APPLYING TO MISSOURI SERVICE AREA

CHARGE AHEAD - BUSINESS SOLUTIONS

PURPOSE

The Charge-Ahead - Business Solutions program (the Program) encourages business customers to adopt efficient electrification measures that provide economic, health, and performance benefits to them, environmental benefits to all, and increased overall customer affordability through positive benefit/cost ratios.

AVAILABILITY

The Program is available uniformly to all customers qualifying for service under Service Classifications Small General Service Rate 2(M), Large General Service Rate 3(M), Small Primary Service Rate 4(M), Large Primary Service Rate 11(M), or Large Transmission Service Rate 12(M) except for those customers currently taking service under or applying for discounted rates pursuant to Rider EDI or any other economic development program conducted by the Company. Customers may receive only one incentive per Measure.

TERM

This Program shall be in effect from December 31, 2020, through the earlier of December 31, 2023, or the time when the budget has been exhausted. Consult AmerenMissouri.com to determine the status of the Program.

BUDGET

Total Company-supplied budget for the Program shall not exceed \$1.9 million, with \$1.42 million available for incentives under the Program and the remainder of Program funding being available for administrative and educational activities.

PROGRAM PROVISIONS

The Company may hire a Program Administrator to implement this program. The Program Administrator (or Company, in the absence of a Program Administrator) will provide the necessary services to effectively implement the Program and to strive to attain the participation targets. The Program incorporates various program partners, measures, incentive mechanisms and program delivery strategies. The Company and the Program Administrator will follow a multi-faceted approach to marketing the targeted electric technologies with an emphasis on customer benefits, efficient grid utilization and emissions reductions.

Program incentives for eligible measures will be provided to qualifying customers that provide completed Charge Ahead - Business Solutions Incentive Applications as indicated below, subject to the Program budget:

1. Customers may apply for an incentive for eligible measures purchased or leased or installed during the Program's term;
2. Customers must apply, in advance, and secure pre-approval prior to purchase or lease of equipment;
3. Equipment must be electric-powered or utilize a battery that is charged by electricity;
4. Equipment must be replacing a gasoline, diesel or propane unit or be a new addition or expansion to an existing fleet (electric equipment replacing existing electric equipment does not qualify for this program) and;
5. After purchase or lease, customer must provide completion paperwork including model and serial numbers of the installed equipment, equipment invoices or receipts or lease agreements, and a photo of the equipment in place.

CHARGE AHEAD - BUSINESS SOLUTIONS (Cont'd)

PROGRAM PROVISIONS (Cont'd)

Within thirty (30) calendar days after the Customer submits documentation required by the Company to demonstrate compliance with the foregoing conditions, the Program Administrator or Company will confirm the equipment meets the Eligibility Requirements.

The Program will conduct Customer and Measure eligibility verification for 100 percent of applications during the pre-approval process. The Program will conduct on-site post-installation equipment verification inspections for at least 25 percent of each measure type to ensure the Measures are installed and operating as intended.

The installed equipment must match the equipment listed on the application and the equipment specification sheets provided with the initial application or, to the satisfaction of the Program Administrator or Company, the installed equipment is sufficiently similar to the equipment listed on the application.

To the extent that a Program participant requires the Company to make infrastructure upgrades on its system in order to serve the increase in load that results from Measures incented under the Program, any Extension Allowance calculated under the provisions of the Company's Distribution System Extensions tariff Sheet 111 will be reduced by the total amount of Program incentives that the customer has received.

ELIGIBLE MEASURES AND INCENTIVES

Measures currently eligible for the Program are included in the following table:

<u>Measure</u>	<u>Description</u>	<u>Incentive</u>
Lift Trucks	A vehicle with two power-operated prongs at the front that can be slid under heavy loads and then raised for moving and stacking materials in warehouses, shipping depots, distribution centers, etc. Incentives available for Class 1 Lift Trucks having capacity of >6,000 pounds only.	\$2,500 if purchased \$1,250 if leased
Electric-standby Truck Refrigeration Unit Electrical Port (E/S-TRUs)	An electrical port powered by the electric grid for the purpose of powering a tractor trailer or box truck refrigeration system until and/or while perishable items are unloaded/loaded.	\$1,600
