Service Connections - Link Up Missouri

NOV 19 1997

Applicability of Link Up Missouri Service Connection Program

1. The Link Up Missouri Service Connection Program is a Federal Lifeline assistance program applicable to eligible residential subscribers, as defined below, and designed to promote subscribership to the telephone network among low income residential households.
 - a. Service Connection Charges, as set forth in this tariff¹, for initial installation of the main residential service access line, will be discounted at a rate of 50 percent, or \$30.00, whichever is less. These reduced charges shall be assessed only for a single residential telephone line per eligible household at the principle place of residence. +
 - b. The customer may defer payment on up to \$200 of the above charges without interest for a period not to exceed one year. The deferred charges do not include any permissible security deposits required. Payments shall be equally paid over a twelve month period. *
 - c. A qualifying low-income customer may choose with a or b, or both a and b as described above.
 - d. Link Up assistance is available for a second or subsequent time only for a principal place of residence with an address different from the residence address where assistance was previously provided.
 - e. The premises at which the residence service is requested must be the applicant's principal place of residence.
 - f. There is only one telephone line serving the residence premises. The residence premises household (dwelling unit) shall consist of that portion of an individual house or building or one flat or apartment occupied by a single family or individuals functioning as one domestic establishment.
 - g. Link Up will not be furnished on a Foreign Exchange service. *

¹These do not include other charges that may be required at the initiation of service such as security deposit, contributions in and of construction, customer advances, etc.

Lifeline Service

A. General Regulations

1. Lifeline service is available to qualifying low-income subscribers for single-party residence service.
2. The monthly discount will be the maximum amount allowed by the Missouri Public Service Commission and the Federal Communications Commission; however, this discount will not exceed the sum of the federal subscriber line charge and the recurring charges for voice telephony service. The monthly discount will be the same for Lifeline customers solely subscribing to voice telephony service and for Lifeline customers subscribing to a bundle of services.
3. Lifeline will not be furnished on a Foreign Exchange service.
4. Lifeline service shall not be disconnected for non-payment of toll charges.
5. Toll blocking provides a means of restricting access to the Long Distance Message Telecommunications Network. Toll blocking for the purposes of lifeline service will restrict 1+, 0+ and 0- (operator handled) calls.
 - a. If the customer chooses "toll blocking" the company will not charge a service deposit.
 - b. Toll blocking is offered to Lifeline subscribers at no charge.

A. General

1. Foreign exchange service is exchange service-furnished to a customer from a central office of an exchange other than the one that normally serves the area in which the customer is located.
2. For the purpose of this tariff, the term, "Foreign Exchange", shall mean the exchange from which foreign exchange service is furnished. The term, "Normal Exchange", shall mean the exchange normally serving the area in which the customer's premise is located. The term, "Interexchange Channel", designates that portion of the foreign exchange service circuit which is provided between the toll rate centers of the foreign and normal exchanges.
3. Foreign exchange service does not come within the Telephone Company's general undertaking, nor does the Telephone Company obligate itself to furnish such service generally; but will do so where facilities of such a character are available as will permit satisfactory telephone transmission, and where the service is warranted by the circumstances involved.
4. Foreign exchange service will be furnished for both interstate and intrastate locations.
5. Foreign exchange service may be provided only in connection with private branch exchange trunk lines, and individual line business or residence service. The service will be furnished only at one location or premises for each channel or circuit.

- 6. Where the normal exchange is operated by this Telephone Company, foreign exchange service is furnished only on the condition that the applicant is a customer to individual line business or residence service, or private branch exchange service, in the normal exchange, and at the same location where such service is proposed to be installed. Under this condition, when a foreign exchange service customer discontinues normal exchange service, the normal exchange shall immediately notify such foreign exchange customer and foreign exchange business office, that the foreign exchange service will be discontinued ten (10) days thereafter.
- 7. Where the foreign exchange is operated by another telephone company, foreign exchange service will be provided only when satisfactory arrangements can be negotiated with such company to furnish a portion of the necessary facilities.
- 8. Foreign exchange service will be furnished at the rates contained in this tariff section, provided the necessary facilities and equipment are available. Where the facilities and/or equipment are not available, and extraordinary facility costs, equipment costs, special operating expenses, and/or other special considerations are incurred in making such service available, the customer may be required to pay an additional charge to cover all or a portion of such unusual expenses, or be required to contract for service beyond the normal period, or both.

- 9. Standard extensions may be furnished in accordance with Local Exchange Tariffs and extension line mileage charge rates and regulations where applicable. No off premise extensions will be furnished in connection with foreign exchange service.
- 10. The use of the service is limited to the customer and his employees for business purposes, and in the case of residence service, to the members of his immediate household. Foreign exchange service calls will be further limited to calls to other stations of the foreign exchange. If any customer to this service is found to be transferring or transmitting messages for parties other than authorized above, in the normal exchange area, and/or making toll calls through the foreign exchange, such customer and foreign exchange business office shall be notified that the practice must be discontinued or the foreign exchange service will be terminated ten (10) days after the date of such notice.
- 11. Mileage Measurements:
 - a. Interexchange mileage is the route distance between the toll rate centers of the two exchanges involved for that portion of the interexchange channel facilities furnished by this Telephone Company. For the portion of the interexchange channel facilities furnished by another telephone company, between toll rate centers of the two exchanges involved, the interexchange channel facility mileage charges of such company will apply.

ACCESS SERVICES TARIFF CONCURRENCE

MAR 2 1984

Access Services

Access services are those services which are described in Section 1.1, et seq., of the Access Services Tariff filed by Southwestern Bell Telephone Company. These services are offered by the Company to intrastate interexchange customers (ICs) in accordance with the rules, regulations and system of charges specified in the Access Services Tariff filed by Southwestern Bell Telephone Company and approved by the Missouri Public Service Commission.

MISSOURI

Public Service Commission

Provision of Services

The Company, to the extent that such services are or can be made available with reasonable effort, and after provision has been made for the Company's telephone exchange services, will provide to an intrastate IC, upon reasonable notice, services of the type offered in Southwestern Bell Telephone Company's Access Services Tariff at the rates and charges and pursuant to the terms and conditions specified therein. The Company's concurrence in Southwestern Bell Telephone Company's Access Services Tariff shall not be construed or deemed a representation that all services and service components described therein are available from the Company.

PRIVATE COIN SERVICE

SEP 5 1986

A. GENERAL

MISSOURI
Public Service Commission

1. Private Coin Service is offered for use with a customer provided instrument-implemented coin telephone. (1) All attachments of Private Coin Telephones to the network must be made pursuant to the rules and regulations set forth in this Tariff.
2. Private Coin Service is a two-way or, optionally, one-way originating only business exchange access line composed of the serving central office line equipment with Selective Class of Call Screening treatment (where available), all outside plant facilities needed to connect the serving central office with the customer's premises and the network interface. These facilities are Telephone Company-provided and maintained and provide access to and from the tele-communications network for long distance service and local calling.
3. Selective Class of Call Screening treatment enables the customer to restrict outgoing operator-handled calls from the service point to only those calls which are charged to a called telephone, a third number or a Calling Card account.
4. In the case of one-way service, intercept treatment will be provided.
5. A maximum of one customer-provided instrument-implemented coin telephone may be connected to any one Private Coin Service line.
6. Selective Class of Call Screening must be provided wherever available. Any customer who offers Private Coin Service where Selective Class of Call Screening is not available, nonetheless assumes full and complete responsibility for all calls billed to his line.
7. Section 2 of this Tariff, General Regulations, is applicable to the provision of Private Coin Service.
8. Directory listings may be provided under the regulations governing the furnishing of listings for business subscribers.

(1) For purposes of this Tariff the term "customer" is defined as the party who is responsible for payment of Private Coin Service Exchange Access line.

A. General Regulations (Cont'd)

JAN 15 1997 +

10. Installation Charges and the appropriate NID material charge apply when a premises is made for the sole purpose of installing a customer requested NID. MISSOURI Public Service Commission
11. The Company shall not be liable for shortages of coins collected and deposited at the subscriber's equipment. The limit of the Company's liability for end user fraud of whatever nature occurring at or in association with the subscriber's equipment shall be governed by provisions of this Tariff and rule or regulations of the Missouri Public Service Commission. In case of conflict between the tariff provisions and Commission rules and regulations, the rule or regulations shall prevail.
12. Off-Premise Extensions are not permitted.
13. Local messages from Payphones are charged at no higher than twenty-five (25) cents for each call. Upon implementation of the FCC rules preempting state regulations of payphone rates, this subsection will not apply.
14. The Multiline Business Subscriber Line Charge, found in the interstate access tariff, is applicable to all payphone Instrument and CO Implemented coin lines.

B. Responsibility of the Customer

1. The Customer for the purposes of this tariff is defined as the Payphone Service Provider.
2. The customer shall be responsible for the installation, operation and maintenance of the customer-provided instrument, plus all ancillary equipment, such as booths, shelves, lighting, directories, etc., used in connection with this service. The customer is responsible for complying with the requirements set forth in the American With Disabilities Act of 1990.

The customer-provided instrument must be registered in compliance with Part 68 of the FCC's Registration Program. In addition, the customer must comply with the Missouri Public Service Commission's Rules and Regulations regarding the use of customer-provided pay telephones.

- g. An applicant for service, or a present customer, may satisfy a deposit requirement by providing a Contract of Guaranty in an amount not to exceed the requested deposit from a present customer with at least two years of established service whose service has not been suspended for nonpayment within the last twelve months. The guaranty contract shall be on a form provided by the Company which shall include the Company's right to transfer charges to the limit of the guaranty, from a defaulted bill of the customer, from whom a deposit or a Contract of Guaranty was required to the guarantor's account and the further right to suspend the guarantor's service. A guarantor shall be released upon satisfactory payment by the customer of all undisputed charges during the last twelve billing periods.
- h. The fact that a deposit has been made, or a guaranty provided, shall in no way relieve the customer from his responsibility to pay undisputed charges prior to their becoming delinquent nor constitute a waiver or modification of the provisions set forth in this Tariff providing for the temporary suspension of service or the termination of the service for nonpayment of undisputed, delinquent charges.
- i. Upon termination of the service, the amount of the deposit with accrued interest, shall be applied in payment of any unpaid charges for exchange or long distance service and the balance, if any, shall be returned to the customer within twenty-one days of the rendition of the final bill.
- j. Upon satisfactory payment of all undisputed charges during the last twelve billing periods, it will, with accrued interest, be promptly refunded or credited against charges stated on subsequent bills. Payment of a charge is satisfactory if received prior to the date upon which the charge becomes delinquent provided it is not in dispute. The Company may withhold refund of a deposit pending the resolution of a dispute with respect to charges secured by such deposit.

6. Billing and Payment

- a. The Company will during the first billing period in which a customer receives service provide the customer with an itemized account of charges for equipment and services for which he has contracted. The Company will render a separate bill for concurrent residence service unless otherwise requested by the customer.
- b. The Company will after the initial bill for new service render a bill during each billing period for monthly recurring charges in advance and toll charges in arrears. Special billing arrangements may be established for service provided to governmental agencies. Failure to receive a bill does not relieve the subscriber of the responsibility for payment for telephone service.
- c. The Company will render bills on a cyclical basis whereby the customer receives his bill on or about the same day of each month. Billing cycles may be altered by sending an insert or other written notice explaining the alteration not less than 30 days prior to the effective date of the alteration. This notification is not required when a customer requests a number change or when the customer disconnects and reconnects service or transfers service from one premises to another, which may affect the customer's billing cycle.
- d. The customer is responsible for all charges in conjunction with the services furnished him including collect toll messages which have been accepted at the customer's telephone.
- e. Bills are due as specified on the bill and may be paid at any business office of the Company or at any agency authorized to receive such payments.

9. USE OF SERVICE AND FACILITIES (continued)

MAR 2 1984

B. Unauthorized Attachments or Connections

MISSOURI
Public Service Commission

The Telephone Company shall not be required to attach its equipment or lines to wiring not owned and installed by it nor shall equipment, apparatus, circuits, or devices not furnished by the Telephone Company be attached to or connected with facilities furnished by the Telephone Company, whether physically, by induction or otherwise, unless provided for elsewhere in the tariffs. In case any such unauthorized attachment or connection is made, the Telephone Company shall have the right to disconnect the same or to suspend the service during the continuance of said attachment or connection or to terminate the service.

C. Use of Subscriber Service

Subscriber telephone service, as distinguished from public and semi-public telephone service, is furnished only for use by the subscriber, his family, employees or business associates or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily sub-leasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of public or semi-public character when the instrument is located that the public in general or patrons of the subscriber may make use of the service. At such locations, however, service may be installed, provided the instrument is so located that it is not accessible for public use.

MISSOURI
Public Service Commission

The Telephone Company will furnish to its subscribers, without charge, only such directories as it deems necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Company at a reasonable charge.

B. Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. Subscribers must not deface or mutilate directories. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories destroyed, defaced, or mutilated while in possession of the subscriber. No binder, holder, or auxiliary cover, except such as may be provided by or with the consent of the Telephone Company, shall be used on or in connection with any directory furnished by the Telephone Company.

C. Directory errors and Omissions

1. The Telephone Company's liability for damages on account of interruptions to service due to errors or omissions in directory listings will be limited to a pro-rate abatement of the charge for such of the subscriber's service as is affected, the maximum abatement not to exceed one-half the service charges for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.

2. In the cases of extra listings in the alphabetical section of the directory for which a charge is made, the Telephone Company's liability shall be limited to an amount not to exceed the established rate for such listing during the period which the error or omission continues.

15. DIRECTORY LISTINGS

A. The regulations for directory listings, as provided in this section, apply only to the information records and the alphabetical directory or that section of the directory containing alphabetical list of names of subscribers.

B. The alphabetical list of names of subscribers is designed solely for the purpose of informing calling parties of the telephone numbers of subscribers and those entitled to use subscriber's service. Special arrangement of names is not contemplated, nor any form of listing which does not facilitate directory service or is otherwise objectionable or unnecessary for purposes of identification.

C. Names in directory listings shall be limited to the following:

1. In connection with residence service:

- (a) The individual name of the subscriber, or
- (b) The individual name of a member of the subscriber's family or a joint user.

2. In connection with business service:

- (a) The individual name of the subscriber or joint user, or,
- (b) The name under which the subscriber or joint user is actually doing business as evidenced by signs on the premises, by letterheads, and by name under which a bank account is carried, or
- (c) The name under which a business is actually being conducted by someone other than the subscriber and which the subscriber or joint user is authorized by such other to use, or

16. EXTENSION SERVICE:

A. Extension service provides the user with the capability of originating calls from or receiving calls at instruments provided at locations in addition to the location of the main station where such instruments are connected to the same exchange access line as the main station.

B. A station set rate is applicable to each telephone company provided instrument (1) for use with extension service. Such instrument is provided at rates specified on Section I, Sheet 2 hereof.

C. Extension service is not furnished with public telephone pay-stations.

Premises:

All of the buildings or the adjoining portions of a building occupied and used by the subscriber as a place of business or residence, which are located on a continuous plot of ground not intersected by a public highway.

D. Separate telephone numbers or other distinctive designations are not assigned to extension service nor is code-ringing permitted.

Extension service furnished in connection with flat rate service must be located so as to restrict their use to the customer, his representatives or members of his immediate family, except that extension service may be contracted for by the customer for joint use.

E. Where either the main or extension station is at a business location, business rates apply to both stations.

G. Except as otherwise specified in the Local Exchange Tariffs for each exchange, one bell (ordinary type) is furnished, if desired, with each extension station. Such bells must be located at extension stations.

H. The rates specified in the miscellaneous equipment section of the Local Exchange Service Tariff apply for switches, extension bells, or signalling circuits and associated apparatus used in connection with the wiring plan desired.

A. Semi-public telephone service will be furnished subject to a guarantee contract at locations assessible to transient and collective groups but not suitable for the installation of public telephones. Not more than one semi-public telephone will be installed on the same premises except when, in the judgment of the Telephone Company, additional semi-public telephones are warranted.

B. Semi-public telephone service is furnished on an individual line basis. In certain unattended dial exchanges where it is not practical to provide coin central office equipment for the collection of coins on local calls, local service from coin telephones is obtained by merely dialing the local number desired without inserting a coin. Toll calls are placed by dialing the operator who is able to determine from a distinctive tone on the line or other means that the call originates from a coin telephone. In this case, the operator handles the toll call in the prescribed manner and asks the calling party to deposit the required coins in a receptable usually on the completion of the call.

C. Charges for extension stations, excess mileage, direct payments, miscellaneous equipment, etc., are applied in addition to the guarantees of receipts from coin boxes. Coin box receipts in excess of guarantee are not accepted in payment of such charges.

D. Listings in connection with semi-public service are furnished in accordance with the provisions specified in the "Directory Listings" section of the General Exchange Tariff.

E. Customers should be encouraged to display public telephone signs furnished by the telephone company.

20. Sale of Telephone Equipment

A. General

The Company may offer for sale to the general public items of tele-
phone equipment, terminal equipment, and telephone accessory equip-
ment. Applicable warranty coverage, if any, for specific items
will be provided by the Company, in a written format, at the time
of purchase.

1. The Company will periodically review its service offerings to determine whether additional items should be added as salable offerings. At the Company's option, specific customers requests to purchase equipment from the Company will be considered.
2. Installed telephone sets and ancillary equipment existing on the customer's premise may be offered for sale. The minimum charge for such Company equipment is the net book value of the instrument/equipment, plus 5% of the sales price to recompense the Company's cost of the sale.
3. Used and refurbished telephone sets and ancillary equipment may be offered for sale. Charges and conditions delineated above in item 2 apply.
4. In the event an existing customer decides to provide their own key or PBX system, the Company reserves the right to assess the fair value of its wiring facilities within that customer's premises beyond the point of demarcation and to physically recover its facilities or negotiate for their sale to the customer at fair value.
5. Current selling prices are maintained at each business office and are periodically updated.
6. The Company will establish and maintain separate and identifiable accounts and direct sale items in accordance with a uniform system of accounts.
