**RE: Renewable Energy Rider Filing**

Dear Secretary:

Pursuant to conversations with Missouri Public Service Commission Staff, Evergy Missouri West, Inc. d/b/a Evergy Missouri West (“Evergy Missouri West”) hereby files the substitute redline and clean copy of the Renewable Energy Rider Tariff (schedule RER) detailing proposed changes that Evergy Missouri West requests the Commission review and approve.

Revisions were made to the tariff to reflect that the resource price is equivalent to the delivered price of the renewable resource in the Evergy Missouri West jurisdiction. Also, selection of the resource occurred before the “Not-to-Exceed” price was filed in the tariff, therefore, a change to this section was made accordingly.

If you have any questions concerning this tariff revision, please feel free to contact me.

Sincerely,

*/s/ Tia Alexander*
