly 5/8" meter minimum customer charge for St. Joseph, Brunswick, Platte County, and Lawson is \$10.00, and the discount applied to the customer's monthly bill will be \$8.00.

Any discount provided after May 28, 2023 will not be recovered in a future Missouri-American Water rate case.
