MISSOURI
Public Service Commission

- (a) The "COMPANY" is the Village Water and Sewer Company, Inc. acting through its officers, managers, or other duly authorized employees or agents.
- (b) The "CUSTOMER" is any person, individual, partnership, association, corporation or governmental body which has contracted with the Company for sewer service or is receiving sewer service from the Company, or whose facilities are connected for utilizing sewer service.
- (c) The word "UNIT" shall be used herein to define the standard user or property served and shall include mobile homes or any building, residential, commercial, or industrial, owned or leased and each unit of any multi-unit structure.
- (d) A "COLLECTING SEWER" is a pipeline, including force lines, gravity sewers, interceptors, laterals, trunk sewers, manholes, lampholes and necessary appurtenances, including service wyes, which is owned and maintained by the Company, located on public property or on private easements, and used to transport sewage waste from the Customer's service connection to the point of disposal.
- (e) A "CUSTOMER'S SERVICE SEWER" is a pipe with appurtenances installed, owned and maintained by the customer, used to conduct sewage from the customer's premises to the collecting sewer, excluding service wyes or saddles.

<u>Rules and Regulations Governing</u> <u>Rendering of Sewer Service</u>	RECEIVED
	FEB 27 1991
<p>Rule 4 <u>APPLICATIONS FOR SEWER SERVICE</u></p> <p>(a) A written application for service, signed by the customer and accompanied by the appropriate fees and other information required by these rules and regulations, must be received from each Customer before service is provided to any premises. Said application must state the name of the owner of said premises and, in the case of a commercial or industrial Customer, must also state the quantity and strength of effluent to be discharged from said premises into Company's sewer system. Every Customer, upon signing an application for any service rendered by the Company or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations. The Company shall have the right to refuse service for failure to comply with the rules and regulations herein, or if the customer owes a past due bill not in dispute for sewer service at any location within the Company's area. In any case, where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract specifying a reasonable period of time for the Company to provide the service. The Company shall notify the owner of property served and what the Company's billing rules are.</p> <p>(b) A commercial or industrial Customer shall, upon request of the Company, present in writing to the Company a list of the devices which are to be attached to the Company's lines, giving the location of any buildings. The Company will then advise the Customer of the form and the character of the waste water collection facilities available.</p>	<p>MISSOURI Public Service Commission</p> <p>FILED</p> <p>APR 1 1991 WA-90-47</p> <p>Public Service Commission</p>

Rule 4 APPLICATIONS FOR SEWER SERVICE (continued)

MISSOURI

Public Service Commission

- (c) No substantial addition to the water using equipment, or appliances connected to the sewer system of the Company for commercial or industrial customers shall be made except upon written notice to and with the written consent of the company.
- (d) Any change in the location of an existing service connection requested by the Customer shall be made at his expense.
- (e) Customer service sewers will not be extended along public streets or roadways or through property of others in connecting with collecting sewers. If a service connection is requested at a point not already served by a collecting sewer of adequate capacity, the collecting sewer shall be extended in accordance with Rule 11, Extensions of Collecting Sewers.
- (f) New service connections shall be authorized when a service connection fee is paid to the company based on the schedule of Rates and Service Charges.
- (g) When a service is to be connected, the plumber employed by the Customer shall obtain the connecting accessories from the Company. The plumber shall advise the Company 24 hours in advance of when he expects to have service installed so a representative of the Company can inspect the installation. The Company must approve all connections prior to the trench being backfilled by the customer, or his agent.

MISSOURI

- (a) The Customer will provide the service **Public Service Commission** his expense and risk. As a condition of service, inside requirements of all governmental units having jurisdiction and the Company's rules and regulations must be met at the time of connection to the system. The Company may deny service or may discontinue service where footing drains, downspouts, or other sources of surface or storm water are permitted to enter the sewer system through either the inside piping or through the building sewer.
- (b) A separate and independent Customer service sewer shall be required for every building, except when one building stands at the rear of another building on an interior lot where no private service sewer is available and cannot be constructed to the rear building through an adjoining alley, courtyard, or driveway; in that situation, the Customer's service sewer from the front building may be extended to the rear building and it will be considered as one Customer's service sewer.
- (c) Existing service sewers may be used in connection with new buildings only when they are found on examination and test to meet all requirements of the Company.

- (d) The Customer's service sewer shall be one of the following: ductile iron pipe, ASTM specification or equal; vitrified clay sewer pipe, ASTM specification or equal; PVC, ASTM specification or equal; or other suitable material approved by the Company. Joints shall be tight and waterproof. Any part of the Customer's service sewer that is located within ten (10) feet of a water service pipe shall be constructed of ductile iron pipe or PVC pressure pipe. The pipe shall be bedded according to the manufacturer's specifications; and, on undisturbed earth or fill compacted to 95% Proctor density. Fill may be non-organic soil or aggregate.
- (e) The size and slope of the Customer's service sewer shall be subject to the approval of the Company, but in no event shall the diameter be less than four (4) inches. The slope of such four (4) inch pipe shall not be less than one-eighth (1/8) inch per foot.
- (f) Whenever possible the Customer's service sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to or within three (3) feet of any bearing wall. The depth shall be sufficient to afford protection from frost. The Customer's service sewer shall be laid at a uniform grade and in straight alignment insofar as possible. Changes in direction shall be made only with properly curved pipes and fittings.

Rule 6 IMPROPER OR EXCESSIVE USE

Public Service Commission

- (a) The following requirements for the use of sewer service provided by the Company shall be observed. Violation of the requirements will result in the discontinuance of service to the Customer or an additional charge for excess load. The Company may also require the Customer to install facilities to prevent excessive loads and other adverse impacts upon the Company's system.
- (b) No person shall discharge or cause to be discharged any storm water, surface water, ground water, swimming pool water, roof runoff, sub-surface drainage, or cooling water into Company's collecting sewers.
- (c) No person shall discharge or cause to be discharged any of the following described waste waters into the Company's collection sewers:
- (1) Any liquid or vapor having a temperature higher than 150 degrees F.
 - (2) Any waste water which may contain more than 100 parts per million, by weight, of fat, oil or grease.
 - (3) Any waste water which may contain more than 25 parts per million, by weight, of soluble oils.
 - (4) Any gasoline, benzene, naptha, fuel oil, or other flammable or explosive liquid, solid or gas.
 - (5) Any garbage that has not been properly shredded.

Rule 8 INTERRUPTIONS IN SERVICE

MISSOURI

Public Service Commission

- (a) The Company reserves the right to limit sewer service in its collecting sewers at any time for the purpose of making repairs to the sewer system.
- (b) Whenever service is limited for repairs, all Customers affected by such limitation will be notified in advance whenever it is possible to do so. Every effort will be made to minimize limitation of service.
- (c) No refunds of charges for sewer service will be made for limitations of service unless due to willful misconduct of the Company.
- (d) In order to avoid overloading the capacities of the Company collecting sewers and treatment facilities, the Company reserves the right at all times to determine and regulate, in a reasonable and non-discriminatory manner, the maximum amounts or strength of the wastes discharged into the Company's collecting sewers when they are greater than normal domestic sewage.

<u>Rules and Regulations Governing</u> <u>Rendering of Sewer Service</u>	
	RECEIVED
Rule 9 <u>BILLS FOR SERVICE</u> (continued)	FEB 27 1991
(g) The Company shall have the right to render bills monthly in advance and such bills shall be due and payable on the due date indicated on the bill. The Company shall have the right to charge Customers on a monthly basis in arrears when the sewer charges are based on water usage.	MISSOURI Public Service Commission
(h) Neither the Company nor the Customer will be bound by bills rendered under mistake of fact as to the quantity of service rendered or as a result of clerical error.	
(i) All bills for sewer service become delinquent after the due date stated on the bill. Service may be discontinued thirty (30) days after written notice by certified mail from the Company. The Company shall have the right to charge to the customer's account reasonable costs and fees incurred in collecting the delinquent amount.	
(j) When bills are rendered for a period of less than a complete billing period due to the connection or termination of service, the billing shall be for the proportionate part of the monthly charge, or where water usage is the basis for the charge, at the appropriate rate for water used, or a proportionate part of the residential rate, whichever is applicable. Customers terminating with less than one month's service shall pay not less than the monthly minimum.	
(k) If a Customer is a tenant, the Company may require the owner of the property to be ultimately responsible for payment of bills for service, provided the Company has made reasonable and timely efforts to collect bills due from the Customer. All notices of delinquent bills or disconnection shall be sent to the owner of the property.	RECEIVED

RULE 11 Extension of Collecting Sewers

MISSOURI

Public Service Commission

A. This rule shall govern the extension of collecting sewers by the Company in areas where there are no collecting sewers.

The Company will extend its collecting sewers within its certified area to serve new customers under the following terms and conditions:

1. Upon receipt of written application for service in compliance with Rule 4, the Company will provide the Applicant(s) an itemized estimate of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required, including manholes, cleanouts, lift stations, reconstruction of existing sewers (if necessary), and the direct costs associated with supervision, engineering, permits, and bookkeeping. Applicable income tax cost will be added to this estimate calculated at the maximum rate.
2. Applicant(s) shall enter into a contract with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in A.1, plus the appropriate customer connection fee(s). Applicant(s) shall have the option of installing the extension under the provisions of Rule 11B in lieu of entering into said contract.

RULE 11 Extension of Collecting Sewers (continued) MISSOURI Public Service Commission

3. If, as a result of reasonably unforeseen circumstances, the actual cost of the extension exceeds the estimated cost of the extension, the Applicant(s) shall pay the added cost.

4. The cost to an Applicant or Applicants connecting to a sewer that was contributed by other Applicants shall be as follows:

(a) For single-family residential Applicants that are applying for service in a platted subdivision, the Company shall divide the actual cost of the extension (including income taxes) by the number of lots abutting said extension to determine the per lot extension cost. When counting lots, corner lots which abut existing sewers shall be excluded.

(b) For single-family residential Applicants that are applying for service in areas that are unplatted in subdivision lots, the Applicants' cost shall be equal to the total cost of the extension divided by the total length of the extension in feet times 100 feet.

(c) For industrial, commercial, or multi-family residential Applicants, the cost will be equal to the amount calculated for a single-family residence in Paragraphs 3a or 3b above multiplied times a water usage factor.

Extension of Collecting Sewers (continued)

MISSOURI

Public Service Commission

The water usage factor shall be determined by dividing the average monthly usage in gallons by 7,000 gallons, but shall not be less than 1.

- 5. Refunds of contributions shall be made to Applicant(s) as follows:
 - (a) Should the actual cost of extension be less than the estimated cost, the Company shall refund the difference as soon as the actual cost has been ascertained.
 - (b) After the Company has closed its books for the year in which a contribution was made, it will determine its actual income tax cost associated with each extension and refund any excess income tax costs collected from each Applicant.
 - (c) During the first ten years after the extension is completed, the Company will refund to the Applicants who paid for the extension monies collected from Applicants in accordance with Rule 11A 4 above.
 - (d) The sum of all refunds to any Applicant shall not exceed the total contribution, adjusted for taxes associated with the extension, which the Applicant has paid.
 - (e) Each refund shall be distributed to initial Applicant(s) based upon the

Rule 1 TAXES The Company shall not accept into its system any taxable Advances or Contributions in Aid of Construction, whether in cash or property (except amounts paid for remote meter reading service), unless accompanied by an amount equal to the tax impact of such acceptance defined as follows:

Tax Impact (TI) = $\frac{1 - PV}{1 - t} \times C$
Where

PV = Present value of tax savings from tax depreciation as follows:

$PV = \frac{CF_1}{(1+R)^1} + \frac{CF_2}{(1+R)^2} + \dots + \frac{CF_n}{(1+R)^n}$

CFj = Annual cash flow per \$1 of "C" for year j from tax savings due to depreciation on "C" as defined below calculated based on:

- (a) Company's projected tax depreciation life and method in effect for the year in which the taxes on "C" will be incurred with "n" equal to the tax life in years, and
- (b) Company's projected, combined, marginal, statutory income tax rate for each year in which the tax savings will be realized, including state and federal income taxes.

R = Company's most recently allowed Rate of Return on original cost rate base.

t = Company's projected, combined, marginal, statutory income tax rate for the year in which the taxes will be incurred, including state and federal income taxes. Calculated as follows:
